Whereas, the Legislature of the State of Florida, at the beginning of the present session, received from the Legislative assembly of the State of North Dakota, a certified copy of a certain resolution adopted by the Assembly, touching

the death of Martin Tabert, who died while a County convict under lease by Leon County to Putnam Lumber Company, of the State of Wisconsin, and, while exonerating the State of Florida of responsibility for the death of Martin Tabert, requested that the Legislature, "cause a full investigation to be made of the circumstances surrounding the conviction, leasing and death of Martin Tabert, and to cause such action to be taken as will most surely and expeditiously lead to the punishment of all parties concerned"; and

Whereas, under authority of Senate Concurrent Resolution No. 1, a Joint Committee was appointed consisting of Senators MacWilliams and Stokes, and Representatives Kennerly, Van Roy, and Smith, and charged with the duty of investigating the subject matter of the Resolution of the North Dakota Assembly, to the end that appropriate action might be taken in the premises; and

Whereas, Messrs. Grimson and Kneeshaw have, by written communication addressed to the Joint Committee, expressed their satisfaction with the thoroughness and impartiality of the investigation conducted by the Joint Committee, and have congratulated the Joint Committee and the people of Florida; and

Whereas, the Governor of Florida, by communication addressed to the Governor of North Dakota, dated March 2, 1923, ably and accurately stated the views of the people of Florida touching the subject of the Concurrent Resolution adopted by the Assembly of North Dakota; and

Whereas, the person charged with responsibility for the death of Martin Tabert is now under indictment in an appropriate judicial tribunal of this State, and will be brought to trial in the near future, further comment in this connection would be beyond the legitimate scope of this Resolution; and

Be It Resolved by the Senate of the State of Florida, the House of Representatives concurring, in Legislature assembled in the State Capitol at Tallahassee:

1. That the Legislature of Florida acknowledges receipt of a certified copy of the concurrent resolution adopted by the Legislative Assembly of the State of North Dakota, and in a spirit of amity and friendship, sends its greeting from the State of perpetual sunshine and incomparable opportunities to the splendid citizenship of the great State of North Dakota.

2. That the people of Florida, alive to the occasional abuses that have crept into the prison system of certain counties, viewed with indignation the facts developed by the investigation of the Joint Committee, and expressed their insistent demand that appropriate action be taken to bring to justice responsible persons, and that recreant public officials be removed from office and that suitable laws be enacted that would render impossible a repetition of the deplorable conditions shown to have occasionally arisen in the county convict lease system.

3. That the people of Florida, while disclaiming responsibility for the death of Martin Tabert, deplore his unfortunate death, and regret the circumstances attending it, and, through their Legislature, tender their sincere condolence to his relatives.

4. That we indorse the communication of the Governor of Florida to the Governor of North Dakota, dated March 2, 1923, stating the attitude of the people of this State with respect to the death of Martin Tabert.

5. That, in obedience to the wishes of the people of Florida, the Legislature, now in session, has enacted appropriate legislation to render impossible a repetition of the circumstances attending the death of Martin Tabert.

6. That, in due form of law, and by orderly procedure, the State of Florida is impartially prosecuting the person charged with responsibility for the death of Martin Tabert.

7. That the Governor of Florida is requested to transmit a copy of this Resolution, under the Great Seal of the State, to the Governor of North Dakota, with the request that it be laid before the Legislative Assembly of his State when next in session.

House Concurrent Resolution No. 20:

Whereas, The growing of cotton has heretofore been a profitable farm crop in a large portion of Florida; and

Whereas, The ravages of the boll weevil have resulted in a reduction of a crop of 81,000 bales in 1914 to a total of only 25,000 bales in 1922 and the abandonment of several thousand acres of farm lands in the State, and

Whereas, Investigation made by the State Plant Board of Florida during the year 1922 developed a method of control effective and practical, enabling farmers to produce about ninety per cent of a normal crop; and

Whereas, The progress already made by the State Plant Board in Florida in improving the methods of boll weevil control has been acclaimed and recognized throughout the United States as one of the significant achievements of science during recent years, and will be of incalculable benefit not only to our own country, but to the producer of cotton throughout the world; and

Whereas, The necessity for the safe production of this valuable product was never so apparent and the interest therein never more intense; and while the method developed in one season of experimental work was so effective, it is comparatively crude, and can be greatly improved; and

Whereas, There is urgent need for further development, not only in boll weevil control, but as to other injurious insects and diseases; and,

Whereas, The discoveries of the Florida State Plant Board are of such extraordinary note that the United States Department of Agriculture has endorsed said method as being practical and of great benefit; and,

Whereas, It is the policy of our General Government to assist in the development of the agricultural interest in every way possible; and,

Whereas, The Legislature of 1923 has made an appropriation for specific purposes as above stated; etc.

Tallahassee, Florida, June 1, 1923.

Hon. T. T. Turnbull,
President of the Senate.

Sir:

Your Joint Committee on Enrolled Bills, to whom was referred—

(House Concurrent Resolution No. 20):

Whereas, The growing of cotton has heretofore been a profitable farm crop in a large portion of Florida; and

Whereas, The ravages of the boll weevil have resulted in a reduction of a crop of 81,000 bales in 1914 to a total of only 25,000 bales in 1922 and the abandonment of several thousand acres of farm lands in the State, and

Whereas, Investigation made by the State Plant Board of Florida during the year 1922 developed a method of control effective and practical, enabling farmers to produce about ninety per cent of a normal crop; and

Whereas, The progress already made by the State Plant Board in Florida in improving the methods of boll weevil control has been acclaimed and recognized throughout the United States as one of the significant achievements of science during recent years, and will be of incalculable benefit not only to our own country, but to the producer of cotton throughout the world; and

Whereas, The necessity for the safe production of this valuable product was never so apparent and the interest therein never more intense; and while the method developed in one season of experimental work was so effective, it is comparatively crude, and can be greatly improved; and

Whereas, There is urgent need for further development not only in boll weevil control, but as to other injurious insects and diseases; and,

Whereas, The discoveries of the Florida State Plant Board are of such extraordinary note that the United States Department of Agriculture has endorsed said method as being practical and of great benefit; and,

Whereas, It is the policy of our General Government to assist in the development of the agricultural interest in every way possible; and,

Whereas, The Legislature of 1923 has made an appropriation for specific purposes as above stated, etc.

Beg leave to report that the same has this day been presented to the Governor for his approval.
