Senate Memorial No. 1:

A memorial to the Congress of the United States asking for protection to the north point of Anastasia Island and, incidentally government property thereon; and also, asking for consideration by the government of appropriate action for the jettying of the inlets to North and Matanzas Rivers, the same being the entrance to the Port of St. Augustine.

Whereas, The inroads to the ocean on the north point of Anastasia Island are being made more and more manifest with each recurring northeast storm; and

Whereas, aside from the menace to government and private property located upon the endangered point, the danger to the City of St. Augustine in the event of the invasion of the ocean is of great concern; and

Whereas, in as much as the proper protection of the north point of Anastasia Island with a jetty would subserve the purpose of directing the waters of the ocean over the bar per one channel into the Matanzas and North Rivers, thereby assuring deep water; and

Whereas, as such an event would largely contribute to the commercial benefit of the vast interests and industries along the entire east coast of Florida; therefore be it

Resolved by the Legislature of the State of Florida, That the Congress of the United States be petitioned to take immediate steps looking to the protection of property and the interest of the section, as indicated in this memorial.

Resolved further, That our Senators and Representatives in Congress be urged to secure the passage of legislation necessary to carry out the prayer of this memorial; be it further

Resolved, That the Secretary of State of the State of Florida be requested to forward to the President of the United States Senate, and Speaker of the House of Repre-

sentatives, and to each of the Senators and Representatives aforesaid, a copy of this Memorial.

Very respectfully,

J. G. KELLUM.
