#### MESSAGES FROM THE GOVERNOR

The following messages were read:

#### VETOED BILLS 1967 REGULAR SESSION

Honorable Verle A. Pope  
President of the Senate  
The Capitol  
Tallahassee, Florida

June 28, 1967

Dear Sir:

Pursuant to the authority vested in me as Governor of Florida, I herewith transmit Senate Bill 900, enacted by the Legislature of 1967, and entitled:

"An act making appropriations; providing moneys for the annual periods beginning July 1, 1967, and July 1, 1968, to pay salaries, and other expenses, capital outlay—buildings and improvements, and for other specified purposes of the various agencies of state government; providing an effective date."

Under the authority of Section 18 of Article IV of the Florida Constitution, I disapprove of this measure in part.

In my message to Honorable Ralph D. Turlington dated June 21, 1967, in which I disapproved House Bill 1800, I requested that the legislature "..... send me a single total appropriations package that will be within the scope of our anticipated revenue for the next two years without calling for new or increased taxes and that will use every penny of the funds that will be available for the maximum benefit of all our citizens."

The leadership of this legislature has made obvious use of its procedural control of both Houses to hastily enact a bill which, with political malice, has been labeled "Governor Kirk's bill." Let me say now that whatever else this bill may be it most certainly is not any bill of mine.

The two bills you have sent me, require a total expenditure of \$1,547,328,619. Senate Bill 900 requires \$1,373,626,541 from the General Revenue Fund and Senate Bill 1317 requires \$173,702,078. This is \$214,328,619 more than the estimated funds available during the next biennium and more than \$11 million dollars more than House Bill 1800 which I previously vetoed.

My call for a bipartisan appropriations bill has proved to no avail. The time for further talk has run out. We have just two days remaining before all spending authorizations for the State expire. The State must have a general appropriations act in order to continue operations into the new biennium which begins July 1, 1967, otherwise welfare recipients, inmates of state institutions and state employees would be at least temporarily deprived of necessary funds. Thus, it is necessary for me to exercise my constitutional authority in developing a responsible general appropriations package to fund state operations for the next two years. Accordingly, I have taken the two bills you have sent to me and in consultation with members of the Legislature, with state officials and with the budget director, I have attempted the difficult task of creating from these bills a simple appropriations package that will allow Florida to operate effectively within the scope of our anticipated available funds without resorting to new taxes or increased taxes.

Some of the things I wanted to accomplish could not be accomplished within the limitations placed on me by the two bills. For example, it is my feeling that the salaries of all elected officials should remain at their current level for the next two years. This includes the Governor, members of the Cabinet, Supreme Court Justices, District Courts of Appeal Judges, Circuit Court Judges, and Public Service Commissioners. If these salaries are rolled back to their current level, we can reduce general revenue appropriations by an additional \$1,146,480. I therefore request that you enact legislation to accomplish these reductions.

We should always keep in mind that even after this veto message and the companion veto of Senate Bill No. 1317 have been implemented, the budget for the forthcoming biennium authorizes approximately 29% more spending than declared during the last biennium. It is difficult to understand why state government cannot operate efficiently and effectively within such a substantial increase in available funds.

Due to the limitations placed on me by the two bills you have passed, it has been impossible for me to stay within the total estimated funds available and provide an overall program for the state as conditions now exist. However, as I stated to you in my budget message on April 26, 1967, by continuous scrutiny and enforcement of economies by the Governor and the Budget Commission, our spending will not exceed the funds available during the next two years.

Therefore, for the reasons indicated I disapprove of the following items in Senate Bill 900:

(1) In my review of House Bill 1800, it came to my attention that many agencies' appropriations had been reduced below the amounts recommended by the Budget Commission. These reductions were made by the legislature after a detailed review of the various agencies' operations. Senate Bill 900 evidently did not take into consideration this review, inasmuch as it contains appropriations in excess of the amounts previously approved by the legislature in House Bill 1800. I have vetoed the following items so that the total appropriation for each agency will more nearly conform to the total amount approved by a majority of the legislature in House Bill 1800. It is impossible for me to reduce or change any single item; therefore, it was necessary for me to veto the total amount of the specific items listed. This was done with the understanding that needs for expenditures in particular categories can be met by transferring from one item of appropriation to another item within the agency pursuant to Chapter 282, Florida Statutes. Minor amounts for other agencies included below have been vetoed as in my judgment the essential functions of these agencies can still be performed with less than the total appropriations included herein. For these reasons I have vetoed the following items:

<i>Item</i>	<i>1967-68</i>	<i>1968-69</i>
<b>ATTORNEY GENERAL</b>		
66. Other Personal Services -----		38,875

110. Retirement and SS Matching	7,302	8,003
(2) The following reduction will reduce the appropriation to a total of \$4,900 for the biennium, which is sufficient to pay the state's dues to this organization and for this reason I have vetoed the following item:		
<b>COMMISSIONERS FOR THE PROMOTION OF UNIFORM LEGISLATION IN THE UNITED STATES, BOARD OF</b>		
120. Expenses -----		2,900
(3) For the same reasons stated in paragraph (1) above, I have vetoed the following items:

(12) I disapprove of the item words "MERIT SYSTEM COUNCIL" which follow the words "PERSONNEL BOARD, STATE" following Item 905, as legislation is now pending which completely reorganizes the State Personnel function, and which places all authority in the State Personnel Board.		
(13) I am vetoing the following items for the reasons stated in paragraph (1) above. Even with these deletions, the Department of Public Safety can nevertheless increase its patrol strength by 25 troopers each year during the next 2 years.		

Item	1967-68	1968-69
917. Other Personal Services .....	8,250	8,250
924. Retirement and SS Matching	273,280	303,350

(14) For the reasons stated in paragraph (1) above, I have vetoed the following items:

**PURCHASING COMMISSION**

954. Operating Capital Outlay ....	2,625
------------------------------------	-------

(15) I have vetoed several items in the Board of Regents as shown below for the reasons indicated:

**BOARD OF REGENTS**

**Administration—General Office**

968. Other Personal Services .....	17,800	17,800
970. Operating Capital Outlay ....	8,350	

The above items will not be required due to the expanded staff provided the Board, but, if necessary, transfers can be made to accomplish objectives vetoed here.

978a. Loans to Needy Students .... 2,000,000 2,000,000  
 Although I feel this would be a worthwhile program, I cannot recommend that it be implemented at this time. This is particularly true when viewing our total needs and the fact that there are considerable sums available for student loans from other sources.

979a. Planning New Institution in Dade County ..... 150,000

979b. Planning New Institution in Duval County ..... 150,000

I would like to remind the legislature that Florida has seven universities, two of which are under construction and have not yet received their first students. We cannot continue to use the Chamber of Commerce approach to university expansion and build an institution on every street corner in the State of Florida without dissipating our teaching and fiscal resources unnecessarily. I specifically recommend that no new institutions be planned until a master plan of higher education, both public and private, has been developed for the State of Florida.

I heartily recommend that we take a serious look at our real educational needs and that we develop a program which coordinates our needs for institutions of higher learning with our needs for vocational-technical institutions and junior colleges.

For the above reasons, I disapprove of Items 979a and 979b.

**Architect's Office**

981. Salaries of 25 Positions .....	234,285	245,999
985. Retirement and SS Matching	18,743	19,680

It is anticipated that the operation of the Architect's Office will be financed entirely from a 6% charge against all construction projects as provided in Senate Bill 1317. This eliminates the need for this General Revenue support.

**Florida State University**

1020. Other Personal Services .....	1,482,069	1,715,608
-------------------------------------	-----------	-----------

**Graduate Engineering Education System**

1070. Retirement and SS Matching .....	27,584
--	--------

The total amounts in the above two items represent the amounts that will be reduced by further increasing fees above those as previously recommended. The legislature should adopt appropriate legislation to accomplish this purpose. The increases above those recommended by the Board of Regents are as follows:

Tuition	\$50 per quarter
Graduate and Professional Differential	25 per quarter
Medical Student Fees	50 per quarter
Off-campus Course Fees	3 per credit hour

Although I have struck the entire amounts estimated from these additional fees from Florida State University and GENESYS, their appropriations will not, in effect, be reduced by these amounts if this suggested fee adjustment is adopted. The following General Revenue Appropriations must be transferred under the provisions of Section 1 of Senate Bill 900 to Florida State University and GENESYS to restore the excess over the additional fees anticipated:

**Amount of Excess Fees**

Item	1967-68	1968-69
Florida A&M University .....	\$249,493	\$255,994
Florida Atlantic University .....	146,983	162,104
Florida Technological University....	—0—	18,965
University of Florida .....	596,351	368,062
Health Center .....	30,000	30,000
University of South Florida .....	253,470	168,803
University of West Florida .....	22,444	30,772
	\$1,298,741	\$1,034,700

(16) During the current biennium, the St. Augustine Historical Restoration and Preservation Commission was provided \$297,000 in state funds. I am leaving \$465,000 for use during the next 2 years. This represents an increase in funds available of more than 50%. This appears to be a larger than normal increase for any agency of government, and due to this, I am vetoing the following item:

**ST. AUGUSTINE HISTORICAL RESTORATION AND PRESERVATION COMMISSION**

1130. Lump Sum for Transfer to Operating Trust Fund .....	457,000
---	---------

(17) For the reasons stated in paragraph (1) above, I have vetoed the following items:

**SECRETARY OR STATE**

1138. Other Personal Services .....	29,100
-------------------------------------	--------

**SECURITIES COMMISSION**

1151. Operating Capital Outlay ....	3,695
1152. Retirement and SS Matching	18,291

**SOIL CONSERVATION BOARD**

1160. Operating Capital Outlay ....	350
1161. Retirement and SS Matching	2,004 2,149

**STEPHEN FOSTER MEMORIAL COMMISSION**

1163. Other Personal Services .....	5,050
-------------------------------------	-------

**TREASURER, OFFICE OF THE STATE**

1177. Other Personal Services ....	14,160	14,160
1179. Operating Capital Outlay ....	66,905	40,015

(18) In Section 5, I have vetoed the following item because the legislature has provided for renovating these cottages, rather than replacing them:

**SUNLAND TRAINING CENTER AT GAINESVILLE**

53. Replacement of Cottages (3)	250,000
---------------------------------	---------

(19) For the reason previously stated in paragraph (16) of this letter, I am vetoing the following item in Section 5:

**ST. AUGUSTINE HISTORICAL RESTORATION AND PRESERVATION COMMISSION**

76. Land and Construction .....	1,000,000
---------------------------------	-----------

(20) Due to the uncertainties of this present legislature's enacting adequate implementing legislation, I am vetoing Section 14 of this act as follows:

Section 14. The moneys appropriated in item 610a. of Section 1 of this act are contingent upon implementing legislation becoming law.

It is still my hope that this legislature will provide us with the necessary funds and new legislation required to increase our present efforts towards eradicating crime in Florida.

- (21) I hereby veto the proviso item words which appear immediately following Item 441 and which reads as follows: "Provided the total amount expended from this appropriation for administration and distribution to counties during this biennium shall not exceed the total amount collected from the 50¢ per year levied for this purpose upon drivers."

This language acts as a limitation on the amount of funds which can be used for driver education and would prohibit the use of any increase in the drivers licenses fees in the driver education program, thus seriously affecting the availability of funds under the National Highway Safety Act of 1966.

- (22) I hereby veto the proviso item applicable to the Minimum Foundation Program—Junior Colleges following Item 453 and the words Lump Sum which reads as follows: "Provided that the basic units shall be based on one unit for each 16 students in ADA at a junior college for the first 420 students and one unit for each 20 students in ADA for all over 420 students."

The deletion of this language will give to the junior college program much needed flexibility during the next biennium.

Unless otherwise specifically indicated, reference to an agency and source of funds preceding an item is for identification purposes only; and in the instance where an item is vetoed for one fiscal year of a biennium, reference to the description of such item, i.e. "Lump Sum" or "Other Personal Services" is for identification purposes only.

It will also be necessary for the legislature to provide the fee bills, as recommended by the Budget Commission, for certain services and to either permit the Board of Regents, or the legislature, itself to approve the student fees contemplated by certain vetoes contained herein.

The two appropriation bills, as drawn, do not permit substitution of student fees for the reductions I suggested in junior college assistance. It will be possible, however, for the State Board of Education to permit an increased fee for junior colleges comparable to that contemplated for the university system, if necessary, to provide adequate support for junior college operations and if the local college boards determine this is a desirable course of action.

I also recommend the restoration of the amount recommended by the Budget Commission to the Comptroller's Office for the activities formerly performed by the Railroad Assessment Board in the amount of \$86,000. Such restoration will, of course, require an additional appropriation on your part.

It is important to emphasize that, in spite of the stringent nature of this budget, the total figure reflects an overall increase of \$295,562,529—or approximately 29%—over spending for the 1965-67 biennium. For example, this appropriation provides an additional \$177 million, or 26% more, in state funds for education, including a teacher pay raise of \$1,050, a raise which is greater than the sum of all teacher pay raises since 1957. Further, also in the field of education, we are for the first time providing for the funding of the teacher retirement program at a cost of \$40 million.

Therefore, pursuant to the authority vested in me, as Governor, under the provisions of the Constitution and particularly under Section 18 of Article IV, therefore, I disapprove and veto severally each of the foregoing items in said appropriation bill for the reasons hereinbefore stated. As to the remaining items, I approve the same.

Sincerely,  
**CLAUDE R. KIRK, JR.**  
 Governor

SB 900 (1967 Regular Session) was read by title and referred to the Committee on Appropriations together with the Governor's objections thereto.

June 28, 1967

Dear Sir:

Pursuant to the authority vested in me as Governor of Florida, I herewith transmit Senate Bill 1317, enacted by the Legislature of 1967, and entitled:

"An Act making appropriations; providing moneys for the annual periods beginning July 1, 1967, and July 1, 1968, to pay salaries, and other expenses, capital outlay—buildings and improvements, and for other specified purposes of the various agencies of state government; providing an effective date."

By the authority of Article IV, Section 18, of the Florida Constitution, I disapprove of this measure in part. The following items are disapproved for the reasons indicated in my letter dated June 28, 1967, in which I disapproved of parts of Senate Bill 900:

I therefore veto the following items contained in Section 1 as follows:

Section 5. (a) In all judicial circuits except the eleventh and sixteenth judicial circuits the state attorneys who elect to serve full time shall be paid by the state a salary of \$21,000 each in 1967-68 and \$23,000 each in 1968-69, provided that no such state attorney while drawing the foregoing salary, shall receive from any county or municipality any supplemental salary which shall make his total salaries exceed \$23,000 in the 1967-68 fiscal year and \$24,000 in the 1968-69 fiscal year, but should the state salary of any such state attorney fall below \$23,000 in the 1967-68 fiscal year and \$24,000 in the 1968-69 fiscal year, then any local or special law to the extent otherwise applicable shall be effective to provide a total compensation for such state attorneys up to but not to exceed \$23,000 in the 1967-68 fiscal year and \$24,000 in the 1968-69 fiscal year; provided, however, any supplement now provided by local or special acts, to the extent it does not conflict with the maximum salary herein fixed, shall not be affected or repealed by this provision.

(b) The state attorney in the eleventh judicial circuit, if he elects to serve full time, shall be paid by the state a salary of \$21,000 in 1967-68 and \$23,000 in 1968-69, provided that such state attorney while drawing the foregoing salary shall not receive from any county or municipality any supplemental salary which shall make his total salaries exceed \$27,000 in the 1967-68 fiscal year and \$28,000 in the 1968-69 fiscal year, but should the state salary of such state attorney fall below \$27,000 in the 1967-68 fiscal year and \$28,000 in the 1968-69 fiscal year, then any local or special law, home rule charter or ordinance enacted pursuant thereto, to the extent otherwise applicable shall be effective to provide a total compensation for such state attorney up to but not to exceed \$27,000 in the 1967-68 fiscal year and \$28,000 in the 1968-69 fiscal year; provided, however, any supplement now provided by local or special acts, home rule charter or ordinance enacted pursuant thereto, to the extent it does not conflict with the maximum salary herein fixed, shall not be affected or repealed by this provision.

(c) The state attorney in the sixteenth judicial circuit, if he elects to serve full time, shall be paid by the state a salary of \$15,000 in 1967-68 and \$15,500 in 1968-69, provided that such state attorney while drawing the foregoing salary, shall not receive from any county or municipality any supplemental salary.

(d) The state attorney in any judicial circuit, if he elects not to serve full time, shall be paid by the state a salary of \$14,500 per annum in the 1967-69 biennium, provided that such state attorney while drawing the foregoing salary, shall not receive from any county or municipality any supplemental salary which shall make his total salaries exceed \$14,500 per annum in the 1967-69 biennium.

(e) In all judicial circuits the assistant state attorneys shall be paid by the state a salary of \$10,000 each per annum.

(f) Full time service as contemplated in this section shall mean that the person occupying the position of state attorney or assistant state attorney shall not otherwise engage in the practice of law or accept any compensation in addition to his state and local salaries, for any legal service or referrals.

(g) If any state attorney elects to serve full time or designates an assistant state attorney to serve full time, he shall submit an affidavit to the clerk of the circuit court with certified copies to the judicial administrative commission, the state budget commission, and the state comptroller.

(h) Nothing contained in this section shall be construed to reduce the salary of any state attorney or assistant state attorney.

Section 6. The public defenders shall be paid by the state a salary of \$10,500 each per annum in the 1967-68 fiscal year and \$11,500 each per annum in the 1968-69 fiscal year, provided nothing herein shall be construed to reduce the salary of any public defender.

Unless otherwise specifically indicated reference to an agency and source of funds preceding an item is for identification purposes only; and in the instance where an item is vetoed for one fiscal year of a biennium, reference to the description of such item, i.e. "lump sum" or "other personal services" is for identification purposes only.

Therefore, pursuant to the authority vested in me, as Governor, under the provisions of the Constitution and particularly under Section 18 of Article IV, I disapprove and veto severally each of the foregoing items in said Appropriations Bill for the reasons hereinbefore stated. As to the remaining items, I approve the same. However, I cannot approve the additional \$2,129,144 for the Department of Agriculture in Item 1, and the \$1,600,000 each year in Item 40 for the Board of Forestry without again commenting that it is my belief that the primary beneficiaries of these services should be required to pay more of the cost of these services. I am approving these items only because it does not appear that this legislature will during this session enact the basic legislation required to permit these beneficiaries to pay said costs. I do believe that this principle should be established, and I look forward to this being accomplished after the proper legislative study during this next biennium.
