So Senate Bill No. 942 passed, as amended, and was referred to the Secretary of the Senate as Ex Officio Engrossing Clerk, for engrossing.

The following Explanations of Votes were filed with the Secretary:

We cannot vote for the general appropriation bill (Senate Bill No. 942) for the following reasons:

1. As an overall, the bill appropriates more money than is necessary for the sound and sane operation of various offices and agencies of the State on an economical basis.

2. The bill appropriates 100 per cent increase for the institutions of higher learning, which is more money than, in our opinion, can be wisely and economically expended during the biennium and provides for the operation of these institutions on a theoretically ideal basis, while, in our opinion, they should be amply provided for to be operated on a practical and businesslike basis commensurate with the tax paying ability of the people of our State.

3. We feel that as representatives of the people we are acting in the capacity as trustees, and we should handle the State's business in the same manner as an individual's business should be handled.

4. We recognize the State is growing and that we will need some additional revenue, however, we believe that it should cost not over five or ten per cent more at the most to operate the State for the next two years than it has cost to operate for the past two years, due to the fact that in our opinion business and prices will not increase but definitely have already reached and passed the peak.

5. A great deal has been said about economy by various officials but nothing whatsoever has been done, in our opinion, to put into effect an economical program which we believe the people of our State are justly entitled to have.

6. Increased appropriations call for an increase in taxes, and we firmly believe that our people should not be required to pay any greater amount of taxes than is absolutely necessary in view of the present tax burden they are now carrying.

7. We believe that we have reached that stage where the taxpayer should be shown some degree of consideration at the hands of the Legislature.

W. T. Davis, 10th District.
C. L. Alford, 4th District.
Henry S. Baynard, 11th District.
Joseph E. Johnston, Jr., 9th District.

I vote "No" on this bill for the reason that it exceeds by many millions the recommendations of both the Committee on Appropriations and the Budget Commission.

The bill, as amended, is a monstrosity and completely ignores prospective revenues to meet appropriations.

William J. Ray, 36th District.

I vote NO because—The Budget Commission report, in my opinion, is too high, and the Senate Appropriation Bill 1 millions of dollars in excess of the State Budget Commission's recommendations. The people of Florida are, in my opinion, opposed to the spending of tax money unnecessarily.

Raymond Sheldon, 34th District.
