The Governor was escorted to the rostrum and introduced to the body by the President.

The Governor delivered the following address to the joint assembly.

To the Honorable Members of the Joint Assembly of the Senate and the House of Representatives:

I regret that an extraordinary session of the Legislature is inevitable. Necessary relief has not been given to our schools. Provision has not been made for the support of the State government and of the State institutions by appropriation and revenue measures. The problems of finance and taxation, State, County and municipal, are yet unsolved. I am sure you will consider these matters vital to the welfare of the State and welcome an opportunity to complete your task.

THEREFORE, WHEREAS, necessary provision has not been made for our common schools and institutions of higher learning, and

WHEREAS, provision has not been made for raising revenue sufficient to defray the expenses of the State government and support the State institutions as expressly provided by Section 2, Article 9, of the Constitution of the State, and

WHEREAS, no appropriation has been made for paying the necessary expense of the State government and said institutions as required by Section 4, Article 9, of the Constitution of the State, and

WHEREAS, the problems of finance and taxation have not been solved.

NOW, THEREFORE, I, Doyle E. Carlton, Governor of the State of Florida, by virtue of the power and authority vested in me by the Constitution of the State, do hereby convene the Legislature of the State of Florida in extra session at the Capitol in Tallahassee, at twelve o'clock, noon, June first, 1929, for the purpose of considering the enactment of laws on the above mentioned subjects and such other subjects as the welfare of the State may require and the Constitution of the State permits.

You will pardon me for saying that I recognize this brings to you an additional burden. I am aware of the fact that the business and professions of all are calling you back home. This involves one of those sacrifices which we are called upon to make for our State. I am also conscious of the strain that you must be under as a result of the continuous hours of service that you have had for these last few days, the high tension that you have been under.

These conditions sometimes develop feelings that we would like to cast aside. In closing I want to leave just this word—I hope that when we adjourn the regular session we may adjourn any feelings that might have been created, any differences that might have developed, and return for the new session in the spirit of good-will, and with the sole purpose of meeting these issues in behalf of the people of our State.

On motion the Senate withdrew from the Hall of the House of Representatives and returned to the Chamber of the Senate and resumed its regular session.

The President in the chair.

The roll was called and the following Senators answered to their names:

Section 6. For the purpose of constructing, completing and maintaining the works of Drainage and Reclamation hereby authorized, and for the benefit and protection of the lands in said District, and for carrying on the business of said District generally, and in lieu and instead of all other acreage taxes or assessments now authorized to be levied by said Board, annual assessment of taxes shall be and hereby are levied and imposed upon all lands within said district for the year 1929 and subsequent years as follows, to-wit:

Upon all lands described in Zone No. 5-A, as the same is defined by Chapter 12017, Laws of Florida, Acts of 1927, a tax of \$0.50 per acre for each of the years 1929 and 1930, and a tax of \$0.75 per acre for each year thereafter.

The Board shall, as soon as practicable, after the passage and approval of this Act, certify to the Tax Assessor of each county containing lands within said District, the acreage taxes levied upon the said lands in accordance with the foregoing provisions for the year 1929 and each Tax Assessor shall extend upon the tax roll for the year 1929 the amount of taxes so certified, in lieu of other acreage taxes certified by said Board to the said Tax Assessors for the year 1929.

The lands within the said District held by the Trustees of the Internal Improvement Fund shall be subject to the taxes hereby imposed and to all other taxes, including maintenance and ad valorem tax levied or to be levied and special assessments authorized to be levied under the provisions of this Act and the said Trustees in furtherance of the trusts upon which the said lands are held, are hereby authorized and empowered to pay the same out of any fund in their possession, derived from the sale of lands or otherwise.

All of the provisions of existing laws with reference to acreage

taxes authorized to be levied by the Board of Commissioners of Everglades Drainage District, under the provisions of Chapter 12017, Laws of Florida, Acts of 1927, are hereby made applicable to the Acreage taxes levied under the provisions of this Act.

Section 7. Whenever the owners of 30% of the acreage of any contiguous body of land within the District shall file with the Board a petition that the said contiguous body of land shall be constituted into a "Development Unit" for the construction of main, arterial or outlet canals or the improvement by deepening, widening or extending of any existing main, arterial or outlet canal which may be necessary or desirable in the reclamation of the said contiguous body of land, or for the construction of any protective or control works, and unless at a hearing to be had thereon, after publication of notice, the owners of 50% or more of the acreage within the said contiguous body of land shall object to the creation of said development unit and if in the judgment of the Board it shall be for the best interest of the District, the said contiguous body of land or some part thereof to be determined by the Board, shall be constituted into a development unit, by resolution of the Board, which shall designate the said development unit by number and fix the boundaries thereof.

Upon the adoption of a resolution constituting a development unit, the Board shall cause to be prepared and shall adopt plans and specifications for the work to be performed in said development unit, which said plans and specifications shall thereafter become known as the "plan of improvement" for the said development unit, and at the same time the Board shall estimate the cost of executing the said plan of improvement.

Section 8. When a development unit shall be constituted and a plan of improvement therefor shall be adopted, the Board shall appoint five appraisers who shall be freeholders residing within the State of Florida, and who shall not be land-owners within the said development unit, nor of kin within the fourth degree of consanguinity to any person owning lands in said development unit. A majority of said appraisers shall constitute a quorum, and a concurrence of a majority shall be necessary and sufficient for the determination of all matters within the duties of said appraisers.

Section 9. The Secretary shall notify the appraisers of their appointment, and shall state the time and place for the first meeting of said appraisers. The Secretary of the District, or his deputy, shall attend such meeting, and shall furnish the appraisers a complete list of lands embraced within such development unit, and a copy of the plan of improvement. The said appraisers, at their first meeting, shall each take and subscribe to an oath that he will faithfully and impartially discharge his duties as such appraiser, and make a true report of the work performed by him. The said appraisers shall also at said meeting elect one of their number chairman and the Secretary of the District or his deputy shall be ex-officio secretary of said appraisers.

Section 10. Immediately after qualifying as provided for in the preceding section, the appraisers shall begin their duties; they may at any time call upon the attorney of the District for legal advice and information relative to their duties and the Chief Engineer or one of his assistants shall accompany said appraisers when engaged in the discharge of their duties and shall render his opinion in writing when requested so to do. Said appraisers shall proceed to view the premises and determine the value of all lands within or without the development unit and within or without the District, to be acquired for rights-of-ways, holding basins, or other works set out in the plan of improvement; they shall appraise the amount of benefits and the amount of damages also, if any, that will accrue to each tract of land within the development unit, and to railroads and other rights-of-ways not traversed by such works, from carrying out and executing the plan of improvement. The appraisers, in appraising the benefits to lands, railroads and other rights-of-ways, not traversed by such works, shall not consider what benefits will be derived by such property after other ditches, improvements or plans of reclamation shall have been constructed, but they shall appraise only such benefits as will be derived from the construction of the works and improvements set out in the plan of improvement. The appraisers shall give due consideration and credit to any other canal or canals or works of reclamation which may have already been constructed and which may afford partial or complete protection to any tract or parcel of land in the development unit. The appraisers shall have no power to change the plan of improvement.

Section 11. Upon the making of any appraisal hereunder, the appraisers shall prepare a tabulated report of their findings, which shall be bound in book form, such record shall contain a description of the property appraised and the amount of benefits or damages as may have been appraised to each parcel of land described therein. It shall not be necessary to set forth the names of the owners of any of said lands. When the said report shall have been completed, it shall be signed by at least three of the appraisers and deposited with the Secretary of the Board. A copy thereof, certified by the Secretary, under the seal of the District, shall be deposited with the Clerk of the Circuit Court, who shall receive a fee of \$5.00 per volume for receiving and filing the same.

Section 12. Upon the filing of the report of the appraisers, the Clerk of said court shall give notice thereof by causing publication to be made as provided by this Act; it shall not be necessary for the said notice to name the parties interested, nor to describe the separate lots or tracts of land, but it shall be sufficient to publish the said notice in the following form:

"To all owners of land within Development Unit No. of Everglades Drainage District: Notice is hereby given that the appraisers heretofore appointed, have filed their report of benefits and damages to accrue from the execution of the plan of improvement for Development Unit No. of Everglades Drainage District and all owners of land within said Development Unit and all parties interested, are hereby notified that the said report is on file in my office and may be examined, and that exceptions may be filed thereto on or before the day of 19....."

.....
Clerk of the Circuit Court
of County,
Florida."

Section 13. The owners of any land affected by said report may file exceptions thereto on or before the date fixed in the notice to be published as aforesaid, which said date shall be not less than 30 days nor more than 60 days after the filing of said report, provided, that the Court, for good cause shown, may extend the time for the filing of exceptions in particular cases upon the application of any land owner.

Section 14. Upon the expiration of the time fixed for the filing of exceptions, if no exceptions are filed, or if it is shown, upon a hearing before the Court, that the estimated cost of construction of improvements contemplated in the plan of improvement is less than the benefits assessed against the lands in said Development Unit, the court shall approve and confirm the report of the appraisers, but if the court, upon such hearing, shall find that for any reason the said exceptions or any of them should be sustained, the court may order the report of the appraisers changed to conform with such findings, and when so changed, the court shall approve and confirm such report and enter its decree accordingly. The Court shall adjudge and apportion the costs incurred by the exceptions filed, and shall condemn any land or other property within or without the boundary lines of the Development Unit or within or without the boundary lines of the District which may be needed for rights-of-ways, holding basins and other works, or that may be needed for material to be used in constructing said works, following as nearly as possible the procedure that is now provided by law for the condemnation of lands or other property for railroads.

The Clerk of said Court shall deliver a certified copy of the decree of the court confirming said report to the Secretary of the District, and shall also transmit a certified copy of the said decree and that part of the said report affecting land in each county, to the clerk of the circuit court of each county having lands within said Development Unit, or which are affected by the said report, and the same shall thereupon become a permanent record in the office of such Clerk and each such clerk shall receive a fee of \$1.00, for receiving, filing and preserving the same.

Section 15. The Board shall have full power and authority to build, construct, excavate and complete any and all works which may be needed to carry out, maintain and protect the plan of improvement of any development unit, and to that end may employ men and equipment and operate the same directly, or in the discretion of the Board, contracts may be let for such works and improvements, either as a whole or in sections, and when such contracts are let, the same shall be advertised and let to the lowest and best bidder, who shall give a good and approved bond, with ample security, to be approved by the Board.

Section 16. After the lists of lands with the appraised benefits and the decree and judgment of the court have been filed in the office of the Clerk of the Court as provided by this Act, the Board shall, without any unnecessary delay, levy a tax of such portion of said benefits on all lands in the development unit, to which benefits have been appraised, as may be found necessary to pay the costs of executing the plan of improvement and in addition thereto 10% of said total amount for emergency. The said tax shall be apportioned to and levied on each tract of land in said development unit in proportion to the benefits appraised and not in excess thereof, and in case bonds are issued as hereinafter provided, a tax shall be levied in a sum of not less than an amount, 90% of which shall be equal to the principal of said bonds. The amount of bonds to be issued for paying the costs of the works as set forth in the plan of improvement shall be ascertained and determined by the Board, but the total amount of bonds to be issued for the purposes of executing the plan of improvement of any development unit shall not exceed 90% of the benefits appraised to the lands within such development unit. The amount of interest, as estimated by the Board which will accrue on such bonds shall be included and added to the said tax, but the interest to accrue on account of said bonds shall not be construed as a part of the cost of construction in determining whether or not the cost of construction is equal to or in excess of the benefits appraised. The Secretary of the District, as soon as said total tax is levied, shall, at the expense of the District, prepare a list thereof in the form of a well bound book, which shall be endorsed and named: "Drainage tax record of Development Unit No. of Everglades Drainage District", which endorsement shall be printed or written at the top of each page in said book and shall be signed and certified by the Chairman or Vice-Chairman of the Board and attested by the seal of the District, and the same shall thereafter become a permanent record in the office of the Secretary.

Section 17. All drainage taxes provided for in the preceding section, together with all penalties for default in the payment of the same and all costs in collecting the same, shall, from the date of assessment thereof until paid, constitute a lien of equal dignity with the lien for State and County taxes and all taxes of equal dignity, upon all lands against which such taxes shall be levied, and such lien shall be evidenced by a certificate substantially in the following form:

"State of Florida,

"This is to certify that by virtue and authority of the provisions of Chapter, Laws of Florida, Acts of 1929, the Board of Commissioners of Everglades Drainage District, does hereby certify the taxes appearing in the foregoing record against the lands described therein.

"The said taxes shall be payable in annual installments, the amount of each installment, as well as the amount of maintenance tax to be determined and certified to the County Collector of this county not later than the first day of November of each year. The aforesaid tax and such maintenance tax as may be levied from time to time are hereby declared a lien upon all lands described in this record.

The certificate shall be prepared in the form of a well bound book and shall be filed in the office of the Clerk of the Circuit Court of each of the counties having lands within said development unit, as the same may affect the lands in said county, and each such clerk shall receive a fee of \$1.00 for filing and preserving the said book.

Section 18. The Board shall each year thereafter determine, order and levy the amount of the annual installment of the total taxes levied upon lands within any development unit, which said annual installment of taxes shall become due and be collected during said year at the same time that State and county taxes are due and collected; also for the purpose of maintaining and preserving the works, constructed in the exe-

cution of the plan of improvement of each such development unit, and to repair and restore the same when needed, the Board may, upon the completion of said improvements, in whole or in part, each year levy a tax upon each tract or parcel of land within such development unit as to which benefits have been appraised, which said tax shall be apportioned upon the basis of the benefits as shown by the report of the appraisers, but shall not exceed 10% thereof in any one year.

Section 19. The annual installment of taxes as fixed by the Board and the maintenance tax shall be certified to the Tax Assessor in like manner as other taxes are required to be certified by the Board.

Section 20. Each year the Board shall prepare for each county a list showing the amount of the annual installments of taxes and the amount of maintenance tax to be assessed for such year upon the lands within such county as to each development unit, and upon the preparation of such list, the Board shall give notice by publication once each week for two consecutive weeks in a newspaper published in each county containing lands affected by said list, fixing the date when the Board will sit, at a time and place to be designated therein, for the purpose of hearing objections and complaints to the preparation of such lists and to the amount of the annual installment of taxes and the maintenance tax levied by the Board each year. At the time and place fixed for such hearing, each owner of land affected may appear before the Board and be heard, and at such hearing the Board shall have the right to make such changes, corrections or alterations in such lists as may be deemed proper and equitable and thereafter the said Board shall adopt a resolution confirming such assessment.

Section 21. All of the provisions of Section 1168 to 1176 inclusive of the Revised General Statutes of Florida, which are Sections 1538 to 1547 inclusive of the Compiled General Laws of Florida, shall apply to the special assessments authorized to be levied under the provisions of this Act.

Section 22. The Board, whenever it shall seem necessary to meet the principal and interest of bonds issued by the District for the purpose of executing the plan of improvement of any Development Unit, shall have the power to increase the amount of the total taxes, provided only that the total amount of taxes levied upon lands in any Development Unit for the purpose of executing the plan of improvement for such Unit shall not exceed the total amount of benefits appraised to such lands, as shown by the report of the appraisers in respect to such Development Unit.

Section 23. In every case where a notice is provided for in this Act, if the court finds for any reason that due notice was not given, the court shall not thereby lose its jurisdiction, and the proceeding in question shall not thereby be void or abated, but the court shall in that case order due notice to be given, and shall continue the hearing until such time as notice shall be properly given, and there upon shall proceed as though notice had been properly given in the first instance.

In case any particular appraisal or appraisals, assessment or assessments, levy or levies, shall be held void for want of legal notice, or in case the Board shall determine that any notice with reference to any land or lands may be faulty, then the Board may publish a new notice; and in case the original notice as a whole shall be sufficient, but faulty only with reference to publication as to certain particular lands, in such cases the said new notice shall be published only with reference to such particular lands, and if the publication of any notice shall be found to be defective or not made in time, publication of the defective notice need be had only in the county in which the defect occurred.

Section 24. No fault in any notice or other proceedings shall affect the validity of any proceeding under this Act, except to the extent to which it can be shown that such fault resulted in a material denial of justice to the property owner complaining of such fault.

In case it be found upon a hearing, that by reason of some irregularity or defect in the proceedings, the appraisal has not been properly made, the Court may, nevertheless, on having proof that moneys have been expended by the District which constitute a proper charge against said property, make an order finding the amount of benefits to said property and appraising the proper benefits accordingly, and thereupon said land shall be appraised as other land equally benefitted.

In the event that the appraisal of benefits, either as a whole or in part, be declared by a court of competent jurisdiction to be invalid by reason of any defect or irregularity in the proceedings therefor, whether jurisdictional or otherwise, the Court is hereby authorized and directed, on the application of the Board, or of any holder of bonds of the District, promptly and without delay,

to remedy all defects or irregularities as the case may require by directing and causing to be made in the manner herein provided, a new appraisal of the amount of benefits against the whole or any part of the property as the case may require.

Section 25. It is hereby declared that in said Everglades Drainage District surface waters, which shall include rainfall and the overflow of lakes, rivers and streams, are a common enemy and the said District, and any sub-district and any individual holding a permit so to do from said Everglades Drainage District shall have the right to dike, dam and construct levees to protect the said Everglades Drainage District, or any part thereof, or the said sub-district, or any part thereof, or the land of the said individual against the same, and thereby divert the course and flow of such surface waters.

Section 26. For the purpose of funding, retiring and paying obligations now owed by said District, which are not evidenced by bonds, and for the purpose of the District generally, the Board of Commissioners of Everglades Drainage District is hereby authorized to issue and sell bonds in an amount not to exceed three million (\$3,000,000.00) dollars, in addition to all bonds now actually issued and outstanding. The Board may also issue and sell bonds of the District for the purpose of paying the cost of the work set out in the plan of improvement of any Development Unit, but the amount of bonds to be issued for the purpose of executing any such plan of improvement shall not exceed 90% of the benefits appraised to the lands within such Development Unit. The said Board may also issue and sell refunding bonds under the authority of existing laws. The said Board shall have no authority to issue new bonds of said District, except for the purposes and in the amounts herein specified, in addition to the bonds of said district now actually issued and outstanding.

All of the provisions of Sections 1554, 1555, 1556, 1557, 1558, 1560 and 1561, Compiled General Laws of Florida shall remain in force and be applicable to new bonds and refunding bonds authorized to be issued by said Board, except that the said bonds shall be signed only by the Chairman or Vice Chairman of the Board and by the Treasurer of the District.

Section 27. The Board shall employ a Secretary and such assistant secretaries as may be required to transact the business of the district.

Section 28. In the month of June of each year, or oftener if the Governor shall so order, the Board shall make a report to the Governor of its proceedings and an accounting of receipts and disbursements to that date; and thereupon the Governor shall order a reasonable number of such reports to be printed and distributed to persons interested.

Section 29. As soon as practicable after their appointment the Board shall cause an audit of the books, records and accounts of the District to be made by a disinterested certified public accountant duly licensed to practice in the State of Florida. When completed, the report of said audit shall be filed with the Governor and the Board shall order printed, at the expense of the District, for distribution to persons interested, without charge through the office of the Secretary, as many copies of said report as may be deemed necessary. The said report shall contain an inventory of all of the physical property of the District.

Section 30. Not less than thirty (30) days before the convening of the regular session of the Legislature to be held in the year 1931, and bi-annually thereafter the Board shall make a complete and detailed report of its activities to the Governor and the financial and economic status of the District, including all engineering, financial and other data which may have been accumulated by said Board, and shall include in such report the recommendations of the Board as to any legislation which should be enacted with reference to said District.

Section 31. The members of the Board shall receive no compensation, but shall be entitled to their necessary expenses incurred in the performance of their duties. Each appraiser shall receive ten (\$10.00) dollars per day and expenses for the time actually and necessarily employed in the performance of his duties. Any public officer performing duties under this Act shall receive therefor the compensation provided by law for the same or similar services.

Section 32. Should any land which is liable to taxation be omitted from any list herein required to be made and certified to the several tax assessors as herein provided, it shall be the duty of the Board when the said omission shall have been discovered to indicate upon the list, or lists, required to be certified in any subsequent year against the lands which so escaped taxation, the amount of taxes for each year for which such lands escaped taxation, indicating thereon the year for which the said

tax or assessment was omitted. It shall be the duty of the Tax Assessors of the several counties to enter on their assessment rolls the amount of all such omitted taxes or assessments, indicating the year or years for which such tax or assessment was levied, and to collect the same at the time of collecting current taxes or assessments and to sell such lands for non-payment of such taxes or assessments; and all tax sale certificates for such lands on which omitted taxes or assessments are assessed shall also show such omitted taxes or assessments.
