Heavenly Father, we confess and express our weaknesses when in any labor without the companionship and counsel of the Holy Spirit. We ask that you give to us, through this link with thee, divine energy and wisdom so that we may cope with the challenge we now study. We want to do that which is good and right for our state and its development. In the words of the great apostle Paul "I have strength for anything through him who gives me power". We need and seek this morning this comforting influence.

Guide us, O thou great Jehovah. We pray. Amen.

By Senator Chiles—

SB 31-A—A bill to be entitled An act making appropriations; providing moneys for special sessions of the legislature; providing for the allocation of said appropriations; providing an effective date.

Was read the first time by title and referred to the Committee on Ways and Means.

A quorum call was requested. A quorum of 36 members was present.

By direction of the President the Secretary read the following communication:

Honorable John E. Mathews, Jr. December 1, 1969
President
Florida State Senate
The Capitol
Tallahassee, Florida 32304

Dear Senator Mathews:

My signature has been affixed nunc pro tunc to orders of the State Board of Pardons committing Donald Douglas and Richard Daniel Copas to an institution operated by Division of Youth Services, in commutation of the three year sentence to the State Department of Corrections imposed upon said Donald Douglas and Richard Daniel Copas, minors.

The action taken by the Board of Pardons meets with my complete approval and this request is directed to you, as President of the Senate, and the same request is directed to the Honorable Frederick H. Schultz, as Speaker of the House of Representatives, to give immediate consideration to the introduction of legislation which will eliminate the possibility of juveniles of tender age being confined in an institution with hardened criminals.

There can be no such thing as an incorrigible boy. If men can be placed on the moon through engineering processes, the mind of man capable of producing that accomplishment can certainly develop programs designed to preserve our most valuable asset, namely, the youth of the world.

Sincerely,
Earl Faircloth
Attorney General

The President referred the foregoing communication to the Committee on Health, Welfare, and Institutions.

On motion by Senator Friday, the rules were waived and the Senate reverted to the order of receiving Reports of Committees.
