and use thereon all necessary apparatus and appliances for the purpose of making investigations, inspections, examinations and tests and of exercising any power conferred by this act; provided that such public utility shall have the right to reasonable notice of and to be represented at the making of such investigations, inspections, examinations and tests.

### Section 3. Franchises.

(1). After the effective date of this act it shall be unlawful to build, install, maintain, or operate any public water or sewerage system in the territory unless franchised by the commission.

(2). The commission may grant franchises for any period of time not exceeding 20 years.

(3). The commission may re-franchise existing systems providing they conform to the provisions of this act.

(4). The franchise shall provide for the inspection of books, records and accounts periodically and provide that a charge therefor may be made against the franchisee by the commission, not to exceed five (5) per cent per years of the gross receipts of the franchisee, such charge to be automatically a part of the utility rate and charged pro rata to the customers of the public utility.

(5). The commission shall provide for such terms and conditions in the franchise agreement as are necessary to protect the public health, safety, morals and general welfare.

(6). The franchise shall specify whether it is for a public water system, a public sewerage system, or both, and the commission may require a franchise holder of either a public water system or a public sewerage system, or both, to provide installations, pipes, lines, extensions, mains and laterals for both systems, so that one system will not be extended without the other system being extended at the same time.

(7). The franchise shall provide for a trusteeship to operate the system should the owner fail to do so, or if the owner shall violate the franchise agreement.

(8). The franchise shall specify the area to be served by the system and the franchise may be exclusive or non-exclusive for that area.

(9). The franchise shall require that the system be approved by the board of health relative to its construction, design, operation, capacity, maintenance and expansion.

(10). Applicant shall agree that the franchise, if issued by the commission shall have no monetary value in the event the county or any other governmental agency seeks to acquire such systems by any lawful means as provided in this act.

(11). Applicant shall agree that if the county or any other governmental agency seeks to acquire the system by any lawful means as provided in this act, the issuance of the franchise shall be no bar to such acquisition.

(12). Applicant shall assume the responsibility to serve the entire area covered by his request. Inability to serve any area where economically feasible to do so may constitute grounds to revoke the franchise area or any part of the area served thereunder.

### Section 4. Conditions of Franchise.

(1). Before any franchise is issued for any system, the commission shall be satisfied that the applicant is acting in good faith and has the means to build, install and operate the proposed system, and the commission

may require the applicant to file certified copies of its corporate charter, financial statement, inventory of capital assets and such other data as may be pertinent.

(2). The commission shall be satisfied that the applicant has sufficient resources to serve the district for which he has made application, and the commission may also require the applicant to post a reasonable bond satisfactory in form and sureties to the commission to guarantee compliance with any conditions imposed by the commission.

(3). The commission shall satisfy itself that the proposed system is sufficiently large to serve the area for which the franchise is sought.

(4). The commission may grant preliminary approval for a franchise upon such conditions as it deems proper, and after requiring such data as it deems necessary, but before final approval the applicant shall present to and file with the commission a plan or plans showing the layout of the proposed system, including the source of water, method of treatment of such water, and the method and means of disposing of sewage effluents, or both as the case may be, and shall also present to and file with the commission the master and construction plans for the proposed system. All plans mentioned in this paragraph must be approved by the board of health prior to the franchise being granted.

(5). Before any exclusive franchise shall be issued by the commission, it shall hold a public hearing upon the application for same. Notice of such hearing, the name of the applicant, the district to be embraced by the franchise, the proposed rate and hook-up charges, the period for which the franchise is requested, and the time and place of such hearing shall be published in a newspaper once a week for two (2) weeks consecutively, prior to the date of hearing, provided that the commission may alter or reject any of the items required to be set out in said notice.

(6). The applicant shall pay a non-refundable application fee of \$100.00 with initial petition.

(7). The commission may in its discretion waive any requirement of this section when applicant already holds a public utility franchise under this act or otherwise and when the pending application is for an extension of such existing franchise.

### Section 5. Voidance of Franchise.

The commission may prescribe in the franchise a reasonable time within which the authority granted thereby shall be exercised. If the service authorized by the franchise is not provided within the time so prescribed, the franchise shall be canceled and rendered null and void; provided that prior to the expiration of the time prescribed in the franchise the commission shall have power for good cause shown to extend such time and to impose such conditions as shall assure the provision of adequate service at reasonable rates.

### Section 6. Trusteeships.

(1). Each applicant for a franchise to build, install, and operate a system shall set up a trust of not less than five (5) trustees to operate and maintain the system if directed to do so by the commission.

(2). The trustees may assume the operation of the system upon receiving directions from the commission where provisions of the franchise agreement or regulations as provided herein are violated.

(3). The commission may, at its discretion, serve as the trustees if the applicant so desires, or at such times the appointed trustees fail to fulfill their proper duties.

**Section 7. Rates and Charges.**

(1). Before a franchise is granted, a schedule of rates and charges for the system shall be presented to the commission for its approval. A public hearing (which may be combined with that prescribed in Section 4 (5) of this act) relative to these rates and charges shall be held before they are approved by the commission.

(2). All rates and charges of every public utility in effect on the effective date of this act shall be the lawful rates and charges of the public utility. The rates and charges authorized by the commission prior to or at the time of issuing to a public utility a franchise shall be the lawful rates and charges of such public utility. All such rates and charges shall continue in effect as lawful rates and charges unless and until changed by the commission as provided in this act.

(3). Whenever, upon its own motion or upon complaint and after public hearing, the commission finds that the existing rates of any public utility holding a franchise under the provisions of this act are unreasonable, insufficient, non-compensatory, unreasonably discriminating or in any way in violation of the provisions of this act or of any order, rule, or regulation prescribed under this act, the commission shall determine just, reasonable, sufficient and compensatory rates to be thereafter observed and in force, and shall fix them by resolution.

(4). Any public utility holding a franchise under the provisions of this act desiring to change any rate or charge or any rule or regulation relating thereto shall file with the commission a written notice showing the change or changes proposed and the date when the change or changes are to become effective, which date shall not be less than thirty (30) days after the filing of the notice, and shall file with the notice a written explanation of the reasons for and the reasonableness of the proposed change or changes. The public utility also shall give such public notice of the proposed change or changes as the commission in its discretion may direct.

(5). In determining just, reasonable, sufficient and compensatory rates the commission shall give due consideration to the public utility's property used and useful in the public service, the public utility's requirements for cash working capital and for materials and supplies, the revenues received for the service of the public utility, the reasonable operating expenses and other costs of the public utility necessary to provide the service, depreciation expense reflecting rates of depreciation intended and reasonably designed and applied to enable the public utility to recover the cost of its several classes of depreciable property over the estimated periods of their respective service lives, all taxes of every description levied or imposed on the public utility and its property, revenues, income and expenses, the previously incurred and estimated future reasonable costs and expenses of the public utility in and connected with the proceeding under consideration, the total earnings required by the public utility for the proper discharge of its duty to the public, and such other matters, circumstances and conditions as the commission may find necessary or advisable to enable it to determine and prescribe rates and charges which will provide to the public utility a fair return on the fair value of the property of the public utility used and useful in the public service as evidenced by an engineering report, and in all rate proceedings thereafter a fair return on the initial fair value of the property of the public utility used and useful in the public service together with the original cost of all net additions to such property thereafter.

**Section 8. Penalty for operation without a franchise.**

Any person, persons, firm or corporation building, in-

stalling or operating a public system without a valid franchise from the commission, contrary to the provisions of this act, shall be deemed guilty of a misdemeanor and punished as provided by law. Each day of such operation shall constitute a separate and distinct offense.

**Section 9. Revocation.**

Before the commission shall revoke any franchise it shall give the franchisee at least twenty (20) days written notice of a public hearing, specifying the nature of the complaint or reason for seeking revocation, to be held for such purpose. At such hearing the commission shall hear all evidence presented by any parties in interest and shall determine from such evidence if revocation of such franchise is in the public interest and shall evidence its decision by resolution either dismissing the proceeding or revoking the franchise.

**Section 10. Appeals.**

Any person aggrieved by any order, resolution or action of the commission may have the same reviewed by the circuit court on petition for certiorari.

**Section 11. Invalidity of Portion.**

The invalidity of any rule or regulation adopted as herein provided shall not invalidate or affect any other rule or regulation similarly adopted hereunder, and the invalidity of any portion of this act shall not affect the validity of the remainder thereof.

Section 12. This act shall not be deemed to require previously franchised public utilities to obtain a new franchise under this act, however such public utilities are subject to all other provisions of this act.

Section 13. All laws or portion of laws in conflict with this act are hereby repealed.

Section 14. This act shall take effect on July 1, 1961.

In the event the owner of any impounded stray fails to reclaim it within seven (7) days from the impounding date, said board may make disposition of such stray in any manner it deems advisable.

**H. C. R. No. 2815**—A Concurrent Resolution requesting the legislative council to make a study, in conjunction with the game and fresh water fish commission, of the problem of supplying public hunting and fishing to the people of Florida, and to present a plan to the 1963 legislature for financing and implementing such a program.

WHEREAS, the rapidly increasing population of Florida coupled with the increased leisure time of the average citizen is creating progressively greater problems in supplying public hunting, fishing and related outdoor recreational facilities, and

WHEREAS, there is private land presently under management of the game and fresh water fish commission for public hunting and fishing, and

WHEREAS, it is necessary to intensify management of these lands, and to find additional land, in order to produce more hunting, fishing, and related outdoor recreational opportunities for the increasing army of sportsmen, and

WHEREAS, there are hundreds of thousands of acres of privately owned land not now under management but available to the game and fresh water fish commission for public hunting and fishing on a lease basis if funds for leasing and properly managing these lands were available, and

WHEREAS, such areas can be leased and put under good management for approximately ten cents (10¢) to fifteen cents (15¢) per acre including law enforcement, habitat improvement, restocking, and other activities necessary to make such areas more productive of fish and game, and

WHEREAS, it is recognized that in the less developed areas of the state, particularly the forestry areas of north and west Florida, one of the best uses for forest lands is their management for hunting and fishing to the benefit of the general economy of the area through the sale of groceries, gasoline, bait, lodging and other services essential to hunting and fishing, NOW, THEREFORE,

*Be It Resolved by the House of Representatives of the State of Florida, the Senate Concurring:*

That the legislative council is hereby requested to make a thorough and comprehensive study in conjunction with the game and fresh water fish commission of the problem of supplying public hunting and fishing for the people of Florida, and to present to the 1963 legislature a comprehensive plan for financing and implementing a program designed to obtain through lease, purchase, gift or agreement, and place under intensive management, lands and waters which can be utilized by the general public for hunting, fishing, and related outdoor recreational activities.

*Sir:*

I am directed by the House of Representatives to inform the Senate that the House of Representatives has passed by the required Constitutional three-fifths vote of all members elected to the House of Representatives for the 1961 Session of the Florida Legislature—

By Mr. Livingston of Highlands—

**H. J. R. No. 2004—** A Joint Resolution proposing revision of Article III of the constitution of the State of Florida.

*Be It Resolved by the Legislature of the State of Florida:*

The following proposed revision of Article III of the Constitution of Florida is hereby agreed to and shall be submitted to the electors of the State for approval or rejection at the next general election, that is to say:

#### ARTICLE III

##### LEGISLATIVE DEPARTMENT

**Section 1. Composition.**—The legislative power of the state shall be vested in a Legislature of the State of Florida, consisting of a Senate and a House of Representatives, whose sessions shall be held at the seat of government.

**Section 2. Regular sessions; extensions.**—A regular legislative session shall be convened on the first Tuesday after the first Monday in April of each year for not more than forty-five consecutive days; provided, by three-fifths vote of the membership of each house it may be extended from time to time for periods not exceeding in the aggregate thirty calendar days, not necessarily consecutive but not extending beyond the following August, during which no new legislation may be introduced without the consent of two-thirds of the membership of the house in which it originates.

**Section 3. Extra sessions; call by legislature.**—When within sixty days from the filing of the first statement one-fifth of the membership of each house of the legislature shall have filed with the secretary of state their statements that an extra session of the legislature is required for the common good, he shall within seven days thereafter give notice thereof to all legislators by registered mail and poll them on the question: "Shall such session be held?" If three-fifths of the membership of each house shall within fifteen days after such mailing file with him their affirmative votes hereon, he shall call such session to convene on a date fixed by him not less than fourteen nor more than twenty-one days after such mailing. Such session shall not exceed thirty consecutive days.

**Section 4. Special Sessions; call by governor.**—The governor may by proclamation, stating the purpose, con-

vene the legislature in special session not to exceed twenty consecutive days, during which only such legislative business may be transacted as is within the purview of the proclamation or of a communication from the governor, or is introduced by consent of two-thirds of the membership of each house.

**Section 5. Organization; expenses.**—The legislature may provide for its organization, expenses, and other incidental matters.

**Section 6. Terms of legislators; vacancies.**—Each representative shall be elected for a term of two years and, except as otherwise provided in Article VII hereof, each senator for a term of four years, by electors of the county or district within which he qualifies, at a general election held in the year in which the term of the incumbent expires. He shall take office upon election. Vacancies shall be filled only by special election as provided by law.

**Section 7. Qualifications of legislators.**—Each legislator shall be at least twenty-one years of age and be an elector and resident of the county or district from which elected. If he fails to maintain such residence during his term of office his seat shall become vacant.

**Section 8. Eligibility for other office.**—Except as provided herein, no legislator shall during the term for which elected be appointed to any appointive state civil office created by the legislature during such term.

**Section 9. Compensation; allowances.**—Each legislator shall receive compensation, payable monthly, and travel and per diem allowances as provided by law.

**Section 10. Organization; officers.**—Each house shall be the sole judge of the qualifications and elections of its members. After each regular biennial general election each house, independent of the other, shall convene at such time and place in the state as may be designated by a majority of the written votes of its members filed with the secretary of state within ten days after such election, shall elect a permanent presiding officer who shall be designated in the senate as President of the Senate and in the house as Speaker of the House of Representatives, and may designate other officers and fix its rules of procedure, but shall transact no other legislative business. At its organization session or at such other time when in session as it shall determine, each house shall elect such other officers as it may deem necessary and the Senate shall designate a Secretary to serve at its pleasure and the House of Representatives shall designate a Chief Clerk to serve at its pleasure; and the legislature may designate an auditor, to serve at its pleasure, to post-audit state accounts and any others prescribed by law.

Each house of the legislature shall provide a liaison representative to the budgeting authority. He shall be responsible to his appointive house only, shall have access to all records and information available to the budgeting authority, and may sit with it at any time.

**Section 11. Procedure; adjournment; open doors, journal; discipline; compelling attendance.**—Except as provided herein, each house shall determine its rules of procedure. Neither house may adjourn for more than three days without the consent of the other. The senate may close its doors to the public while sitting in executive session. Other sessions of each house shall be public. Each house shall keep and publish a journal of its proceedings, in which the yeas and nays of the members on any question shall be entered upon request of five members present. Each house may punish a member for contempt and by vote of two-thirds of the membership may expel him. A majority of the members elected to each house shall constitute a quorum, but less than a quorum may adjourn from day to day, compel attendance of absent members, and prescribe penalties for failure to attend.

**Section 12. Attendance of witnesses; production of evidence; contempt and penalties.**—Each house may when in session compel attendance of witnesses and production of public and private documents and other evidence upon any matter under investigation before it or any of its committees, and may punish by fine not exceeding one thousand dollars or imprisonment not exceeding ninety days any person not a member who has been guilty of disorderly or contemptuous conduct in its presence or has refused to obey its lawful summons or to answer lawful questions. For making investigations between sessions either house of the legislature may confer upon an interim committee of its members the power to subpoena witnesses and require production of documents. Obedience to the process of an interim committee and the giving of testimony before it may be enforced by the circuit court as may be provided by law. Contempt of an interim committee may be defined and its punishment fixed by law.

**Section 13. Ineligibility to state office.**—No person holding or exercising the functions of any office under a foreign government, the United States, or another state, shall hold any office of honor or profit under the government of this state; except that the legislature may authorize temporary service by state or county officers in the armed forces or other defense agencies of the United States and provide for the performance of the duties of their offices during such service. No person shall at the same time hold or perform the functions of more than one office under the government of this state; provided, notaries public and officers of the state militia may be elected or appointed to fill any office.

**Section 14. Form of bill; one subject; title; amendment; enacting clause.**—Every law shall embrace but one subject and matter properly connected therewith, which subject shall be briefly expressed in the title. No law shall be revised or amended by reference to its title only. Laws to revise or amend shall set out in full the revised act or amended section, subsection, or paragraph. The enacting clause of every law shall read: "Be it enacted by the Legislature of the State of Florida:".

**Section 15. Passage of bills.**—Any bill may originate in either house and after passage in one may be amended in the other. In each house it shall be read on three separate days unless two-thirds of the members present waive this rule. Its first reading shall be by title only unless one-third of the members present order it read in full. Its second reading shall be in full unless two-thirds of the members present order it read by title only. Its third reading shall be in full, unless it is a general revision of the entire laws, in which instance two-thirds of the members present may order it read by title only. Passage of a bill shall require a majority vote of the members present in each house. On final passage the vote in each house shall be taken by yeas and nays and entered on its journal. Every bill or joint resolution upon passage shall be signed by the presiding officers of the respective houses and by the secretary of the senate and the chief clerk of the house of representatives.

**Section 16. Effective date of laws.**—Each law shall take effect on the sixtieth day from the day it is filed in the office of the secretary of state unless otherwise provided therein.

A census shall become operative, for the purpose of determining whether a county, municipality, or district falls within a general law applicable according to population, thirty days after the adjournment of the regular session of the legislature next convening after certification of the census.

**Section 17. Types of special and local laws prohibited.**

—The legislature shall not pass any special or local laws pertaining to:

- (a) Practice, jurisdiction, or venue in any court except municipal courts, unless otherwise provided in Article V;
- (b) Rules of evidence in any court;
- (c) Punishment for crime;
- (d) Grand or petit juries, including compensation of jurors, except establishment of jury commissions;

- (u) Jurisdiction or duties of county and state officials other than those for special county purposes;
- (v) Regulation of any profession that has a state regulatory board.

**Section 18. Special and local laws; requisites for enactment.**—No special or local law or law relating to a single municipality shall be passed unless notice of intention to seek enactment thereof has been published in the manner provided by law, in each county in the area to be affected thereby, not less than fourteen days nor more than one hundred twenty days prior to introduction in the legislature. The fact that publication has been made shall be recited on the journal of each house and the evidence of publication shall be preserved with the bill in the office of the secretary of state. Such notice shall not be necessary when the law is conditioned to become effective only upon approval by vote of the electors.

**Section 19. Executive approval of legislation; veto; item veto of appropriations; repassage.**—Every bill passed by the legislature shall be presented to the governor for his

approval and shall become a law if he approves and signs it, or fails to sign or veto it within seven days after presentation; provided, if during such period the legislature finally adjourns or takes a recess of more than thirty days he shall have twenty days from the day of adjournment or recess to act on the bill. In all cases except general appropriation bills, the veto shall extend to the entire bill. The governor may veto specific items of a general appropriation bill except the expression of legislative policy as to expenditures.

When a bill or any item of a general appropriation bill has been vetoed by the governor, he shall transmit his signed objections thereto to the house in which the bill originated. If that house is not in session he shall file them with the secretary of state, who shall lay them before that house for consideration at its next regular, extra, or special session, and they shall be entered on its journal.

If each house shall reenact the bill or reinstate a vetoed item of an appropriation bill by two-thirds vote of the members present, the yeas and nays shall be entered on the respective journals, and the bill shall become law or the item reinstated, the veto notwithstanding.

**Section 20. Impeachment; effect; filling office during trial.**—The governor, lieutenant governor, justices of the supreme court, members of the cabinet, judges of district courts of appeal, and judges of the circuit court may be removed from office only by conviction on impeachment. The house of representatives by two-thirds vote of the members present shall have the sole power of impeachment. Impeachments shall be tried by the senate, whose members shall be upon oath or affirmation when sitting for that purpose, and conviction shall require concurrence by two-thirds vote of the members present. The senate may adjourn to a fixed date for the trial, which date shall be not more than six months from the time articles of impeachment are preferred. The house of representatives need not be in session during the trial. The chief justice or an associate justice designated by him shall preside at the trial unless the chief justice is on trial, in which event the governor shall preside. Judgment shall extend only to removal from office and disqualification to hold any office of honor, trust, or profit under the state, and shall not affect the criminal or civil liability of the convicted officer.

An impeached officer shall immediately be disqualified from performing any duties until acquitted by the senate, and unless the governor is impeached, the governor may by appointment fill the office until completion of trial.

**Section 21. State and county officers; election; appointment.**—The legislature shall provide for the election by the people or appointment by the governor of all state and county officers not otherwise provided for herein and shall fix by law their duties and compensation.

**Section 26. Criminal statutes; repeal or modification.**—Repeal or amendment of a criminal statute shall not affect prosecution or punishment for any crime committed prior thereto.

**Section 27. Lotteries prohibited.**—All lotteries are prohibited.

**Section 28. Incorporation of companies and associations; special and local laws.**—The legislature shall provide by general law for incorporating such educational, agricultural, mechanical, mining, transportation, mercantile and other useful companies or associations as may be deemed necessary; but it shall not pass any special law on any such subject.

I am directed by the House of Representatives to inform the Senate that the House of Representatives has passed by the required Constitutional three-fifths vote of all members elected to the House of Representatives for the 1961 Session of the Florida Legislature—

By Mr. McClain of Pasco—

**H. J. R. No. 1894—**A Joint Resolution proposing an amendment to Article VIII, Section 5 of the State Constitution relating to the County Commissioners and Commissioners' districts in Pasco County; authorizing the election of Commissioners by electors within one (1) county commission district rather than by electors of the county as a whole; providing for a referendum.

*Be It Resolved by the Legislature of the State of Florida:*

That article VIII, section 5 of the Florida constitution be amended as set forth below and that said resolution be submitted to the electors of Florida for ratification or rejection at the general election to be held in November, 1962:

Section 5. *County commissioners and commissioners' districts.*—There shall be one (1) county commissioner in each of the five (5) county commissioner's districts in each county, which districts shall be numbered one (1) to five (5) inclusive and shall be as nearly as possible equal in proportion to population. The board of county commissioners in the respective counties shall from time to time fix the boundaries of such districts. Said county commissioners shall be elected by the qualified electors of the said county and shall hold office for four (4) years; provided that upon petition by ten per cent (10%) of the registered electors in Pasco county, presented to the board of elections or to the board of county commissioners, the board of county commissioners shall call a special referendum election and shall place or cause to be placed upon the ballot two (2) propositions:

1. Each member of the board of county commissioners of \_\_\_\_\_ county shall continue to be nominated and elected by the registered electors of the county of \_\_\_\_\_ as a whole.

2. Each member of the board of county commissioners of \_\_\_\_\_ county shall be nominated and elected by only the registered electors within the county commissioner's district which that member when elected, will represent.

No such referendum election shall be held within sixty (60) days immediately preceding any primary election, nor shall any such referendum election be held concurrently with any primary election, nor shall any such referendum

election be held in the period between any primary election and general election.

The board of county commissioners of Pasco county, shall, upon petition presented as herein provided, provide for the holding of any such referendum election and notice thereof shall be published by said board once each week for at least four (4) successive weeks immediately next prior to the date of such election in a newspaper of general circulation in such county. Except as herein otherwise provided, the laws of the state relating to the holding of general elections shall govern the holding of any such referendum election. If a majority of the electors participating in any such referendum election shall vote to adopt the proposition which provides for the nomination and election of members of the board of county commissioners by those registered electors and only those registered electors within the county commissioner's district which that member will when elected represent, then such mode of nominating and electing members of the board of county commissioners shall become law and be immediately effective in the county concerned. If in any such referendum election a majority of the electors participating in such election shall vote to retain the present mode of nominating and electing members of the board of county commissioners, then members of the board of county commissioners representing the respective districts of such county shall continue to be nominated and elected by the registered electors of such county as a whole. The canvassing board of any county holding any such referendum election shall certify the result of any such referendum election to the secretary of state within ten (10) days after the holding thereof.

**EXPLANATION OF VOTE ON HOUSE BILL NO. 2742**

I voted for Committee Substitute for House Bill No. 2742 with serious reservations. I do not believe it is possible to judge teachers subjectively when it oftentimes takes many years for the real results of a teacher to show up in the students. Neither do I believe it wise to subject teachers to the so-called competency evaluation. In addition, the amount of money in this Bill before the Senate is inadequate.

Many teachers are sure to be disappointed; however, the President and Executive Secretary of the Florida Education Association have written a letter to the effect that they will accept this proposal and that they are willing to try this rating system as an experiment. On this basis, as an experiment for a short period, I voted yes. If in the two year period ahead, this Bill proves unworkable I intend to make every effort at the next session of legislature to repeal it.

SCOTT KELLY  
Senator, 7th District

**EXPLANATION OF VOTE ON HOUSE BILL NO. 2742**

I voted for Committee Substitute for House Bill No. 2742 setting up a merit rating for school teachers because it was closely tied in with House Bill 417 which provides for a disgracefully low pay raise of \$200.00 for the teachers. I was fearful if House Bill No. 2742 failed to pass it would have adversely affected House Bill 417.

Although I was personally against the bill I thought it might work out better than many of the teachers and I thought it would. A great number of the teachers and I were skeptical of the Minimum Foundation Bill and it has worked to their advantage.

Senator, 15th District
