EXPLANATION OF SENATOR MALONE OF HIS
VOTE ON AMENDMENT TO SECTION 15 OF
SENATE BILL NO. 12.

This House Amendment to Section 15 of Senate Bill No. 12 purports to authorize the right of eminent domain over property now devoted to other public use. If this power is exercised there will be expensive and unlimited litigation and it will delay the accomplishment of the object of the bill or it may result in its ultimate defeat. It was my opinion that this matter be left out of the bill, but the House Representatives from Monroe County demand that the bill include this extraordinary power, and rather than a deadlock between the Representatives and myself I yield to their demand. The responsibility for any delay in the accomplishment and attainment of the benefits designed by this bill must be assumed by the House members.

W. H. MALONE.

A message from the Governor was received and read as follows:

State of Florida, Executive Department,
Tallahassee, Fla., November 19, 1925.

To the Honorable John S. Taylor, President, and Members of the Senate, and Arthur Y. Milan, Speaker, and Members of the House of Representatives of the State of Florida.

Gentlemen:

I sincerely request that you consider the following measures:

“An Act to encourage the navigation of civil and commercial aircraft in Florida; fixing the license and inspection taxes; to define their rights and privileges and regulate the navigation, inspection and licensing thereof and for other purposes incident to such navigation.”

The growth of Florida is unparalleled in the history of States and every avenue of transportation of freight, passengers, and express is congested to such an extent that embargoes being placed may delay transportation of materials thousands of people coming into this State as settlers and investors are calling for to make comfortable their homes and advance their investments. I am reliably informed that one of the greatest of America's industrial pioneers is willing to come into Florida to help relieve this congestion through the air if laws are passed giving protection to such an industry, and Florida should be the first State of the American Union to enact legislation looking toward regulations of aircraft for the protection of passengers, freight and express and defining the rights and duties of aircraft owners and operators through the air, and I recommend that the Legislature enact suitable laws in looking toward this purpose.

“An Act to provide a method for removing clouds from, clearing and confirming, titles to land, and decreeing possession thereof, by Courts of Chancery against parties in possession or otherwise, and against defendant, whether known or unknown, providing for a trial by jury in cases where defendant is in actual possession of any part of such land; and providing for service of process by publication for four weeks against unknown defendants and for the Entry of Decrees Pro Confesso, and final, without the appointment of a master or guardian in such cases where no appearance is entered on or before the return day; and providing for the procedure under said Act; designating the relief to be decreed in proceedings brought thereunder; and declaring the force and effect of such decrees when recorded, and fixing the time limit in which decrees entered in any cause brought under the terms and provisions of said Act may be opened in certain cases.”

Real estate is being disposed of to thousands of people from all over the world who are investing in Florida to make Florida their home. They want their titles to be good and they should be good and merchantable. Most of

the titles of Florida are good, but because of some of the common laws forms of conveyance clouds, which really amount to nothing, are existant on these titles. A simplified law for clearing title and removing clouds should be enacted into law at this session which will decrease the cost of clearing title and removing clouds to such an extent that titles can be made merchantable without the owner having to pay out almost the value of the lands to lawyers and in court fees before he can make his title merchantable and put his property in such shape it can be readily and safely sold.

“An Act to define, regulate, and license real estate salesmen; to create the Florida Real Estate Commission, providing for the appointment of its members, defining its powers and duties; providing for payment of its expenses, prescribing certain offenses and penalties for violations thereof.”

It has been found that the County Judges are not in position to properly administer the present law in that it changed the method of accounting and transmitting license funds to the Comptroller and the State Treasurer, and it has been found that County Judges have not the facilities for handling the intricate detail of application and recommendations required to obtain real estate broker or salesmen licenses.

The attached bill makes a consistency as to all the provisions of the law so that it dovetails into the general system in this State for many years. The law will cause many hundreds of dollars to be paid into the State Treasury that would not have been collected otherwise.

Inasmuch as the good reputation of the State of Florida is largely involved for the next few months or years in the proper handling of real estate transactions, it is deemed very important that the law for the protection of the reputation of the State, its investors, as well as property owners, should be as nearly perfect as possible; therefore, the proposed bill is hereby transmitted for your serious consideration and passage. The change is slight and thousands of real estate firms in Florida are involved in the correct interpretation of the law and just at this time, no impediment should be thrown in the way of the legal sale of Florida real estate, and every precaution should be taken to do away with the undesirables who desire to exploit the State.

“An Act to establish a Criminal Court of Record in the County of Palm Beach.”

While this is purely of a local nature, yet I deem it expedient to urge the passage of this bill, because it is sorely needed. The payment of the expense of this Court will be borne by the County of Palm Beach.

“An Act providing for the creation of Special Taxing Districts to be known as Mosquito Control Districts in the State of Florida; providing procedure by which such Mosquito Control Districts may be created; providing for the government and the administration of said districts; defining the powers and purposes of said districts and of the Board of Commissioners thereof; authorizing said board to employ methods and means for the eradication of mosquitoes in such districts; providing for acquiring by purchase, gift, condemnation or otherwise any property needed for district purposes; empowering the Board of Commissioners of said districts to levy and collect taxes for district purposes; authorizing said board to borrow money and to issue and sell bonds to procure funds to carry out the purposes of such districts; providing for the election of said commissioners and an election to determine whether bonds of such districts shall be issued; prescribing penalties for damaging property or obstructing operations of such districts; and generally providing for the creation, organization and administration of Special Taxing Districts for the purpose of eliminating mosquitoes in such districts.”

I deem this measure necessary as a health measure for the protection and proper development of those areas in the State which are now infested with mosquitoes, which hinder their growth and development.

“An Act to amend Section 1 of the Act entitled ‘An Act prescribing the essential features of orders of publication in certain chancery suits in the courts of this State, and fixing the length of time, the manner and the place of publication of such orders approved May 26, 1925, and prescribing the essential features of orders of publication and notices to appear in all cases in any Circuit Court, Court of Record, or Civil Court of Record, or in any County Judge’s Court when exercising probate jurisdiction, fixing the essential features of orders of publication and of such orders and notices in a newspaper or by posting.

and repealing with a saving clause all laws inconsistent herewith and declaring the rule of interpretation of the statute so repealed.”

Respectfully submitted,

JOHN W. MARTIN,

Governor.

Which was ordered to be spread on the Journal.

Mr. Watson offered the following memorial:

SENATE MEMORIAL NO. 1.

A memorial to the President of the United States asking that Chapman Field, located in Dade County, Florida, be reserved for Recreation Park, Aviation Field, site for United States Veterans Convelescent Hospital and Billet Orphans of World War Veterans;

Whereas, The United States Government owns a tract of about nine hundred acres of land in the heart of Dade County, Florida, where people from all parts of the United States come for recreation and health; and

Whereas, said area is, by its location and its varied terrain, most suitable and adaptable for park and recreation purposes; and

Whereas, there is need for an aviation field in this section of Florida, to be used in peace times and especially in times of emergency by the United States Government; and

Whereas, an excellent site can be made available as a United States Veterans Hospital and as a Billet for Orphans of World War Veterans; and

Whereas, if this land should be disposed of by the United States Government for commercial purposes, it would remove forever the possibility of developing these facilities for all the people who live or come to this section, and the amount realized would in no way compare to the benefits that would accrue.

Be It Resolved by the Legislature of the State of Florida:

That the President of the United States be, and he is hereby, earnestly solicited to take such steps as may be necessary either by the Executive or Legislature branches of the Federal Government, to delay the sale of the above mentioned property until the proposals for its public uses as set forth in this Memorial can be thoroughly considered and investigated by the President.

Be it further resolved, that copies of this Memorial be furnished by the Secretary of State of Florida to the President of the United States, and to each Senator and Representative from Florida in the Congress of the United States.

Which was read.

The following communication from the Governor was received and read:

State of Florida, Executive Department,
Tallahassee, Fla., Nov. 20, 1925.

To the Honorable John S. Taylor, President and Members of the Senate, and Arthur Y. Milam, Speaker, and Members of the House of Representatives, of the State of Florida.

Gentlemen:

I respectfully request that you consider a bill entitled:

“An Act to provide for one additional Circuit Judge for the Eleventh Judicial Circuit of Florida; to regulate the dispatch of business in said Circuit after such appointment; and to make an appropriation to pay the salary of such additional Circuit Judge.”

I am advised by Senator Watson, of Dade County, that the present Judges are absolutely unable to handle the Court matter in that County. I am told that there were over thirty-two hundred civil cases there on docket last year with some sixteen hundred chancery cases, besides hundreds of criminal cases.

I also ask that you consider a bill entitled:

“An Act to authorize Sheriffs, Deputy Sheriffs, and other Police Officers, in this State, to seize any property which may be found unlawfully in the possession of any person unlawfully being or unlawfully being used at any place or in any house, building or structure, which is then and there being unlawfully seized by such officers.”

This measure is similar to the one I vetoed on Search and Seizure Bill. I believe it necessary to enforce the Prohibition Laws of the State.

I desire to say to both Houses that this concludes any general measures that I shall communicate to them.

Respectfully submitted,

JOHN W. MARTIN,

Governor.

And the communication was referred to the Committee on Executive Communications.
