June 7, 1967

Dear Sir:

I have today filed with the office of the Secretary of State the following acts which originated in the Senate, Regular Session, 1967, and which I approved on June 7, 1967, at 10:00 A.M.:

SB 19  
SB 225  
SB 226

SB 383  
SB 914  
SB 917

Respectfully,  
CLAUDE KIRK  
Governor

By direction of the Presiding Officer, the Secretary of the Senate read the following communication from Honorable Claude R. Kirk, Jr., Governor of Florida:

*Honorable Verle A. Pope  
President, Florida State Senate  
The Capitol  
Tallahassee, Florida*

June 5, 1967

Sir:

Under Section 15 of Article IV of the State Constitution the Governor is granted the power to suspend public officials, not liable to impeachment, for certain causes specified. Any such suspension is required to be submitted to your Honorable Body for the consideration of whether the official charged should be removed or reinstated. While the Legislature is in session the Governor does not have the power to suspend but can only recommend to the Senate the removal of officials who have violated Article IV, Section 15.

By virtue of this authority, I hereby respectfully advise your Honorable Body that Rose Barbara Moore has been serving in the capacity of member of Florida Board of Massage, from September 2, 1965 to the date of this letter. Information has been transmitted to me by other members of the Board of Massage and profession raising a serious doubt as to the integrity and ability of Rose Barbara Moore to continue to serve in office. At the time Mrs. Moore applied for a certificate to practice massage in the State of Florida, she was required to execute an application. One of the questions contained in said application inquired:

"12. Have you ever been arrested, convicted or have a police record in Florida or any other State or Country for any offense (other than traffic citations) which would constitute a misdemeanor?"

In response to this question, Mrs. Moore gave the answer "No." Attached for your examination is a copy of said application. The Florida Board of Massage received a report from the Florida Sheriffs' Bureau and the FBI indicating arrests as follows:

1. Contempt on 11/9/48, Washington D.C. (released);
2. Grand larceny on 8/25/55, Miami, Florida (nolle prosequed);
3. Grand larceny on 2/29/56, Miami, Florida (nolle prosequed);

4. Worthless check over \$50, on 6/19/56, Miami, Florida (released to Justice of Peace Court);
5. Disorderly person, drunk on 5/31/59, Miami, Florida (\$10 and costs or 10 days).

The existence of an arrest record coupled with Mrs. Moore's failure to disclose such matters in her application for a certificate reflects a lack of moral quality which incapacitates her to perform the duties of her office and demonstrates incompetency within the meaning of Article IV, Section 15 of the Florida Constitution. Several of the offenses in themselves raise serious question as to the propriety of continuing Mrs. Moore in office.

Numerous letters have been referred to this office which would also indicate a neglect in the proper performance of the duties of such office.

A public official is held to a high standard of legal and moral conduct in order for him to properly perform the responsibilities of his office. As a result of the above-mentioned information, doubt has been raised as to the integrity and ability of Rose Barbara Moore to perform the duties as member of the Florida Board of Massage.

Now, therefore, I, Claude R. Kirk, Jr., Governor of the State of Florida, by virtue of the power and authority vested in me by Article IV, Section 15, of the Constitution of the State of Florida, do hereby notify the Florida Senate of the facts above set forth, and do hereby recommend that the Senate forthwith permanently remove from office the said Rose Barbara Moore.

Respectfully,  
CLAUDE R. KIRK, JR.  
Governor

The Secretary of the Senate announced that pursuant to the provisions of Senate Rule 15.2 the President had appointed the following Select Committee: Senators Haverfield, Henderson, Spencer and Stolzenburg.

EXPLANATION OF VOTE

I voted for Senate Bill 75—a bill to allow certain limited tax relief for a period of one year only to harness horse racing permittees—solely, because in my view, to fail at this time to give this limited relief would result in a far greater economic loss to the State of Florida than the revenue lost by the relief, if granted.

Figures clearly showed, and the evidence was great, that the Pompano Horse Track—which has lost several million dollars since its inception—could not continue to operate without this tax relief. If they could not continue to operate, the State of Florida would then lose approximately \$1 million a year in tax revenue which we now realize, as well as significant economic losses to the South Florida area, where several hundred South Floridians are presently employed at this race track.

#### EXPLANATION OF VOTE

"Charles Proteus Steinmetz

Born: Breslau, Germany, April 9, 1865—Died 1923

Migrated to United States in 1889

One of the very greatest of men to discover facts about electricity through mathematics which include such subjects as algebra, geometry, and trigonometry. He had a very unusual brain but his body was sadly crippled and he was a dwarf, scarcely 4 feet tall. He was much more than a mathematician for he was interested in many of those matters which have to do with human happiness. He believed everyone should receive as fine an education as possible. He was interested in boys and girls all of his life. Most of all Steinmetz knew how to think. He was a man of peaceful purposes, kind hearted and anxious to make life more pleasant for others. **SM 1094—A memorial to the congress of the United States to provide for protective tariffs on imported agricultural products.**

WHEREAS, the government of the United States has established as national policy that poverty within this nation shall be eliminated, that every citizen is entitled to a decent and respectable standard of living and each worker entitled to a minimum wage in excess of that earned by the citizens of any other nation, and

WHEREAS, the United States, the world's greatest agricultural nation, depends heavily upon agricultural laborers to produce the necessary food and fiber for the sustenance and clothing of our people and of other friendly peoples throughout the world, and

WHEREAS, no other nation on earth pays its agricultural workers as well or maintains such a high standard of living and healthful environment for her people as does the United States and that as a result thereof, the cost of labor for food production in the United States greatly exceeds the cost of labor in any other nation, and

WHEREAS, in our determination to provide only the most wholesome foods of the highest qualities possible for our citizens we have added to the cost of food production expensive inspection and grading services for the benefit of our consumers, and

WHEREAS, the preceding factors have resulted in an unavoidable increase in the prices of home grown agricultural products, and

WHEREAS, foreign agricultural products do not have to contend with comparable cost increasing factors and therefore are economically sold for a price lower than that of the home grown agricultural products, causing the American product to have an unfavorable competitive position, and

WHEREAS, the disparity in prices between home grown and foreign grown agricultural products induced by governmental action can only be removed by governmental action, and

WHEREAS, if remedial action is not forthcoming the American agricultural industry will expire and the American consumer, though initially paying a lower price, would eventually be at the mercy of prices set solely by foreign producers and food quotas authorized by foreign governments, and

WHEREAS, the lack of remedial action will result in American investment in foreign agricultural industries with a consequential additional depletion of the gold supply, and

WHEREAS, food has been recognized by the federal government as our most powerful weapon in the fight for peace, and

WHEREAS, the collapse of the American agricultural industry or a reduction in the productive capacity of such industry would detrimentally affect the civil defense posture of the country as the survivors of a civil defense emergency would be solely dependent upon American agricultural products for continued existence.

*Be It Resolved by the Legislature of the State of Florida:*

That the congress of the United States be and is hereby requested to maintain those protective agricultural import tariffs which currently exist.

BE IT FURTHER RESOLVED that the congress of the United States make a detailed determination of what additional agricultural tariffs and quantitative limitations of imports is needed to perpetuate the American agricultural industry and that the congress expeditiously enact such import controls.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the president of the United States, to the president of the United States senate, to the speaker of the United States house of representatives, and to each member of the Florida delegation to the United States congress.
