On each question, the electorate shall be given the opportunity to indicate their opinion on the question.

Section 2. The following questions shall be placed upon the "straw ballot" on March 14: "Do you favor an amendment to the U. S. Constitution that would prohibit forced busing and guarantee the right of each student to attend the appropriate public school nearest his home?" "Do you favor an amendment to the U. S. Constitution to allow prayer in the public schools?"

Amendment 2—On page 1 in title, strike all of lines 4 and 5 and insert the following: An act relating to a straw ballot referendum; relating to public school education; proposing certain questions to the voters of Florida and placing said questions

—and requests the concurrence of the Senate therein.

Respectfully,
ALLEN MORRIS
Clerk, House of Representatives

Senator Deeb moved that the Senate concur in House amendment 1 to CS for SB 421.

Senator Thomas moved the following amendment to House Amendment 1:

Amendment 1—On page 1, strike Sections 1 and 2, and insert:

Section 1. The President of the Florida Senate and the Speaker of the Florida House of Representatives or their designees shall use their best efforts to meet expeditiously with the President of the United States for the express purpose of advising him that the citizens of Florida oppose forced bussing which is destroying the traditional neighborhood school.

Section 2. The presiding officers of the Florida Senate and House of Representatives shall also elicit the support of Florida's congressional delegation to support appropriate congressional action to carry out the mandate of the Congress which in 1968, passed a law prohibiting forced bussing to attain racial balance.

Senator Deeb raised a point of order that the amendment to the House amendment was not germane as the House amendment calls for a straw vote and the amendment to the House amendment provides for the President of the Senate and the Speaker of the House to perform an act which they can do without this specific authorization.

The Chair ruled that the amendment to the amendment had the effect of replacing the straw ballot with an assumption pertaining to the same subject and, using that as a catalyst, to a direction to the presiding officers of both bodies to act in a philosophic keeping with that assumption and does not violate the rule of germanity, and the point of order not well taken.

On motion by Senator Weber, the rules were waived and time of adjournment was set at 11:45 a.m. or upon final action on CS for SB 421, whichever occurred later. The vote was:

Amendment 2—On page 1, line 1 strike first 15 words and insert: The president and minority leader of the Florida Senate and the Speaker of the House of Representatives and the minority leader

By permission Senator Thomas withdrew Amendment 1.

Pending further consideration of CS for SB 421, on motion by Senator Thomas, by two-thirds vote, the Senate reverted to—

MESSAGE FROM THE GOVERNOR

By direction of the President the Secretary read the following message:

The Honorable Jerry Thomas, President February 14, 1972
and the Honorable Members of the Florida Senate

Dear Members of the Senate:

With some disappointment, I have watched the progress of Senate Bill 421, which would place on the March 14 ballot a straw vote on the questions of busing and school prayer.

Generally, I am opposed to straw votes. I feel that they usually represent an abdication of responsibility by elected officials, and they mislead the people into thinking that something has been accomplished when, in fact, it has not.

On the other hand, I recognize the strength of legislative sentiment for some sort of a vote on issues of concern to our citizens on March 14.

If there is to be such a vote, my concern at this point is that it be fair and balanced, accurately reflecting the views of our people on a variety of problems facing us both as a State, and as a Nation.

Senate Bill 421, as presently amended, falls short of that criteria. It needs further amendment, not to kill it, but to improve it and make this ballot one which is worthy of the dignity which will be placed upon it by legislative sanction.

I regard the addition of at least one question to the present ballot as essential to preserving the good name of Florida and her people.

Florida is not a racist State. I believe, and certainly hope, that a minority of the people who oppose busing are motivated solely by race. Many parents who are opposed to busing as an inconvenience, hardship or disruption are, nevertheless, just as concerned that segregation end, and that every child be granted an equal opportunity to quality education regardless of race, creed, color or place of residence.

I think we owe it to those people to let them express that concern at the same time that they are registering their feelings toward busing.

We must see that our people are not misunderstood in this area, and that Florida is not misrepresented to the Nation as a State whose people are callous and unfeeling to the problems of minority children.

And so I feel very strongly that any straw ballot to come out of your Chambers should include the following question:

Do you favor providing an equal opportunity for quality education for all children regardless of race, creed, color, or place of residence and oppose a return to a dual system of public schools?

Since the Legislature apparently wants to put issues on the ballot at a time when the people are indicating a preference for the Office of President, I feel that, in fairness, the people's views on national issues should not be limited to busing and school prayer. The ballot should also deal at least with such areas as federal tax reform, American foreign policy and President Nixon's economic policies.

On the State level, I think we stand to benefit significantly from the views of the people on remaining tax reform issues, on educational restructuring and on environmental problems such as growth.

I would like to see questions related to these problems added to any ballot which you might authorize for March 14.

There is one other problem which I feel you should consider before sending this Bill to my office.

None of us is a professional pollster, but I think we all recognize the danger of prejudicial wording creeping into questions as we might phrase them. In the busing question, for example, the use of the word "forced" seems not only prejudicial, but technically incorrect, since there is no child who is actually forced by law or court order to ride a school bus. The court orders have actually involved school assignment, not transportation.

It is important that any vote bearing the sanction and dignity of this Legislature and this State be based on questions which are fairly worded.

I recognize the time problem you face in order to get any questions on the March 14 ballot.

However, you can and will meet the March 14 deadline if you have my signature on the Bill. I pledge to you that you will have that signature promptly if the Bill includes questions which are fair, broad and representative.

I trust you will give this message all due consideration. Be assured that I deliver it in sincerity and good faith.

Sincerely,
REUBIN ASKEW
Governor

The Senate resumed consideration of—

CS for SB 421—A bill to be entitled An act relating to forced busing in public schools, placing said question before the voters in the primary election to be held on March 14, 1972.

Amendment 3 to House Amendment 1—withdrawn.

Senators Weissenborn, Poston, Myers, Lewis (43rd), Gong, Graham and Hollahan offered the following amendment to House amendment 1 which was moved by Senator Weissenborn:

Amendment 4—Strike "Do you favor an amendment to the U.S. Constitution that would prohibit forced busing and guarantee the right of each student to attend the appropriate public school nearest his home?" and insert: "Do you favor an amendment to the U.S. Constitution that would prohibit forced busing and guarantee the right of each student to attend the appropriate public school nearest his home and that would guarantee to each child in the United States of America equal educational opportunity in the public school system in this nation regardless of such child's race, color, or sex."

Senator Ware moved that debate on the foregoing amendment and all additional amendments be limited to five minutes per side and the motion failed.

Amendment 4 failed by the following vote:

Explanation of Vote

We voted against this amendment solely because it was represented to us that any Senate amendment would cause the bill to be returned to the House thus making it too late to appear on the March 14, 1972, Presidential primary ballot.

Tom Johnson, 34th District*

Senators Williams, Weissenborn, Graham, Myers, Lewis (43rd), Hollahan, Gong, Poston, Fincher, Broxson, Haverfield and Trask offered the following amendment to House Amendment 1 which was adopted on motion by Senator Williams:

Amendment 5—On page 1, line 12 strike all of House Amendment 1 (Sections 1 and 2) and insert:

Section 1. On March 14, 1972, concurrent with the Florida Presidential Primary, there shall be held in all of the counties of the state a "straw ballot" to elicit the views of the public on matters of vital interest to the State of Florida.

Section 2. The following questions shall be placed upon the "straw ballot" on March 14:

"Do you favor an amendment to the U.S. Constitution that would prohibit forced busing and guarantee the right of each student to attend the appropriate public school nearest his home?"

"Do you favor providing an equal opportunity for quality education for all children regardless of race, creed, color or place of residence and oppose a return to a dual system of public schools?"

"Do you favor an amendment to the U.S. Constitution to allow prayer in the public schools?"

Section 3. This act shall take effect upon becoming a law.

By unanimous consent, Senators Horne, Barron, Childers, Bishop, Stolzenburg, Beaufort, Arnold and Brantley changed their votes from nay to yea; Senators Thomas and Scarborough were recorded as voting yea.

Explanations of Vote

The undersigned Senators state that they voted "no" on the above amendment by Senator Williams, et al. solely to prevent the bill from being delayed in passage by being re-referred to the House.

*Charles H. Weber, 37th District
Beth Johnson, 29th District
David C. Lane, 36th District
John L. Ducker, 17th District
Henry Saylor, 21st District
Warren S. Henderson, 32nd District
Tom Johnson, 34th District
William Dean Barrow, 3rd District
John W. Bell, 38th District*

I voted "no" on the amendment proposed by Senator Williams because any amendment adopted on February 14th, regardless of the subject matter, would necessitate the bill being returned to the House of Representatives where it could be further amended by members of the House and possibly delayed beyond the time certain to submit two basic questions to the citizens of Florida on the March 14, 1972 ballot.

After the majority of the Senate members did, however, adopt the amendment proposed by Senator Williams and thereby require that the bill be returned to the House of Representatives, I asked to change my vote from "no" to "yes" on this specific amendment inasmuch as I agree with Senator Williams that there should be no dual public school systems in America, but that all children be given the opportunity of equal education regardless of race, creed or color.

I am adamantly opposed, however, to busing children from their neighborhood schools to a comparable school elsewhere, simply to accomplish integration of minority races.

It is my sincere belief that if an overwhelming number of Florida citizens have an opportunity and do express their opposition to weakening the neighborhood school concept, that the Federal Congress will be moved to hasten, initiate and approve additional legislation that will negate questionable and unrealistic busing solely to accomplish integration.

Chester W. (Chet) Stolzenburg, 39th District

Senator Wilson moved that the Senate reconsider the vote by which Amendment 5 was adopted. The motion failed by the following vote:

Senator Childers offered the following amendment to House amendment 1—

Amendment 6—Add to section 2: Do you favor an amendment to the U.S. Constitution that would provide for the election of Federal Judges and Justices to the U.S. Supreme Court?

Senator Ware raised a point of order that the amendment was not germane to the subject matter of House amendment 1 and was, therefore, out of order. The Chair ruled the point well taken.

Senator Karl moved the adoption of the following amendment to House amendment 1 which failed:

Amendment 7—On page 1, Section 1, strike “on March 14, 1972, concurrent with the Florida Presidential Primary” and insert: on November 7, 1972, concurring with the General Election

On motions by Senator Deeb, the Senate concurred in House amendment 1 as amended and in House Amendment 2 to CS for SB 421.

CS for SB 421 passed as amended. The vote was:
