PRAYER

The following prayer was offered by Larry A. Hartman, Minister, Church of Christ, Floral City:

Gracious Heavenly Father, designer, creator and sustainer of the whole universe, we acknowledge that you are an awesome God with unlimited wisdom, power and compassion and with unlimited love for your crowning creation, mankind. We thank you for bestowing upon us this marvelous gift of being made in your likeness. May we strive to grow into that potential.

Help us to always respect our fellow man though they may differ from us. Help us place value on each of them and may that govern our every action. Enable us to treat others as we would like to be treated.

Loving Father, in the spirit of Benjamin Franklin, we believe you still have your hands in the affairs of mankind and so our prayer for this august body is that you bestow upon the Senate, the House and the Governor an extra measure of wisdom, compassion, courage and perseverance so that they may find workable solutions for the most pressing problems of our great state.

We thank you for blessing our state with such diverse beauty. Help us preserve it for our posterity. And now, Father, bless each Senator, their families and staff with health and happiness. Watch over them, defeat them in the ways that are wrong, encourage them and strengthen them in the ways that are right.

Thank you for your love, mercy and grace. We offer this prayer in your holy name. Amen.

PLEDGE

Senate Pages, Jennifer Welter of Vero Beach and Michael Agner of Starke, led the Senate in the pledge of allegiance to the flag of the United States of America.

(a) "Criminal Justice Estimating Conference" means the Criminal Justice Estimating Conference referred to in s. 216.136(5).

(b) "Lawful capacity" of the state correctional system means the total design capacity of all institutions and facilities in the state correctional system, increased by one-half, with the following exceptions: ~~one-third.~~

1. Medical and mental health beds must remain at design capacity.
2. Community based contracted beds must remain at design capacity.
3. The one-inmate-per-cell requirement at Florida State Prison and other maximum security facilities must be maintained pursuant to s. 944.023(7)(a).
4. Community correctional centers and drug treatment centers must be increased by one-third.
5. A housing unit may not exceed its maximum capacity pursuant to s. 944.023(7)(a) and (b).
6. A number of beds equal to 5 percent of total lawful capacity shall be deducted for management beds at institutions.

(c) "State correctional system" means the correctional system as defined in s. 944.02.

(6) Institutions within the state correctional system shall have the following design capacity factors:

(a) Rooms and prison cells between 40 square feet and 90 square feet, inclusive: one inmate per room or prison cell.

(b) Dormitory-style rooms and other rooms exceeding 90 square feet: one inmate per 55 square feet.

(c) At institutions with rooms or cells, except to the extent that separate confinement cells have been constructed, a number of rooms or prison cells equal to 3 percent of total design capacity must be deducted from design capacity and set aside for confinement purposes.

(d) Bed count calculations used to determine design capacity shall only include beds which are functional and available for use by inmates.

(7) Institutions within the state correctional system shall have the following maximum capacity factors:

(a) Rooms and prison cells between 40 square feet and 60 square feet, inclusive: one inmate per room or cell. If the room or prison cell is between 60 square feet and 90 square feet, inclusive, two inmates are allowed in each room, except that one inmate per room or prison cell is allowed at Florida State Prison or any other maximum security institution or facility which may be constructed.

(c) At institutions with rooms or cells, except to the extent that separate confinement cells have been constructed, a number of rooms or prison cells equal to 3 percent of total maximum capacity are not available for maximum capacity, and must be set aside for confinement purposes, thereby reducing maximum capacity by 6 percent since these rooms would otherwise house two inmates.

~~(e) Bed count calculations used to determine maximum capacity shall only include beds which are functional and available for use by inmates.~~

(1) The secretary may waive the lawful capacity requirements in s. 944.023 when it is necessary to ensure that inmates serve 85 percent of their sentences, as long as such a waiver will not unreasonably jeopardize the health, safety, and welfare of inmates or department personnel.

(2) As used in this section, the term "inmate-population-control emergency" means that, employing sound correctional management principles, the department has good cause to believe a temporary condition exists within the state correctional system which seriously jeopardizes the health, safety, and welfare of inmates or department personnel, and that temporary housing of inmates outside the state correctional system is necessary to alleviate the condition. An inmate-population-control emergency results from an unforeseen disaster, momentary and dangerous overcrowding, unexpected closure of a major correctional facility, or any other cause that produces a temporary condition necessitating short-term placement of inmates outside the state correctional system.

(3) In the event of an inmate-population-control emergency, the secretary of the department must certify to the Governor that the state of emergency exists. Such certification must set forth with specificity the nature of the emergency, the cause of the emergency, how the department proposes to resolve the emergency, how long the state of emergency is expected to exist, and the anticipated cost of resolving the state of emergency.

(4) Upon declaring that an inmate-population-control emergency constitutes a state of emergency pursuant to s. 252.36, the Governor may authorize the department to temporarily house inmates in its custody with county sheriffs or county-operated correctional facilities until such emergency has been resolved. Upon a finding that the department does not have sufficient funds in its budget to pay for the emergency placement outside the state correctional system, the Governor may exercise necessary emergency powers pursuant to s. 252.36 to pay for such emergency costs.
