Resolution as to the Salaries and Perquisites of the several Officers of the State.

Be it resolved by the Senate of the State of Florida, That the Comptroller of this State be and he is hereby requested and required to inform the Senate at as early a date as practicable :

1st. What fixed salaries are received by the Governor, Comptroller, Treasurer, Attorney General, Secretary of State, and Register of Public Lands, as such officers.

2d. What perquisites or other emoluments are attached to each and every one of said offices.

3d. In what other capacities as officers, or acting *ex officio*, or otherwise, said officers or the persons filling said offices, severally draw any additional salary, pay, expenses, perquisite or emolument.

4d. Under what particular Act or Resolution, and the specific section thereof said salaries, perquisites, pay, expense, or emoluments are received, and how much and to what amount to each of said officers respectively.

5. This resolution is to apply and refer to the financial year next preceding, and also, up to this date.

Also the following :

Resolved 1st, That the endorsement of bonds to the amount of \$1,000,000 and upwards, by the Governor, Attorney General, Comptrol-

ler, Treasurer, and Register of the State, pledging the public domain and funds arising from their sale, to the payment of interest thereon, issued to different incorporated companies owned by private individuals, is a violation of that clause of the Constitution of the State declaring that "the General Assembly shall not pledge the faith and credit of the State to raise funds in aid of any corporation what-ever;" and that an endorsement of said bonds is of itself and acknowledgment of debt and obligation, and it is to that extent a pledge of the faith and credit of the State; and that this endorsement does more, as it gives not only the credit, but devotes certain means to the payment, thus adding to and strengthening the faith and credit given. That the fallacious and mistaken idea that the State has not given its faith is met by the fact that the entire action is hers—her law giving the validity and direction to the bonds—her officers make the endorsement—her land is pledged—the bonds are called hers in the foreign market, and hers will be the disgrace and dishonor if the faith and credit of the State is not maintained by their prompt payment, both of principal and interest.

Resolved 2nd, That the further issuing these bonds be prohibited and their sale prevented; and the Judiciary committee be, and they are hereby instructed to prepare and report a bill making it highly penal in any person or persons whatever to issue any bond or bonds giving the faith and credit of the State, "to raise funds in aid of any corporation," either directly or indirectly, whatever, and from selling or offering for sale in any market whatever, any such bonds either for the payment of principal or interest.
