FISCAL ANALYSIS IN BRIEF
For Fiscal Year 2005-2006

The Fiscal Analysis in Brief is an annual report prepared by the Florida Legislature to summarize fiscal and budgetary information affecting the 2005-2006 fiscal year.

The document contains graphical depictions and detailed listings of appropriations, fund sources, nonrecurring issues, vetoed items, financial outlooks, and legislation affecting revenues. It also includes the Truth in Bonding Statement used to support the General Appropriations Act.

Various sources were used to prepare this document. Among the most important were data from the Legislative Appropriations System / Planning and Budgeting Subsystem (LAS/PBS), multiple consensus estimating conferences, the General Appropriations Act and other fiscal-related legislation, the Governor's Veto Message and explanatory information used during the appropriations process.

FOOTNOTES

(A) The FY 2004-05 balance in the Budget Stabilization Fund is \$999.2 million. The FY 2005-06 required balance is \$1091.2 million, requiring a transfer of \$92.0 million. In addition, a hurricane-related budget amendment (EOG #483) for FY 04-05 transferred \$11.0 million to the Casualty Insurance Risk Management TF.

(B) This financial statement is based on current law as it is currently administered. It does not include the potential effect of any legal actions which might affect revenues or appropriations. The Attorney General periodically issues an update on any such litigation. In addition, it does not recognize any deficits in any spending programs unless specifically stated.

(C) Hurricane related expenditures were made through budget amendments which anticipate repayment from FEMA funds.

(D) The General Appropriations Act includes contingency appropriations which require further action by the Legislative Budget Commission through the budget amendment process before they can become effective. These contingent appropriations will be included as effective appropriations at the time any such budget amendments are adopted. (General Appropriations Act Sections 34, 35, 36, 41, and 42)
