Prayer by Senator L. K. Edwards, Jr. of the Thirteenth Senatorial District:

O Lord, thou knowest that this room, these walls, this capitol, this hallowed heart of Florida, know well the high virtue of patience.

Teach us, Lord, to observe this thy rule of bearing with one another until at last we shall come into the light of understanding and wisdom.

Let the small living flame that was the Holy Spirit light our minds so that we will speak to each other, and in so doing, hear thy truth.

For surely the gift of understanding is that which makes man most kin to God. Amen.

SM 1257—A memorial to the Congress of the United States requesting distribution of federal highway funds on the basis of annual population estimates rather than on the basis of the decennial census figures; requesting responses from Florida's congressional delegation.

WHEREAS, existing law specifies that distribution of funds under the federal highway program shall be partly on the basis of population according to the "latest available federal census," and

WHEREAS, present distribution of such funds is actually made on the basis of 1960 population figures which is unfair

to a fast growing state like Florida whose population has increased an estimated 19.09 per cent since 1960 as compared with an estimated 7.68 per cent increase for the nation as a whole and whose population growth is projected to make Florida the eighth largest state in 1970, and

WHEREAS, because of the use of the 1960 census Florida has already lost \$4,905,778.00 (roughly estimated due to the lack of an adequate annual federal census) in the first five years of the decade and is expected to lose over \$6,000,000.00 in the last five years, so that the disparity between Florida's population and the amount of funds Florida receives is continually increasing, while the amount of road user taxes paid by the citizens is increasing at a rate far greater than the rest of the nation, and

WHEREAS, it is known that distribution of funds under many federal programs is made on the basis of annual estimates of population, NOW, THEREFORE,

*Be It Resolved by the Legislature of the State of Florida:*

That the Congress of the United States is hereby requested to require that the distribution of funds under the federal highway program be made on the basis of the annual estimates of population prepared by the Bureau of the Census rather than on the basis of the most recent federal decennial census, as presently being calculated.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States Senate, the Speaker of the United States House of Representatives and each member of Florida's delegation to the United States Congress.

BE IT FURTHER RESOLVED that each member of Florida's congressional delegation, and particularly any said member who might be a member of a congressional committee responsible for federal highway legislation, is respectfully asked to reply to this memorial to the President of the Florida Senate and the Speaker of the Florida House of Representatives, with particular emphasis being placed on the question of whether present federal law actually requires the use of the federal decennial census as above set forth and what course of action said congressional delegation recommends and intends to follow to correct the distribution of federal highway funds on population factors based upon the federal decennial census.

Was read the first time in full. On motions by Senator Thomas, the rules were waived and SM 1257 was read the second time by title, adopted, and certified to the House.

SR 1272—A Resolution in Memoriam George Harold Alexander

WHEREAS, we would pay tribute to those qualities of faithful adherence to duty, business acumen and leadership which were to so marked a degree exemplified in the life and achievements of a friend, a forthright and distinguished citizen, and a most dedicated Floridian, NOW, THEREFORE,

*Be It Resolved by the Senate of the State of Florida:*

That this Resolution be inscribed upon the pages of the Journal of The Florida Senate as a testimonial of appreciation, esteem and bereavement—

IN MEMORIAM—GEORGE HAROLD ALEXANDER

On February 1, 1902, George Harold Alexander was born at Dunlop, Tennessee. When quite young, he moved with his parents to Wauchula, Florida, where his father, the late Henry Melvin Alexander engaged in the real estate business and served as Mayor of the town. On completing a commercial course at the University of Chattanooga, the younger Alexander joined his father in the real estate business. In 1924 he became a resident of Punta Gorda and in 1935 moved to Fort Myers where he made his home until the time of his death on May 12, 1967.

He was a long-time member of the First Methodist Church of Fort Myers and served several terms as steward; he was president of the Chamber of Commerce in the 1930's and served on its board many years. He headed the American Red Cross drive in 1945, was president of the Fort Myers Kiwanis Club in 1947; went through Masonic degrees to become a Shriner at Fort Myers and a Jester of the Shrine in Tampa, and was an Elk of long standing.

His field of successful business ventures was wide and divergent. Among them were real estate, citrus, bakeries and bakery products, distributing and banking; and the situs of these operations included Arcadia, Fort Myers, Wauchula, Punta Gorda as well as at one time a number of Southwest Florida counties which were covered daily by his distributing trucks. At the time of his death he was owner of the Alexander Baking Company at Fort Myers; a member of the board of the Edison National Bank, of which he was one of the founders.

However, another main forte and interest was politics. He became active in politics as soon as he finished college, but never ran for office. For forty years he was a member of the Republican state committee and from 1950 to 1962 was state chairman. He was a member of the Republican National Committee from 1952 to 1962, and a delegate to every Republican National Convention since 1940, and served as Chairman of the Florida delegation in 1952 and 1956 and 1960. A most distinguished honor came in 1952 when he was selected by Look Magazine as one of the top ten Republicans in the country. He was known as "Mr. Republican" of Florida.

He is survived by his wife, the former Olive LaVerne Anderson of Chicago to whom he was married in 1923; two daughters, Mrs. Richard S. Carney of Macon, Georgia and Mrs. Robert D. Young of Slidell, Louisiana; five grandchildren and two sisters, Mrs. William Gordon of Dundalk, Maryland and Mrs. W. A. Moser of Bradenton.

BE IT FURTHER RESOLVED that a copy of this Resolution duly attested under the Seal of The Florida Senate be forwarded to his family.

Was read the first time by title. On motions by Senator Friday, SR 1272 was read the second time in full and unanimously adopted.

By Senator Pope—

SCR 1273—A concurrent resolution welcoming the American Correctional Association to Florida for the 97th Annual Congress of Corrections.

WHEREAS, the 97th Annual Congress of Corrections of the American Correctional Association is scheduled to be held in Florida in 1967, and

WHEREAS, the Florida Division of Corrections, the Florida Probation and Parole Commission, the Florida Division of Child Training Schools and other state and local agencies are hosts to this convention, and

WHEREAS, the recently issued report of the President's Commission on Law Enforcement and Administration of Justice has focused attention not only on improvement of law enforcement but also on rehabilitation of the criminal offender, and

WHEREAS, the 1967 Session of the Florida Legislature has also concerned itself with these identical areas of social concern, and

WHEREAS, the correctional rehabilitative services of the State of Florida have been immensely improved over the past ten years as a result of legislative concern for the treatment of the criminal offender, NOW, THEREFORE,

*Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:*

That the 1967 Session of the Legislature takes this opportunity to welcome the delegates to the 97th Congress of Corrections to be held in Miami Beach August 20-25, 1967, and urge the membership of the American Correctional Association and its affiliated bodies to make their stay in Florida an extended one in order to enjoy "Fun in the Sun."

That the 1967 Legislature expresses the hope that much will be accomplished toward studying and implementing recommendations made in the President's Report, "The Challenge of Crime in a Free Society."

That the 1967 Legislature also expresses the hope that the adopted theme "A.C.A. Accepts the Challenge" truly reflects the desires of all professions affiliated with the American Correctional Association and that new approaches to solving human behavioral problems will emanate from the many discussions scheduled during the 97th Congress.

That a copy of this resolution be forwarded to the Honorable Walter Dunbar, President, American Correctional Association, for reading to the delegates assembled at the 97th Congress.

Senator, 11th District

Dated May 25, 1967

**EXPLANATION OF VOTE**

This bill is a good bill; however, I voted against the amendment to SB 315 and against SB 315, for the reason that I consider the present approach to this problem fiscal irresponsibility.

The appropriation bills should consider the overall major needs of the State at one time. In this way, we can establish priorities to determine which programs must be pruned. The major need was increased funds for education; it was completely neglected by the Democratic Appropriation Bill. Items contained in their appropriation bill were much less important than the needs of education contained in this bill; yet they have already appropriated all of the expected revenues. There is now no more revenue to be appropriated.

The issue is clear. The approach of the majority expresses a philosophy of spend and tax. My negative vote is my expression of fiscal responsibility. I supported a teacher pay raise of 85 million dollars within the framework of a balanced budget, but this was voted down by the majority. We must appropriate only amounts within the expected revenues of the State!

Passage of this bill and the other educational bills containing appropriations assure the State will have additional taxes!

By consent of the Senate, Senator Fisher offered the following amendment which failed:

Strike: All after the enacting clause and insert the following:

Section 1. Subsection 6(a) of Section 236.02, Florida Statutes is amended to read:

236.02. MINIMUM REQUIREMENTS OF THE FOUNDATION PROGRAM. Each county which participates in the state appropriations for the foundation program shall provide evidence of its effort to maintain an adequate school program throughout the county and shall meet at least the following requirements:

(6) SALARY SCHEDULES. Expend funds for salaries in accordance with salary schedule or schedules adopted by the county board in accordance with the provisions of law and regulations of the state board.

(a) Such schedule or schedules for instructional personnel shall make provision for the following:

1. A minimum salary of not less than five thousand dollars (\$5,000) for instructional personnel who hold a rank III or higher certificate.

2. No member of the instructional staff shall be paid an amount less than ninety percent (90%) of the salary allotment prescribed in section 236.07(3), F. S., for the rank certificate and contract status of that person, or the amount prescribed in subsection (6)(a)1, above, whichever is the greater.

3. The county school board may adopt additional factors as incentives for the determination and recognition of superior teaching and service in the program of instruction.

4. The state board may authorize the adoption by any county board of plans under which the yearly increments and minimum salaries prescribed in this section may be withheld in special cases when such are found not to be warranted; and in case of special hardship the state board may exempt a county or counties from the said minimum salary requirements if after full investigation it is found that such county or counties are financially unable to meet such requirements in any school year, but any such exemption shall not extend beyond the particular year authorized and in no event may exemption be authorized for more than two successive years.

Section 2. Subsection (3) of Section 236.07, Florida Statutes is amended to read:

(3) DETERMINING THE AMOUNT TO BE INCLUDED FOR INSTRUCTIONAL SALARIES.

(a) For each instruction unit sustained by instructional personnel under annual contract multiply such instruction units in Rank I by six thousand fifty dollars (\$6,050.00), in Rank II by five thousand four hundred fifty dollars (\$5,450.00), in Rank III by five thousand dollars (\$5,000.00), in Rank IV by three thousand dollars (\$3,000.00), and in Rank V by two thousand eight hundred dollars (\$2,800.00).

(b) For each instruction unit sustained by instructional personnel under continuing contract in Ranks I, II, and III, there shall be added four hundred dollars; and for each instruction unit sustained by instructional personnel under continuing contract in Ranks I, II, and III who have completed ten years of efficient teaching service in Florida public schools as aforesaid there shall be added four hundred dollars in addition to the above; provided, for any county, which by local law a tenure program is provided in lieu of continuing contracts, the state board of education shall by regulations provide for the recognition and application of comparable tenure requirements in lieu of the requirements herein relating to continuing contracts.

(c) The amounts included for salaries for supervisors, administrative and special instructional personnel, and vocational teachers in each county shall be increased by up to twenty per cent when such money is used to pay the salaries of personnel who are employed, pursuant to regulations of the state board, for the two month period, or fractional part thereof, beyond the ten months of employment required in Section 236.02. Such regulations of the state board shall permit during such two month period, or fractional part thereof, employment of supervisors, administrative and special instruction services personnel, and vocational teachers, and shall likewise also permit use of salaries for administrative and special instruction services personnel for the employment of teachers to teach, during such two month period, or fractional part thereof, academic subjects or preschool orientation classes which such teachers are certified to teach and are regularly engaged in teaching in the county during the preceding or succeeding regular ten month school year. Classes in academic subjects during such two month period, or fractional part thereof, shall be of such minimum size as shall be prescribed by the state board, and may be composed of students taking advance work for acceleration purposes, or of students repeating subjects previously taken either for make-up or remedial work, or of both, and such work shall be credited as work taken during the regular school year.

These amounts are to be used only for apportionment purposes and are not to be construed as a state salary schedule. No member of the instructional staff shall be paid an amount less than ninety per cent of the salary allotment for the rank of such person, or the amount prescribed in Section 236.02(6) whichever is the greater. The sum of these products shall be included in the minimum foundation program for instructional salaries, which shall not exceed the amount paid as salaries in any case.

(d) Provision for adult education teachers under the minimum foundation program shall be the same as now provided for administrative and special service personnel, supervisors, and vocational education personnel when they are employed on a twelve-month basis.

(e) The state board of education shall promulgate and adopt necessary regulations for the determination of the clas-

## PAIR

The following Pair was announced by the Secretary in accordance with Senate Rule 8.4: I am paired with Senator Boyd on CS for Senate Bills 404 and 307. If he were present he would vote "Yea" and I would vote "Nay."

Senator, 11th District

Dated May 25, 1967

## EXPLANATION OF VOTE

CS for Senate Bills 404 and 307 appropriates \$198,000,000 for teacher pay increases. The total increase in the so-called educational package amounts to almost \$250,000,000.

The appropriation bills should consider the overall major needs of the State at one time. In this way, we can establish priorities to determine which programs must be pruned. The major need was increased funds for education; it was completely neglected by the Democratic Appropriation Bill. WILLIAM T. STOCKTON, JR.  
Senator, 11th District

Dated May 25, 1967

EXPLANATION OF VOTE

On Senate Bills 315, 1095 and 317 and Committee Substitutes for Senate Bills 404 and 307 and Senate Bills 461 and 306.

I feel I have an obligation to explain my vote as I have a dual obligation. As the Senators know, I am on the education committee and have a strong commitment to education. I have worked long and hard, since my children were born and since I became active in politics. I may be guilty of basing my decision on logic but my basic profession dictates my vote. I am a housewife but not just a housewife. I consider myself a financier, a budgetary consultant and a fiscal expert and based on this I must balance a budget. I may wish to send my children to a summer camp in the mountains but after buying the groceries, paying the utilities and the many expenses incurred by a normal household—if the money is gone, the children don't go to camp. I know what is coming in but unless I add what I must have and what I would like to have and have it in front of me I can't tell what I can spend and I can't spend what I don't have. Give me these bills in one package, let me see what it adds up to and if we have it, we'll spend it. In a total package I can then vote my convictions on education.

**CS for HM 645**—A memorial to congress of the United States to enact legislation which will permit the settlement of a controversy over the ownership and use of the Breckenridge and Call grants in Santa Rosa County, Florida, so as to make available approximately 1,049 acres of land now owned by individuals for use by the University of West Florida, Florida Board of Parks and Historic Memorials and other governmental agencies, the Boy Scouts and Girl Scouts of America.

WHEREAS, the Honorable Robert L. F. Sikes, Member of Congress, introduced H. R. 13883 on March 22, 1966, in the House of Representatives of the 89th Congress of the United States, Second Session, which contained the following statements:

"Whereas it is the intent of this Act to end a controversy which has existed for more than twenty years; to promote the development of Santa Rosa County and the State of Florida; to remove the impediment to such development caused by said controversy; to restore to the State of Florida approximately one thousand forty-nine acres to be devoted to public purposes; to permit the State to actively develop this major portion of the land for the purposes for which it was conveyed to the State of Florida in 1947; to permit the private development of approximately two hundred thirty-four acres by persons adjudged by the Courts of Florida to be the owners thereon and to place such lands on the tax rolls of said county; and

Whereas a portion of the properties is required by the University of West Florida, a State institution, for educational purposes and the remainder for the development of a waterfront live oak park of incomparable beauty, and for the preservation of one of the last remaining portions of the trail traversed by the armies of General Andrew Jackson, known as the Jackson Trail, the Indian artifacts thereon and the historical heritage of the area for posterity; and

Whereas certain of the lands presently occupied by the Boy Scouts of America and the Girl Scouts of America and the lands herein described, to be administered by the Florida Board of Parks and Historic Memorials, contain sufficient area to make provisions for such organizations; and

Whereas it is recommended and understood that the State shall permit the above organizations, consistent with its obligations to operate a public park, the use of a reasonable portion of the lands adequate for the requirements of such organizations; and

Whereas, the United States Government having previously sold and transferred the property in its entirety to the State of Florida, will incur only a nominal expense in implementing the provisions of this Act and no expense in the development of the land for public purposes;" and

WHEREAS, the body of the proposed law set forth that the title to the 1,283 acres, in the final decree of the Circuit Court of the First Judicial Circuit of Florida, in and for Santa Rosa County, Florida, dated September 19, 1955, recorded in Chancery Order Book 16 at page 493 to 501, both inclusive, was determined not to be vested in the State of Florida but to be vested in certain individuals subject only to a restrictive covenant that the property be used for park purposes, and

WHEREAS, since June 20, 1947, the said lands have been used in their natural state for park purposes and recreation of the public as well as by the Boy Scouts of America and the Girl Scouts of America, and

WHEREAS, the said H. R. 13883 provided that it was "deemed appropriate, in resolving the various equities and interests, that (1) full ownership, control, and management of that portion of the reservation situated north of the north right-of-way line of United States Highway 98 and comprising approximately 1,049 acres (referred to as the 'north portion') shall be vested in the State of Florida; and (2) that the interests of the private landowners shall be consolidated and vested exclusively in that portion of the reservation that is situated south of the north right-of-way line of said United States Highway 98 and which portion (hereinafter referred to as the 'south portion') contains approximately 234 acres", and

WHEREAS, that at the hearing before a subcommittee of the House of Representatives it was agreed by supporters of the bill and the agencies and organizations concerned, that approximately 200 acres would be utilized by the University of West Florida for educational purposes and that the remainder of the 1049 acres would be administered by the Florida Board of Parks and Historic Memorials, allowing the Boy Scouts of America and Girl Scouts of America to utilize a portion thereof, which was satisfactory to those organizations, and

WHEREAS, the said H. R. 13883 was not acted upon during the Second Session of the 89th Congress of the United States and therefore died on the calendar, and

WHEREAS, the said Honorable Robert L. F. Sikes has indicated that he proposes to create a Gulf National Seashore and Historic Site extending from Destin, Florida to Louisiana and to include therein the Breckenridge and Call Grants in Santa Rosa County, Florida, under a settlement similar to that contained in H. R. 13883, and

WHEREAS, the State of Florida paid to the United States of America One Hundred Thousand Dollars (\$100,000.00) for said grants but as a result of litigation which terminated adversely to the State, the State of Florida acquired no title and has received no benefit from said expenditure, and

WHEREAS, under the terms of H. R. 13883 the State of Florida will be enabled to acquire a valid title to 1049 acres by the Federal Government releasing the restrictive covenant relating to the 234 acres South of U. S. Highway 98, and

WHEREAS, said 1049 acres will be devoted to public purposes for the benefit of the citizens of the State of Florida and of the other states of the union, and 234 acres of land will be returned to the tax rolls of Santa Rosa County, Florida, and the development thereof will make a major contribution to the economy of Santa Rosa County, Florida, and of West Florida, and

WHEREAS, the United States has parted with its interest in said property except to retain a right of reversion if the said land are not used for park purposes, and

WHEREAS, immediate action is urgently needed so as to proceed with the development of the property for educational and other purposes, NOW THEREFORE,

*Be It Resolved by the Legislature of the State of Florida:*

That the Congress of the United States be and it is hereby requested to enact into law H. R. 13883 introduced in the House of Representatives in the 89th Congress of the United States, Second Session, or a similar bill which will (1) permit the utilization of 1049 acres of the Breckenridge and Call Grants North of U. S. Highway 98 in Santa Rosa County, for public purposes, including educational and park purposes, providing the western 200 acres for the University of West Florida, an adjoining 75 acres for the use of the Boy Scouts of America and a 75 acre parcel adjoining the last described parcel for the use of the Girl Scouts of America, and (2) authorize the release, subject to the condition in the H. R. 13883, of the 234 acres south of U. S. Highway 98 from the terms and provisions of the restrictive covenants contained in the conveyance from the United States to the State of Florida, dated June 20, 1947; and

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the House of Representatives, to the members of the United States Senate and the House of Representatives representing the State of Florida in the Congress of the United States.
