By Messrs. H. M. NO. 278—A MEMORIAL TO THE CONGRESS OF THE UNITED STATES TO PROVIDE SUFFICIENT FUNDS FOR COMMENCEMENT OF CONSTRUCTION OF THE CROSS FLORIDA BARGE CANAL AT THE EARLIEST POSSIBLE TIME.

WHEREAS, the Florida Legislature has heretofore created the Florida Ship Canal Authority and the Ship Canal Navigation Districts by the respective sessions of 1953 and 1955, and

WHEREAS, Congress has heretofore authorized construction of this project conditioned upon establishment of economic feasibility, and

WHEREAS, the Corps of Engineers of the United States Army has recently filed its report with Congress establishing the economic feasibility of the project, and

WHEREAS, the construction is also justified as a defense measure and had it been so constructed when originally planned, the many hundreds of lives and thousands of tons of cargo lost by ships and vessels necessarily going around the tip of Florida during the last war would have been saved, and

WHEREAS, the island of Cuba is within ninety (90) miles of the tip of Florida and recent events in that country indicate the ever-increasing possibility of that country becoming a communist satellite, which would greatly endanger the shipping of the United States and allied nations sailing around the tip of Florida, and

WHEREAS, it has been firmly established that the construction of this project would be like driving a "golden spike," creating a statewide waterway system directly connected with the entire national inland navigation network east of the Rocky Mountains, and

WHEREAS, this great project was first conceived in an effort to relieve the economic stagnation of the great depression and would today provide a boon to the economic progress of the whole State of Florida, and

WHEREAS, the present systems of the Withlacoochee and Ocklawaha rivers are inadequate to carry flood waters, the cross-state barge canal would provide new openings for these streams thus greatly increasing the discharge capacity and materially reducing flood damage in these basins, and

WHEREAS, as a result of increased flood carrying capacity better conservation practices may be undertaken at upstream points thus conserving critically needed supplies of water for use during drought periods, and

WHEREAS, the Barge Canal now proposed, contrary to the old proposed Ship Canal, would provide for the impounding of many millions of gallons of water thus increasing the dwindling water supply of Florida and assuring that ground water levels will not be artificially lowered, and

WHEREAS, the project has been endorsed by, and is being actively supported by the National Rivers and Harbors Congress, the Mississippi Valley Association, and the Intra-Coastal Canal Association of Louisiana and Texas, and

WHEREAS, the early completion of the Canal has been given top priority by the Florida Waterways Committee, which represents the entire State and is familiar with all waterways projects proposed for the State, NOW, THEREFORE,

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

That the Congress of the United States be and it is hereby requested to provide at the earliest possible time sufficient funds with which to commence construction of the Cross Florida Barge Canal during the next fiscal year and that such funds be provided from time to time thereafter as may be needed to pursue such project expeditiously to completion.

BE IT FURTHER RESOLVED, that it is the desire of the people of Florida that such project be completed in such a way as to contribute to the control and conservation of Florida's water resources.

BE IT FURTHER RESOLVED, that copies of this memorial be dispatched to the President of the United States; to the President of the United States Senate; to the Speaker of the United States House of Representatives; to each member of the ablest congressional delegation in the United States Congress, the Florida delegation; to the Chief of Engineers, Corps of Engineers, Washington, D. C., and to the Governor of the great State of Florida.

—and respectfully requests the concurrence of the Senate therein.
