are available in the named fund, the Budget Commission, upon affirmative vote of five members of said commission, is authorized to approve the expenditure of additional, available moneys in such fund in such amount(s) as may be necessary to meet such deficiency. Appropriations made in items 120 to 141, 155 to 174, and 176 to 191, to the Board of Commissioners of State Institutions may be transferred notwithstanding the provisions of Section 282.061, F. S., to another institution within the same division with the approval of the Budget Commission upon its determination that such transfers are necessary because of transfers of inmates from one institution to another, and for other justifiable reasons, in order to adequately provide for the necessary custodial care of inmates at each institution which the Budget Commission determines to be in the best interest of the state; provided, however, the total annual appropriation in this section to any such institution may not be increased or decreased by more than twenty per cent as a result of such transfers. Notwithstanding the provisions of Section 216.291, F.
