VETOED BILL 1967 REGULAR SESSION

The Honorable Verle A. Pope

June 26, 1967

Sir:

I am directed to inform the Senate that the House of Representatives has passed by the required Constitutional two-thirds vote of all Members of the House of Representatives present on June 26, 1967, the Governor's objections to the contrary notwithstanding—

By Representatives Walker and Randell—

HB 1040—A bill to be entitled An act relating to conservation; amending section 370.08(3), Florida Statutes, prohibiting the taking of food fish with certain nets to include additional nets in said prohibition and to prohibit such taking within or without the waters of the state; providing an effective date.

—and requests the concurrence of the Senate therein.

Respectfully,
ALLEN MORRIS
Clerk, House of Representatives

Honorable Ralph D. Turlington
Speaker, House of Representatives
The Capitol
Tallahassee, Florida

June 20, 1967

Dear Sir:

Pursuant to the authority vested in me as Governor of Florida under the provisions of Article III, Section 28, of the Con-

stitution of this state, I hereby transmit to you with my objections, House Bill No. 1040, enacted by the Legislature of 1967, and entitled:

"An act relating to conservation; amending section 370.08(3), Florida Statutes, prohibiting the taking of food fish with certain nets to include additional nets in said prohibition and to prohibit such taking within or without the waters of the state."

The purpose of the bill prohibits the taking of food fish by Florida citizens within or without the waters of this state with a purse seine or similar device. The bill prohibits possession within the State of Florida of any food fish taken with a purse seine or similar device with the following exceptions: Shrimp nets and pound nets are exempt; purse seines used for taking Menhaden are exempt; fish to be used by Florida industrial processors for canning and breeding from frozen blocks are exempt. The exemptions do not apply to fresh or fresh-frozen fish.

While I am of the opinion that the Legislature has the authority to regulate the taking of fish by its citizens, I am of the opinion that House Bill No. 1040 would create undue hardship on certain segments of the industry.

The bill constitutes an unreasonable exercise of the police power of the state for the exclusive and economic purpose of protecting a segment of the seafood industry of the state, to-wit, the fresh and fresh-frozen fish market, from competition with the most efficient fishing equipment available, to-wit, the purse seine.

The classification of fresh and fresh-frozen as distinguished from all other forms of commercial fishing is an unreasonable classification.

The classification of industrial processors being limited to canning and breeding also constitutes an unreasonable classification.

Every day ships from other states and foreign countries are fishing without restriction with purse seines beyond the territorial limits of Florida. In many instances fishery products caught with purse seines by fishermen of other states and countries are being returned to Florida markets in competition with our fishermen.

We must begin to modernize our production techniques with adequate safeguards to protect the economics of the industry as it exists today. The Board of Conservation possesses the authority and duty to promulgate reasonable restrictions on purse seine operations.

Continuing studies will be made to develop and determine proper quotas and develop safeguards to protect all citizens involved in the fishing industry. Such regulations will clearly protect the best interests of all facets of the industry.

Preliminary studies indicate that purse seine quotas should not exceed 10% of the most recent annual landing of each species of food fish. Constant inspection and surveillance of purse seine operations will be carried on to protect the sport and commercial fishing industry.

No other restriction is deemed necessary at this time but in order to develop the unknown fishery potential of the Gulf of Mexico and South Atlantic Ocean outside of the territorial limits of Florida, the Board shall invoke other regulations as it shall deem necessary.

For these reasons, I am necessarily withholding my approval from House Bill No. 1040, 1967 Session of the Legislature, and do hereby veto the same.

Respectfully,
CLAUDE R. KIRK
Governor

EXPLANATION OF VOTE

I voted "No" against SB 1263 and SB 1287 because I firmly believe that the Legislature's size should be reduced to 38 Senators and 95 Representatives. The present size is too unwieldy, too large, too expensive and too inefficient. Further, the bill provides that Monroe County be linked with Broward County. This is illogical and impractical. Monroe's natural affinity is with Dade, her historical neighbor, and to put her with a county to which there is no common boundary is an absurdity.
