HB 580—A bill to be entitled An act relating to public school system personnel; amending §231.29(2)(a), Florida Statutes, 1972 Supplement, to provide that each individual on annual contract status in any school district in the state shall have his

performance assessed at least once a year, while those on continuing contract shall be assessed in depth at least once every three (3) years; providing an effective date.

—having been read the second time and amended April 25, was taken up together with the following pending amendment:

Amendment 2—On page 2, line 2, strike “For each individual on continuing contract status in the district, there shall be an in-depth assessment made at least once every 3 years.” and insert: The contract of each individual on continuing contract status shall terminate at the end of 3 years and a new continuing contract shall be considered under the same procedure, rules and regulation as if it were being considered for the first time

Senator Graham raised a point of order that the bill deals with amending section 231.29, the section of the Statutes dealing with records of school personnel and the amendment would be appropriate if offered to section 231.36 which deals with continuing contracts and therefore the amendment was out of order.

The President ruled that under the rules of germanity an amendment to another section of the chapter could not be precluded and the point was not well taken.

Amendment 2 failed.

Amendment 3—On page 2, lines 5 and 6, insert: Section 2. Florida Statutes, Chapter 233.063 shall be amended to prevent the establishment of any new systems or enlarging upon any existing systems in a county where there is already a school operation under the provision of Chapter 488, Florida Statutes.

Section 3. This act shall take effect upon becoming a law.
