SCR 876—A concurrent resolution commending Gene Miller for achieving a Pulitzer Prize for extraordinary reporting by reason of which two innocent persons convicted of murder were exonerated and freed.

*Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:*

Section 1. That the Senate of the State of Florida recognizes and pays tribute to Gene Miller as a reporter for the Miami Herald who won the coveted Pulitzer Prize for exceptional journalism May 1, 1967, such award being based upon the reporting of Gene Miller resulting in convincing courts of this state and of Louisiana of the innocence of two persons who had been convicted of murders.

Without hope of reward but impelled by the constant search for truth and for the facts which has distinguished the career of Gene Miller, he became convinced of the innocence of Joseph Shea and Mary Katherin Hampton. Gene Miller enlisted the help of others, and with the approval and support of the Miami Herald, he was able to produce sufficient proof of facts as to exonerate both Shea and Miss Hampton of the charge of murder on which each had been convicted. The result was that courts of competent jurisdiction determined that each was innocent, and they have been freed.

The Pulitzer Committee in making the award to Gene Miller determined that he had done much to advance the cause of justice. In this the Senate of the State of Florida concurs.

Section 2. Certified copies of this resolution shall be sent to Gene Miller and to the Miami Herald.

SM 393—A memorial to the congress of the United States requesting a public investigation into the alleged existence of a Soviet-dominated Communist regime in the Republic of Cuba.

*Be It Resolved by the Legislature of the State of Florida:*

That the congress of the United States be and it is hereby

requested to instruct its appropriate committees to hold hearings and to conduct a public investigation into the alleged existence of a Soviet-dominated Communist regime in the Republic of Cuba, located only ninety miles from the coast of Florida.

BE IT FURTHER RESOLVED that the congress of the United States recognize the fact that Florida, over many miles of its coastline, is geographically close to this menace; that into the state of Florida have poured many thousands of refugees escaping from Communist domination in Cuba and for whom this state has furnished a haven and much money for their support; that there is every indication that Cuba is attempting now to export the Soviet revolution into other neighboring areas as well as into the United States through the state of Florida, something which our national administration has promised never would be tolerated; that this state and its people, along with every other area in this country, have a right to know what the federal administration is doing diplomatically, economically and from a military standpoint at this moment to counteract Communist domination of Florida's neighbor and the attempted spread of Soviet influence; and what plans, if any, the national administration has to expunge this menace and liberate our nearest foreign neighbor.

BE IT FURTHER RESOLVED that the congress of the United States be urgently requested to take tangible steps toward reviving and implementing the Monroe Doctrine as the United States understood this doctrine applied prior to the time when Cuba was surrendered to the Soviet regime.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the president of the United States, to the president of the United States senate, to the speaker of the United States house of representatives and to each member of the Florida delegation to the United States congress.
