Bless our land with honourable industry, sound learning, and pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in thy name we entrust the authority of government, that there may be justice and peace at home, and that, through obedience to thy law, we may show forth thy praise among the nations of the earth. In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in thee to fail. Amen.

#### REPORT OF COMMITTEE

*Honorable Verle A. Pope*  
*President of the Senate*

June 8, 1967

Re: Anti-Crime Committee Report

Dear Sir:

Your committee on anti-crime has considered numerous bills this session relating to the war on crime, as well as other crime legislation of major import. A great number of imaginative plans have been submitted to the committee and we have received the advice and council of many learned persons who have studied problems relating to crime for most of their adult lives.

At this point, our committee has reported out favorably several important bills which we feel will enable the state and local governments to launch a vigorous attack on crime

in our state. The bills considered thus far are not incompatible with approaches still under study and, in fact, each of the bills will greatly enhance the war on crime.

The status of these major anti-crime bills reported favorably out of my committee is presently as follows:

**Committee Substitute for S.B. 13**—This bill modernizes and bolsters the power of the Florida Sheriff's Bureau. The bill is presently on the calendar and is quite similar in approach to the committee substitute for H.B. 472 which has now passed the house and is reposing in the anti-crime committee.

**Committee Substitute for S.B. 30**—This bill creates a temporary commission to extensively examine organized crime and vice exclusively and enables the commission to employ expert assistants to penetrate the camouflage of organized crime. This bill is on the calendar.

**Senate Bill 270**—This is a bill to improve the minimum standards, training and compensation of local police and law enforcement officers. This bill is presently on the calendar and is a companion to H.B. 398 which passed the House last week and is presently reposing in the anti-crime committee.

**Senate Bill 1188**—This is a bill to create an interim committee of the legislature to supplement the studies conducted during this session in an effort to continually modernize the structure of state government to keep it abreast of the strategies of the criminal element in our state.

**Senate Bill 84**—This is a bill relating to the duties of highway patrol officers and expanding their authority from jurisdiction only over traffic violations to allow these officers to make arrests for felonies, breaches of the peace committed in their presence and to arrest persons against whom a warrant has been issued for violation of federal, state or county laws. This bill became law on June 1.

There are still many ambitious programs pending before our committee and we hope to report further with an additional substantive program in the future not only to bolster our forces in the war on crime but to provide for continuing studies to keep our weapons from becoming obsolete.

Sincerely yours,  
T. TRUETT OTT  
Chairman, Anti-Crime Committee
