MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2007 REGULAR SESSION

The Honorable Kurt S. Browning
Secretary of State

June 28, 2007

Dear Secretary Browning:

By the authority vested in me as Governor of the state of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to Committee Substitute for Senate Bill 682, enacted during the 39th Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to nursing facilities...

This bill makes several changes to nursing home regulatory rules. Most notably, the bill revises the frequency of nursing home quality-of-care reviews conducted by the Agency for Health Care Administration. Under current Florida law, quality-of-care monitors visit each nursing home quarterly to assess the overall quality of life and conditions of care in the facility. This bill reduces the frequency of these quality-of-care visits from quarterly to annually. I believe that facilities responsible for providing care to our most vulnerable citizens must remain under strict scrutiny, and existing law provides for this accountability and oversight.

I am committed to ensuring the highest standards of care to protect the safety and dignity of Florida's seniors. Throughout my career, I have worked to reduce abuse and neglect against seniors, and I do not believe the state should take any steps backwards in these efforts.

For these reasons, I withhold my approval of Committee Substitute for Senate Bill 682, and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

The Honorable Kurt S. Browning
Secretary of State

Dear Secretary Browning:

By the authority vested in me as Governor of the state of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to Committee Substitute for Senate Bill 900, enacted during the 39th Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to initiative petitions...

This bill provides voters with the ability to revoke their signature on the ballot initiative petitions they sign. This bill also imposes a strict 30-day deadline for the submission of initiative petitions to the Supervisors of Elections for verification. If the initiative petitions are not submitted within 30 days of the date the petitions are signed by voters, the petitions cannot be verified and are automatically rendered invalid. This provision significantly burdens the right of Florida citizens to propose amendments to the Florida Constitution by increasing the likelihood that voters, through no fault of their own, will be denied the opportunity to have their voices heard.

Floridians are guaranteed the right to participate in the political process and to amend the Constitution via citizen initiatives. The right of Florida's citizens to petition their government is one of the most precious rights protected by the Bill of Rights and is fundamental to the very idea of a republican form of government. The right is older than Florida's statehood—it is among the core political principles on which our Nation was founded, and thus, defines us as Americans. Because the 30-day submission requirement in this bill unnecessarily restricts that right, it cannot be justified.

For the reasons stated above, I am hereby withholding my approval of Committee Substitute for Senate Bill 900 and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

The Honorable Kurt S. Browning
Secretary of State

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you with my objections, Committee Substitute for Committee Substitute for Senate Bill 920, enacted during the 39th Session of the Legislature of Florida and convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to cosmetology...

The bill makes substantial changes to Florida's cosmetology statutes. It creates a new cosmetology license separated into specialty licenses for hair technicians, estheticians, nail technicians, and cosmetologists, and provides specific education requirements for each.

While I support efforts to protect the public, I am concerned that this bill provides too much regulation without a justifiable need. I believe that government exists to accomplish the will of the people, not to restrict economic or personal liberties. This bill dramatically increases the educational requirements that a person must meet before entering the workplace - in some cases, it more than doubles the current requirements. I am concerned that this bill is overly burdensome and would have negative impacts on peoples' livelihoods. Regulation should protect the public, but not limit competition or act at state sponsored protectionism against free enterprise.

For this reason, I withhold my approval of Committee Substitute for Committee Substitute for Senate Bill 920, and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

The Honorable Kurt S. Browning

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to Committee Substitute for Committee Substitute for Senate Bill 1030, enacted during the 39th Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2007, and entitled:

An act relating to court costs...

This bill increases court costs for certain criminal and non-criminal violations of law and earmarks the additional funds for criminal justice training programs. The funding for these programs has remained stable at approximately \$80 per officer for several years, even as our police force has grown dramatically. The increases sought by this bill would result in another \$1.5 million for these programs—52% of that increase would be borne by criminals and 48% by non-criminal violations.

While imposing increases on criminals is fair punishment, placing an additional financial burden on someone who may have only violated a swimming or diving regulation is unreasonable. Increased costs imposed on our citizens for non-criminal acts place a significant burden on many who are struggling financially.

While I support providing as many tools as possible for our police officers, I do not support doing it on the backs of Floridians who have committed non-criminal violations. Instead, I respectfully suggest that the Legislature next year provide greater increases on criminals than is contemplated in this bill in order to increase funding for these important training programs.

For the reasons stated above, I am hereby withholding my approval of Committee Substitute for Committee Substitute for Senate Bill 1030,

and do hereby veto the same. I encourage the Legislature to carefully consider the financial burdens placed on non-criminal offenses.

Sincerely,
Charlie Crist, Governor

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you with my objections, for Senate Bill 1104, enacted during the 39th session of the Legislature, convened under the Constitution of 1968, during the Regular Session of 2007, and entitled:

An act relating to Vessels/Registration Fee...

Senate Bill 1104 would increase vessel registration fees by \$2 to provide a dedicated funding source for derelict vessel removal. While I understand that derelict vessels are a serious concern and impact the safety and navigation of Florida's waterways, the \$2 increase imposes an unfair tax on Florida's responsible boaters. I do not support levying a tax against all Florida vessel owners to clean up the abandoned and destroyed vessels of a few.

Recently enacted Florida law already provides appropriate mechanisms to remove derelict vessels, and these methods should be thoroughly utilized before increasing vessel registration fees on all boaters. Specifically, Florida law allows local law enforcement agencies and officers of the Fish and Wildlife Conservation Commission to investigate abandoned or destroyed vessels and impose the cost of removal to the owner of the vessel. Marinas also have the authority to remove derelict or abandoned vessels from a marina and recoup any costs from the vessel owner.

Furthermore, Senate Bill 1104 was heard by only one legislative committee of reference and lacked the normal public input usually afforded such increases.

For these reasons, I withhold my approval of Senate Bill 1104 and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you with my objections, for Committee Substitute for Senate Bill 1116, enacted during the 39th session of the Legislature, convened under the Constitution of 1968, during the Regular Session of 2007, and entitled:

An act relating to health care...

This bill authorizes several changes to the Medicaid program. Because this program serves the most vulnerable among us, I have carefully scrutinized the changes to the Medicaid budget to ensure that taxpayers' dollars are being spent prudently on services that improve people's lives.

Some of the provisions in this bill are good public policy: allowing older individuals to receive mental health treatment in specialty hospitals; providing hospice services to seniors in the Nursing Home Diversion Waiver; and providing nursing homes adequate rates to care for and protect Florida's seniors. I will work to implement many of these provisions through existing authority and appropriation.

However, this legislation also includes some alarming provisions: the elimination of consumer protections and provider accountability for behavioral health services; the requirement that certain brand name drugs are used instead of more cost-effective generic drugs; provider rate increases above and beyond the \$218 million already given to providers in the 2007 Session; and the delayed implementation of Medicaid reform.

Even more disturbing is the fact that many of these provider-driven provisions were not discussed in an open forum but were, instead, added to the bill at the last minute without a proper public hearing. Our representative democracy demands that legislation which impacts the lives of Florida's most vulnerable citizens be debated in a deliberative and transparent forum.

More specifically, this bill requires doctors to use more expensive brand name drugs for transplant patients, thereby increasing costs to the Medicaid program by \$500,000 in the first year alone. This legislation would set a precedent for pharmaceutical manufacturers to limit Medicaid's ability to negotiate generic rebates and manage its preferred drug list and impairs competition in the market. This provision directly contravenes the state's laudable goal of containing prescription drug costs.

In addition, this bill requires less accountability in the way some providers spend money. Current law requires behavioral health service providers to spend at least 80% of their Medicaid payments on patient care instead of administrative overhead. If these providers fail to meet this requirement, the state may demand a refund. Under these provisions, the state has collected millions each year in refunds when providers have spent their money on expenses other than patient care. This bill eliminates this very effective tool, thereby obfuscating transparency and accountability in the Medicaid program. I believe that this provision significantly dilutes Medicaid's primary purpose to provide cost effective direct services to Florida's most vulnerable.

Also, this legislation increases Medicaid providers' rates above the ten percent increase (\$218,833,783) already provided by the 2007 Legislature. This additional increase will cost taxpayers an additional \$5 million next year, approximately \$25 million in the second year, and approximately \$43 million in the third year of implementation. These additional rate increases are not justified.

Finally, the bill delays the use of actual cost data when determining rates for behavioral health services. This impedes the implementation of Medicaid reform and appropriate rate setting.

For these reasons, I withhold my approval of Committee Substitute for Senate Bill 1116 and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

Dear Secretary Browning:

By the authority vested in me as the Governor of Florida, and under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Committee Substitute for Senate Bill 1758, enacted during the 39th Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to hospitals ...

This bill places a moratorium on the licensure of off-site hospital emergency departments until July 1, 2009, except for hospitals that are currently in the process of establishing a freestanding emergency department.

Florida's emergency departments face many challenges, including overcrowding and long wait times for patients. I am firmly committed to ensuring better access to quality health care, and I believe that a competitive marketplace is the cornerstone for improving these services. This bill creates a moratorium on the building of off-site emergency departments, thus reducing competition and consumer options in the marketplace.

The Agency for Health Care Administration has strict requirements for licensing emergency departments at hospitals to ensure patient safety, but does not currently have standards that are unique to off-site emergency departments. Accordingly, I direct the Agency for Health Care Administration and the Department of Health to assess additional standards, including patient transportation protocols and distance requirements between off-site emergency departments and full service hospitals, as well as standards for other aspects of emergency care including access to specialty and ancillary services. The Agency will work with Florida's health care providers and the Legislature to accomplish these goals.

For these reasons, I withhold my approval of Committee Substitute for Senate Bill 1758, and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

The Honorable Kurt S. Browning
Secretary of State

June 11, 2007

Dear Secretary Browning:

By the authority vested in me as the Governor of Florida, and under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby transmit Committee Substitute for Senate Bill 2498 with my signature, enacted during the 39th Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to hurricane preparedness and insurance...

This bill contains many important consumer protections that will help make property insurance more affordable, including freezing rate increases for Citizens Property Insurance Corporation until January 1, 2009, and making Citizens coverage available to more Floridians. This bill also requires national insurance companies and their Florida subsidiaries to be more transparent about their profits during the rate making process.

While I support the necessary reforms set forth in this legislation, I have reservations about a specific provision of the bill that circumvents established processes, provides a direct appropriation, and spends funds unnecessarily. Section 28 of this bill provides a direct appropriation of \$600,000 for the creation of a task force with the purported goal of reviewing Citizens' "mission." First, the earmarking of funds for a particular entity is objectionable in this context because it was not reviewed and subjected to the same standards and processes as all other appropriations. Moreover, Citizens' mission is amply set forth in section 11 of this bill. The appropriation thus represents an unnecessary expenditure of state funds. I, therefore, will not support this \$600,000 appropriation.

I hereby transmit Committee Substitute for Senate Bill 2498 with my signature, but withhold my approval of and hereby veto the following section:

Section 28. For the 2007-2008 fiscal year, the nonrecurring sum of \$600,000 is appropriated from the Insurance Regulatory Trust Fund to the Department of Financial Services for the purposes set forth in this act relating to the Citizens Property Insurance Corporation Mission Review Task Force.

Sincerely,
Charlie Crist, Governor

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you with my objections, Committee Substitute for Senate Bill 2512, enacted during the 39th Session of the Legislature of Florida and convened under the Constitution of 1968, during the Regular Session of 2007 and entitled:

An act relating to public school educator certification...

This bill will reduce the required professional development from 300 hours to 60 hours for reading teachers who teach students who speak English as a second language. I am concerned that this reduction may impede these students' academic, social, and cultural progress. The Florida Hispanic Legislative Caucus has also unanimously expressed similar concerns about this bill in a recent letter to me.

Florida holds high academic standards for its students. Reading is the cornerstone of learning, and reading teachers are the foundation through which students achieve these standards. It is imperative that our students learn to read English from the highest-quality instructors so that they can succeed more readily in other subjects. Accordingly, I cannot justify lower standards for these teachers.

For these reasons, I withhold my approval of Committee Substitute for Senate Bill 2512, and do hereby veto the same.

Sincerely,
Charlie Crist, Governor

The Honorable Kurt S. Browning

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2800, enacted during the 39th Session of the Legislature convened under the Constitution of 1968, and entitled:

An act making appropriations; providing moneys for the annual period beginning July 1, 2007, and ending June 30, 2008, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

The 2007-08 General Appropriations Act reflects a comprehensive plan to address the people's priorities for the future. The Florida Legislature, under the capable leadership of President Ken Pruitt and Speaker Marco Rubio, has developed a responsible, fiscally sound budget that supports the enduring commitments in education, environmental preservation, public safety, transportation, and public assistance programs that help millions of Floridians in times of need.

Since taking office 143 days ago, I have spoken often about fiscal responsibility and the need to tighten our belts. We must remember that each and every dollar we spend is the people's hard-earned money and we have a responsibility to spend it wisely. I have constantly been reminded of my constitutional duties regarding the budget and have kept these principles in the forefront as I have thoughtfully and thoroughly considered each item presented in the 2007-08 General Appropriations Act.

While the budget contains many worthwhile projects, I believe some of these projects are more appropriately funded by private organizations and charities or are the responsibility of local governments and not the state. Furthermore, because we anticipate a tight budget year and must live within our means, I have carefully reviewed the merits of any new programs contained in the budget and have considered the performance results of many existing programs that continue to receive funding.

With these thoughts in mind, I find that Senate Bill 2800 funds programs, projects, and policies that I cannot approve either because

- 1.) they do not follow the principles listed in this message;
- 2.) they are worthwhile projects that we simply cannot afford this year; or
- 3.) they place an additional burden or cost on everyday Floridians who are struggling to make ends meet due to increasing gasoline prices and property tax assessments.

My constitutional role in this process is to evaluate each individual program, project, and policy reflected in the General Appropriations Act. In doing this evaluation, I have been guided by the following principles.

In general, all projects, programs, and policies should:

- Fall within the statewide policy priorities established by the Governor and the Legislature;
- Have purposes and goals consistent with the agency in which the project is funded;
- Be funded with an appropriate funding source;
- Demonstrate satisfactory performance if previously funded with state dollars;
- Follow the process or criteria established by an independent body (if applicable) and;
- Serve the people's priorities.

Notwithstanding these criteria, however, I reserve the right to exercise my constitutional authority to veto any project that in my estimation fails to promote sound policy, good government, or fails to spend the people's money wisely in light of the limited funds available in a tight budget year.

For these reasons, I do hereby withhold my approval of the following line items in the 2007-08 General Appropriations Act:

"From the funds in Specific Appropriation 99A, \$1,000,000 shall be for an Innovative Reading Pilot Program to provide for an Internet-delivered interactive reading instruction program for students in prekindergarten through third grade. The program shall be developed using scientifically-based reading research to explicitly and systematically teach all five key areas of reading: phonemic awareness, phonics, vocabulary, fluency, and comprehension. Performance data and instruction shall be fully integrated into a single program. The program shall differentiate instruction in real-time based upon student interactions and cumulative performance data. The student's path of instruction shall be automatically adapted in real-time based upon those interactions. The program shall have scaffolded teaching cycles that introduce, teach, and model each skill as well as provide ample guided and independent practice. Each teaching cycle shall incorporate reading-connected text in interactive decodable books within the Internet-delivered program that cumulatively reviews previously taught skills. The program

shall automatically assess students prior to, throughout, and after each cycle as well as cumulatively throughout the program to determine each child's skill level without teacher intervention. The program must provide real-time student assessment reports that give detailed performance information that is automatically analyzed to identify struggling students, link to recommended teacher-directed instruction, and document a history of individual student interventions. The reports shall be accessible from any computer connected to the Internet. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2007, to allow for full implementation of the program in the 2007-2008 school year.

The Innovative Reading Pilot Program funds shall be allocated as follows:

From the funds in Specific Appropriation 99A, \$1,000,000 is provided for the LEP Student Reading Pilot Program that must be accessible from any Internet-based computer while providing an audit trail of students' work for teachers and administrators and daily progress monitoring. It must be correlated to the Florida Sunshine State Standards and capable of implementation in upper elementary, middle, and high school as well as adult education. It shall provide a literacy intervention program for newcomers, early readers, or emerging readers through multicultural stories in different genres (biographies, short stories, myths and legends, and poems). The instruction must integrate reading, listening, writing, and speaking activities through extensive lesson plans and printable student worksheets for establishing a portfolio demonstrating reading proficiency. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2007, to allow for full implementation of the program in the 2007-2008 school year.

"Funds for the Online Library Pilot Project are provided for an electronic web-based library pilot project for high school dual enrollment, AP, IB, and AICE programs. The pilot shall consist of at least one large, one medium, and one small school district. The Panhandle Area Educational Consortium shall make the final selection of the pilot districts. The electronic online library pilot must include, but is not limited to, complete cover-to-cover books and staff development activities for teachers participating in the pilot.

Funds for High School Manufacturing Lab Assistance Grants shall be provided to four advanced manufacturing lab sites, one each in Broward, Duval, Lee, and Orange counties. High school students shall be trained at each site to acquire skills required for employment in the manufacturing sector. The curriculum shall be project-based; include rigorous multimedia-delivered lessons; and be delivered in industry-approved LAP format. The equipment used shall be industry-standard and manufactured, sold, and serviced in the United States. Funds shall also be used for teacher training. Certification may be offered through the Manufacturing Skill and Standards Council.

Funds for Middle School Science Labs for Struggling Schools are provided for ten labs, one in each of the three educational consortia, and one each in Broward, Duval, Hillsborough, Orange, Palm Beach, St. Lucie, and Volusia counties. The lab curriculum shall include three performance assessments; provide pre- and post-testing of each topic; be browser-based; allow teachers to monitor student progress; and allow students to conduct career investigations of each topic. Students shall work in cooperative pairs and student academic gains and gains in average daily attendance shall be documented.

Funds allocated for Florida's Move HERE Program are for a pilot to develop a district operated one-time interest free loan program to pay costs associated with relocation expenses to aid in the recruitment and retention of highly qualified teachers. Relocation expenses for teachers include payments such as utility hook-ups and deposits, moving expenses, phone deposits, and first and last month's rent deposits. The sum of \$1,000,000 shall be further allocated to the following for pilot projects: \$433,333 to the District School Board for Orange County; \$233,333 to the District School Board for Osceola County; \$100,000 to the District School Board for Clay County and \$233,334 for small school district consortia."

"Funds for the Children's Literacy Center - Charter School Level 1 Reader Intensive Improvement Program are provided to continue the program funded in Fiscal Year 2006-2007, chapter 2006-25, Laws of Florida.

Funds for the Brevard High School Technology Demonstration Program are provided for a pilot program in Brevard County to improve student academic achievement through the use of innovative handheld mobile technologies capable of audio and video for students and teachers in the 7th through 10th grades. Not less than \$150,000 shall be used for a school district program to improve reading for FCAT Level I and II readers. The program shall enable students to access digital instructional content during and outside of the school day and shall be implemented no later than September 30, 2007. The district shall coordinate with Brevard Community College for the implementation of this project which can include dual enrollment, remedial education, and teacher professional development. The school district shall report to the Department of Education on the implementation of this program no later than January 31, 2008. The Department of Education shall report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council no later than March 1, 2008.

Funds for the School District Volunteer Training Grant Program shall be used to provide each eligible school district an incentive grant of \$2,500 for the delivery and support of training for volunteers, mentors, and business partners. Before any funds provided for the School District Volunteer Training Program may be released, the public school district must certify to the Commissioner of Education that the school district will participate in statewide training. The amount of \$50,000 is allocated to the Panhandle Area Educational Consortium to provide funding to create new on-line training and statewide delivery of programs for volunteers, mentors, and business partners. The amount of \$10,000 shall be allocated to support the Florida Partners in Education statewide conference by pro-

viding stipends, registration, and training for volunteer coordinators supporting rural participation.”

“From the funds provided for the Automated External Defibrillator Grant Program, the Department of Education shall establish a grant program to assist school districts in equipping each school with one defibrillator.”

"Internet Filter Pilot Project..... 400,000

Funds provided for the Statewide Consortium District Technology Upgrade Project-PAEC are to provide upgraded technology to classrooms, media centers and technology learning labs. For participating districts, this upgraded technology shall be considered a single source procurement not limited to any state threshold or bidding obligation.”

“Funds in Specific Appropriation 117 for the Internet Filter Pilot Project in the amount of \$400,000 shall be further allocated: \$100,000 to the Orange County School District; \$100,000 to the Duval County School District; \$100,000 to the Hillsborough County School District; \$50,000 to the Putnam County School District; and \$50,000 to the Jackson County School District. Funds are provided for the implementation of a pilot project for middle and high schools using specific technology that blocks or filters Internet access to content that provides for interaction between students and sexual predators on social networking sites along with blocking access to other harmful sites unrelated to educational enhancements for learning. Costs shall not exceed \$10,000 per participating school.”

Specific Appropriation 125

Pages 40 through 42 - A portion of proviso language

“From the funds in Specific Appropriation 125, \$2,000,000 from the General Revenue Fund is provided for competitive grants to enhance the training and production of skilled individuals to support the construction industry in Florida, of which \$200,000 shall be used to give priority to rural communities in which minorities comprise a majority of the population. Funds shall only be used for new or expanded apprenticeship programs to provide more trained workers and shall not supplant funds provided for apprenticeship programs in the 2006-2007 fiscal year. The Department of Education shall establish competitive bid criteria and requirements for grant contracts and shall solicit proposals from local education agencies, construction trade associations, registered apprenticeship organizations, and private postsecondary institutions with demonstrated experience in providing education in the skilled construction trades for the use of these funds. Grant recipients must agree to maintain the level of support for training in the skilled construction trades which was provided during the 2006-2007 fiscal year. Criteria for awarding grants shall include: the degree to which proposals address deficiencies in skilled construction workers in a particular area; the applicant’s history of working successfully and cooperatively with the industry; the applicant’s history of successfully placing trained workers in high wage jobs; the applicant’s willingness to enroll black males, ex-offenders, and single mothers with children; and the cost-effectiveness of the proposal.”

"1297A SPECIAL CATEGORIES GRANTS AND AIDS - ANTI-GANG INITIATIVES FROM GENERAL REVENUE FUND	1,500,000
---	-----------

Funds in Specific Appropriation 1297A are provided for grants to assist local efforts to prevent, detect and prosecute criminal activity committed by organized criminal street gangs. Grants shall be awarded to local consortia which must include the State Attorney, local law enforcement and local crime prevention organizations. Local crime prevention organizations may include, but are not limited to, the local juvenile justice boards, local non-profit community service organizations, and local school boards. Each consortium must identify a single organization to serve as the primary point of contact between the Department of Law Enforcement and the local consortium. Proposals must include the three components of enhanced law enforcement, prosecution and prevention in order to be eligible for a grant award. Grants will be awarded on a competitive basis and will be subject to a 50 percent local match which may be provided in the form of in-kind services. Proposals will be evaluated based on (1) the extent to which the three components of law enforcement, prosecution, and prevention are appropriately balanced and coordinated to reduce gang-related crime; (2) the amount of local match; (3) the extent to which resources are targeted to neighborhoods or areas which are most at risk of gang-related crime. No grant shall exceed \$1 million."

These funds shall be used for the authority's initial start-up costs, administration and expense, and to develop a master plan, including day-to-day operations. This funding may be utilized for expenses and costs including, but not limited to, recruiting and hiring an executive director and appropriate staff, securing office and meeting space, supporting communications and meetings (including related travel expenses) of the authority's governing board and committees, and contracting the necessary professional services to fulfill the requirements of the master plan. Allocation of this initial funding does not preclude the authority from seeking additional funding support as may be necessary from federal, state or local agencies in support of the powers and duties and administrative activities defined above.

Additionally, the department may use other monies, upon the request of the authority, to assist the authority in fulfilling its mission, including but not limited to, planning and engineering analysis, research, legal assistance, surveying, cost estimating, project management and any other department activities that could be utilized to assist the authority in accomplishing its mission and purpose. The department shall, by September 1, 2007, provide a report reviewing planned activities necessary to implement this section. The report should include a proposed action plan to resolve issues, if any, related to the implementation of this plan and shall be submitted to the chair of the Senate Fiscal Policy and Calendar Committee, and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.

From funds in Specific Appropriation 2266, \$3,000,000 in non-recurring funds from the State Transportation Trust Fund is provided for the Northwest Florida Transportation Corridor Authority's administrative costs."

"From the funds in Specific Appropriation 2889, up to \$250,000 shall be transferred to the Office of Program Policy Analysis and Government Accountability (OPPAGA) to conduct a performance review of the Department of Lottery's marketing program. The purpose of the review is to determine the program's effectiveness and efficiency of expending lottery proceeds for marketing in order to maximize education funding. The review shall include demographics of the Lottery's historical marketing and promotion expenditures, including marketing media, geographic media exposure, and demographic focus of funds disbursed. OPPAGA shall research marketing strategies of other state lotteries to assess alternative marketing strategies that might be applicable to the Florida Lottery.

The review shall assess the impact of the Lottery's use of licensed-property games as a promotional tool, the cost-benefit of their use of licensed logos, the methodology used for the contractual provisions, and results of a geographic survey of customer response to over-all game choices.

The review shall also assess the impact of the Lottery's participation in sponsorship events to promote the Florida Lottery, the cost-benefit of this participation, and a review of the detailed methodologies of the contractual provisions currently in place at the Florida Lottery.

OPPAGA may contract with a private entity to conduct or assist with the review. OPPAGA shall submit a report on the review with the findings and recommendations to the Speaker of the House of Representatives, the President of the Senate, and the Executive Office of the Governor by March 1, 2008."
