(Senate Bill No. 517):

"An Act relating to the salaries of the Judges of the Circuit Courts of counties having a population of more than one hundred thousand according to the latest Federal census, and providing for a portion of such salaries to be paid from the general revenue of such counties."

Together with the following objections:

1. By its terms this Act is a general law, yet by its application it affects only the Circuit Judges presiding in Duval County. Section 42 of Article 5 of the Constitution, providing for an additional judge of the Circuit Court of Duval County, fixes the salary and allowances for expenses of such Circuit Judge at the same amount as that prescribed for other Circuit Judges throughout the State. Other Circuit Judges, by recent Act of the Legislature, are paid a salary of \$5,000.00 per year with \$300.00 for expenses, which compensation must necessarily be that of the Circuit Judge of Duval County, under the provisions of Section 42 of Article 5, as above. Any addition compensation to him as provided in this Act would be unauthorized and contrary to the Constitution.

2. Under our Constitution the Judiciary is one of the arms or branches of the State Government and nowhere, in so far as Circuit Judges are concerned, is their power or authority limited or restricted to any one county. I do not, therefore, believe it is proper for the Legislature to provide that any portion of the salary of a Circuit Judge, or Judges, shall be paid from county taxes, and to declare that such payments of money shall be for county purposes.

3. Section 5 of Article 9 of our Constitution, among other things, provides that the Legislature shall authorize the several counties to assess and collect taxes for county purposes only. All Circuit Judges in this State, in addition to the fact that they preside in their own Circuits, may be sent to any other county or circuit throughout the State by order of the Governor, but whenever or wherever they are so acting they are there in the representative capacity and name of the State and not as the represen-

tative of the particular county; in view of which fact, I do not believe it would be competent for the Legislature to provide that any portion of the salary or traveling expenses of such Circuit Judges should be paid from county funds so assessed and collected.

4. An inspection of Sections 1, 8, 9, 10 and 42 of Article V of our Constitution discloses that in every instance where the people of Florida have spoken on the duties and compensation of Circuit Judges, except in the matter of the creation of an extra judge for Duval County, it was their purpose to divide the State into such a number of Judicial Circuits as would equitably proportion the duties of all Circuit Judges and provide for each an equal compensation. This seems to me to be a sound policy, and I do not believe that the people of Florida desire to depart from it.

5. I do not favor the policy embodied in the proposed measure because it devises a plan, unconstitutionally I believe, whereby certain members of the Judiciary would receive additional compensation, contrary to the spirit of our institutions and opposed to the practice which has prevailed throughout the history of Florida.

Was taken up and read.

The question was put, "Shall the bill pass the veto of the Governor notwithstanding?"
