Jacksonville, Fla., April 23, 1919.

President of the Senate,
Tallahassee, Fla.:

We wish to endorse action of State Live Stock Sanitary Board at their meeting of 21st in allowing ticky cattle to be shipped to public stock yards or slaughtering centers without dipping and under proper provisions, thus allowing Florida cattle men the same privileges as accorded cattlemen in other States, and we would ask that same be incorporated in present laws, and any new laws that may be enacted. We also appreciate the difficulty attendant upon dipping range cattle every four-

teen days under ordinary range conditions in this State and beg your honorable body to weigh carefully the evidence presented by able and experienced cattle men throughout the State to compulsory fourteen-day dipping for tick eradication which will no doubt result in great expense and no small loss to the majority of range cattle men throughout the State and may result in greater loss than benefit to the cattle industry just at this time.
