Number 6

PRAYER

The following prayer was offered by the Rev. H. Ross Goodman, Minister, Tampa Unity, Tampa:

Heavenly Father of us all, lift our hearts and minds that we may serve you.

Give us the courage to do the things that come to us to do. Give us the willingness to share in the common responsibilities.

To you we intrust our country, our state, our ideals. We are but seeking to fulfill your will the best we know how.

Let us not fail in our faith in the dignity of the human spirit. Let us not falter in the vision of a nobler, kindlier way of life.

Lead us on to the tasks that lie before us.

Thank you, Father, for your blessing of guidance upon those who serve in this place as they seek to work together for the highest good of all. This we pray in your gracious name. Amen.

The Senate pledged allegiance to the flag of the United States of America.

Consideration of Vetoed Bill (1985 Regular Session)

Honorable George Firestone
 Secretary of State

June 25, 1985

Dear Mr. Secretary:

By the authority vested in me as Governor of Florida under the provisions of Article III, Section 8, of the Constitution of the State of Florida, I hereby withhold my approval of and transmit to you with my objections, Senate Bill 661, enacted by the Ninth Legislature of Florida under the Florida Constitution, 1968 Revision, during the Regular Session of 1985, and entitled:

An act relating to weapons and firearms; creating s. 790.225, F.S., prohibiting the manufacture, sale, display, use, ownership, or possession of certain self-propelled knives; providing that such self-propelled knives are dangerous and contraband; providing exceptions; providing a penalty; amending s. 790.06, F.S., authorizing the Secretary of State rather than the counties to issue licenses for the carrying of concealed weapons or firearms; providing criteria for the issuance of a license; providing for a standard application form; providing procedures for the issuance of a license; providing for license revocation in certain circumstances; providing for limitation of the license in certain circumstances; providing grandfather provisions; providing for disposition of fees collected; providing an effective date.

Senate Bill 661 expands and revises existing law to give the Secretary of State authority to issue licenses for concealed weapons. In contrast, current law gives local governments the authority and responsibility to adopt uniform policies and procedures governing the issuance of licenses for concealed weapons. Although local governments must comply with certain criteria in present law, the primary responsibility for issuance rests with the governing board of each county. Local governments may establish standards for the licensing of concealed weapons that are above and beyond present state law.

The primary difference between current law and Senate Bill 661 is the level at which governmental authority is exercised. This bill takes away the authority of locally elected officials to determine the degree of regulation of concealed weapons necessary at the local government level.

Local governments have elected to adopt standards governing the issuance of licenses to carry concealed weapons which are both more stringent and less stringent than the proposed law. These varying differences respond to local community values which are adopted by locally elected officials. The following chart indicates the varying standards established by several counties:

County	Population	Ordinance	Fee	Active Issued	
				Permits	1984
Bradford	23,687	no ordinance; commission reviews case by case basis	\$250	0	0
Broward	1,141,266	very stringent laws; extensive requirements	500	45	14
Dade	1,790,021	must be job-related; extensive requirements	450	2100	517
Duval	597,671	issuing authority is with sheriff	24	7500	*
Escambia	257,619	must be business related; extensive requirements	25	22	16
Gadsden	44,074	none; issued at	none	1	0

		discretion of county commission			
Hernando	62,971	extensive requirements	186	13	1
Hillsborough	721,352	must be business related; extensive requirements	125	31	15
Monroe	68,356	very strict requirements	250	6	*
Pinellas	798,249	must be business related; extensive requirements	227	40	8
Taylor	18,069	no ordinance; issued at discretion of sheriff & board	20	52	24

* Information not available

The issue raised by this legislation is not the constitutional right to bear arms. It is a question of whether local governments should continue to have the independent authority to provide varying standards for issuing licenses to carry concealed weapons. Local governments are in a far better position than the state to determine acceptable community standards, to respond to the needs of each individual for a license, and to evaluate individual competency with weapons. This legislation removes the authority of local governments to regulate the licensing of concealed weapons. It is important that locally elected officials retain authority to establish an effective policy regarding the issuance of licenses to carry concealed weapons.

Florida's geographic location and climate attract millions of visitors annually. Unfortunately, the transient nature of our population contributes to the crime rate. While this bill was intended to help citizens protect themselves and their property, this bill could create a proliferation of concealed weapons.

According to the *Uniform Crime Report* for 1984, 805 murders were committed in Florida last year with firearms or knives. There were 461 reported assaults against law enforcement officers with firearms or knives. Six of the murder victims were law enforcement officers, all killed by a firearm at close range. In discussing these deaths, the *Uniform Crime Report* discloses that none of the law enforcement officers had any prior warning which would have alerted them of immediate danger.

Our law enforcement officers risk their lives daily to protect our citizens and visitors. We should not ask these brave men and women to be subjected to additional risks. We look to our law enforcement officers to protect us and it is our duty to protect them.

There are other problems with the bill, as written. The bill assigns certain responsibilities to governmental agencies. However, the resources needed to implement the legislation have not been appropriated.

Sheriffs have not been given the resources to conduct background investigations on each individual.

The Department of Law Enforcement has not been given adequate resources to conduct criminal background investigations or process fingerprint profiles.

The Division of Administrative hearings has not been appropriated the resources necessary to consider administrative appeals that may be filed. The Secretary of State estimates that the Department of State will process 130,000 applications for concealed weapons licenses. If only ten percent of the applications are denied, 13,000 applicants could appeal to the Division of Administrative Hearings pursuant to Chapter 120, Florida Statutes.

This state should continue to be one in which we strive for the safest possible environment for our citizens and visitors. Any policy of this state governing the licensing of concealed weapons should be based on the sensibilities of locally elected officials. Local government can better respond to the needs of each citizen who applies for a concealed weapons license. Statewide licensing of concealed weapons would deemphasize that policy.

For the above reasons, I am withholding my approval of Senate Bill 661, Regular Session of the Legislature, commencing on April 2, 1985, and do hereby veto the same.

Sincerely,
 Bob Graham
 Governor

Senator Langley moved that SB 661 (1985 Regular Session) pass, the Governor's objections to the contrary notwithstanding.
