Respectfully submitted,  
J. EMORY CROSS, Chairman  
Committee on Rules and Calendar

The following Report of the Committee on Finance and Taxation was read to the Senate and filed with the Secretary by the Chairman of the Committee, Senator B. C. Pearce:

**STATEMENT OF FACT  
CONCERNING THE OPERATION OF THE  
SENATE FINANCE AND TAXATION COMMITTEE**

May 30, 1963

When the Committee was first organized after the convening of the Legislature, a policy of procedure was adopted:

(1) That the Committee would meet each Tuesday and Thursday and prior to the meeting, a calendar of bills would be prepared and a copy of the calendar of the bills to be considered filed in the Sergeant at Arms Office so that anyone interested in any bills to be considered would have ample time to know that the bills would be up for consideration. This rule was adopted by the Committee.

(2) The committee also adopted a rule that all general tax bills be referred to a subcommittee for study to enable the subcommittee to work out a tax program after the appropriations bill had been adopted.

The subcommittee held many meetings to try and work out a tax bill from the general tax bills in the subcommittee.

The revised appropriations bill was approved by the House of Representatives on Saturday, May 25th and as the Senate had recessed for the weekend the Senate did not consider the appropriations bill until Monday, May 27th, at which time it was approved. Knowing that the appropriations bill had been approved by the House of Representatives and the Senate would most likely approve it on Monday, there was a joint meeting called of the House and Senate subcommittees of the Finance and Taxation Committees for Monday, May 27th, at 8:00 a.m. After the Senate approved the appropriations bill there was another meeting of the two subcommittees held Monday night starting at 6:15 p.m., at which time the joint subcommittees of the House and Senate tentatively approved a tax bill increasing the sales tax from 3% to 4% and at this meeting a motion was made to report a recommendation increasing the tax on cigarettes. The motion was put and it failed on a tie vote of 3 to 3 by the Senate subcommittee. The House members did not vote on this motion since the House had already passed H. B. No. 450. Since the Committee voted not to report this recommendation out, all cigarette tax bills remained in the subcommittee for consideration in writing a tax bill if the one recommended failed to pass. For the above reason no cigarette tax bill was reported out for consideration by the whole committee. On Tuesday, May 28th, there was a motion made in the Senate to remove H. B. No. 450 from Committee and place it on the calendar. This motion failed by an overwhelming majority. Now that the committee has before the Senate a Committee Substitute for S. B. No. 72, which is the only bill the subcommittee has recommended and been adopted by the full committee, the committee will have an opportunity at a meeting to be held at 4:00 p.m. today to bring out any or all bills now in the subcommittee by a majority vote of the committee, any statement or statements made to the contrary notwithstanding.

These are the actual facts concerning the operation of the Finance and Taxation Committee of the Senate.
