Condemning the action of anarchists and others in their efforts to disrupt the American Government.

Whereas, It has been made known to the members of the Florida Legislature now in session at Tallahassee, Florida, that a cowardly attempt has been made by certain anarchists and other enemies of our form of government to kill and destroy, by the most cowardly method known to civilized man, certain of our most distinguished and high officials of the United States, for no other reason than that they have undertaken to uphold the laws which have been handed down as an heritage from our forefathers; and

Whereas, Thousands of our best sons have given their lives as a sacrifice that the principles for which we, as a nation, stand shall not perish from the earth, but shall be left as a blessing to our posterity; and

Whereas, This organized band of anarchists, who are home and life destroyers, have their rendezvous in the great City of New York, from whence infernal machines and unamerican propoganda are sent out over the United States to terrorize all liberty-loving people; therefore, be it

Resolved by the Legislature of the State of Florida, That we most earnestly request the Governor of the State of New York and the Mayor of the City of New York to make a most thorough and earnest effort to rid that state and city, as well as the American people, of this organized band of civilized government destroyers, through any legal means or costs, and if necessary, request the assistance of the Army and Navy of the United States to round up, and, if a foreigner, deport every such

person, and, if a native citizen, have the law applicable to such case, take its course without delay;

Be it further Resolved, That it is the sense and belief of this Legislature that the citizenship of the State of Florida stands behind our beloved government in making it safe for democracy for future generations; That this country was conceived in justice and bought at a price of blood and suffering, and those who are dissatisfied and revolutionary, we ask that they be forced by law to leave and seek a place where they can find persons of their own kind;
