INTRODUCTION OF RESOLUTIONS

By Senator Watson—

Senate Concurrent Resolution No. 7:

WHEREAS, the Fresh Winter Vegetable industry brings into the State of Florida, annually approximately \$40,000,000.00, and

WHEREAS, this industry cannot continue to exist unless the cost of production in this Country is equalized with that of Foreign Countries employing Peon labor, and

WHEREAS, the destruction of this industry would be disastrous to the financial structure of the entire State of Florida, and

WHEREAS, these Foreign producers also have the advantage of cheaper freight rates, depreciated currency, low standard of living and low wage scale, and

WHEREAS, there are within the boundaries of the State of Florida, ample areas of land on which there is now being produced, and can be produced, more than sufficient supplies of winter vegetables to supply the consuming markets of the United States, and

WHEREAS, exhaustive field research has shown the vital economic necessity of this equalized tariff, and such tariff is now in existence, and

WHEREAS, this tariff schedule has been attacked in numerous instances by representatives of these foreign producers, and

WHEREAS, investigations and hearings by both houses of Congress and the United States Tariff Commission have shown that the present rates in existence are justified, therefore,

BE IT RESOLVED by the Legislature of the State of Florida; that this Body urgently requests the President of the United States, Members of Congress, and Secretary of State, Secretary of Agriculture, the United States Tariff Commission, and our Ambassadors to Cuba and Mexico to guard against any possible reduction in the equalized tariff rates now in existence, which would imperil the American standard of living now enjoyed by the American farmer.

WE FURTHER REQUEST that if, and when, investigation shows that the tariff rate now prevailing does not equalize the cost of production that every effort be made toward an increase.

WE RESPECTFULLY OFFER you the service of the Commissioner of Agriculture of the State of Florida and of the Florida Agricultural Tariff Association, a non-partisan growers organization, whenever these matters pertaining to the duties affecting winter vegetables come before you. They have on file and will gladly submit any information desired. We commend their work already accomplished.
