Prayer by the Reverend J. D. Bowen, Chaplain:

Our heavenly Father, in the midst of this busy last week of the regular session, we pause to thank thee for the privilege of being here. We thank thee for friends, and an opportunity to serve the people of our great state and thee.

If we have made grave, or even little mistakes, let us have a chance to make amends during the remaining days. If we think our wisdom has been superb: if we think we have done fair, help us not to spoil it by rash action, hasty decisions, words out of turn and undue flares of temper. Keep these thy servants from the wrong conclusions. Guide them in making the right decisions. For Christ's sake. Amen.

SCR 1438—A Concurrent Resolution expressing deep regret over the passing of J. Robert McClure.

The Senate of the State of Florida does hereby pause in its deliberations and takes notice of the untimely passing of J. Robert McClure.

Bob McClure, as he was affectionately known to his many friends, was born in Pensacola on October 17, 1904, and passed away in Tallahassee on December 24, 1963. He was survived by his widow the former Florina Davis, his two sons, J. Robert McClure, Jr., and Charles Davis McClure, and two granddaughters. He was a member of the law firm of Davis, Davis and McClure in Madison from his admission to the Bar in 1939 until his entry into public service in 1943 as Executive Secretary to Spessard L. Holland, then Governor of Florida. He served as Secretary of the State Road Board under Governor Millard Caldwell, and was First Assistant Attorney General under Richard W. Ervin from 1949 until his death.

Bob's accomplishments in the legal profession, like his friends, were legion. His dedication to his profession was only exceeded by his dedication to the problems of every person with whom he came in contact. The high esteem in which he was held will serve as the true memorial to his fine character.

Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:

That speaking for the people of the sovereign State of Florida, we lament the loss of this distinguished son of Florida and by means of this instrument convey to the family of J. Robert McClure our sincere regret as to his passing.

Be it further resolved that a copy of this resolution certified by the Secretary of State of Florida under the Great Seal of the State of Florida be forwarded to the bereaved family of J. Robert McClure.

Be it further resolved that a copy of this resolution be spread in the Journal of the Senate and the Journal of the House of Representatives of the State of Florida and made a permanent record of this Legislature.

Amendment 1—

In Section 6, line 13, on page 11, strike: for and insert in lieu thereof the following: or

Amendment 2—

In Section 13, line 12, page 20, following "machine can accommodate" strike remainder of paragraph and insert in lieu thereof the following: either of the alternative methods of eliminating the casting of write-in ballots on a voting machine may be implemented:

(a) In general elections the first fifty (50) offices may be placed on the voting machine and the write-in slides on the voting machine shall be available for use as provided in section 101.44, Florida Statutes. Any excess over fifty (50) offices may be arranged on succeeding party rows either vertically or horizontally depending upon the machine and make up of the ballot. The county commissioners shall prepare a supplemental paper ballot in an amount deemed adequate by the supervisor with write-in spaces for use by any elector desiring to cast an irregular ballot for a candidate whose name does not appear on the ballot for any office not included in the first fifty (50) offices. The supplemental paper ballot shall be taken in the voting machine and cast by the elector while therein but upon the issuance of such a supplemental paper ballot all offices which also appear on the supplemental paper ballot shall be locked out to prevent overvoting.

(b) In general elections where the removal of all write-in

spaces on the voting machine would permit the entire ballot to be placed upon the machine, then the supervisor of elections shall lockout all write-ins on the voting machine. Any elector desiring to cast an irregular ballot under such circumstances for a person whose name does not appear on the ballot may cast a write-in ballot on a separate paper ballot to be furnished by the clerk or inspector. UPON THE electors request.

(c) In the event either procedure described in subsections (a) or (b) above is used which will permit an elector to cast a supplemental paper ballot for some or all of the candidates in the general election, the electors shall be so notified at the time sample ballots are mailed or published as required by law so that each elector will be on notice that he will not be able to cast an irregular ballot for some or possibly all of the candidates listed on the printed ballot appearing on the voting machine. In addition there shall be adequate notice of the procedure published in the polling place in order to put the elector on notice that he cannot cast a write-in vote for some or all of the candidates whose names appear on the voting machine. An elector who wishes to cast an irregular ballot which must be voted on a separate supplemental paper ballot must request the supplemental paper ballot prior to entering the voting machine. In the event that the voting machine ballot is arranged so that some irregular or write-in ballots may be cast on the voting machine as described in subsection (a), the elector shall take the supplemental paper ballot into the machine with him at which time the inspector shall lockout those offices appearing on the machine which are also listed on the supplemental paper ballot to prevent overvoting. In those cases where no write-in spaces are available on the voting machine and an elector requests a complete paper ballot as authorized in subsection (b), he shall not enter the machine but rather a private voting booth shall be available in which the elector may cast his paper ballot. In those instances where supplemental paper ballots are used in connection with voting machines, the county commissioners shall furnish a supply of said paper ballots as described in subsection (a) or (b) above depending upon which procedure is used, in such amount as the supervisor of elections deems necessary. Such paper ballots shall meet the requirements of Section 101.141 or 101.151, Florida Statutes, whichever is applicable.

If the official ballot is still longer than the voting machine can accommodate, paper ballots may be used in conjunction with a voting machine, in which case the order of the offices on the voting machine ballot shall be the same as prescribed in sections 101.141 (4) and 101.151 (3), Florida Statutes. Where the machine ballot is filled in this order there shall be a continuation of the ballot in the same order on paper ballots, provided, however, no state or federal opposed office shall be placed upon a paper ballot.

(d) In any primary election, if the official ballot is longer than the voting machine can accommodate, then paper ballots may be used in conjunction with a voting machine in which case the order of the offices on the voting machine ballot shall be the same as prescribed in section 101.141 (4), Florida Statutes, provided, however, that no portion of a category of candidates as established in section 104.141 (4), Florida Statutes, shall be divided between the voting machine ballot and the paper ballot. In the event a category of candidates must be removed from the voting machine ballot because of the foregoing provision, the board of county commissioners in such county may, in its discretion, complete the balance of the voting machine ballot with some whole portion of another category of candidates out of its proper sequence, provided, however no state or federal office shall be placed upon a paper ballot.

Amendment 3—

In Section 15, page 22, strike: In precincts containing three-hundred fifty (350) or less registered electors there shall be one voting machine and in precincts containing more than three-hundred fifty (350) registered electors there shall be available one machine for every three-hundred fifty (350) registered electors or fraction thereof which are expected to participate in any election. Where a long ballot is split and placed on two machines for the purpose of this section, the two machines shall be counted as one machine. and insert the following: In precincts containing six hundred (600) or less registered electors there shall be one (1) voting machine and in precincts containing more than six hundred (600) registered electors there shall be available one (1) machine for every six hundred (600) registered electors or fraction thereof, which are expected to participate in any election in the opinion of the board of county commissioners.

—and requests the Senate to recede therefrom. In the event the Senate refuses to recede, the House requests the President of the Senate to appoint a Conference Committee to confer with a like Committee to be appointed by the Speaker of the House to adjust the differences on Senate amendments to HB 347.

Sir:

I am directed to inform the Senate that the House of Representatives has adopted—

By Representative Matthews of Dade and others—

HCR 2050—A concurrent resolution commending Al Burt and Douglas Kennedy for their distinguished courage in reporting the news and as magnificent examples of the journalism profession.

WHEREAS, Al Burt is the Latin American editor of The Miami Herald and Doug Kennedy is the chief photographer of The Miami Herald, and

WHEREAS, both men went into the Dominican Republic May 3, 1965, to cover the revolution therein, and

WHEREAS, on May 6, 1965, Burt and Kennedy were returning from the rebel-held sector of the Dominican capital to the United States Marine protected international zone in a small car driven by a Dominican, and

WHEREAS, they were stopped by rebels just short of the Marine roadblock at the zone. The rebels made the two Herald men get out of the car, then apparently satisfied with their credentials, allowed them to proceed, and

WHEREAS, the car was approaching the roadblock when gunfire broke out in the rebel sector behind them. The Marines stepped in front of the car, and the driver panicked. He backed up his cab in an apparent attempt to flee. It hit a curb. The Marines opened fire, and Burt and Kennedy were wounded in the outburst, and

WHEREAS, although badly wounded and in a semiconscious condition, Burt, fearing that Kennedy would bleed to death if he did not get aid immediately, crawled out of the riddled car and walked more than two blocks to summon Marine medical corpsmen, and

WHEREAS, Burt and Kennedy were the first United States civilian combat casualties of the Dominican civil war, and

WHEREAS, Al Burt is no stranger to trouble spots. Only last month he toured the Dominican Republic to report on the developing unrest which eventually deposed Donald Reid Cabral, leader of the civilian triumvirate that ruled the country.

He won the Ernie Pyle Award for his on-the-scene reports from Cuba during a 1961 invasion scare. Since then, he has returned to Cuba several times. On one trip, in August, 1964, he was arrested when he took a picture of the Mexican consulate in Havana. He was released with an apology from the Castro regime. Cuba blamed an "over-zealous patriot" for the incident.

In February of this year Burt was in Cuba again, this time to produce a definitive series of articles on how Red Cuba was faring under Castro.

A student of Haitian affairs, Burt found himself expelled from that country when he incurred the displeasure of dictator Francois Duvalier. Duvalier took exception to Burt's penetrating reports on the build-up of tensions between Haiti and the Dominican Republic in May, 1963.

He was the focus of controversy in November, 1962, when he registered twice to vote in Nicaragua to show how lax election procedures there were.

His coverage of the Latin and Caribbean scene hasn't been restricted to politics and unrest. He was on the spot to record the tragic aftermath of a killer hurricane in Belize, British Honduras, in 1961.

Burt, with The Herald since 1955, became Latin America editor in 1962. Earlier he served in executive positions in the sports department, The Herald's Broward County bureau, and on the city desk.

A 1949 graduate of the University of Florida, he worked with United Press, The Atlanta Journal, and The Jacksonville Journal before joining The Herald, and

WHEREAS, Doug Kennedy, chief photographer of The Miami Herald since 1961, is known for his derring-do.

He has won national, regional and state honors repeatedly for his work, and they were hard-earned honors.

In October, 1963, in a chartered plane, he bucked winds of seventy to eighty miles an hour to get exclusive pictures of hurricane-hit Haiti. It was a seat-of-your-pants flight that made him the first newsman to reach Haiti.

In 1960, Kennedy flew to Chile to cover an earthquake that claimed thousands of lives. He went about his job while new tremors shook the Latin nation.

In 1961, he was part of The Herald team that went to Belize, British Honduras, to bring back a picture report on hurricane damage there.

Even in his home base of Miami, Kennedy doesn't have life easy on assignments. In 1959, for instance, Marlon Brando's then-girlfriend, France Nuyen, batted him on his head with a pocketbook because he insisted on taking her picture.

Canadian-born, Kennedy joined The Miami Herald twelve years ago. He came here from The Detroit Free Press, another Knight newspaper.

He has a home on Key Biscayne and plans to be married June 12 to Eileen Fulton, a member of The Free Press staff, and

WHEREAS, the Legislature of the State of Florida desires to recognize and commend the bravery and achievements of these two Herald reporters as well as the foreign press corps, NOW, THEREFORE,

Be It Resolved by the House of Representatives of the State of Florida, the Senate Concurring:

That on behalf of the good people of Florida, this Legislature does commend and acclaim Al Burt and Doug Kennedy for their outstanding contribution to their profession and to the people of Florida and for their courage in reporting the news.

BE IT FURTHER RESOLVED, that copies of this resolution be dispatched to Al Burt and Doug Kennedy at the Womack Hospital, Fort Bragg, North Carolina.

—and requests the concurrence of the Senate therein.

Respectfully,

Sir:

I am directed to inform the Senate that the House of Representatives has adopted—

By Representative Mitchell of Leon and others—

HM 2433—A Memorial to the Congress of the United States urging the Congress to submit a constitutional amendment to authorize any state with a bicameral legislature to utilize factors other than population in apportioning one house of its legislature if approved by the electorate of the state, and to permit any state to determine how governing bodies of its subordinate units should be apportioned.

WHEREAS, the Supreme Court of the United States has ruled that membership in both houses of a bicameral state legislature must be apportioned according to population and has thus asserted federal judicial authority over the basic structure of government in the various states; and

WHEREAS, this rule denies to the people of the respective states the right to establish their legislatures upon the same pattern of representation deemed advantageous for the Congress of the United States and provided by the Federal Constitution; and

WHEREAS, this action of the Supreme Court goes so far as to restrict the ability of the citizens of the respective states to designate the manner in which they shall be represented in their respective legislatures thereby depriving the people of their right to determine how they shall be governed; and

WHEREAS, the implications of this action by the Supreme Court raises serious doubts as to the legality of the present form of the governing bodies of many subordinate units of government within the states;

NOW, THEREFORE, BE IT RESOLVED by the Legislature of the State of Florida:

That the Florida Legislature respectfully applies to the Congress of the United States to call a convention for the purpose of proposing the following article as an amendment to the Constitution of the United States.

“ARTICLE—

“Section 1. Nothing in this Constitution shall prohibit any state which shall have a bicameral legislature from apportioning the membership of one house of such legislature on factors other than population, provided that the plan of such apportionment shall have been submitted to and approved by a vote of the electorate of that state.

“Section 2. Nothing in this Constitution shall restrict or limit a state in its determination of how membership of governing bodies of its subordinate units shall be apportioned.

“Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress.”

BE IT FURTHER RESOLVED that if Congress shall have proposed an amendment to the Constitution identical with that contained in this resolution prior to June 1, 1965, this application for a convention shall no longer be of any force or effect.

BE IT FURTHER RESOLVED that copies of this memorial be transmitted forthwith by the Chief Clerk of the House and the Secretary of the Senate of the State of Florida to the President of the United States, and the Vice President of the United States as presiding officer of the Senate, and the Speaker of the House of Representatives of the Congress of the United States, to each of the congressional delegation from Florida in the United States Congress, and to each of the Governors, Secretaries of State, and Attorneys General of the several states; and

By Representatives Weissenborn and MacKenzie of Dade—

HM 1850—A Memorial to the Congress of the United States urging the Congress to fulfill the objectives of the Merchant Marine Act of 1936.

WHEREAS, the experience of two World Wars and subsequent emergencies has proven that a strong American flag merchant marine is essential to our national defense and is a vital factor in the economy of our nation, state and individual communities, providing jobs, encouraging a favorable trade balance and stemming the gold drain, and

WHEREAS, United States ships today carry less than nine per cent (9%) of total United States waterborne foreign commerce because of the failure of our government to give our merchant marine the support and protection which every other maritime nation gives its ships, and

WHEREAS, the active American flag merchant marine today consists of some nine hundred (900) vessels, fewer than we had before World War II, and our shipbuilding capacity likewise is smaller than before the war while the dangers we confront and the responsibilities we have undertaken in the world steadily mount, and

WHEREAS, the Soviet Union has risen to a position nearly equal to, if not actually surpassing, our own maritime strength and is feverishly building to fulfill its vow that it will become the greatest maritime power in the world by 1970, while we continue to let our maritime strength dwindle, and

WHEREAS, the concern of many responsible officials of government has been directed not toward improving the dangerous and deplorable state of our merchant marine, but rather toward further curtailing necessary expenditures for this merchant marine and weakening the already inadequate safeguards which have been established for it, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That this State Legislature does hereby memorialize the Congress of the United States urging all action to fulfill the objectives of the Merchant Marine Act of 1936 which made it national policy that the United States shall have a merchant marine, citizen-owned, citizen-manned and under the United States flag, adequate to the commercial and industrial needs and responsibilities of this nation, adequate to serve as an auxiliary of the armed service and adequate to express our strength and prestige as a leader of the free world. That is still the law of the land, it is time that it is properly enforced.

BE IT FURTHER RESOLVED that copies of this memorial

be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to the National Maritime Union of America.

WHEREAS, Florida's geography and climate have resulted in the development of a widely diversified seafood industry, and

WHEREAS, the further development of this industry would greatly enhance the state's economic growth, and

WHEREAS, the extent to which such growth may be dependent upon the organized promotion of the seafood industry is a matter of widely divergent opinion, on which the legislature has need of greater information, and

(3) A title insurer must at all times have and maintain surplus as to policyholders in the amount of not less than four hundred thousand dollars (\$400,000); and if the insurer is a stock insurer not less than one hundred thousand dollars (\$100,000) of such surplus as to policyholders must be represented by paid-in capital stock; provided also that a minimum surplus of two hundred thousand (\$200,000) dollars shall be maintained at all times by a title insurer.

Section 2. Section 625.111, Florida Statutes, is amended by amending the first unnumbered paragraph thereof, subsection (2) thereof and amending subsection (3) thereof to read:

625.111 Title insurance reserve.—In addition to an adequate reserve as to outstanding losses as required under section

(2) During each of the twenty (20) years next following the year in which the title insurance contract was issued, the reserve applicable to the contract shall be reduced by five per cent (5%) of the original amount of such reserve. Said sums herein required to be reserved for unearned premiums on contracts of title insurance shall at all times and for all purposes be considered and constitute unearned portions of the original premiums and shall be held in trust for the benefit of policyholders.

(3) Except, that if the title insurer is a business trust, in lieu of the reserves required under subsections (1) and (2) of this section, the insurer shall maintain at all times a reserve of not less than thirty cents (30¢) per one thousand dollars (\$1,000) of the face amount of all title guarantees and policies issued during the last preceding ten years. Said sums, herein required to be reserved for unearned premiums on title guarantees and policies, shall at all times and for all purposes be considered and constitute unearned portions of the original premiums and shall be charged as a reserve liability of such insurer in determining its financial condition. While said sums are so reserved they shall be (a) withdrawn from the use of the insurer for its general purposes, (b) impressed with a trust in favor of the holders of title guarantees and policies, and (c) held available for reinsurance of the title guarantees and policies in the event of insolvency of the insurer. That portion of the unearned premium reserve established in respect of a title guarantee or policy issued more than ten years previously shall be released and shall no longer constitute part of the unearned premium reserve and may be used for any purpose by the insurer.

Section 3. Chapter 627, Florida Statutes, is amended by adding a new section 627.0951 to read:

627.0951 Approval of forms.—

No title insurer shall circumvent the foregoing limitation by the issuance of two or more policies upon the same estate, lien or interest. This subsection shall not be construed to prohibit:

(a) The simultaneous issuance of policies insuring different estates, liens or interests in the same property provided each of such simultaneous policies except the paramount estates, liens or interests to which the insured estate, lien or interest is subject and provided that each policy so simultaneously issued conforms to the limitations and inhibitions of this subsection;

(b) Ceding portions of the total risk to authorized insurers. Insurance ceded, including coinsurance effected shall be deemed a retention of risk by the insurer assuming the ceded risk and not by the insurer ceding the same.

Wherever the words "premium" or "risk premium" are used in this chapter, or in the laws of this state, with respect to title insurance the same shall be construed to mean "premium" or "risk premium" as defined in this section and shall not relate to any other charge incidental to title insurance.

627.0956 Promulgation of rates.—

(b) Rates may be grouped by classification or schedule and may differ as to class of risk assumed. (c) Rates shall not be excessive, inadequate, or unfairly discriminatory.

(2) The minimum risk rate premium shall apply to each one hundred dollars (\$100) of insurance issued to an insured. Only the minimum risk rate premium shall be published by the insurance commissioner.

(3) The minimum risk rate premium promulgated for title insurance shall apply throughout this state.

Section 9. Chapter 627, Florida Statutes, is amended by adding a new section 627.0957 to read:

627.0957 Rate Deviation.—

At any time after the first promulgation of risk rates as provided for in this chapter, an authorized insurer may petition the insurance commissioner for an order authorizing and permitting a specific deviation in the risk premium. Such petition shall be in writing and sworn to and shall set forth allegations of fact upon which the petitioner will rely including the petitioner's reasons for requesting such deviation.

If in the judgment of the commissioner the petition does not set forth upon its face a case justifying a hearing and formal consideration, the commissioner may, at any time within thirty (30) days after receipt of such petition, enter an order denying such petition. In the event the commissioner determines that such petition states a case which justifies a hearing he

shall, within thirty (30) days after receipt of such petition, fix a reasonable date for a public hearing upon such petition and shall give notice of such hearing. At any time prior to such hearing any authorized title insurer may join in such petition for like authority to deviate or may file a separate petition praying for such authority, or opposing such deviation. All such petitions shall be heard at the same hearing and such petitions shall be ruled upon simultaneously. The order or orders entered by the insurance commissioner granting a deviated rate shall be in the nature of a change and amendment of the promulgated risk rate and the provisions of the rate section of this chapter shall apply to any such change and amendment and the order or orders affecting the same.
