The amount of the first revenues derived from the licensing of motor vehicles to be so set aside in each year and distributed as provided herein shall be an amount equal in the aggregate to the product of four hundred (\$400) dollars multiplied by the total number of instruction units in all the counties of Florida. All such bonds shall bear interest at not exceeding six (6) per centum per annum and shall mature serially in annual installments commencing not more than three (3) years from the date of issuance thereof and ending not later than January 1, 1981, and each annual installment shall not be less than three (3) per centum of the total amount of the issue. All such motor vehicle tax anticipation certificates shall bear interest at not exceeding six per centum per annum and shall mature prior to January 1, 1981. The State Board shall have power to determine all other details of said bonds or motor vehicle tax anticipation certificates and to sell or exchange the same with or without public advertisement at such price or prices and upon such terms and conditions as the Board shall deem desirable.

(c) The State Board shall in each year use the funds distributable pursuant to this amendment to the credit of each county only in the following manner and order of priority:

(1) To pay all amounts of principal and interest maturing in such year on any bonds or motor vehicle tax anticipation certificates, including refunding bonds or motor vehicle tax anticipation certificates, issued on behalf of the Board of Public Instruction of such county; subject, however, to any covenants or agreements made by the State Board concerning the rights between holders of different issues of such bonds or motor vehicle tax anticipation certificates.

(2) To establish and maintain a sinking fund or funds to meet future requirements for debt service, or reserves therefor, on bonds or motor vehicle tax anticipation certificates issued on behalf of the Board of Public Instruction of such county, whenever the State Board shall deem it necessary or advisable, and in such amounts and under such terms and conditions as the State Board shall in its discretion determine.

(3) The payment of the cost of the construction, acquisition, improvement, enlargement, furnishing or equipment of capital outlay projects for school purposes in such county as shall be requested by resolution of the County Board of Public Instruction of such county.

The State Board may invest any sinking fund or funds created pursuant to this amendment in direct obligations of the United States of America or in the bonds or motor vehicle anticipation certificates, matured or to mature, issued by the State Board on behalf of the County Board of Public Instruction of any county.

(d) The State Board shall have power to make and enforce all rules and regulations necessary to the full exercise of the powers herein granted and no legislation shall be required to render this amendment of full force and operating effect from and after January 1, 1951. The Legislature shall continue the levies of said motor vehicle license taxes during the life of this amendment in the full amount necessary to comply with the provisions of this amendment, and to pay the necessary expenses of administering the laws relating to the licensing of motor vehicles, and shall not enact any law having the effect of withdrawing the proceeds of such motor vehicle license taxes from the operation of this amendment and shall not enact any law impairing or materially altering the rights of the holders of any bonds or motor vehicle tax anticipation certificates issued pursuant to this amendment or impairing or altering any covenant or agreement of the State Board with the holders of such bonds or motor vehicle tax anticipation certificates.

The State Board shall have power to employ such experts, financial, fiscal, legal or otherwise, as it shall deem necessary and advisable and to determine the compensation of such experts and to pay the same from the proceeds of bonds or motor vehicle tax anticipation certificates or from the funds distributable under this amendment to the county for the benefit of which the services of such experts are rendered. The State Board shall also have power to appoint such employees for the general administration of the provisions of this amendment as it shall deem necessary and the general expenses of the State Board in administering the provisions of this amendment shall be prorated among the various counties and paid out of the funds distributable to each county on the same basis as such motor vehicle license taxes are distributable to the various counties under the provisions of this amendment.
