Sir:

I am directed by the House of Representatives to inform the Senate that the House of Representatives has passed by the required Constitutional two-thirds vote of all Members of the House of Representatives present on April 22, 1959, the Governor's objections to the contrary notwithstanding—

H. B. No. 120-X—(1957 Extraordinary Session) An Act relating to work hours of State Road Department employees.

The Governor's objections attached thereto as follows:

STATE OF FLORIDA  
OFFICE OF THE GOVERNOR  
TALLAHASSEE

October 29, 1957

*Honorable R. A. Gray*  
*Secretary of State*  
*State Capitol*  
*Tallahassee, Florida*

Sir:

Pursuant to the authority vested in me as Governor of Florida, under the provisions of Section 28, Article III, of the Constitution of this State, I hereby transmit to you, with my objections, House Bill No. 120-X, enacted by the Legislature, Extraordinary Session, 1957, and entitled:

“AN ACT RELATING TO WORK HOURS OF STATE ROAD DEPARTMENT EMPLOYEES.”

I am, of course, most interested in legislation which is beneficial to any group of state employees and I have given careful consideration to the requirements and results which might be expected if this bill were enacted into law.

It is first noted that the proposed law relates only to the personnel of the State Road Department. There are other state agencies and departments operating under the Merit System which would not be subject to the provisions of such act and this would require the Road Department to be working under a different set of rules and regulations.

Administration of this proposed law would be highly imprac-

ticable insofar as it relates to certain classifications of employees such as bridge tenders, watchmen, maintenance crews, and road prison personnel.

Road construction does not follow the routine of an office where a forty-hour week can be inaugurated with little difficulty. Many times the extent to which work is performed is determined by the weather and the type of work being performed at the particular moment.

The Road Department has furnished me with information which shows that the total cost to the Road Department per year to comply with this proposed law would approximate \$4,500,000.

This amount is almost 11% of the highway construction funds now available to the Department and would seriously affect the budgeting of present and future road construction projects.

The Road Department currently is doing much to improve working conditions and salaries of its employees. There has recently been inaugurated a reasonable and practicable uniform work schedule and there has been approved a salary plan in line with the salaries of the Merit System classification and pay plan.

During the past six months the Department has made a thorough study of maintenance personnel problems and a plan has been put into effect which does, to the extent now practicable, set up a forty hour week work program and limits travel time to and from the job to one hour a day.

In view of (1) the tremendous detrimental financial impact that this bill would have; (2) the continued improvement of the work program of the State Road Department, and (3) the resulting inequities as between this Department and other agencies of the State; I withhold my approval from House Bill No. 120-X of the Legislature, Extraordinary Session, 1957, and do hereby veto the same.

Respectfully,  
LeRoy Collins  
Governor

—and respectfully requests the concurrence of the Senate therein.

Respectfully,

LAMAR BLEDSOE,  
Chief Clerk, House of Representatives.
