Prayer by Senator Richard B. Stone of the Forty-eighth Senatorial District:

Sovereign of the universe! Look down from thy holy habitation, and in mercy and favour accept the prayer and supplication of thy children, who are assembled here to consecrate this dwelling, and to offer their thanksgiving unto thee. We beseech thee, let not thy loving kindness depart, nor the covenant of thy peace be removed from them. Shield this their abode that no evil befall it. May sickness and sorrow not come nigh unto it, nor the voice of lamentation be heard within its walls. Grant that the members of the household may dwell together in this their habitation in brotherhood and fellowship, that they may love and fear thee, and cleave unto thee, and may meditate in thy Law, and be faithful to its precepts.

The pledge of allegiance to the flag of the United States of America pursuant to Senate Rule 7.2:

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

S. to include rental of office and commercial properties in the definition of sale; repealing subsection 212.08 (4), F.S.; and providing an effective date of August 1, 1967.

Was taken up. On motion by Senator Griffin, the rules were waived and CS for CS for HB 181 was read the second time by title.

Senators Shevin, Cross and Weissenborn offered the following amendment which was moved by Senator Cross:

In Section 8, insert new Section 8 as stated below and renumber Section 8 as Section 9 and renumber all remaining Sections;

Section 8. There is hereby levied an excise tax on the privilege of severing all solid minerals from the soil and waters of the state, said tax to be a sum equal to five per cent (5%) of the gross sales value at the mines, dredges, quarries or other original point of production.

It shall be the duty of any person severing any natural resource taxed in this act to make and file a return in such form as the comptroller may require and to pay tax due on or before the twentieth (20th) day of every month showing and paying taxes due for the preceding calendar month, the first report and form to be due on September 20, 1967.

It shall be the duty of the comptroller to administer and enforce this act and to collect the taxes hereby imposed, and the necessary costs of such administration, enforcement and collection shall be borne by the revenues produced by this act.

The comptroller shall distribute the taxes so collected by returning twenty-five per cent (25%) at the end of each year to the county wherein, such taxes were collected and said funds shall be placed in the county's general revenue fund, for the purpose of reducing the Ad Valorem taxes of said county in accordance with this act. The remaining seventy-five per cent (75%) of the taxes so collected shall be placed in the general revenue fund of the state.

Senator Griffin raised a point of order that the amendment was not germane to the bill since the amendment dealt with severance tax. The Chair ruled that the point was well taken and the amendment was not germane to the bill. The Chair stated that meritorious as the severance tax may

be and regardless of how difficult it was to bring it before the Senate, the rules cannot be circumvented by another approach and as the bill under consideration related to a specific form of taxation, retail sales, the amendment would be an attempt to circumvent the rules, in particular Rule 10.6.

Senator Weissenborn moved that the rules be waived and the foregoing amendment be admitted and the motion failed. The vote was:

EXPLANATION OF VOTE

CS for HB 1442 and CS for HB 1372

I voted no on both of these so-called millage rollback bills and as much as I favor relief for property owners, I feel very strongly that the approach taken by these bills is wrong. What they do is to require a millage rollback respectively in the counties and municipalities by 1969 regardless of whether the State has provided replacement revenue. This would be especially disastrous in my county where we will still be suffering in 1969 from the effects of Governor Kirk's vetoing some twenty-two million dollars from our first appropriation bills which amount was allotted for Dade County. We have experimented in this state with millage reduction bills in the past but to my knowledge they have always been tied to assessment increases (See Property Taxation in Florida, report of Legislative Reference Bureau, June 14, 1966). I think these two bills will prove rigidly unworkable but in all events since we are forcing the counties and cities to roll back their millages without giving them replacement revenues, we are certainly putting the cart before the horse.
