Prayer by Senator William T. Stockton, Jr. of the Eleventh Senatorial District:

## CADET PRAYER, U. S. AIR FORCE ACADEMY

Lord God of Hosts, my life is a stewardship in Thy sight. Grant the light of Thy wisdom to the path of my cadet days. Instill within me an abiding awareness of my responsibility toward Thee, country and fellowman.

I ask true humility that, knowing self, I may rise above human frailty. I ask courage that I may prove faithful to duty beyond self. I ask unflinching devotion to personal integrity that I may ever remain honorable without compromise.

Make me an effective instrument of Thy peace in the defense of all the skies that canopy free nations. Thou hast charted the course of all heavenly bodies. So guide me daily in each thought, word and deed that I may fulfill Thy will. May these graces abide with me, my loved ones and all who share my country's trust. Amen.

The reading of the Journal was dispensed with.

The Journal of June 20 was corrected and approved.

INTRODUCTION

By the required Constitutional two-thirds vote of the Senate, the following bills were admitted for introduction and consideration:

By Senators Weissenborn, Thomas, Poston, Horne, Hollahan, Stockton, Deeb and Stolzenburg—

SCR 1575—A concurrent resolution expressing the concern and compassion of the Legislature of the State of Florida for the plight of refugees from nations subjugated by Communism who are now residing in the United States of America and in the State of Florida, and authorizing and requesting the Governor to proclaim the third week in July as "Captive Nations Week" in the State of Florida.

WHEREAS, the greatness of the United States is in large part attributable to its having been able, through the democratic process, to achieve a harmonious national unity of its people, even though they stem from the most diverse of racial, religious, and ethnic backgrounds; and

WHEREAS, this harmonious unification of the diverse elements of our free society has led the people of the United States to possess a warm understanding and sympathy for the aspirations of peoples everywhere and to recognize the natural interdependency of the peoples and nations of the world; and

WHEREAS, the enslavement of a substantial part of the world's population by Communist imperialism makes a mockery of the idea of peaceful coexistence between nations and constitutes a detriment to the natural bonds of understanding between the people of the United States and other peoples; and

WHEREAS, since 1918 the imperialistic and aggressive policies of Russian Communism have resulted in the creation of a vast empire which poses a dire threat to the security of the United States and of all the free peoples of the world; and

WHEREAS, the imperialistic policies of Communist Russia have led, through direct and indirect aggression, to the subjugation of the national independence of Poland, Hungary, Lithuania, Ukraine, Czechoslovakia, Latvia, Estonia, White Ruthenia, Rumania, East Germany, Bulgaria, mainland China, Armenia, Azerbaijan, Georgia, North Korea, Albania, Idel-Ural, Tibet, Cossackia, Turkestan, North VietNam, and others; and

WHEREAS, these submerged nations look to the United States, as the citadel of human freedom, for leadership in bringing about their liberation and independence and in restoring to them the enjoyment of their Christian, Jewish, Moslem, Buddhist, or other religious freedoms, and of their individual liberties; and

WHEREAS, it is vital to the national security of the United States that the desire for liberty and independence on the part of the peoples of these conquered nations should be steadfastly kept alive; and

WHEREAS, the desire for liberty and independence by the overwhelming majority of the people of these submerged nations constitutes a powerful deterrent to war and one of the best hopes for a just and lasting peace; and

WHEREAS, it is fitting that we clearly manifest to such peoples through an appropriate and official means the historic fact that the people of the United States share with them their aspirations for the recovery of their freedom and independence; and

WHEREAS, the Congress of the United States did approve Senate Joint Resolution 111, now known as Public Law 86-90, on July 17, 1959, which said Resolution did authorize and request the President of the United States of America to issue a proclamation each year designating the third week in July as "Captive Nations Week" until such time as freedom and independence have been achieved for all captive nations of the world; and

WHEREAS, the Presidents of the United States, serving in office since that time, have all issued annually such "Captive Nations Week" proclamation; and

WHEREAS, the observance of "Captive Nations Week" is of special importance in the State of Florida because of the tens of thousands of persons of East European origins, and the thousands upon thousands of Cuban refugees who have fled from Communism on that island who are now residing in this state; and

WHEREAS, to date no governor of the State of Florida has had issued a "Captive Nations Week" proclamation, NOW THEREFORE,

Be It Resolved that both the Senate and the House of Representatives of the State of Florida do hereby express their feelings of compassion for all the refugees from Communism who reside here and elsewhere, and their determination that the United States of America can never accept with finality the subjugation of free nations by the international Communist conspiracy; and be it further resolved by both the Senate and the House of Representatives of the State of Florida that the Governor of the State of Florida is hereby authorized and requested to issue a proclamation designating the third week in July, 1967, as "Captive Nations Week" and inviting the people of the State of Florida to observe such week with appropriate ceremonies and activities. In addition, all governors of this state serving in office after July, 1967, are authorized and requested to issue a similar proclamation each year until such time as freedom and independence shall have been achieved for all the captive nations of the world.

Was read the first time in full and referred to the Committee on Apportionment, Resolutions and Memorials.

June 20, 1967

Sir:

I am directed to inform the Senate that the House of Representatives has passed, with amendments—

By the Committee on Water Conservation, Salt Water and Natural Resources—

CS for SB 520—A bill to be entitled An act relating to the control, regulation and prohibition of the pollution of the environment of this state; amending Chapter 381 of the Florida Statutes by redesignating the state board of health as the board of health and environment; relating to the powers, duties and responsibilities of the board; expanding the membership of the board to nine (9); providing qualifications and appointment of the members; redesignating the state health officer as the commissioner of health and environment; establishing and assigning duties to a division of health and a division of environment control within the board; authorizing a deputy commissioner for health and a deputy commissioner for environmental control and assigning duties; providing for the classification of the air, water and land of this state for the purpose of pollution control; providing for construction in relation to other law; providing for civil and criminal penalties; repealing Chapter 403 of the Florida Statutes; providing an effective date.

Amendment 1

Strike everything after the title and insert the following:

Be It Enacted by the Legislature of the State of Florida:

Section 1. Sections 403.01 through 403.211, of chapter 403, Florida Statutes, are repealed. (Said sections created a Florida air pollution control commission within the state board of health.) All rule making jurisdiction over air and water pollution matters now held by other agencies within the state of Florida is repealed including, but without limitation, such jurisdiction held by the Florida state board of health, the Florida game and fresh water fish commission, the Florida state board of conservation and the several water management districts within the state.

Section 2. Chapter 403, Florida Statutes, 1965, is amended and revised to read:

403.011 Short title.—This act shall be known and cited as the Florida air and water pollution control act.

403.021 Legislative declaration.—The pollution of the air and waters of this state constitutes a menace to public health and welfare, creates public nuisances, is harmful to wildlife, fish and other aquatic life, and impairs domestic, agricultural, industrial, recreational, and other beneficial uses of air and water.

It is declared to be the public policy of this state to conserve the waters of the state and to protect, maintain, and improve the quality thereof for public water supplies, for the propagation of wildlife, fish and other aquatic life, and for domestic, agricultural, industrial, recreational, and other beneficial uses, and to provide that no wastes be discharged into any waters of the state without first being given the degree of treatment necessary to protect the beneficial uses of such water.

It is declared to be the public policy of this state and the purpose of this act to achieve and maintain such levels of air quality as will protect human health and safety, and to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of the people, promote the economic and social development of this state and facilitate the enjoyment of the natural attractions of this state.

It is declared that local and regional air and water pollution control programs are to be supported to the extent practicable as essential instruments to provide for a coordinated statewide program of air and water pollution prevention, abatement and control for the securing and maintenance of appropriate levels of air and water quality.

It is hereby declared that the prevention, abatement and control of the pollution of the air and waters of this state are affected with a public interest, and the provisions of this act are enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, and safety, and general welfare of the people of this state.

The Legislature finds and declares that control, regulation, and abatement of the activities which are causing or may cause pollution of the air or water resources in the state of Florida and which are or may be detrimental to human, animal, aquatic, or plant life, or to property, or unreasonably interfere with the comfortable enjoyment of life or property be increased to insure conservation of natural resources, to insure a continued safe environment, to insure purity of air and water, to insure domestic water supplies, to insure protection and preservation of the public health, safety, welfare, and economic well being, to insure and provide for recreational and wildlife needs as the population increases and the economy expands, to insure a continuing growth of the economy and industrial development.

403.031 Definitions.—In construing this chapter, or rules and regulation adopted pursuant thereto, the words, phrases or terms, unless the context otherwise indicates, shall have the following meanings:

(1) Commission is the Florida air and water pollution control commission.

(2) Director is the director of the commission.

(3) Pollution is the presence in the outdoor atmosphere or waters of the state of any one or more substances or contaminants in qualities which are or may be potentially harmful or injurious to human health or welfare, animal or plant life, or property, or unreasonably interfere with the enjoyment of life or property, including outdoor recreation.

(4) Waters shall include, but not be limited to, rivers, lakes, streams, springs, impoundments, and all other waters or bodies of waters, including fresh, brackish, saline, tidal, surface, or underground. Provided, however, that artificial or man made ponds, lakes, channels with no discharge, wholly owned by one or more persons, are included only in regard to possible discharge onto other property or water. Underground waters include, but are not limited to, all underground waters passing through pores of rock or soils or flowing through in channels, whether man made or natural.

(5) Contaminant is any organic or inorganic matter or energy in the form of any of the state of matter solid, liquid, or gas or any phase or phase system combination, or any combination thereof, including, but not limited to, al-

teration of the properties of water or air, waste or discharge products, industrial waste, excrement, sewage, surface runoff water, solid waste, garbage, trash, dust, fumes, gas, odor, smoke, vapor, particulate matter, or substances or any combination thereof as provided for in the rules and regulations of the commission when created on private property, in public places, or in any place or manner whatsoever.

(6) Emission is the act of passing into the atmosphere or water any contaminant.

(7) Smoke is any solid particles produced by incomplete combustion including, but not limited to, particles, fly ash, cinders, tarry matter, soot, and carbon.

(8) Gas is any formless fluid which occupies space and which can be changed to a liquid or solid state only by increasing pressure with decreased or controlled temperature, or by decreased temperature with increased or controlled pressure.

(9) Fluorides is fluorine or compounds of the element fluorine (atomic weight 19). The quantitative expressions are in parts per million (ppm) fluoride ion.

(10) Wastes means sewage, industrial wastes, and all other liquid, gaseous, solid, radioactive, or other substances which may pollute or tend to pollute any waters of the state.

(11) Treatment works and disposal systems means any plant or other works used for the purpose of treating, stabilizing, or holding wastes.

(12) Effluent means any substance or waste discharged from a disposal system or treatment works, regardless of the degree or adequacy of treatment given it.

(13) Sewage system means pipelines or conduits, pumping stations, and force mains, and all other structures, devices, appurtenances, and facilities used for collecting or conducting wastes to an ultimate point for treatment or disposal.

(14) Control measures is any method, process, or equipment which removes, reduces, or renders less noxious air and water contaminants.

(15) Installation is any structure, equipment, facility, or appurtenances thereto, or operation which may emit air or water contaminants in quantities prohibited by rules of the commission.

(16) Plant is any unit operation, complex, area, or multiple of unit operations that produce, process, or cause to be processed any materials, the processing of which can, or may, cause air or water pollution.

(17) Source is any and all points of origin of the items defined in subsection (5) of this section, whether privately or publicly owned or operated.

(18) Undesirable levels of the items defined in subsection (5) of this section is the presence in the atmosphere or water of one or more of such items or combinations thereof in quantities and concentrations and of such characteristics, properties and duration as to appreciably injure human life or materially injure or interfere with the reasonable use of animal or plant life or property or outdoor recreation.

(19) Rule is any regulation, standard, or statement of policy, adopted by the commission to implement, interpret or clarify the laws which it enforces and administers, or which governs its duties, functions, organization and procedure.

(20) Hearing is any proceeding before the commission or its duly authorized representative in which the legal rights, duties, privileges or immunities of a specific party or parties are determined.

(21) Person means the state or any agency or institution thereof, any municipality, political subdivision, public or private corporation, individual, partnership, association, or other entity, and includes any officer or governing or managing body of any municipality, political subdivision, or public or private corporation.

403.041 Florida air and water pollution control commission.—There is hereby created and established the Florida air and water pollution control commission, hereinafter referred to as the commission. The commission shall be composed of the governor, the secretary of state, the attorney general, the

comptroller, the treasurer, the superintendent of public instruction and the commissioner of agriculture.

The governor shall serve as the chairman of the commission. A majority of the members of the commission shall constitute a quorum and a majority of the entire commission shall be required to take action on any matter before the commission.

403.051 Commission; compensation; expenses.—Members of the commission shall serve without compensation, but shall be entitled to per diem and travel expenses as provided by section 112.061, Florida Statutes.

403.061 Commission; powers and duties.—It shall be the duty of the commission to control and prohibit pollution of air and water in accordance with the law and rules and regulations adopted and promulgated by it and for this purpose to:

(1) Approve and promulgate current and long-range plans developed to provide for air and water quality control and pollution abatement.

(2) Employ a director and only such other personnel as may be necessary to effectuate the responsibilities of the commission.

(3) Utilize the facilities and personnel of other state agencies, including the state board of health, and delegate to such agency any duties and functions as may be necessary for the commission to carry out the purposes of this act.

(4) Secure necessary scientific, technical, research, administrative and operational services by interagency agreement, contract, or otherwise. All state agencies, upon direction of the commission, shall make these services and facilities available.

(5) Accept state appropriations, loans and grants from the federal government and from other sources, public or private, which loans and grants shall not be expended for other than the purposes of this act.

(6) Exercise general supervision of the administration and enforcement of the laws, rules and regulations pertaining to air and water pollution.

(7) Adopt, modify and repeal rules and regulations to carry out the intent and purposes of this act. Such rules shall be promulgated in accordance with the provisions of this act or chapter 120, Florida Statutes, cited as the Uniform Administrative Procedure Act, and when so promulgated shall have the full force and effect of law.

(8) Hold hearings relating to the adoption of rules to control or prohibit air and water pollution, including hearings upon complaints for violations and in connection with such hearings, the commission shall administer oaths and affirmations, issue subpoenas to compel the attendance of witnesses and the production of evidence. Such public hearings shall be conducted pursuant to the provisions of the Uniform Administrative Procedure Act, chapter 120, part II, Florida Statutes.

(8) To designate a hearing officer to conduct hearings, who shall have the power to issue notices of hearings, subpoenas requiring the attendance of witnesses and the production of evidence, to administer oaths and to take testimony as may be necessary or in conformity with this chapter, and such hearing officer shall certify and file with the commission, recommendations, findings of fact, and a proposed order; provided, however, that all hearings for the adoption of rules shall be before the commission.

(10) Issue such orders as may be necessary to effectuate the control of air and water pollution and enforce the same by all appropriate administrative and judicial proceedings.

(11) Adopt a comprehensive program for the prevention, control, and abatement of pollution of the air and waters of the state, and from time to time review and modify such program as necessary.

(12) In order to develop a comprehensive program for the prevention, abatement, and control of the pollution of the waters of the state, a grouping of the waters into classes may be made in accordance with the present and future most beneficial uses, such classifications may from time to time be altered or modified; provided, however, before any such classification is made, or any modifications made thereto, public hearings shall be held by the commission.

(13) Establish ambient air quality and water quality standards for the state as a whole or for any part thereof.

(14)(a) Cause field studies to be made and samples to be taken out of the air and from the waters of the state periodically and in a logical geographic manner so as to determine the levels of air quality of the air and water quality of the waters of the state.

(b) Whenever a study is made or a sample collected which proves to be below the air or water quality standard set for air or water, then the commission shall determine the source of the pollution.

(15) Require persons engaged in operations which may result in pollution, to file reports which may contain information relating to locations, size of outlet, height of outlet, rate and period of emission and composition and concentration of effluent and such other information as the commission shall prescribe to be filed relative to pollution.

(16) Establish a permit system whereby a permit may be required for the operation, construction or expansion of any installation that may be a source of air or water pollution; provide for the issuance and revocation of such permits and for the posting of an appropriate bond to operate.

(17) Consult with any person proposing to construct, install, or otherwise acquire a pollution control device or system, concerning the efficacy of such device or system, or the pollution problem which may be related to the source, device or system. Nothing in any such consultation shall be construed to relieve any person from compliance with this act, rules and regulations of the commission, or any other provision of law.

(18) Require that notice be given to it prior to the undertaking of the construction or installation or expansion of any new air or water contaminant sources. Within thirty (30) days of its receipt of such notice, the commission shall require, as a condition precedent to the construction or installation or expansion of such sources, the submission of plans, specifications, and such other information as it deems necessary in order to determine whether the proposed construction or installation will be in accord with applicable laws, rules and regulations. If within sixty (60) days of the receipt of plans, specifications or other information required pursuant to this chapter, the commission determines that the proposed construction or installation will not be in accord with the requirements of this act or applicable rules and regulations, it shall issue an order prohibiting the construction or installation. Failure of such an order to issue within the time prescribed herein shall be deemed a determination that the construction or installation may proceed; provided, that it is in accordance with plans, specifications or other information, if any, required to be submitted; provided, further, that the failure to issue such an order shall not be construed to relieve any person from compliance with this act, or rules and regulations of the commission.

(19) Encourage voluntary cooperation by persons and affected groups to achieve the purposes of this act.

(20) Encourage local units of government to handle pollution problems within their respective jurisdictions and on a cooperative basis, and provide technical and consultative assistance therefor.

(21) Encourage and conduct studies, investigations, and research relating to pollution and its causes, effects, prevention, abatement and control.

(22) Make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor atmosphere of this state and the several parts thereof, and make recommendations to appropriate public and private bodies with respect thereto.

(23) Collect and disseminate information and conduct educational and training programs relating to pollution.

(24) Advise, consult, cooperate, and enter into agreements with other agencies of the state, the federal government, other states, interstate agencies, groups, political subdivisions, and industries affected by the provisions of this act, rules or policies of the commission.

(25) Perform any other act necessary to control and prohibit air and water pollution, and to delegate any of its responsibilities, authority and powers to any state agency now or hereinafter established.

403.071 Director; powers and duties.—The commission may employ a director and fix his compensation. The director shall possess experience in bioenvironmental or sanitary engineer-

ing and such other qualifications as the commission may prescribe, and he shall serve at the pleasure of the commission. It shall be the duty of the director to act as the agent for the commission in all matters relating to its activities and the discharge of its responsibilities.

403.081 The state health officer, the commissioner of agriculture, the state forester, the director of the Florida board of conservation, the director of the Florida game and fresh water fish commission, the director of the board of parks and historic memorials, county commissioners, county officials, and the administrative officers of all other interested state agencies, and city officials shall make recommendations to the commission as to their respective areas of responsibility and knowledge.

403.091 Performance by other state agencies.—All state agencies, including the state board of health, shall be available to the commission to perform, at its direction, the duties required of the commission under this act.

403.101 Inspections.—Any duly authorized representative of the commission may enter and inspect any property, premises or place, except a building which is used exclusively for a private residence, on or at which an air or water contaminant source is located or is being constructed or installed at any reasonable time for the purpose of ascertaining the state of compliance with the law, or rules and regulations of the commission. No person shall refuse immediate entry or access to any authorized representative of the commission who requests entry for purposes of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. If requested, the owner or operator of the premises shall receive a report setting forth all facts found which relate to compliance status.

403.111 Emission control measures.—The commission may establish such emission control measures by rule, regulation, or order as in its judgment may be necessary to prevent, abate, or control air or water pollution. Such requirements may be for the state as a whole or may vary from area to area, or for any single source of pollution, as may be appropriate to facilitate accomplishment of the purposes of this act.

403.121 Classification and reporting.—

(1) The commission, by rule or regulation, may classify air and water contaminant sources, which in its judgment may cause or contribute to air or water pollution, according to levels and types of emissions and other characteristics which relate to air or water pollution, and may require reporting for any such class or classes. Classifications made pursuant to this section may be for application to the state as a whole or to any designated area of the state, and shall be made with special reference to effects on health, economic, social and recreational factors, and physical effects on property.

(2) Any person operating or responsible for the operation of air or water contaminant sources of any class for which the rules and regulations of the commission require reporting shall make reports containing information as may be required concerning location, size and height of contaminant outlets, processes employed, fuels used and the nature and time period or duration of emissions, and such other information as is relevant to air and water pollution and available or reasonably capable of being assembled.

403.131 Confidential records.—Any information relating to secret processes, methods of manufacture, or productions, which may be required, ascertained, or discovered by inspection or investigation shall not be publicly disclosed in public hearings or otherwise, and shall be kept confidential by any member, officer, or employee of the commission. (If samples of air or water contaminants are taken for analysis, a duplicate of the analytical report shall be furnished promptly to the person who is suspected of causing such air or water pollution or contamination.)

Provided that nothing herein shall be construed to prevent the use of such records in judicial proceedings in connection with the prosecution of violations of this act, when ordered to be produced by appropriate subpoena or by order of the court. No such subpoena or order of the court shall abridge or alter the rights or remedies of persons affected in the protection of trade secrets or secret processes, in the manner provided by law, and such persons affected may take any and all steps available by law to protect such trade secrets or processes.

## 403.141 Enforcement.—

(1) Whenever the commission has reason to believe that a violation of any provision of the law, rule or regulation has occurred, it may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of the law, rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. Any such order shall become final unless, no later than 15 days after the date the notice and order are served, the person or persons named therein request in writing a hearing before the commission. Upon such request, the commission or its duly designated hearing officer shall hold a hearing. In lieu of an order, the commission may require that the alleged violator or violators appear before the commission for a hearing at a time and place specified in the notice and answer the charges complained of, or the commission may initiate other action.

(2) If, after a hearing is held, the commission finds that a violation or violations have occurred, it shall affirm or modify its order previously issued, or issue an appropriate order or orders for the prevention, abatement or control of the emissions or pollution involved or for the taking of such other corrective action as may be appropriate. Any order issued prior to a hearing as a part of a notice provided in subsection (1) of this section, or any order issued after a hearing may prescribe the date by which the violation shall cease by fixing reasonable timetables for necessary action to prevent, abate or control the pollution. If after hearing on an order contained in a notice the commission finds that no violation is occurring, it shall rescind the order.

(3) Nothing in this act shall prevent the commission from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

(4) In connection with any hearing held pursuant to this section, the commission shall have power and upon application by any party it shall have the duty, to compel the attendance of witnesses and the production of evidence on behalf of all parties.

(5) All testimony taken at such hearing before the commission shall be under oath or affirmation. A full and complete record of all proceedings and testimony presented shall be taken and filed and upon payment and receipt of all costs or fees allowed therefor, a certified transcript of the whole or any part of the record to any party in such hearing requesting the same.

(6) At any hearing, opportunity to be heard with respect to the subject thereof shall be given to the public to the extent deemed reasonable and proper by the commission.

## 403.151 Emergency procedure.—

(1) Any other provision of law to the contrary notwithstanding, if the director finds that a generalized condition of air or water pollution exists and that it creates an emergency requiring immediate action to protect human health or safety, the director, with the concurrence of the governor, shall order persons to reduce or discontinue immediately the emission of air or water contaminants.

(2) If such person, notwithstanding such order, continues the discharge of such contaminants into the air or water, the commission is authorized to apply to the appropriate court for a temporary restraining order, temporary injunction, or permanent injunction as provided for by law. Such action in the court shall be given precedence over all other matters pending in such court. The institution of such injunction proceedings by the commission shall confer upon said court exclusive jurisdiction to determine finally the subject matter of the proceeding.

(3) In the absence of a generalized condition of air or water pollution of the type referred to in subsection (1), if the director finds the emissions from the operation of one or more air or water contaminant sources is causing imminent danger to human health or safety, he may order the person or persons responsible for the operation or operations in question to reduce or discontinue emissions immediately. In such event, the requirements for hearing and modification or setting aside of orders set forth in section 403.141 shall apply.

(4) Nothing in this section shall be construed to limit any power which the commission or any other officer may have to

declare an emergency and act on the basis of such declaration, if such power is conferred by statute, constitutional provision, or inheres in the office.

403.161 Compliance with rules or orders of commission.— All rules or orders of the commission which require action to comply with standards adopted by it, or orders to comply with any provisions of this act, may specify a reasonable time for such compliance.

403.171 Pollution of air and waters of state unlawful.— It shall be unlawful for any person to cause the pollution of any of the air or waters of this state in violation of or by failure to comply with any order of the commission, including orders or rules fixing standards of air and water quality.

## 403.191 Injunction.—

(1) If any person is engaging, continues to engage, or threatens to engage in any act or practice which constitutes or will constitute a violation of any law, rule or regulation or order of the commission, the commission shall make application, through the attorney general, to any court of competent jurisdiction for injunctive relief to prevent any further violation of such law, order, rule or regulation. The commission shall not be required to furnish an injunction bond pursuant to a final decree, but an injunction bond may be required by the court pending a final decree as provided by law.

(2) In an action for injunction to enforce an order of the commission, any finding of the commission, after proper notice and hearing, shall be prima facie evidence of the fact or facts found therein. An appeal may be taken from any such order of the court in the same manner as is provided in civil cases.

## 403.201 Review of actions and decisions; appeals.—

(1) Declaratory judgment or validity of rules.— Any person whose interest is substantially affected by the adoption or repeal of any rule or regulation by the commission may obtain a judicial declaratory judgment in the circuit court of the county in which such person resides or in which the executive office of the commission is maintained.

## (2) Review of orders of the commission.—

(a) Any person whose interest is substantially affected by the entry of any order of the commission may obtain review by the district court of appeal exercising jurisdiction over the major portion of the area affected by the order in the manner prescribed by law or the Florida appellate rules. Except that notice of such appeal shall be filed with the commission within twenty days after the entry of the order of the commission or within ten days after any rehearing is denied whichever is later. If a petition for rehearing is granted, all time limits for appeal are tolled until the final order upon the rehearing is entered by the commission.

(b) Within twenty days from the receipt of such notice of appeal, the director shall prepare or have prepared and forwarded to the appellant or his attorney a transcript of the proceedings together with a copy of the order or decision of the commission. All documents shall be certified by the director. The appellant shall pay all costs incident to the preparation of said record and all copies thereof desired by said appellant.

## 403.221 Local air pollution control program.—

(1) Each county or municipality or any combination thereof into a district in the state may establish and administer within its jurisdiction an air pollution control program, which:

(A) Is approved by the commission as adequate to meet the requirements of this act and any applicable rules and regulations pursuant thereto.

(B) Provides by ordinance, regulation, or local law for requirements compatible with, or stricter or more extensive than those imposed by this act and regulations issued thereunder.

(C) Provides for the enforcement of such requirements by appropriate administrative and judicial process.

(D) Provides for administrative organization, staff, financial and other resources necessary to effectively and efficiently carry out its program.

(2) Any municipality or county may administer all or part

of its air pollution control program in cooperation with one or more municipalities or counties of this state or of border states.

(3) If the commission finds that the location, character or extent of particular concentrations of population, air contaminant sources, the geographic, topographic or meteorological considerations, or any combinations thereof, are such as to make impracticable the maintenance of appropriate levels of air quality without an areawide air pollution control program, the commission may determine the boundaries within which such program is necessary and require it as the only acceptable alternative to direct state administration.

(4)(a) If the commission has reason to believe that an air pollution control program in force pursuant to this section is inadequate to prevent and control air pollution in the jurisdiction to which such program relates, or that such program is being administered in a manner inconsistent with the requirements of this act, the commission shall, on due notice, conduct a hearing on the matter.

(b) If, after such hearing, the commission determines that such program is inadequate to prevent and control air pollution in the municipality, county, or municipalities or counties to which such program relates, or that such program is not accomplishing the purposes of this act, it shall require that necessary corrective measures be taken within a reasonable period of time, not to exceed ninety (90) days.

(c) If the municipality, county, or municipalities or counties fail to take such necessary corrective action within the time required, the commission shall administer within such municipality, county, or municipalities or counties all of the regulatory provisions of this act. Such air pollution control program shall supersede all municipal or county air pollution laws, regulations, ordinances and requirements in the affected jurisdiction.

(d) If the commission finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local air pollution control authorities or may be more efficiently and economically performed at the state level, it may assume and retain jurisdiction over that class of air contaminant source. Classifications pursuant to this paragraph may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

(5) Any municipality or county in which the commission administers its air pollution control program pursuant to subsection (4) of this section may with the approval of the commission establish or resume a municipal or county air pollution control program which meets the requirements of subsection (1) of this section.

(6) Nothing in this act shall be construed to supersede or oust the jurisdiction of any local air pollution control program in operation on the effective date of this act. Any approval required from the commission shall be deemed granted unless the commission takes specific action to the contrary. All locally approved air pollution control programs shall assume the commission's permit powers and procedures if same have theretofore been established pursuant to the provisions of section 403.061(16), for the areas under their respective jurisdictions.

#### 403.231 Construction in relation to other law.—

(1) It is the purpose of this act to provide additional and cumulative remedies to prevent, abate, and control the pollution of the air and waters of the state. Nothing contained herein shall be construed to abridge or alter rights of action of remedies in equity under the common law or statutory law, criminal or civil, nor shall any provisions of this act, or any act done by virtue thereof, be construed as estopping the state or any municipality, or person affected by air or water pollution, in the exercise of their rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(2) No civil or criminal remedy for any wrongful action which is a violation of any rule or regulation of the commission shall be excluded or impaired by the provisions of this chapter.

403.241 Penalties.—The failure of any owner or operator to institute preventive or corrective measures in accordance with the order of the commission or any person who shall violate

any of the emission standards established by the commission shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than three hundred dollars (\$300.00), or by imprisonment in the county jail for not more than one year or both. Each day during which such a violation occurs shall constitute a separate offense and may be prosecuted in like manner. Penalties collected shall revert to the general revenue fund of the state.

#### 403.251 Civil liability, damages.—

(1) Whoever causes an unlawful discharge of contaminants in the waters of this state which results in the destruction of fish or fish food is liable for payment of any reasonable costs and expenses incurred in tracing the source of the pollution and in restoring the waters as a suitable habitat for fish and fish food and for restocking the waters with fish. Any damage resulting from such pollution of the waters of this state shall be assessed by the Florida game and fresh water fish commission and if not paid to the state within a reasonable time, or if there is any controversy over the amount of damages, the Florida air and water pollution control commission shall bring civil action in the appropriate court where the pollution occurred for a judicial determination of the liability and the amount of damages caused throughout the state.

(2) If any person is enjoined for pollution of the water, such person enjoined shall be liable for damages due to any loss of fish or fish food in any of the waters of the state where such violation or failure to comply occurs, and the state shall be reimbursed in money or kind by the person responsible for such pollution to the extent determined by the court. Any sums so recovered shall be used to restore those waters as nearly as possible to their condition before such pollution.

(3) Any damage, resulting from air pollution to crops or livestock shall, upon the request of any claimant, be assessed by the commissioner of agriculture. If the person responsible for such pollution shall not compensate the owner of the crops or livestock so damaged in the amount so assessed, such owner may bring civil action in the appropriate court having jurisdiction.

403.261 Regulations validated.—Any regulations adopted or orders issued by the Florida air pollution control commission and effective in any air pollution control district on the effective date of this act and rules, regulations and orders of the state board of health relating to air or water quality or pollution, are hereby validated as though adopted pursuant to the provisions of this chapter, and shall continue in effect and be enforced until repealed by the commission.

403.271 Pending proceedings.—No legal proceedings shall be abated because of any transfers made in this section, but the appropriate party exercising like authority or performing like duties or functions shall be substituted in said proceedings.

403.281 Attorney General to represent the state.—The attorney general shall represent the state and its agencies as legal advisor in carrying out the provisions of this act.

403.291 Severability clause.—If any provision of this act or the application thereof to any person or circumstances, is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

403.301 Safety clause.—The Legislature hereby finds, determines, and declares that this act is necessary for the immediate preservation of the public peace, health and safety.

Section 3. This act shall take effect January 1, 1968.

#### Amendment 2

Strike: the entire title and insert the following: A bill to be entitled An act relating to air and water pollution control; providing for a revision, consolidation and classification of the laws of this state relating thereto; repealing certain sections of chapter 403, Florida Statutes, and repealing all rule making jurisdiction over air and water pollution by other agencies; providing a short title, declaration of legislative intent and definitions; creating an air and water pollution control commission; prescribing its functions, powers and duties; providing for assistance by other state agencies; providing requirements and procedures necessary for enforcement; providing penalties for violations; providing an effective date.

—and requests the concurrence of the Senate therein.

Respectfully,  
ALLEN MORRIS  
Clerk, House of Representatives

On motions by Senator Griffin, the Senate refused to concur in House amendments 1 and 2 to CS for SB 520, and the House was requested to recede therefrom or appoint a Conference Committee to confer with a like Committee to be appointed on the part of the Senate to adjust the existing differences on the House amendments. The action of the Senate was certified to the House.

Clerk, House of Representatives

Evidence of notice and publication was established by the Senate as to HB 2859.

Evidence of notice and publication was established by the Senate as to HB 2858.

House Bills 2859 and 2858, contained in the above message, were read the first time by title and referred to the Committee on Rules and Calendar.

*The Honorable Verle A. Pope* June 20, 1967  
*President of the Senate*

Sir:

I am directed to inform the Senate that the House of Representatives has admitted for introduction by the required two-thirds vote and adopted—

By Representative Ashler and Others—

HCR 2876—A concurrent resolution recognizing the contributions made by the Florida Community Junior College Program upon the final implementation of the state-wide master plan established by the 1957 Legislature.

WHEREAS, the 1955 Legislature established the community college council charging it with responsibility to develop a long-range plan for community junior colleges in Florida, and

WHEREAS, the 1957 Legislature approved this plan which was developed and subsequent legislatures have further implemented this plan each session, and

WHEREAS, Florida will be the "first state in the nation" to complete a state plan making community junior colleges available to all the people of the State, and

WHEREAS, since their establishment Florida community junior colleges have rendered educational services to over 500,000 persons, and

WHEREAS, these community junior colleges in partnership with the state university system have provided Florida citizens a program of higher education which is among the most comprehensive in the nation with respect to the needs of business, industry, and the communities of the state, and

WHEREAS, the 28 community junior colleges approved by the State Junior College Board and the State Board of Education will provide educational opportunity within commuting distance of over 99 percent of Florida's people, and

WHEREAS, the community junior colleges graduating classes often include father and son, and mother and daughter, indicating the diversity of opportunity available to the people of Florida, and

WHEREAS, almost two-thirds of the first-time-in-college students in Florida now attend community junior colleges, and

WHEREAS, many people in Florida now have greater opportunity for educational advancement than ever before, and

WHEREAS, the youth and adults of Florida will benefit from these educational opportunities for many years in the future, and

WHEREAS, these opportunities have been provided at low cost to the people of Florida and the benefits far outweigh the costs, and

WHEREAS, the community junior colleges have ably demonstrated their contributions to the economic and cultural life of the communities they serve, and

WHEREAS, community colleges offer programs in more than 90 occupational areas, as well as freshman and sophomore academic programs, and

WHEREAS, many new businesses and industries have been influenced in their selection of locations by the availability of community junior colleges in those areas of the state, and

WHEREAS, the State Junior College Board with Fred H. Kent, Sr., as Chairman, has provided citizen leadership in the state-wide coordination of the community junior college program, and

WHEREAS, because of the dedicated service and leadership of James L. Wattenbarger and the entire Division of Community Junior Colleges, Florida is recognized nationally for the excellence of its statewide planning and coordination of junior colleges, and

WHEREAS, State Superintendents Thomas D. Bailey and Floyd T. Christian and the State Board of Education have provided leadership in the growth and development of these institutions, NOW, THEREFORE,

*Be It Resolved by the House of Representatives of the State of Florida, the Senate Concurring:*

That the Legislature expresses its pride in the development of this program of post high school education and hereby recognizes the national leadership of the state in the planned and orderly development of a state-wide junior college system and the contributions this program of higher education is making to the people of Florida.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to members of the State Junior College Board, the State Board of Education, and the several community junior colleges in the State of Florida.

—and requests the concurrence of the Senate therein.

Respectfully,  
ALLEN MORRIS  
Clerk, House of Representatives

**UNFINISHED BUSINESS**

Consideration of CS for SB 370 as amended, with pending amendment, was deferred, the bill retaining its place on the Calendar.

Consideration of CS for HB 164 was deferred, the bill retaining its place on the Calendar.

**SB 624—A bill to be entitled An act relating to medical assistance for the needy; amending chapter 409.45, Florida Statutes; providing for the state department to provide medical services; creating a medical assistance advisory committee; providing an appropriation; providing an effective date.**

Was taken up together with an amendment offered by Senator Lane which was pending consideration at the hour of adjournment on June 20.

On motion by Senator Horne, the Senate reconsidered the vote by which the substitute amendment as amended offered by the Committee on Appropriations was adopted on June 20.

Senator Horne offered the following amendment to the substitute amendment as amended which was adopted:

In Section 1 (3)(a), after the words: "(5) physicians' services" strike the remainder of the amendment and insert a period

Senator Horne also offered the following amendment to the substitute amendment as amended which was adopted:

In Section 1 (3)(a), line 1, page 2, strike: "six" and insert the following: five

On motion by Senator Horne, the substitute amendment as further amended was adopted.

**EXPLANATION OF VOTES**

We voted for amendments striking chiropractors and optometrists services because federal funds are not now available and we felt the posture of the bill for passage was prejudiced. When such services are available SB 624 can have these services added.

**WILLIAM DEAN BARROW**  
Senator, 3rd District

**MALLORY E. HORNE**  
Senator, 5th District

Consideration of SB 624 as amended was deferred, the bill retaining its place on the Calendar.

Senator Thomas moved that the Senate reconsider the vote by which the motion to recommit SB 1277 with recommended committee substitutes to the Committee on Agriculture and Livestock failed on June 20. The motion went over under the rule.

The hour of adjournment having arrived, a point of order was called and the Senate recessed at 12:01 p. m. to reconvene at 1:30 p. m.

**AFTERNOON SESSION**

The Senate was called to order by the President Pro Tempore at 1:30 p. m. The following Senators were recorded present:

EXPLANATION OF VOTE

Although quite satisfied with the location of the Capitol remaining in Tallahassee, and at the present time not inclined toward seeing it removed to another location or even making any significant expenditure for study of such removal, I supported this amendment for the following reasons:

First, since this is a controversial matter I am in favor of any such study that would reveal additional information on this matter with no great expense; and, secondly, I should hope the formation of such a committee would serve as impetus for instituting measures to remove the grave fire hazard existent in the present Capitol.

**JOHN J. FISHER, M.D.**  
Senator, 10th District

On motion by Senator Mathews, the rules were waived and time of adjournment was extended until final action on CS for SB 390 and SB 479.
