RESOLUTIONS

SR 326 was deferred.

SCR 425—A concurrent resolution encouraging district school boards to provide modern foreign language studies in the elementary schools and assign a high priority to the teaching of Spanish in such programs.

WHEREAS, the legislature finds that the State of Florida has deep historical and cultural ties with the Spanish-speaking peoples of this hemisphere, and

WHEREAS, geographical proximity has made Florida this country's natural gateway to the Americas, and

WHEREAS, Florida has one of the largest Latin populations of any state in the nation, and

WHEREAS, the social, cultural, economic, and political progress of this state, to a significant degree, depends on the development of an informed citizenry possessing knowledge of basic Spanish language to communicate with neighboring Spanish-speaking peoples, and

WHEREAS, in order that youngsters may exercise their common propensity to imitate and reproduce language without the proverbial inhibitions of adults, it is essential and pedagogically wise to begin a foreign language study before the age of ten, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:

That all district school boards, district superintendents and elementary principals of public schools in Florida be encouraged, when practical, to implement modern foreign language study programs and establish as first priority in those programs the teaching of Spanish.

BE IT FURTHER RESOLVED that a copy of this resolution be mailed to each district school board to aid in the encouragement of the establishment of this study program.

—was read the second time in full. On motion by Senator Broxson, SCR 425 was unanimously adopted and certified to the House.

SCR 911 was deferred.

SCR 764—A concurrent resolution designating the fourth Saturday of September of each year as "Hunting and Fishing Day," and urging that the governor issue a proclamation.

WHEREAS, due to the congestion and complexities and the tensions and frustrations of today's living, the demand for outdoor recreation, the chance to "get away from it all," has become of crucial importance, and

WHEREAS, there are few pursuits providing more opportunity for healthy exercise, peaceful solitude, and appreciation of the great outdoors than does hunting or fishing, and

WHEREAS, in Florida, this was evidenced for the 1970-71 season by the issuance of 255,802 hunting licenses and 849,145 fishing licenses, and

WHEREAS, the issuance of these licenses produced \$3,895,239.25 in revenues for the season, and

WHEREAS, the revenue produced from hunting and fishing licenses provides a rich source of funds for fish and wildlife conservation and management and for the preservation and propagation of vanishing species, and

WHEREAS, hunters and anglers traditionally have led in the effort to preserve our natural resources, and

WHEREAS, outdoor sportsmen have led in the promotion of proper respect for private as well as public property, of courtesy in the field and forest, and of boating and firearm safety programs, and

WHEREAS, Representative Robert L. F. Sikes of Florida has introduced before the United States Congress House Joint Resolution 798 to establish a national "Hunting and Fishing Day," and "Hunting and Fishing Day" is now recognized in approximately half the states, and

WHEREAS, there should be statewide recognition of the aesthetic, health, and recreational benefits of hunting and fishing and of the many worthwhile contributions of the Florida hunter and angler, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:

That the fourth Saturday of September of each year be designated as "Hunting and Fishing Day" throughout the State of Florida.

Be It Further Resolved that the governor is hereby urged to issue a proclamation declaring the fourth Saturday of September of each year "Hunting and Fishing Day."

UNFINISHED BUSINESS

Senator Ott raised a point of order that HJR 2835 was improperly shown on the calendar under the order of unfinished business as the Journal of March 10, page 397, did not reflect that the bill had been read the second time and, therefore, the 'pending amendment' has no parliamentary significance.

Senator Ott raised a further point of order that HJR 2835 had been improperly calendared on pre-emptive order as Rule 4.151 provides that a Senator may designate any two bills or resolutions introduced by said Senator (or by a committee of which he is a member) to be placed on pre-emptive order.

The President appointed a select committee of Senators Hollahan, Horne and Plante to consider the points of order raised, the records of the Senate and the pertinent rules thereto and then to advise the chair concerning same. The President further advised the select committee that the records of the transaction of business on the floor of the Senate on Friday, March 10, reflected that the amendment related by Senator Gunter was read but that the Resolution was never read a second time.

(6) In lieu of the payments outlined hereunder to the pre-construction fund the cemetery company may deliver to the department a good and sufficient completion or performance bond in an amount and by surety companies acceptable to the department.

Report of Committee by Senator Hollahan on points of order raised by Senator Ott relative to HJR 2835:

Your select committee, Mr. President, recognizes that Senator Gunter, while acting with the best of motivation, finds himself caught in a squeeze by the operation of the rules. The committee, with the concurrence of Senator Gunter, recognizes, however, that such a circumstance does not here justify the breaking of these rules if the Senate is to operate as an orderly and deliberative body. Your select committee recommends to the chair that both points appear to be well taken, that the item in question appears under the order of unfinished business at the request and direction of the chair, in an effort by the President to comply with what he had understood to be the action taken on the floor of the Senate last Friday. That in such circumstance, while it is embarrassing to all concerned, there is nothing that constitutes a waiver of the required parliamentary actions so that there was no parliamentary justification for the item to appear under unfinished business.

As to the point of order concerning the appearance of the House Resolution under pre-emptive order, inasmuch as the Senate rules provide for the pre-emptive order as to matters introduced by the Senator himself, or by a Senate Committee of which he is a member, the Senate would have to specifically waive this particular requirement and, again, through misfortune of communication the motion necessary to accomplish this has not been achieved. (We would, for whatever consolation it may be, point out to Senator Gunter that the present concern surrounding this resolution relates to its status of pre-emptive order and not of Special Order . . . and that pre-emptive order is directly associated with regular calendar, and the Senate will not again take up regular calendar items, under the Rules Committee until this following Thursday.)

Whereupon, the President ruled both points of order by Senator Ott well taken.
