Prayer by the Rev. Jay Kowalski, Associate Minister, Saint Paul's United Methodist Church, Tallahassee:

O God, our Creator, sustainer and redeemer, we confess that as a people we have preferred our wills to yours! Forgive us for our selfishness.

Send your spirit of illumination to these persons who seek to serve the people and State of Florida. Let your wisdom give us power to be delivered from blindness and prejudice, from evil habits, from the fear of humankind and from every bondage in which we are taken.

Give to us your sense of justice, that our decisions might be permeated with that justice. Strengthen our convictions of what is just that we might stand with them no matter how the winds of opposition blow.

Fill us with your grace and love for all of humankind. Rekindle our concern for the plight of the poor, the elderly, the hungry and the ill. Keep us ever mindful of their need and cause us to do all in our power to help in every way.

Give us a spirit of reconciliation in this Senate, that we may strive to work toward the common good of the people and State of Florida—we ask in the name of Christ. Amen.

The Senate pledged allegiance to the flag of the United States of America.

Section 1. Section 378.031, Florida Statutes, 1982 Supplement, is amended to read:

378.031 Nonmandatory Land Reclamation Trust Fund.—

(1) *It is the intent of the Legislature to provide an economic incentive to reclaim lands mined including settling areas or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under s. 211.32(1)(a), in a timely manner and to encourage the reclamation of a maximum number of acres to a reclaimed state in accordance with the master reclamation plan.*

(2) *The Department of Natural Resources shall administer the non-mandatory land reclamation program. The Department is authorized to approve applications which are consistent with the master reclamation plan for participation in the nonmandatory land reclamation program.*

(3)(4) Money paid into the Nonmandatory Land Reclamation Trust Fund shall be made available for the costs expended for reclamation accomplished in accordance with programs approved by the Department of Natural Resources for lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under s. 211.32(1)(a) ~~211.32(3)~~. *The Department of Natural Resources, upon verifying that the reclamation or an allowable portion thereof has been accomplished in accordance with the standards in the master reclamation plan and the approved reclamation program and upon certifying the costs of such reclamation, shall Comptroller shall, upon written verification by the Department of Natural Resources of completion of an approved program for reclamation of lands not subject to mandatory reclamation, and upon verification of the cost of the reclamation, grant payments of funds from the Nonmandatory Land Reclamation Trust Fund, which may be on a periodic basis, in an amount equal to 100 percent of such costs less any retainage the Comptroller deems reasonable to assure completion of the reclamation program, the costs incurred in completing the reclamation program, subject to the following limitations:*

(a) A landowner shall not be entitled to payments in excess of the funds available in the Nonmandatory Land Reclamation Trust Fund.

(b) No moneys shall be paid to the landowner in excess of amounts actually expended *and reasonably necessary* to effect reclamation *that exceeds standards in the master reclamation plan.*

(c) As to lands which are deemed reclaimed without the necessity of reclamation after the adoption of the master reclamation plan, no moneys shall be paid to the landowner.

(d) Moneys shall be paid only for reclamation which is consistent with the master reclamation plan to be developed under s. 378.021 and adopted as a rule.

(4)(2) Money paid into the Nonmandatory Land Reclamation Trust Fund may also be used by the Department of Natural Resources to purchase land included within the master plan developed and adopted as a rule under s. 378.021, at a negotiated price, when the Department of Natural Resources reasonably determines that such purchase will serve the public interest because of the exceptional need to accomplish particular reclamation and restoration and finds that the landowner is unable or unwilling to restore or reclaim the land in accordance with the master plan. In the event that a sale price cannot be agreed upon, the Department of Natural Resources is authorized to exercise the power of eminent domain and to proceed to condemn said property in accordance with the provisions of chapter 73. Where property is acquired under this subsection, the Department of Natural Resources shall reclaim and restore such land as soon as practicable, with the costs of such reclamation and restoration to be paid in advance from the Nonmandatory Land Reclamation Trust Fund. Such land shall within a reasonable time thereafter be resold at public sale, at a price not less than that expended by the state for reclamation. The proceeds of such sale shall be payable to the Nonmandatory Land Reclamation Trust Fund.

(5)(3) ~~The Department of Natural Resources shall not accept any application for approval of a reclamation program which includes a request for reimbursement of funds from the Nonmandatory Land Reclamation Trust Fund after January 1, 1985.~~

(6)(4) Money paid into the Nonmandatory Land Reclamation Trust Fund may further be used to purchase lands, or any interest in lands, which have been mined or disturbed by the removal of phosphate rock prior to July 1, 1975, for the purpose of acquiring such lands or interest therein for hunting, fishing, or other outdoor recreational purposes *or wildlife habitat restoration; provided that such land acquisition is consistent with guidelines in the master reclamation plan.* Any interest in lands purchased may be less than a fee interest so long as the fee will vest in the state upon the occurrence of an event or date. An amount not to exceed 1 percent of the amount of the fund at the beginning of the fiscal year may be used by the designated manager of the lands for the purposes for which the lands were purchased, including reclamation or restoration of all or portions of the lands to enhance their wildlife values.

(7) *The Comptroller shall adopt rules to implement the payment provisions of the master reclamation plan and this section, including but not limited to, periodic reimbursements and competitive procurement of services and commodities to the extent practical unless a landowner elects to utilize its own personnel and equipment. The landowner may select a method of reimbursement from the alternatives adopted by the Comptroller.*
