Almighty Lord God, thank you for your grace and your never ending love that we do not deserve. Thank you for every breath you give us. Thank you that we are alive and well and can be here today.

Thank you for the gift of our nation. What a beautiful land we live in. Thank you for the prosperity of our nation. May we as individuals bless others as we have been blessed by you.

Lord God, this nation was founded upon principles of freedom and justice. May we always seek to uphold justice. Please give us discernment about what is true justice.

I pray today for our President and Senators. We thank you for sending us men and women of wisdom and we pray you would continue to do this. Please guide and direct our leaders. Assist with your spirit of counsel and fortify the President and our other government leaders of Florida and the United States. May they always seek the ways of righteousness, justice and mercy. Lord, may they be enabled by your powerful protection to lead our country with honesty and integrity. Please give them discernment and good judgment.

May we all uphold our nation’s Constitution and seek justice for all. Lord, give all of us the courage we need to do what is right and to serve you, the judge of all.

(h) *Effective January 1, 2011, this system shall require employee and employer contributions as provided in s. 121.071 and part III of this chapter. As of January 1, 2011, the rights of members of the retirement system established by this chapter are declared to be of a contractual nature, entered into between the member and the state, and such rights shall be legally enforceable as valid contract rights and shall not be abridged in any way.*

Section 2. Paragraph (a) of subsection (19) and subsections (39), (55), and (59) of section 121.021, Florida Statutes, are amended to read:

121.021 Definitions.—The following words and phrases as used in this chapter have the respective meanings set forth unless a different meaning is plainly required by the context:

(a) Service for which the member had credit under one of the existing systems and received a refund of his or her contributions upon termination of employment. Prior service shall also include that service ~~between December 1, 1970, and the date the system becomes non-contributory~~ for which the member had credit under the Florida Retirement System and received a refund of his or her contributions upon termination of employment.

(39)(a) "Termination" occurs, except as provided in paragraph (b), when a member ceases all employment relationships with an employer, however:

1. For retirements effective before July 1, 2010, if a member is employed by any such employer within the next calendar month, termination shall be deemed not to have occurred. A leave of absence constitutes a continuation of the employment relationship, except that a leave of absence without pay due to disability may constitute termina-

The department or state board may require other evidence of termination as it deems necessary.

(b) "Termination" for a member electing to participate in the Deferred Retirement Option Program occurs when the program participant ceases all employment relationships with an employer in accordance with s. 121.091(13), however:

1. For termination dates occurring before July 1, 2010, if the participant is employed by any such employer within the next calendar month, termination will be deemed not to have occurred, except as provided in s. 121.091(13)(b)4.c. A leave of absence shall constitute a continuation of the employment relationship.

2. For termination dates occurring on or after July 1, 2010, if the participant becomes employed by any such employer within the next 6 calendar months, termination will be deemed not to have occurred, except as provided in s. 121.091(13)(b)4.c. A leave of absence constitutes a continuation of the employment relationship.

(c) *Effective January 1, 2011, "termination" for a member receiving a refund of employee contributions occurs when a member ceases all employment relationships with an employer for 3 calendar months.*

(55) "Benefit" means any *pension* payment, lump-sum or periodic, to a member, retiree, or beneficiary, based ~~partially or entirely~~ on employer contributions *and employee contributions, if applicable.*

121.051 Participation in the system.—

(2) OPTIONAL PARTICIPATION.—

(b)1. The governing body of any municipality, metropolitan planning organization, or special district in the state may elect to participate in the system upon proper application to the administrator and may cover all or any of its units as approved by the Secretary of Health and Human Services and the administrator. The department shall adopt rules establishing provisions for the submission of documents necessary for such application. Prior to being approved for participation in the Florida Retirement System, the governing body of any such municipality, metropolitan planning organization, or special district that has a local retirement system shall submit to the administrator a certified financial statement showing the condition of the local retirement system as of a date within 3 months prior to the proposed effective date of membership in the Florida Retirement System. The statement must be certified by a recognized accounting firm that is independent of the local retirement system. All required documents necessary for extending Florida Retirement System coverage must be received by the department for consideration at least 15 days prior to the proposed effective date of coverage. If the municipality, metropolitan planning organization, or special district does not comply with this requirement, the department may require that the effective date of coverage be changed.

2. Any city, metropolitan planning organization, or special district that has an existing retirement system covering the employees in the units that are to be brought under the Florida Retirement System may participate only after holding a referendum in which all employees in the affected units have the right to participate. Only those employees electing coverage under the Florida Retirement System by affirmative vote in said referendum shall be eligible for coverage under this chapter, and those not participating or electing not to be covered by the Florida Retirement System shall remain in their present systems and shall not be eligible for coverage under this chapter. After the referendum is held,

all future employees shall be compulsory members of the Florida Retirement System.

3. *At the time of joining the Florida Retirement System*, the governing body of any city, metropolitan planning organization, or special district complying with subparagraph 1. may elect to provide, or not provide, benefits based on past service of officers and employees as described in s. 121.081(1). However, if such employer elects to provide past service benefits, such benefits must be provided for all officers and employees of its covered group.

4. Once this election is made and approved it may not be revoked, except pursuant to subparagraphs 5. and 6., and all present officers and employees electing coverage under this chapter and all future officers and employees shall be compulsory members of the Florida Retirement System.

5. Subject to the conditions set forth in subparagraph 6., the governing body of any hospital licensed under chapter 395 which is governed by the board of a special district as defined in s. 189.403(1) or by the board of trustees of a public health trust created under s. 154.07, hereinafter referred to as "hospital district," and which participates in the system, may elect to cease participation in the system with regard to future employees in accordance with the following procedure:

a. No more than 30 days and at least 7 days before adopting a resolution to partially withdraw from the Florida Retirement System and establish an alternative retirement plan for future employees, a public hearing must be held on the proposed withdrawal and proposed alternative plan.

b. From 7 to 15 days before such hearing, notice of intent to withdraw, specifying the time and place of the hearing, must be provided in writing to employees of the hospital district proposing partial withdrawal and must be published in a newspaper of general circulation in the area affected, as provided by ss. 50.011-50.031. Proof of publication of such notice shall be submitted to the Department of Management Services.

c. The governing body of any hospital district seeking to partially withdraw from the system must, before such hearing, have an actuarial report prepared and certified by an enrolled actuary, as defined in s. 112.625(3), illustrating the cost to the hospital district of providing, through the retirement plan that the hospital district is to adopt, benefits for new employees comparable to those provided under the Florida Retirement System.

d. Upon meeting all applicable requirements of this subparagraph, and subject to the conditions set forth in subparagraph 6., partial withdrawal from the system and adoption of the alternative retirement plan may be accomplished by resolution duly adopted by the hospital district board. The hospital district board must provide written notice of such withdrawal to the division by mailing a copy of the resolution to the division, postmarked no later than December 15, 1995. The withdrawal shall take effect January 1, 1996.

6. Following the adoption of a resolution under sub-subparagraph 5.d., all employees of the withdrawing hospital district who were participants in the Florida Retirement System prior to January 1, 1996, shall remain as participants in the system for as long as they are employees of the hospital district, and all rights, duties, and obligations between the hospital district, the system, and the employees shall remain in full force and effect. Any employee who is hired or appointed on or after January 1, 1996, may not participate in the Florida Retirement System, and the withdrawing hospital district shall have no obligation to the system with respect to such employees.

(d) The governing body of a charter school or a charter technical career center may elect to participate in the system upon proper application to the administrator and shall cover its units as approved by the Secretary of Health and Human Services and the administrator. *At the time of joining the Florida Retirement System, the governing body of the charter school may elect to provide, or not provide, benefits based on past service of officers and employees as described in s. 121.081(1).* Once this election is made and approved, it may not be revoked, and all present officers and employees selecting coverage under this chapter and all future officers and employees shall be compulsory members of the Florida Retirement System.

(3) SOCIAL SECURITY COVERAGE.—Social security coverage shall be provided for all officers and employees who become members under the provisions of subsection (1) or subsection (2). Any modification of the present agreement with the Social Security Administration, or referendum required under the Social Security Act, for the purpose of providing social security coverage for any member shall be requested by the state agency in compliance with the applicable provisions of the Social Security Act governing such coverage. However, retroactive social security coverage for service prior to December 1, 1970, with the employer shall not be provided for any member who was not covered under the agreement as of November 30, 1970. *The employer-paid employee contributions specified in s. 121.71(2) are subject to taxes imposed under the Federal Insurance Contributions Act, 26 U.S.C. ss. 3101-3128.*

Section 4. Paragraph (b) of subsection (5) of section 121.0515, Florida Statutes, is amended to read:

121.0515 Special risk membership.—

(5) CREDIT FOR PAST SERVICE.—A special risk member may purchase retirement credit in the Special Risk Class based upon past service, and may upgrade retirement credit for such past service, to the extent of 2 percent of the member's average monthly compensation as specified in s. 121.091(1)(a) for such service as follows:

(b) Contributions for upgrading the additional special risk credit pursuant to this subsection shall be equal to the difference in the employer and, if applicable, employee contributions paid and the special risk percentage rate of gross salary in effect at the time of purchase for the period being claimed, plus interest thereon at the rate of 4 percent a year compounded annually from the date of such service until July 1, 1975, and 6.5 percent a year thereafter until the date of payment. This past service may be purchased by the member or by the employer on behalf of the member.

Section 5. Paragraphs (a) and (d) of subsection (4) and paragraph (b) of subsection (7) of section 121.052, Florida Statutes, are amended, present paragraph (c) of subsection (7) of that section is redesignated as paragraph (d), and a new paragraph (c) is added to that subsection, to read:

121.052 Membership class of elected officers.—

(4) PARTICIPATION BY ELECTED OFFICERS SERVING A SHORTENED TERM DUE TO APPORTIONMENT, FEDERAL INTERVENTION, ETC.—

(a) Any duly elected officer whose term of office was shortened by legislative or judicial apportionment pursuant to the provisions of s. 16, Art. III of the State Constitution may, after the term of office to which he or she was elected is completed, pay into the System Trust Fund the amount of contributions that would have been made by the officer or the officer's employer on his or her behalf, plus 4 percent interest compounded annually from the date he or she left office until July 1, 1975, and 6.5 percent interest compounded annually thereafter, and may receive service credit for the length of time the officer would have served if such term had not been shortened by apportionment.

(d1). Any justice or judge, or any retired justice or judge who retired before July 1, 1993, who has attained the age of 70 years and who is prevented under s. 8, Art. V of the State Constitution from completing his or her term of office because of age may elect to purchase credit for all or a portion of the months he or she would have served during the remainder of the term of office, but he or she may claim those months only after the date the service would have occurred. The justice or judge must pay into the System Trust Fund the amount of contributions that would have been made by the employer on his or her behalf for the period of time being claimed, plus 6.5 percent interest thereon compounded each June 30 from the date he or she left office, in order to receive service credit in this class for the period of time being claimed. After the date the service would have occurred, and upon payment of the required contributions, the retirement benefit of a retired justice or judge will be adjusted prospectively to include this additional creditable service; however, such adjustment may be made only once.

2. Any justice or judge who does not seek election to a subsequent term of office because he or she would be prevented under s. 8, Art. V of the State Constitution from completing such term of office upon at-

taining the age of 70 years may elect to purchase service credit for service as a temporary judge as assigned by the court if the temporary assignment follows immediately the last full term of office served and the purchase is limited to the number of months of service needed to vest retirement benefits. To receive retirement credit for such temporary service beyond termination, the justice or judge must pay into the System Trust Fund the amount of contributions that would have been made by the justice or judge and the employer on his or her behalf had he or she continued in office for the period of time being claimed, plus 6.5 percent interest thereon compounded each June 30 from the date he or she left office.

(7) CONTRIBUTIONS.—

(b) The employer paying the salary of a member of the Elected Officers' Class shall contribute an amount as specified in this subsection or s. 121.71, as appropriate, which shall constitute the entire employer retirement contribution with respect to such member. The employer shall also withhold one-half of the entire contribution of the member required for social security coverage. *Effective January 1, 2011, each member of the Elected Officers' Class shall pay retirement contributions as specified in s. 121.71.*

(c) *If a member of the Elected Officer' Class ceases to fill an office covered by this class for 3 calendar months for any reason other than retirement, the member shall be entitled to a full refund of the contributions he or she has made prior or subsequent to participation in the noncontributory plan, subject to the restrictions otherwise provided in this chapter. The refund shall not include any interest earnings on the contributions for a participant of the defined benefit program. Employer contributions made on behalf of the member are not refundable. By obtaining a refund of contributions, a member waives all rights under the Florida Retirement System, including the health insurance subsidy, to the service credit represented by the refunded contributions, except the right to purchase his or her prior service credit in accordance with s. 121.081(2).*

Section 6. Paragraph (a) of subsection (7) of section 121.053, Florida Statutes, is amended to read:

(a) At the end of the 60-month DROP period:

1. The officer's DROP account may not accrue additional monthly benefits, but does continue to earn interest as provided in s. 121.091(13). However, an officer whose DROP participation begins on or after July 1, 2010, may not continue to earn such interest.

2. Retirement contributions are not required of the officer or the employer of the elected officer and additional retirement credit may not be earned under the Florida Retirement System.

Section 7. Paragraph (j) of subsection (1), paragraph (b) of subsection (3), and paragraphs (d) and (e) of subsection (6) of section 121.055, Florida Statutes, are amended, present paragraph (c) of subsection (3) of that section is redesignated as paragraph (d), and a new paragraph (c) is added to that subsection, to read:

(1)

(j) Except as may otherwise be provided, any member of the Senior Management Service Class may purchase additional retirement credit in such class for creditable service within the purview of the Senior Management Service Class retroactive to February 1, 1987, and may upgrade retirement credit for such service, to the extent of 2 percent of the

member's average monthly compensation as specified in paragraph (4)(d) for such service. Contributions for upgrading the additional Senior Management Service credit pursuant to this paragraph shall be equal to the difference in the employer and, if applicable, employee contributions paid and the Senior Management Service Class contribution rate as a percentage of gross salary in effect for the period being claimed, plus interest thereon at the rate of 6.5 percent a year, compounded annually until the date of payment. This service credit may be purchased by the employer on behalf of the member.

(3)

(b) The employer paying the salary of a member of the Senior Management Service Class shall contribute an amount as specified in this section or s. 121.71, as appropriate, which shall constitute the entire employer retirement contribution with respect to such member. (c) *Upon termination of employment for 3 calendar months for any reason other than retirement, a member shall be entitled to a full refund of the contributions he or she has made prior or subsequent to participation in the noncontributory plan, subject to the restrictions otherwise provided in this chapter. The refund shall not include any interest earnings on the contributions for a participant of the defined benefit program. Employer contributions made on behalf of the member are not refundable. By obtaining a refund of contributions, a member waives all rights under the Florida Retirement System, including the health insurance subsidy, to the service credit represented by the refunded contributions, except the right to purchase his or her prior service credit in accordance with s. 121.081(2).*

(6)

(d) *Contributions.—*

1.a. Through June 30, 2001, each employer shall contribute on behalf of each participant in the Senior Management Service Optional Annuity Program an amount equal to the normal cost portion of the employer retirement contribution which would be required if the participant were a Senior Management Service Class member of the Florida Retirement System defined benefit program, plus the portion of the contribution rate required in s. 112.363(8) that would otherwise be assigned to the Retiree Health Insurance Subsidy Trust Fund. *For the period Effective July 1, 2001, through December 31, 2010, each employer shall contribute on behalf of each participant in the optional program an amount equal to 12.49 percent of the participant's gross monthly compensation.*

b. *Effective January 1, 2011, each member participating in the Senior Management Service Optional Annuity Program shall contribute an amount equal to the employee contribution required in s. 121.71(3). Effective January 1, 2011, each employer shall contribute on behalf of each participant in the optional program an amount equal to the difference between 12.49 percent of the participant's gross monthly compensation and the amount equal to the employee's required contribution based on the employee's gross monthly compensation.*

The department shall deduct an amount approved by the Legislature to provide for the administration of this program. The payment of the contributions to the optional program which is required by this subparagraph for each participant shall be made by the employer to the department, which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program.

2. Each employer shall contribute on behalf of each participant in the Senior Management Service Optional Annuity Program an amount equal to the unfunded actuarial accrued liability portion of the employer contribution which would be required for members of the Senior Management Service Class in the Florida Retirement System. This contribution shall be paid to the department for transfer to the Florida Retirement System Trust Fund.

3. An Optional Annuity Program Trust Fund shall be established in the State Treasury and administered by the department to make payments to provider companies on behalf of the optional annuity program participants, and to transfer the unfunded liability portion of the state

optional annuity program contributions to the Florida Retirement System Trust Fund.

4. Contributions required for social security by each employer and each participant, in the amount required for social security coverage as now or hereafter may be provided by the federal Social Security Act shall be maintained for each participant in the Senior Management Service retirement program and shall be in addition to the retirement contributions specified in this paragraph.

5. Each participant in the Senior Management Service Optional Annuity Program may contribute by way of salary reduction or deduction a percentage amount of the participant's gross compensation not to exceed the percentage amount contributed by the employer to the optional annuity program. Payment of the participant's contributions shall be made by the employer to the department, which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program.

(e) *Benefits.—*

1. Benefits under the Senior Management Service Optional Annuity Program are payable only to participants in the program, or their beneficiaries as designated by the participant in the contract with the provider company, and must be paid by the designated company in accordance with the terms of the annuity contract applicable to the participant. A participant must be terminated from all employment relationships with Florida Retirement System employers as provided in s. 121.021(39) to begin receiving the employer-funded benefit. Benefits funded by employer contributions are payable under the terms of the contract to the participant, his or her beneficiary, or his or her estate, in addition to:

a. A lump-sum payment to the beneficiary upon the death of the participant;

b. A cash-out of a de minimis account upon the request of a former participant who has been terminated for a minimum of 6 calendar months from the employment that entitled him or her to optional annuity program participation. Such cash-out must be a complete liquidation of the account balance with that company and is subject to the Internal Revenue Code;

c. A mandatory distribution of a de minimis account of a former participant who has been terminated for a minimum of 6 calendar months from the employment that entitled him or her to optional annuity program participation as authorized by the department; or

d. A lump-sum direct rollover distribution whereby all accrued benefits, plus interest and investment earnings, are paid from the participant's account directly to the custodian of an eligible retirement plan, as defined in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the participant.

2. *Benefits are not payable under the Senior Management Service Optional Annuity Program prior to termination of employment for employee hardships, unforeseeable emergencies, loans, medical expenses, educational expenses, purchase of a principal residence, payments necessary to prevent eviction or foreclosure on an employee's principal residence, or for any other reason.*

3. The benefits payable to any person under the Senior Management Service Optional Annuity Program, and any contribution accumulated under such program, are not subject to assignment, execution, or attachment or to any legal process whatsoever.

4. Except as provided in subparagraph 5. 4., a participant who terminates employment and receives a distribution, including a rollover or trustee-to-trustee transfer, funded by employer contributions shall be deemed to be retired from a state-administered retirement system if the participant is subsequently employed with an employer that participates in the Florida Retirement System.

5. A participant who receives optional annuity program benefits funded by employer contributions as a mandatory distribution of a de minimis account authorized by the department is not considered a retiree.

As used in this paragraph, a “de minimis account” means an account with a provider company containing employer contributions and accumulated earnings of not more than \$5,000 made under this chapter.

Section 8. Subsections (2) and (5) and paragraph (c) of subsection (6) of section 121.071, Florida Statutes, are amended, present paragraph (d) of subsection (6) of that section is redesignated as paragraph (e), and a new paragraph (d) is added to that subsection, to read:

121.071 Contributions.—Contributions to the system shall be made as follows:

(2)(a) Effective January 1, 1975, or October 1, 1975, as applicable, and through December 31, 2010, each employer shall accomplish the contribution required by subsection (1) by a procedure in which no employee’s gross salary shall be reduced. *Effective January 1, 2011, each employee and employer shall pay retirement contributions as specified in s. 121.71.*

(b) Upon termination of employment for 3 calendar months for any reason other than retirement, a member shall be entitled to a full refund of the contributions he or she has made prior or subsequent to participation in the noncontributory plan, subject to the restrictions otherwise provided in this chapter. *The refund shall not include any interest earnings on the contributions for a participant of the defined benefit program. Employer contributions made on behalf of the member are not refundable. A member may not receive a refund of employee contributions if an approved qualified domestic relations order is filed against his or her retirement account.*

(5) Contributions made in accordance with subsections (1), (2), (3), and (4), and s. 121.71 shall be paid by the employer into the system trust funds in accordance with rules adopted by the administrator pursuant to chapter 120, except as may be otherwise specified herein. Effective July 1, 2002, contributions paid under subsections (1) and (4) and accompanying payroll data are due and payable no later than the 5th working day of the month immediately following the month during which the payroll period ended.

(6)

(c) By obtaining a refund of contributions, a member waives all rights under the Florida Retirement System, *including the health insurance subsidy*, to the service credit represented by the refunded contributions, except the right to purchase his or her prior service credit in accordance with s. 121.081(2).

(d) *If a member or former member of the defined benefit program receives an invalid refund from the Florida Retirement System Trust Fund, such person must repay the full amount of the invalid refund, plus interest at 6.5 percent compounded annually on each June 30 from the date of refund until full payment is made to the trust fund.*

Section 9. Paragraphs (b) and (c) of subsection (1) and subsection (2) of section 121.081, Florida Statutes, are amended to read:

121.081 Past service; prior service; contributions.—Conditions under which past service or prior service may be claimed and credited are:

(1)

(b) Past service earned after January 1, 1975, may be claimed by officers or employees of a municipality, metropolitan planning organization, charter school, charter technical career center, or special district who become a covered group under this system. The governing body of a covered group may elect to provide benefits for past service earned after January 1, 1975, in accordance with this chapter, and the cost for such past service is established by applying the following formula: The employer shall contribute an amount equal to the employer contribution rate in effect at the time the service was earned, *and, if applicable, the employee contribution rate*, multiplied by the employee’s gross salary for each year of past service claimed, plus 6.5-percent interest thereon, compounded annually, figured on each year of past service, with interest compounded from date of annual salary earned until date of payment.

(c) Should the employer not elect to provide past service on the date of joining the Florida Retirement System for the member, ~~then~~ the member may claim and pay for the service as provided in ~~same~~, based on paragraphs (a) and (b).

(2) Prior service, as defined in s. 121.021(19), may be claimed as creditable service under the Florida Retirement System after a member has been reemployed for 1 complete year of creditable service ~~within a period of 12 consecutive months~~, except as provided in paragraph (c). Service performed as a participant of the optional retirement program for the State University System under s. 121.35 or the Senior Management Service Optional Annuity Program under s. 121.055 may be used to satisfy the reemployment requirement of 1 complete year of creditable service. The member shall not be permitted to make any contributions for prior service until after completion of the 1 year of creditable service. If a member does not wish to claim credit for all of his or her prior service, the service the member claims must be the most recent period of service. The required contributions for claiming the various types of prior service are:

(a) For prior service performed prior to the date the system becomes noncontributory for the member and for which the member had credit under one of the existing retirement systems and received a refund of contributions upon termination of employment, the member shall contribute 4 percent of all salary received during the period being claimed, plus 4-percent interest compounded annually from date of refund until July 1, 1975, and 6.5-percent interest compounded annually thereafter, until full payment is made to the Retirement Trust Fund, and shall receive credit in the Regular Class. A member who elected to transfer to the Florida Retirement System from an existing system may receive credit for prior service under the existing system if he or she was eligible under the existing system to claim the prior service at the time of the transfer. Contributions for such prior service shall be determined by the applicable provisions of the system under which the prior service is claimed and shall be paid by the member, with matching contributions paid by the employer at the time the service was performed. Effective July 1, 1978, the account of a person who terminated under s. 238.05(3) may not be charged interest for contributions that remained on deposit in the Annuity Savings Trust Fund established under chapter 238, upon retirement under this chapter or chapter 238.

(b) For prior service performed prior to the date the system becomes noncontributory for the member and for which the member had credit under the Florida Retirement System and received a refund of contributions upon termination of employment, the member shall contribute at the rate that was required of him or her during the period of service being claimed, on all salary received during such period, plus 4-percent interest compounded annually from date of refund until July 1, 1975, and 6.5-percent interest compounded annually thereafter, until the full payment is made to the Retirement Trust Fund, and shall receive credit in the membership class in which the member participated during the period claimed.

(c) For prior service as defined in s. 121.021(19)(b) and (c) during which no contributions were made because the member did not participate in a retirement system, the member shall contribute 14.38 percent of all salary received during such period or 14.38 percent of \$100 per month during such period, whichever is greater, plus 4-percent interest compounded annually from the first year of service claimed until July 1, 1975, and 6.5-percent interest compounded annually thereafter, until full payment is made to the Retirement Trust Fund, and shall receive credit in the Regular Class.

(d) In order to claim credit for prior service as defined in s. 121.021(19)(d) for which no retirement contributions were paid during the period of such service, the member shall contribute the total employee and employer contributions which were required to be made to the Highway Patrol Pension Trust Fund, as provided in chapter 321, during the period claimed, plus 4-percent interest compounded annually from the first year of service until July 1, 1975, and 6.5-percent interest compounded annually thereafter, until full payment is made to the Retirement Trust Fund. However, any governmental entity which employed such member may elect to pay up to 50 percent of the contributions and interest required to purchase this prior service credit. The service shall be credited in accordance with the provisions of the Highway Patrol Pension Plan in effect during the period claimed unless the member terminated and withdrew his or her retirement contributions and was thereafter enrolled in the State and County Officers and Employees’ Retirement System or the Florida Retirement System, in which case the service shall be credited as Regular Class service.

(e) For service performed under the Florida Retirement System after December 1, 1970, that was never reported to the division or the de-

partment due to error, retirement credit may be claimed by a member of the Florida Retirement System. The department shall adopt rules establishing criteria for claiming such credit and detailing the documentation required to substantiate the error.

(f) *For prior service performed on or after January 1, 2011, for which the member had credit under the Florida Retirement System and received a refund of contributions upon termination of employment for 3 calendar months, the member shall contribute at the rate that was required of him or her during the period of service being claimed, plus 6.5 percent interest, compounded annually on each June 30 from date of refund until the full payment is made to the Florida Retirement System Trust Fund, and shall receive credit in the membership class in which the member participated during the period claimed.*

(g) ~~(f)~~ The employer may not be required to make contributions for prior service credit for any member, except that the employer shall pay the employer portion of contributions for any legislator who elects to withdraw from the Florida Retirement System and later rejoins the system and pays any employee contributions required in accordance with s. 121.052(3)(d).

Section 10. Paragraphs (a) and (c) of subsection (5) of section 121.091, Florida Statutes, are amended to read:

121.091 Benefits payable under the system.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or begun participation in the Deferred Retirement Option Program as provided in subsection (13), and a proper application has been filed in the manner prescribed by the department. The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(5) TERMINATION BENEFITS.—A member whose employment is terminated prior to retirement retains membership rights to previously earned member-noncontributory service credit, and to member-contributory service credit, if the member leaves the member contributions on deposit in his or her retirement account. If a terminated member receives a refund of member contributions, such member may reinstate membership rights to the previously earned service credit represented by the refund by completing 1 year of creditable service and repaying the refunded member contributions, plus interest.

(a) A member whose employment is terminated for any reason other than death or retirement prior to becoming vested is entitled to the return of his or her accumulated contributions as of the date of termination. *Effective January 1, 2011, a member is eligible for the return of his or her employee contributions after being terminated for 3 calendar months.*

(c) In lieu of the deferred monthly benefit provided in paragraph (b), the terminated member may elect to receive a lump-sum amount equal to his or her accumulated contributions as of the date of termination. *Effective January 1, 2011, a member is eligible for the return of his or her employee contributions after being terminated for 3 calendar months.*

Section 11. Subsection (1) of section 121.121, Florida Statutes, is amended to read:

121.121 Authorized leaves of absence.—

(1) A member may purchase creditable service for up to 2 work years of authorized leaves of absence, including any leaves of absence covered under the Family Medical Leave Act, if:

(a) The member has completed a minimum of 6 years of creditable service, excluding periods for which a leave of absence was authorized;

(b) The leave of absence is authorized in writing by the employer of the member and approved by the administrator;

(c) The member returns to active employment performing service with a Florida Retirement System employer in a regularly established position immediately upon termination of the leave of absence and remains on the employer's payroll for 1 calendar month, except that a

member who retires on disability while on a medical leave of absence shall not be required to return to employment. A member whose work year is less than 12 months and whose leave of absence terminates between school years is eligible to receive credit for the leave of absence as long as he or she returns to the employment of his or her employer at the beginning of the next school year and remains on the employer's payroll for 1 calendar month; and

(d) The member makes the required contributions for service credit during the leave of absence, which shall be 8 percent until January 1, 1975, and 9 percent thereafter of his or her rate of monthly compensation in effect immediately prior to the commencement of such leave for each month of such period, plus 4 percent interest until July 1, 1975, and 6.5 percent interest thereafter on such contributions, compounded annually each June 30 from the due date of the contribution to date of payment. Effective July 1, 1980, any leave of absence purchased pursuant to this section shall be at the contribution rates specified in s. 121.071 or s. 121.71 in effect at the time the leave is granted for the class of membership from which the leave of absence was granted; however, any member who purchased leave-of-absence credit prior to July 1, 1980, for a leave of absence from a position in a class other than the regular membership class, may pay the appropriate additional contributions plus compound interest thereon and receive creditable service for such leave of absence in the membership class from which the member was granted the leave of absence. *Effective January 1, 2011, any leave of absence purchased pursuant to this section shall be at the employee and employer contribution rates specified in s. 121.71 in effect during the leave for the class of membership from which the leave of absence was granted.*

Section 12. Section 121.125, Florida Statutes, is amended to read:

121.125 Credit for workers' compensation payment periods.—A member of the retirement system created by this chapter who has been eligible or becomes eligible to receive workers' compensation payments for an injury or illness occurring during his or her employment while a member of any state retirement system shall, upon return to active employment with a covered employer for 1 calendar month or upon approval for disability retirement in accordance with s. 121.091(4), receive full retirement credit for the period prior to such return to active employment or disability retirement for which the workers' compensation payments were received. However, no member may receive retirement credit for any such period occurring after the earlier of the date of maximum medical improvement as defined in s. 440.02 or the date termination has occurred as defined in s. 121.021(39). The employer of record at the time of the worker's compensation injury or illness shall make the required *employee and employer* retirement contributions based on the member's rate of monthly compensation immediately prior to his or her receiving workers' compensation payments for retirement credit received by the member. *The employer of record at the time of the worker's compensation injury or illness shall be assessed by the division a penalty of 1 percent of the contributions on all contributions not paid on the first payroll report after the member becomes eligible to receive credit. This delinquent assessment may not be waived.*

Section 13. Subsections (4) and (5) of section 121.35, Florida Statutes, are amended to read:

121.35 Optional retirement program for the State University System.—

(4) CONTRIBUTIONS.—

(a)1. Through June 30, 2001, each employer shall contribute on behalf of each participant in the optional retirement program an amount equal to the normal cost portion of the employer retirement contribution which would be required if the participant were a regular member of the Florida Retirement System defined benefit program, plus the portion of the contribution rate required in s. 112.363(8) that would otherwise be assigned to the Retiree Health Insurance Subsidy Trust Fund. *For the period Effective July 1, 2001, through December 31, 2010, each employer shall contribute on behalf of each participant in the optional program an amount equal to 10.43 percent of the participant's gross monthly compensation.*

2. *Effective January 1, 2011, each member participating in the State University System Optional Retirement Program shall contribute an amount equal to the employee contribution required in s. 121.71(3). Effective January 1, 2011, each employer shall contribute on behalf of each*

*participant in the optional program an amount equal to the difference between 10.43 percent of the participant's gross monthly compensation and the amount equal to the employee's required contribution based on the employee's gross monthly compensation.*

The department shall deduct an amount approved by the Legislature to provide for the administration of this program. The payment of the contributions to the optional program which is required by this paragraph for each participant shall be made by the employer to the department, which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program. However, such contributions paid on behalf of an employee described in paragraph (3)(c) shall not be forwarded to a company and shall not begin to accrue interest until the employee has executed a contract and notified the department.

(b) Each employer shall contribute on behalf of each participant in the optional retirement program an amount equal to the unfunded actuarial accrued liability portion of the employer contribution which would be required for members of the Florida Retirement System. This contribution shall be paid to the department for transfer to the Florida Retirement System Trust Fund.

(c) An Optional Retirement Program Trust Fund shall be established in the State Treasury and administered by the department to make payments to the provider companies on behalf of the optional retirement program participants, and to transfer the unfunded liability portion of the state optional retirement program contributions to the Florida Retirement System Trust Fund.

(d) Contributions required for social security by each employer and each participant, in the amount required for social security coverage as now or hereafter may be provided by the federal Social Security Act, shall be maintained for each participant in the optional retirement program and shall be in addition to the retirement contributions specified in this subsection.

~~(e) Each participant in the optional retirement program who has executed a contract may contribute by way of salary reduction or deduction a percentage amount of the participant's gross compensation not to exceed the percentage amount contributed by the employer to the optional program, but in no case may such contribution exceed federal limitations. Payment of the participant's contributions shall be made by the financial officer of the employer to the division which shall forward the contributions to the designated company or companies contracting for payment of benefits for the participant under the program. A participant may not make, through salary reduction, any voluntary employee contributions to any other plan under s. 403(b) of the Internal Revenue Code, with the exception of a custodial account under s. 403(b)(7) of the Internal Revenue Code, until he or she has made an employee contribution to his or her optional program equal to the employer contribution. A participant is responsible for monitoring his or her individual tax deferred income to ensure he or she does not exceed the maximum deferral amounts permitted under the Internal Revenue Code.~~

~~(f) The Optional Retirement Trust Fund may accept for deposit into participant contracts contributions in the form of rollovers or direct trustee to trustee transfers by or on behalf of participants who are reasonably determined by the department to be eligible for rollover or transfer to the optional retirement program pursuant to the Internal Revenue Code, if such contributions are made in accordance with rules adopted by the department. Such contributions shall be accounted for in accordance with any applicable requirements of the Internal Revenue Code and rules of the department.~~

~~(e)(g)~~ Effective July 1, 2008, for purposes of paragraph (a) and notwithstanding s. 121.021(22)(b)1., the term "participant's gross monthly compensation" includes salary payments made to eligible clinical faculty from a state university using funds provided by a faculty practice plan authorized by the Board of Governors of the State University System if:

1. There is not any employer contribution from the state university to any other retirement program with respect to such salary payments; and

2. The employer contribution on behalf of the participant in the optional retirement program with respect to such salary payments is made using funds provided by the faculty practice plan.

(5) BENEFITS.—

(a) Benefits are payable under the optional retirement program only to vested participants in the program, or their beneficiaries as designated by the participant in the contract with a provider company, and such benefits shall be paid only by the designated company in accordance with s. 403(b) of the Internal Revenue Code and the terms of the annuity contract or contracts applicable to the participant. Benefits accrue in individual accounts that are participant-directed, portable, and funded by employer contributions and the earnings thereon. The participant must be terminated from all employment relationships with all Florida Retirement System employers, as provided in s. 121.021(39), to begin receiving the employer-funded benefit. Benefits funded by employer contributions are payable in accordance with the following terms and conditions:

1. Benefits shall be paid only to a participant, to his or her beneficiaries, or to his or her estate, as designated by the participant.

2. Benefits shall be paid by the provider company or companies in accordance with the law, the provisions of the contract, and any applicable department rule or policy.

3. In the event of a participant's death, moneys accumulated by, or on behalf of, the participant, less withholding taxes remitted to the Internal Revenue Service, if any, shall be distributed to the participant's designated beneficiary or beneficiaries, or to the participant's estate, as if the participant retired on the date of death, as provided in paragraph (d) ~~(e)~~. No other death benefits are available to survivors of participants under the optional retirement program except for such benefits, or coverage for such benefits, as are separately afforded by the employer, at the employer's discretion.

*(b) Benefits are not payable under the optional retirement program prior to termination of employment for employee hardships, unforeseeable emergencies, loans, medical expenses, educational expenses, purchase of a principal residence, payments necessary to prevent eviction or foreclosure on an employee's principal residence, or for any other reason*

~~(c)(b)~~ Upon receipt by the provider company of a properly executed application for distribution of benefits, the total accumulated benefit shall be payable to the participant, as:

1. A lump-sum distribution to the participant;

2. A lump-sum direct rollover distribution whereby all accrued benefits, plus interest and investment earnings, are paid from the participant's account directly to an eligible retirement plan, as defined in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the participant;

3. Periodic distributions;

4. A partial lump-sum payment whereby a portion of the accrued benefit is paid to the participant and the remaining amount is transferred to an eligible retirement plan, as defined in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the participant; or

5. Such other distribution options as are provided for in the participant's optional retirement program contract.

~~(d)(e)~~ Survivor benefits shall be payable as:

1. A lump-sum distribution payable to the beneficiaries or to the deceased participant's estate;

2. An eligible rollover distribution on behalf of the surviving spouse of a deceased participant, whereby all accrued benefits, plus interest and investment earnings, are paid from the deceased participant's account directly to an eligible retirement plan, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse;

3. Such other distribution options as are provided for in the participant's optional retirement program contract; or

4. A partial lump-sum payment whereby a portion of the accrued benefit is paid to the deceased participant's surviving spouse or other designated beneficiaries, less withholding taxes remitted to the Internal Revenue Service, if any, and the remaining amount is transferred directly to an eligible retirement plan, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse. The proportions must be specified by the participant or the surviving beneficiary.

This paragraph does not abrogate other applicable provisions of state or federal law providing payment of death benefits.

(e)(d) The benefits payable to any person under the optional retirement program, and any contribution accumulated under such program, shall not be subject to assignment, execution, or attachment or to any legal process whatsoever.

(f)(e) A participant who chooses to receive his or her benefits upon termination as defined in s. 121.021 must notify the provider company of the date he or she wishes benefits funded by employer contributions to begin. Benefits may be deferred until the participant chooses to make such application.

(g)(f) Benefits funded by the participant's personal contributions may be paid out at any time and in any form within the limits provided in the contract between the participant and his or her provider company. The participant shall notify the provider company regarding the date and provisions under which he or she wants to receive the employee-funded portion of the plan.

(h)(g) For purposes of this section, "retiree" means a former participant of the optional retirement program who has terminated employment and has taken a distribution as provided in this subsection, except for a mandatory distribution of a de minimis account authorized by the department.

Section 14. Subsection (1), paragraph (j) of subsection (2), paragraph (c) of subsection (3), subsections (4), (5), (6), (7), paragraph (b) of subsection (8), subsection (11), paragraph (c) of subsection (13), and paragraph (b) of subsection (21) of section 121.4501, Florida Statutes, are amended, and paragraph (n) is added to subsection (2) of that section, to read:

#### 121.4501 Public Employee Optional Retirement Program.—

(1) The Trustees of the State Board of Administration shall establish an optional defined contribution retirement program for members of the Florida Retirement System under which retirement benefits will be provided for eligible employees who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through employee-directed investments, in accordance with s. 401(a) of the Internal Revenue Code and its related regulations. *Participants and The employers* shall contribute, as provided in this section, ss. 121.571, and 121.71 to the Public Employee Optional Retirement Program Trust Fund toward the funding of such optional benefits.

#### (2) DEFINITIONS.—As used in this part, the term:

(j) "Retiree" means a former participant of the Florida Retirement System Public Employee Optional Retirement Program who has terminated employment and has taken *any a distribution of vested participant or employer contributions* as provided in s. 121.591, except for a mandatory distribution of a de minimis account authorized by the state board.

(n) "*Participant contributions*" mean the sum of all amounts deducted from the salary of a participant by his or her employer in accordance with s. 121.71(2) and credited to his or her individual account in the Public Employee Optional Retirement Program, plus any earnings on such amounts and any contributions specified in paragraph (5)(e).

#### (3) ELIGIBILITY; RETIREMENT SERVICE CREDIT.—

(c)1. Notwithstanding paragraph (b), each eligible employee who elects to participate in the Public Employee Optional Retirement Program and establishes one or more individual participant accounts under the optional program may elect to transfer to the optional program a sum representing the present value of the employee's accumulated benefit obligation under the defined benefit retirement program of the

Florida Retirement System. Upon such transfer, all service credit previously earned under the defined benefit program of the Florida Retirement System shall be nullified for purposes of entitlement to a future benefit under the defined benefit program of the Florida Retirement System. A participant is precluded from transferring the accumulated benefit obligation balance from the defined benefit program upon the expiration of the period afforded to enroll in the optional program.

2. For purposes of this subsection, the present value of the member's accumulated benefit obligation is based upon the member's estimated creditable service and estimated average final compensation under the defined benefit program, subject to recomputation under subparagraph 3. For state employees enrolling under subparagraph (4)(a)1., initial estimates will be based upon creditable service and average final compensation as of midnight on June 30, 2002; for district school board employees enrolling under subparagraph (4)(b)1., initial estimates will be based upon creditable service and average final compensation as of midnight on September 30, 2002; and for local government employees enrolling under subparagraph (4)(c)1., initial estimates will be based upon creditable service and average final compensation as of midnight on December 31, 2002. The dates respectively specified above shall be construed as the "estimate date" for these employees. The actuarial present value of the employee's accumulated benefit obligation shall be based on the following:

a. The discount rate and other relevant actuarial assumptions used to value the Florida Retirement System Trust Fund at the time the amount to be transferred is determined, consistent with the factors provided in sub-subparagraphs b. and c.

b. A benefit commencement age, based on the member's estimated creditable service as of the estimate date. The benefit commencement age shall be the younger of the following, but shall not be younger than the member's age as of the estimate date:

(I) Age 62; or

(II) The age the member would attain if the member completed 30 years of service with an employer, assuming the member worked continuously from the estimate date, and disregarding any vesting requirement that would otherwise apply under the defined benefit program of the Florida Retirement System.

c. For members of the Special Risk Class and for members of the Special Risk Administrative Support Class entitled to retain special risk normal retirement date, the benefit commencement age shall be the younger of the following, but shall not be younger than the member's age as of the estimate date:

(I) Age 55; or

(II) The age the member would attain if the member completed 25 years of service with an employer, assuming the member worked continuously from the estimate date, and disregarding any vesting requirement that would otherwise apply under the defined benefit program of the Florida Retirement System.

d. The calculation shall disregard vesting requirements and early retirement reduction factors that would otherwise apply under the defined benefit retirement program.

3. For each participant who elects to transfer moneys from the defined benefit program to his or her account in the optional program, the division shall recompute the amount transferred under subparagraph 2. not later than 60 days after the actual transfer of funds based upon the participant's actual creditable service and actual final average compensation as of the initial date of participation in the optional program. If the recomputed amount differs from the amount transferred under subparagraph 2. by \$10 or more, the division shall:

a. Transfer, or cause to be transferred, from the Florida Retirement System Trust Fund to the participant's account in the optional program the excess, if any, of the recomputed amount over the previously transferred amount together with interest from the initial date of transfer to the date of transfer under this subparagraph, based upon effective annual interest equal to the assumed return on the actuarial investment which was used in the most recent actuarial valuation of the system, compounded annually.

b. Transfer, or cause to be transferred, from the participant's account to the Florida Retirement System Trust Fund the excess, if any, of the previously transferred amount over the recomputed amount, together with interest from the initial date of transfer to the date of transfer under this subparagraph, based upon 6 percent effective annual interest, compounded annually, pro rata based on the participant's allocation plan.

4. *If contribution adjustments are made as a result of employer errors or corrections, including plan corrections, following recomputation of the amount transferred under subparagraph 2., the participant is entitled to the additional contributions or is responsible for returning any excess contributions resulting from the correction, provided that any return of such erroneous excess pretax contribution by the program shall be made within 1 year after the making of such erroneous contributions or such other period as may be allowed by applicable Internal Revenue Service guidance. The present value of the member's accumulated benefit obligation shall not be recalculated.*

5.4. As directed by the participant, the board shall transfer or cause to be transferred the appropriate amounts to the designated accounts. The board shall establish transfer procedures by rule, but the actual transfer shall not be later than 30 days after the effective date of the member's participation in the optional program unless the major financial markets for securities available for a transfer are seriously disrupted by an unforeseen event which also causes the suspension of trading on any national securities exchange in the country where the securities were issued. In that event, such 30-day period of time may be extended by a resolution of the trustees. Transfers are not commissionable or subject to other fees and may be in the form of securities or cash as determined by the state board. Such securities shall be valued as of the date of receipt in the participant's account.

6.5. If the board or the division receives notification from the United States Internal Revenue Service that this paragraph or any portion of this paragraph will cause the retirement system, or a portion thereof, to be disqualified for tax purposes under the Internal Revenue Code, then the portion that will cause the disqualification does not apply. Upon such notice, the state board and the division shall notify the presiding officers of the Legislature.

#### (4) PARTICIPATION; ENROLLMENT.—

(a)1. With respect to an eligible employee who is employed in a regularly established position on June 1, 2002, by a state employer:

a. Any such employee may elect to participate in the Public Employee Optional Retirement Program in lieu of retaining his or her membership in the defined benefit program of the Florida Retirement System. The election must be made in writing or by electronic means and must be filed with the third-party administrator by August 31, 2002, or, in the case of an active employee who is on a leave of absence on April 1, 2002, by the last business day of the 5th month following the month the leave of absence concludes. This election is irrevocable, except as provided in paragraph (g) (e). Upon making such election, the employee shall be enrolled as a participant of the Public Employee Optional Retirement Program, the employee's membership in the Florida Retirement System shall be governed by the provisions of this part, and the employee's membership in the defined benefit program of the Florida Retirement System shall terminate. The employee's enrollment in the Public Employee Optional Retirement Program shall be effective the first day of the month for which a full month's *participant and* employer contribution is made to the optional program.

b. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

2. With respect to employees who become eligible to participate in the Public Employee Optional Retirement Program by reason of employment in a regularly established position with a state employer commencing after April 1, 2002:

a. Any such employee shall, by default, be enrolled in the defined benefit retirement program of the Florida Retirement System at the commencement of employment, and may, by the last business day of the

5th month following the employee's month of hire, elect to participate in the Public Employee Optional Retirement Program. The employee's election must be made in writing or by electronic means and must be filed with the third-party administrator. The election to participate in the optional program is irrevocable, except as provided in paragraph (g) (e).

b. If the employee files such election within the prescribed time period, enrollment in the optional program shall be effective on the first day of employment. The *participant and* employer retirement contributions paid through the month of the employee plan change shall be transferred to the optional program, and, effective the first day of the next month, the *participant and* employer shall pay the applicable contributions based on the employee membership class in the optional program.

c. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

3. With respect to employees who become eligible to participate in the Public Employee Optional Retirement Program pursuant to s. 121.051(2)(c)3. or s. 121.35(3)(i), any such employee may elect to participate in the Public Employee Optional Retirement Program in lieu of retaining his or her participation in the State Community College System Optional Retirement Program or the State University System Optional Retirement Program. The election must be made in writing or by electronic means and must be filed with the third-party administrator. This election is irrevocable, except as provided in paragraph (g) (e). Upon making such election, the employee shall be enrolled as a participant of the Public Employee Optional Retirement Program, the employee's membership in the Florida Retirement System shall be governed by the provisions of this part, and the employee's participation in the State Community College System Optional Retirement Program or the State University System Optional Retirement Program shall terminate. The employee's enrollment in the Public Employee Optional Retirement Program shall be effective the first day of the month for which a full month's *participant and* employer contribution is made to the optional program.

4. For purposes of this paragraph, "state employer" means any agency, board, branch, commission, community college, department, institution, institution of higher education, or water management district of the state, which participates in the Florida Retirement System for the benefit of certain employees.

(b)1. With respect to an eligible employee who is employed in a regularly established position on September 1, 2002, by a district school board employer:

a. Any such employee may elect to participate in the Public Employee Optional Retirement Program in lieu of retaining his or her membership in the defined benefit program of the Florida Retirement System. The election must be made in writing or by electronic means and must be filed with the third-party administrator by November 30, or, in the case of an active employee who is on a leave of absence on July 1, 2002, by the last business day of the 5th month following the month the leave of absence concludes. This election is irrevocable, except as provided in paragraph (g) (e). Upon making such election, the employee shall be enrolled as a participant of the Public Employee Optional Retirement Program, the employee's membership in the Florida Retirement System shall be governed by the provisions of this part, and the employee's membership in the defined benefit program of the Florida Retirement System shall terminate. The employee's enrollment in the Public Employee Optional Retirement Program shall be effective the first day of the month for which a full month's *participant and* employer contribution is made to the optional program.

b. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

2. With respect to employees who become eligible to participate in the Public Employee Optional Retirement Program by reason of em-

ployment in a regularly established position with a district school board employer commencing after July 1, 2002:

a. Any such employee shall, by default, be enrolled in the defined benefit retirement program of the Florida Retirement System at the commencement of employment, and may, by the last business day of the 5th month following the employee's month of hire, elect to participate in the Public Employee Optional Retirement Program. The employee's election must be made in writing or by electronic means and must be filed with the third-party administrator. The election to participate in the optional program is irrevocable, except as provided in paragraph (g) (↔).

b. If the employee files such election within the prescribed time period, enrollment in the optional program shall be effective on the first day of employment. The *participant and* employer retirement contributions paid through the month of the employee plan change shall be transferred to the optional program, and, effective the first day of the next month, the *participant and* employer shall pay the applicable contributions based on the employee membership class in the optional program.

c. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

3. For purposes of this paragraph, "district school board employer" means any district school board that participates in the Florida Retirement System for the benefit of certain employees, or a charter school or charter technical career center that participates in the Florida Retirement System as provided in s. 121.051(2)(d).

(c)1. With respect to an eligible employee who is employed in a regularly established position on December 1, 2002, by a local employer:

a. Any such employee may elect to participate in the Public Employee Optional Retirement Program in lieu of retaining his or her membership in the defined benefit program of the Florida Retirement System. The election must be made in writing or by electronic means and must be filed with the third-party administrator by February 28, 2003, or, in the case of an active employee who is on a leave of absence on October 1, 2002, by the last business day of the 5th month following the month the leave of absence concludes. This election is irrevocable, except as provided in paragraph (g) (↔). Upon making such election, the employee shall be enrolled as a participant of the Public Employee Optional Retirement Program, the employee's membership in the Florida Retirement System shall be governed by the provisions of this part, and the employee's membership in the defined benefit program of the Florida Retirement System shall terminate. The employee's enrollment in the Public Employee Optional Retirement Program shall be effective the first day of the month for which a full month's *participant and* employer contribution is made to the optional program.

b. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

2. With respect to employees who become eligible to participate in the Public Employee Optional Retirement Program by reason of employment in a regularly established position with a local employer commencing after October 1, 2002:

a. Any such employee shall, by default, be enrolled in the defined benefit retirement program of the Florida Retirement System at the commencement of employment, and may, by the last business day of the 5th month following the employee's month of hire, elect to participate in the Public Employee Optional Retirement Program. The employee's election must be made in writing or by electronic means and must be filed with the third-party administrator. The election to participate in the optional program is irrevocable, except as provided in paragraph (g) (↔).

b. If the employee files such election within the prescribed time period, enrollment in the optional program shall be effective on the first

day of employment. The *participant and* employer retirement contributions paid through the month of the employee plan change shall be transferred to the optional program, and, effective the first day of the next month, the *participant and* employer shall pay the applicable contributions based on the employee membership class in the optional program.

c. Any such employee who fails to elect to participate in the Public Employee Optional Retirement Program within the prescribed time period is deemed to have elected to retain membership in the defined benefit program of the Florida Retirement System, and the employee's option to elect to participate in the optional program is forfeited.

3. For purposes of this paragraph, "local employer" means any employer not included in paragraph (a) or paragraph (b).

(d) Contributions available for self-direction by a participant who has not selected one or more specific investment products shall be allocated as prescribed by the board. The third-party administrator shall notify any such participant at least quarterly that the participant should take an affirmative action to make an asset allocation among the optional program products.

(e) *On or after January 1, 2011, a participant of the defined benefit program who obtains a refund of employee contributions retains his or her prior plan choice upon return to employment in a regularly established position with an FRS-participating employer.*

(f) *A participant of the Public Employee Optional Retirement Program who terminates FRS-covered employment and takes a distribution of any contributions from his Public Employee Optional Retirement Program account is considered a retiree. Upon reemployment in a regularly established position with an FRS-covered employer, the participant returns as a new hire and, if applicable, has the opportunity to participate in the Florida Retirement System. A retiree who is initially reemployed on or after July 1, 2010, is not eligible for renewed membership.*

(g)(↔) After the period during which an eligible employee had the choice to elect the defined benefit program or the Public Employee Optional Retirement Program, or the month following the receipt of the eligible employee's plan election, if sooner, the employee shall have one opportunity, at the employee's discretion, to choose to move from the defined benefit program to the Public Employee Optional Retirement Program or from the Public Employee Optional Retirement Program to the defined benefit program. Eligible employees may elect to move between Florida Retirement System programs only if they are earning service credit in an employer-employee relationship consistent with the requirements under s. 121.021(17)(b), excluding leaves of absence without pay. Effective July 1, 2005, such elections shall be effective on the first day of the month following the receipt of the election by the third-party administrator and are not subject to the requirements regarding an employer-employee relationship or receipt of contributions for the eligible employee in the effective month, except that the employee must meet the conditions of the previous sentence when the election is received by the third-party administrator. This paragraph shall be contingent upon approval from the Internal Revenue Service for including the choice described herein within the programs offered by the Florida Retirement System.

1. If the employee chooses to move to the Public Employee Optional Retirement Program, the applicable provisions of this section shall govern the transfer.

2. If the employee chooses to move to the defined benefit program, the employee must transfer from his or her Public Employee Optional Retirement Program account and from other employee moneys as necessary, a sum representing the present value of that employee's accumulated benefit obligation immediately following the time of such movement, determined assuming that attained service equals the sum of service in the defined benefit program and service in the Public Employee Optional Retirement Program. Benefit commencement occurs on the first date the employee would become eligible for unreduced benefits, using the discount rate and other relevant actuarial assumptions that were used to value the Florida Retirement System defined benefit plan liabilities in the most recent actuarial valuation. For any employee who, at the time of the second election, already maintains an accrued benefit amount in the defined benefit plan, the then-present value of such ac-

crued benefit shall be deemed part of the required transfer amount described in this subparagraph. The division shall ensure that the transfer sum is prepared using a formula and methodology certified by an enrolled actuary. *A refund is not permitted of any member contributions or additional member payments made which exceed the employee contributions that would have accrued had the member remained in the defined benefit program and not transferred to the Public Employee Optional Retirement Program.*

3. Notwithstanding subparagraph 2., an employee who chooses to move to the defined benefit program and who became eligible to participate in the Public Employee Optional Retirement Program by reason of employment in a regularly established position with a state employer after June 1, 2002; a district school board employer after September 1, 2002; or a local employer after December 1, 2002, must transfer from his or her Public Employee Optional Retirement Program account and, from other employee moneys as necessary, a sum representing that employee's actuarial accrued liability. *A refund is not permitted of any member contributions or additional member payments made which exceed the employee contributions that would have accrued had the member remained in the defined benefit program and not transferred to the Public Employee Optional Retirement Program.*

4. Employees' ability to transfer from the Florida Retirement System defined benefit program to the Public Employee Optional Retirement Program pursuant to paragraphs (a)-(d), and the ability for current employees to have an option to later transfer back into the defined benefit program under subparagraph 2., shall be deemed a significant system amendment. Pursuant to s. 121.031(4), any such resulting unfunded liability arising from actual original transfers from the defined benefit program to the optional program shall be amortized within 30 plan years as a separate unfunded actuarial base independent of the reserve stabilization mechanism defined in s. 121.031(3)(f). For the first 25 years, no direct amortization payment shall be calculated for this base. During this 25-year period, such separate base shall be used to offset the impact of employees exercising their second program election under this paragraph. It is the legislative intent that the actuarial funded status of the Florida Retirement System defined benefit plan is neither beneficially nor adversely impacted by such second program elections in any significant manner, after due recognition of the separate unfunded actuarial base. Following this initial 25-year period, any remaining balance of the original separate base shall be amortized over the remaining 5 years of the required 30-year amortization period.

#### (5) CONTRIBUTIONS.—

(a) *The participant and ~~Each~~ employer shall make the required contributions to ~~contribute on behalf of each participant in~~ the Public Employee Optional Retirement Program based on a percentage of the employee's gross monthly compensation, as provided in part III of this chapter.*

(b) *Participant contributions shall be paid on a pretax basis, as provided in s. 401 of the Internal Revenue Code. In no case may such contribution exceed federal limitations. A participant is responsible for monitoring his or her individual contributions to ensure that he or she does not exceed the maximum deferral amounts permitted under the Internal Revenue Code.*

(c) The state board, acting as plan fiduciary, shall ensure that all plan assets are held in a trust, pursuant to s. 401 of the Internal Revenue Code. The fiduciary shall ensure that said contributions are allocated as follows:

1. The *participant and employer contribution* portion earmarked for participant accounts shall be used to purchase interests in the appropriate investment vehicles for the accounts of each participant as specified by the participant, or in accordance with paragraph (4)(d).

2. The *employer contribution* portion earmarked for administrative and educational expenses shall be transferred to the board.

3. The *employer contribution* portion earmarked for disability benefits shall be transferred to the department.

(d)~~(b)~~ *The third-party administrator is ~~Employers are~~ responsible for monitoring and notifying employers of the ~~participants regarding~~ maximum contribution levels permitted for participants under the Internal*

Revenue Code. If a participant contributes to any other tax-deferred plan, he or she is responsible for ensuring that total contributions made to the optional program and to any other such plan do not exceed federally permitted maximums.

(e)~~(c)~~ The Public Employee Optional Retirement Program may accept for deposit into participant accounts contributions in the form of rollovers or direct trustee-to-trustee transfers by or on behalf of participants, reasonably determined by the board to be eligible for rollover or transfer to the optional retirement program pursuant to the Internal Revenue Code, if such contributions are made in accordance with rules as may be adopted by the board. Such contributions shall be accounted for in accordance with any applicable Internal Revenue Code requirements and rules of the board.

#### (6) VESTING REQUIREMENTS.—

(a) *With respect to employee contributions paid by the participant to the Public Employee Optional Retirement Program, plus interest and earnings thereon and less investment fees and administrative charges, a participant shall be fully and immediately vested.*

(b)~~(a)~~1. With respect to employer contributions paid on behalf of the participant to the Public Employee Optional Retirement Program, plus interest and earnings thereon and less investment fees and administrative charges, a participant shall be vested after completing 1 work year, as defined in s. 121.021(54), with an employer, including any service while the participant was a member of the defined benefit retirement program or an optional retirement program authorized under s. 121.051(2)(c) or s. 121.055(6).

2. If the participant terminates employment prior to satisfying the vesting requirements, the nonvested accumulation shall be transferred from the participant's accounts to the state board for deposit and investment by the board in the suspense account of the Public Employee Optional Retirement Program Trust Fund of the board. If the terminated participant is reemployed as an eligible employee within 5 years, the state board shall transfer to the participant's account any amount of the moneys previously transferred from the participant's accounts to the suspense account of the Public Employee Optional Retirement Program Trust Fund, plus the actual earnings on such amount while in the suspense account.

(c)~~(b)~~1. A participant shall be vested in the *employer* amount transferred from the defined benefit program, plus interest and earnings thereon and less administrative charges and investment fees, upon meeting the service requirements for the participant's membership class as set forth in s. 121.021(29). The third-party administrator shall account for such amounts for each participant. The division shall notify the participant and the third-party administrator when the participant has satisfied the vesting period for Florida Retirement System purposes.

2. If the participant terminates employment prior to satisfying the vesting requirements, the nonvested *employer* accumulation shall be transferred from the participant's accounts to the state board for deposit and investment by the board in the suspense account of the Public Employee Optional Retirement Program Trust Fund of the board. If the terminated participant is reemployed as an eligible employee within 5 years, the state board shall transfer to the participant's account any amount of the moneys previously transferred from the participant's accounts to the suspense account of the Public Employee Optional Retirement Program Trust Fund, plus the actual earnings on such amount while in the suspense account.

(d)~~(c)~~ Any nonvested accumulations transferred from a participant's account to the suspense account shall be forfeited by the participant if the participant is not reemployed as an eligible employee within 5 years after termination.

(e) *If the participant elects to receive any of his or her vested employee or employer contributions upon termination of employment as defined in s. 121.021, the participant shall forfeit all nonvested employer contributions, and accompanying service credit, paid on behalf of the participant to the Public Employee Optional Retirement Program.*

(7) BENEFITS.—Under the Public Employee Optional Retirement Program:

(a) Benefits shall be provided in accordance with s. 401(a) of the Internal Revenue Code.

(b) Benefits shall accrue in individual accounts that are participant-directed, portable, and funded by *participant and* employer contributions and earnings thereon.

(c) Benefits shall be payable in accordance with the provisions of s. 121.591.

(8) ADMINISTRATION OF PROGRAM.—

(b)1. The state board shall select and contract with one third-party administrator to provide administrative services if those services cannot be competitively and contractually provided by the Division of Retirement within the Department of Management Services. With the approval of the state board, the third-party administrator may subcontract with other organizations or individuals to provide components of the administrative services. As a cost of administration, the board may compensate any such contractor for its services, in accordance with the terms of the contract, as is deemed necessary or proper by the board. The third-party administrator may not be an approved provider or be affiliated with an approved provider.

2. These administrative services may include, but are not limited to, enrollment of eligible employees, collection of *participant and* employer contributions, disbursement of such contributions to approved providers in accordance with the allocation directions of participants; services relating to consolidated billing; individual and collective recordkeeping and accounting; asset purchase, control, and safekeeping; and direct disbursement of funds to and from the third-party administrator, the division, the board, employers, participants, approved providers, and beneficiaries. This section does not prevent or prohibit a bundled provider from providing any administrative or customer service, including accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; or periodic reporting to participants, at least quarterly, on account balances and transactions, if these services are authorized by the board as part of the contract.

3. The state board shall select and contract with one or more organizations to provide educational services. With approval of the board, the organizations may subcontract with other organizations or individuals to provide components of the educational services. As a cost of administration, the board may compensate any such contractor for its services in accordance with the terms of the contract, as is deemed necessary or proper by the board. The education organization may not be an approved provider or be affiliated with an approved provider.

4. Educational services shall be designed by the board and department to assist employers, eligible employees, participants, and beneficiaries in order to maintain compliance with United States Department of Labor regulations under s. 404(c) of the Employee Retirement Income Security Act of 1974 and to assist employees in their choice of defined benefit or defined contribution retirement alternatives. Educational services include, but are not limited to, disseminating educational materials; providing retirement planning education; explaining the differences between the defined benefit retirement plan and the defined contribution retirement plan; and offering financial planning guidance on matters such as investment diversification, investment risks, investment costs, and asset allocation. An approved provider may also provide educational information, including retirement planning and investment allocation information concerning its products and services.

(11) PARTICIPANT INFORMATION REQUIREMENTS.—The board shall ensure that each participant is provided a quarterly statement that accounts for the *participant and employer* contributions made on behalf of such participant; the interest and investment earnings thereon; and any fees, penalties, or other deductions that apply thereto. At a minimum, such statements must:

(a) Indicate the participant's investment options.

(b) State the market value of the account at the close of the current quarter and previous quarter.

(c) Show account gains and losses for the period and changes in account accumulation unit values for the period.

(d) Itemize account contributions for the quarter.

(e) Indicate any account changes due to adjustment of contribution levels, reallocation of contributions, balance transfers, or withdrawals.

(f) Set forth any fees, charges, penalties, and deductions that apply to the account.

(g) Indicate the amount of the account in which the participant is fully vested and the amount of the account in which the participant is not vested.

(h) Indicate each investment product's performance relative to an appropriate market benchmark.

The third-party administrator shall provide quarterly and annual summary reports to the board and any other reports requested by the department or the board. In any solicitation or offer of coverage under an optional retirement program, a provider company shall be governed by the contract readability provisions of s. 627.4145, notwithstanding s. 627.4145(6)(c). In addition, all descriptive materials must be prepared under the assumption that the participant is an unsophisticated investor. Provider companies must maintain an internal system of quality assurance, have proven functional systems that are date-calculation compliant, and be subject to a due-diligence inquiry that proves their capacity and fitness to undertake service responsibilities.

(13) FEDERAL REQUIREMENTS.—

(c) *Participant and employer* contributions payable under this section for any limitation year may not exceed the maximum amount allowable for qualified defined contribution pension plans under applicable provisions of the Internal Revenue Code. If an employee who has elected to participate in the Public Employee Optional Retirement Program participates in any other plan that is maintained by the participating employer, benefits that accrue under the Public Employee Optional Retirement Program shall be considered primary for any aggregate limitation applicable under s. 415 of the Internal Revenue Code.

(21) PARTICIPATION BY TERMINATED DEFERRED RETIREMENT OPTION PROGRAM PARTICIPANTS.—Notwithstanding any provision of law to the contrary, participants in the Deferred Retirement Option Program offered under part I may, after conclusion of their participation in the program, elect to roll over or authorize a direct trustee-to-trustee transfer to an account under the Public Employee Optional Retirement Program of their Deferred Retirement Option Program proceeds distributed as provided under s. 121.091(13)(c)5. The transaction must constitute an "eligible rollover distribution" within the meaning of s. 402(c)(4) of the Internal Revenue Code.

(b) The affected participant shall direct the investment of his or her investment account; however, unless he or she becomes a renewed member of the Florida Retirement System under s. 121.122 and elects to participate in the Public Employee Optional Retirement Program, *participant and* employer contributions may not be made to the participant's account as provided under paragraph (5)(a).

Section 15. Subsections (1) and (3) of section 121.4503, Florida Statutes, are amended to read:

121.4503 Florida Retirement System Contributions Clearing Trust Fund.—

(1) The Florida Retirement System Contributions Clearing Trust Fund is created as a clearing fund for disbursing *participant and* employer contributions to the component plans of the Florida Retirement System and shall be administered by the Department of Management Services. Funds shall be credited to the trust fund as provided in this chapter and shall be held in trust for the contributing *participants and* employers until such time as the assets are transferred by the department to the Florida Retirement System Trust Fund, the Public Employee Optional Retirement Program Trust Fund, or other trust funds as authorized by law, to be used for the purposes of this chapter. The trust fund is exempt from the service charges imposed by s. 215.20.

(3) The Department of Management Services may adopt rules governing the receipt and disbursement of amounts received by the Florida Retirement System Contributions Clearing Trust Fund from *employees and employers* contributing to the component plans of the Florida Retirement System.

Section 16. Subsection (1) of section 121.571, Florida Statutes, is amended to read:

121.571 Contributions.—Contributions to the Public Employee Optional Retirement Program shall be made as follows:

(1) ~~CONTRIBUTORY NONCONTRIBUTORY~~ PLAN.—Each participant and employer shall submit ~~accomplish~~ the contributions as required by s. 121.71 ~~by a procedure in which no employee's gross salary shall be reduced.~~

Section 17. Section 121.591, Florida Statutes, is amended to read:

121.591 Benefits payable under the Public Employee Optional Retirement Program of the Florida Retirement System.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or is deceased and a proper application has been filed in the manner prescribed by the state board or the department. *Benefits are not payable under the Public Employee Optional Retirement Program prior to termination of employment as provided in s. 121.021(39)(a) for employee hardships, unforeseeable emergencies, loans, medical expenses, educational expenses, purchase of a principal residence, payments necessary to prevent eviction or foreclosure on an employee's principal residence, or for any other reason.* The state board or department, as appropriate, may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the rules of the state board and department. In accordance with their respective responsibilities as provided herein, the State Board of Administration and the Department of Management Services shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received. The State Board of Administration and the Department of Management Services, as appropriate, are authorized to cash out a de minimis account of a participant who has been terminated from Florida Retirement System covered employment for a minimum of 6 calendar months. A de minimis account is an account containing participant and employer contributions and accumulated earnings of not more than \$5,000 made under the provisions of this chapter. Such cash-out must either be a complete lump-sum liquidation of the account balance, subject to the provisions of the Internal Revenue Code, or a lump-sum direct rollover distribution paid directly to the custodian of an eligible retirement plan, as defined by the Internal Revenue Code, on behalf of the participant. *Any nonvested accumulations, including amounts transferred to the suspense account of the Public Employee Optional Retirement Program Trust Fund authorized under s. 121.4501(6), shall be forfeited upon payment of any vested benefit to a participant or beneficiary, except for de minimis distributions or minimum required distributions as provided under this section.* If any financial instrument issued for the payment of retirement benefits under this section is not presented for payment within 180 days after the last day of the month in which it was originally issued, the third-party administrator or other duly authorized agent of the State Board of Administration shall cancel the instrument and credit the amount of the instrument to the suspense account of the Public Employee Optional Retirement Program Trust Fund authorized under s. 121.4501(6). Any such amounts transferred to the suspense account are payable upon a proper application, not to include earnings thereon, as provided in this section, within 10 years after the last day of the month in which the instrument was originally issued, after which time such amounts and any earnings attributable to employer contributions thereon shall be forfeited. Any such forfeited amounts are assets of the Public Employee Optional Retirement Program Trust Fund and are not subject to the provisions of chapter 717.

(1) NORMAL BENEFITS.—Under the Public Employee Optional Retirement Program:

(a) Benefits in the form of vested accumulations as described in s. 121.4501(6) are payable under this subsection in accordance with the following terms and conditions:

1. To the extent vested, benefits are payable only to a participant.
2. Benefits shall be paid by the third-party administrator or designated approved providers in accordance with the law, the contracts, and any applicable board rule or policy.
3. To receive benefits, the participant must be terminated from all employment with all Florida Retirement System employers, as provided in s. 121.021(39).
4. Benefit payments may not be made until the participant has been terminated for 3 calendar months, except that the board may authorize by rule for the distribution of up to 10 percent of the participant's account after being terminated for 1 calendar month if the participant has reached the normal retirement date as defined in s. 121.021 of the defined benefit plan.
5. If a member or former member of the Florida Retirement System receives an invalid distribution from the Public Employee Optional Retirement Program Trust Fund, such person must repay the full invalid distribution to the trust fund within 90 days after receipt of final notification by the state board or the third-party administrator that the distribution was invalid. If such person fails to repay the full invalid distribution within 90 days after receipt of final notification, the person may be deemed retired from the optional retirement program by the state board, as provided pursuant to s. 121.4501(2)(j), and is subject to s. 121.122. If such person is deemed retired by the state board, any joint and several liability set out in s. 121.091(9)(d)2. becomes null and void, and the state board, the department, or the employing agency is not liable for gains on payroll contributions that have not been deposited to the person's account in the retirement program, pending resolution of the invalid distribution. The member or former member who has been deemed retired or who has been determined by the board to have taken an invalid distribution may appeal the agency decision through the complaint process as provided under s. 121.4501(9)(g)3. As used in this subparagraph, the term "invalid distribution" means any distribution from an account in the optional retirement program which is taken in violation of this section, s. 121.091(9), or s. 121.4501.
  - (b) If a participant elects to receive his or her benefits upon termination of employment as defined in s. 121.021, the participant must submit a written application or an equivalent form to the third-party administrator indicating his or her preferred distribution date and selecting an authorized method of distribution as provided in paragraph (c). The participant may defer receipt of benefits until he or she chooses to make such application, subject to federal requirements.
  - (c) Upon receipt by the third-party administrator of a properly executed application for distribution of benefits, the total accumulated benefit shall be payable to the participant *pro rata across all FRS benefit sources*, as:
    1. A lump-sum or partial distribution to the participant;
    2. A lump-sum direct rollover distribution whereby all accrued benefits, plus interest and investment earnings, are paid from the participant's account directly to the custodian of an eligible retirement plan, as defined in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the participant; or
    3. Periodic distributions, as authorized by the state board.
  - (d) *The distribution payment method selected by the participant or beneficiary, and the retirement of the participant or beneficiary, shall be final and irrevocable at the time a benefit distribution payment is cashed, deposited, or transferred to another financial institution. Any additional service that remains unclaimed at retirement may not be claimed or purchased, and the type of retirement may not be changed, except that if a participant recovers from a disability, the participant may subsequently request normal service benefits under subsection (2).*
  - (e) *A participant may not receive a distribution of employee contributions if a pending qualified domestic relations order is filed against the participant's Public Employee Optional Retirement Program account.*
- (2) DISABILITY RETIREMENT BENEFITS.—Benefits provided under this subsection are payable in lieu of the benefits which would otherwise be payable under the provisions of subsection (1). Such benefits shall be funded ~~entirely~~ from employer contributions made under s.

121.571, transferred participant *contributions and* funds accumulated pursuant to paragraph (a), and interest and earnings thereon. Pursuant thereto:

(a) *Transfer of funds.*—To qualify to receive monthly disability benefits under this subsection:

1. All moneys accumulated in the participant's Public Employee Optional Retirement Program accounts, including vested and nonvested accumulations as described in s. 121.4501(6), shall be transferred from such individual accounts to the Division of Retirement for deposit in the disability account of the Florida Retirement System Trust Fund. Such moneys shall be separately accounted for. Earnings shall be credited on an annual basis for amounts held in the disability accounts of the Florida Retirement System Trust Fund based on actual earnings of the Florida Retirement System Trust Fund.

2. If the participant has elected to transfer to his or her participant accounts a sum representing the present value of his or her retirement credit under the defined benefit program as provided under s. 121.4501(3)(c), the period of service under the defined benefit program represented in the present value amounts transferred will be considered creditable service for purposes of vesting for disability benefits, except as provided in subparagraph d.

d. Whenever a participant has terminated employment and has taken distribution of his or her funds as provided in subsection (1), all creditable service represented by such distributed funds is forfeited for purposes of this subsection.

(c) *Disability retirement effective date.*—The effective retirement date for a participant who applies and is approved for disability retirement shall be established as provided under s. 121.091(4)(a)2. and 3.

(d) *Total and permanent disability.*—A participant shall be considered totally and permanently disabled if, in the opinion of the division, he or she is prevented, by reason of a medically determinable physical or mental impairment, from rendering useful and efficient service as an officer or employee.

(e) *Proof of disability.*—The division, before approving payment of any disability retirement benefit, shall require proof that the participant is totally and permanently disabled in the same manner as provided for members of the defined benefit program of the Florida Retirement System under s. 121.091(4)(c).

All disability benefits payable to such member shall be paid out of the disability account of the Florida Retirement System Trust Fund established under this subsection.

(g) *Computation of disability retirement benefit.*—The amount of each monthly payment shall be calculated in the same manner as provided for members of the defined benefit program of the Florida Retirement System under s. 121.091(4)(f). 2. The participant shall be retroactively reinstated in the Public Employee Optional Retirement Program without hiatus;

3. All funds transferred to the Florida Retirement System Trust Fund under paragraph (a) shall be returned to the participant accounts from which such funds were drawn; and

(k) *Recovery from disability.*—

1. The division may require periodic reexaminations at the expense of the disability program account of the Florida Retirement System Trust Fund. a. An amount equal to the total benefits paid shall be subtracted from that portion of the transferred account balance consisting of vested accumulations as described under s. 121.4501(6), if any, and an amount equal to the remainder of benefit amounts paid, if any, shall then be subtracted from any remaining portion consisting of nonvested accumulations as described under s. 121.4501(6).

b. Amounts subtracted under sub-subparagraph a. shall be retained within the disability account of the Florida Retirement System Trust Fund. Any remaining account balance shall be transferred to the third-

party administrator for disposition as provided under sub-subparagraph c. or sub-subparagraph d., as appropriate.

c. If the recipient returns to covered employment, transferred amounts shall be deposited in individual accounts under the Public Employee Optional Retirement Program, as directed by the participant. Vested and nonvested amounts shall be separately accounted for as provided in s. 121.4501(6).

d. If the recipient fails to return to covered employment upon recovery from disability:

(I) Any remaining vested amount shall be deposited in individual accounts under the Public Employee Optional Retirement Program, as directed by the participant, and shall be payable as provided in subsection (1).

(II) Any remaining nonvested amount shall be held in a suspense account and shall be forfeitable after 5 years as provided in s. 121.4501(6).

3. If present value was reassigned from the defined benefit program to the disability program of the Florida Retirement System as provided under subparagraph (a)2., the full present value amount shall be returned to the defined benefit account within the Florida Retirement System Trust Fund and the affected individual's associated retirement credit under the defined benefit program shall be reinstated in full. Any benefit based upon such credit shall be calculated as provided in s. 121.091(4)(h)1.

1. If a participant is a justice of the Supreme Court, judge of a district court of appeal, circuit judge, or judge of a county court who has served for 6 years or more as an elected constitutional judicial officer, including service as a judicial officer in any court abolished pursuant to Art. V of the State Constitution, the participant's Option 1 monthly disability benefit amount as provided in s. 121.091(6)(a)1. shall be two-thirds of his or her monthly compensation as of the participant's disability retirement date. Such a participant may alternatively elect to receive an actuarially adjusted disability retirement benefit under any other option as provided in s. 121.091(6)(a), or to receive the normal benefit payable under the Public Employee Optional Retirement Program as set forth in subsection (1).

2. If any justice or judge who is a participant of the Public Employee Optional Retirement Program of the Florida Retirement System is retired for disability by order of the Supreme Court upon recommendation of the Judicial Qualifications Commission pursuant to the provisions of Art. No other death benefits shall be available for survivors of participants under the Public Employee Optional Retirement Program, except for such benefits, or coverage for such benefits, as are otherwise provided by law or are separately afforded by the employer, at the employer's discretion.

(c) Upon receipt by the third-party administrator of a properly executed application for distribution of benefits, the total accumulated benefit shall be payable by the third-party administrator to the participant's surviving beneficiary or beneficiaries, as:

1. A lump-sum distribution payable to the beneficiary or beneficiaries, or to the deceased participant's estate;

2. An eligible rollover distribution, *if permitted*, on behalf of the surviving spouse of a deceased participant, whereby all accrued benefits, plus interest and investment earnings, are paid from the deceased participant's account directly to the custodian of an eligible retirement plan, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse; or

3. A partial lump-sum payment whereby a portion of the accrued benefit is paid to the deceased participant's surviving spouse or other designated beneficiaries, less withholding taxes remitted to the Internal Revenue Service, and the remaining amount is transferred directly to the custodian of an eligible retirement plan, *if permitted*, as described in s. 402(c)(8)(B) of the Internal Revenue Code, on behalf of the surviving spouse. (4) LIMITATION ON LEGAL PROCESS.—The benefits payable to any person under the Public Employee Optional Retirement Program, and any contributions accumulated under such program, are not subject to assignment, execution, attachment, or any legal process, except for qualified domestic relations orders by a court of competent jurisdiction, income deduction orders as provided in s. 61.1301, and federal income tax levies.

Section 18. Subsection (1) of section 121.70, Florida Statutes, is amended to read:

121.70 Legislative purpose and intent.—

(1) This part provides for a uniform system for funding benefits provided under the Florida Retirement System defined benefit program established under part I of this chapter (referred to in this part as the defined benefit program) and under the Public Employee Optional Retirement Program established under part II of this chapter (referred to in this part as the optional retirement program). The Legislature recognizes and declares that the Florida Retirement System is a single retirement system, consisting of two retirement plans and other non-integrated programs. *Employees and employers* participating in the Florida Retirement System collectively shall be responsible for making contributions to support the benefits afforded under both plans. As provided in this part, *employees and employers* participating in the

Florida Retirement System shall make contributions based upon uniform contribution rates determined as a percentage of the employee's gross monthly compensation total payroll for the employee's each class or subclass of Florida Retirement System membership, irrespective of which retirement plan individual employees may elect. This shall be known as a uniform or blended contribution rate system.

Section 19. Subsection (2) of section 121.71, Florida Statutes, is amended, present subsections (3) and (4) of that section are renumbered as subsections (4) and (7), respectively, and new subsections (3), (5), and (6) are added to that section, to read:

A change in a contribution rate is effective the first day of the month for which a full month's employee and employer contribution may be made on or after the beginning date of the change. Beginning January 1, 2011, each employee shall contribute to the plan the contributions required in subsection (3). The employer shall deduct the contribution from the employee's monthly salary, and the contribution shall be submitted to the Division of Retirement. These contributions shall be reported as employer-paid employee contributions, and shall be credited to the account of the employee. The contributions shall be deducted from the employee's salary before the computation of applicable federal taxes and shall be treated as employer contributions under 26 U.S.C. 414(b)(2). The contributions, although designated as employee contributions, are being paid by the employers in lieu of contributions by the employee. The employee shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the plan. Such contributions are mandatory and each employee shall be considered to consent to payroll deductions. Payment of an employee's salary or wages, less the contribution, is a full and complete discharge and satisfaction of all claims and demands for the service rendered by employees during the period covered by the payment, except their claims to the benefits to which they may be entitled under the provisions of this chapter.

(3) Required employee retirement contribution rates for each membership class and subclass of the Florida Retirement System for both retirement plans are as follows:

This delinquent assessment may not be waived. If the contributions reported and remitted are more than the amount required, the employer shall receive a credit to be applied against future contributions owed.

(7)(4) The state actuary shall recognize and use an appropriate level of available excess assets of the Florida Retirement System Trust Fund to offset the difference between the normal costs of the Florida Retirement System and the statutorily prescribed contribution rates.

Beginning with the 2010-2011 2008-2009 fiscal year, each early learning coalition may retain and expend no more than 4.5 4.85 percent of the funds paid by the coalition to private prekindergarten providers and public schools under paragraph (5)(b). Funds retained by an early learning coalition under this subsection may be used only for administering the Voluntary Prekindergarten Education Program and may not be used for the school readiness program or other programs.

Section 12. Subsections (2), (3), and (4) of section 1003.03, Florida Statutes, are amended to read:

1003.03 Maximum class size.—

(2) IMPLEMENTATION.—*The Department of Education shall annually calculate class size measures defined in subsection (1) based upon the October student membership survey, except that the calculation for 2010-2011 shall be based on the February student membership survey.*

~~(a) Beginning with the 2003-2004 fiscal year, each school district that is not in compliance with the maximums in subsection (1) shall reduce the average number of students per classroom in each of the following grade groupings: prekindergarten through grade 3, grade 4 through grade 8, and grade 9 through grade 12, by at least two students each year.~~

~~(b) Determination of the number of students per classroom in paragraph (a) shall be calculated as follows:~~

~~1. For fiscal years 2003-2004 through 2005-2006, the calculation for compliance for each of the 3 grade groupings shall be the average at the district level.~~

~~2. For fiscal years 2006-2007 through 2009-2010, the calculation for compliance for each of the 3 grade groupings shall be the average at the school level.~~

~~3. For fiscal year 2010-2011 and thereafter, the calculation for compliance shall be at the individual classroom level.~~

~~4. For fiscal years 2006-2007 through 2009-2010 and thereafter, each teacher assigned to any classroom shall be included in the calculation for compliance.~~

(c) The Department of Education shall annually calculate each of the three average class size measures defined in paragraphs (a) and (b) based upon the October student membership survey. For purposes of determining the baseline from which each district's average class size must be reduced for the 2003-2004 school year, the department shall use data from the February 2003 student membership survey updated to include classroom identification numbers as required by the department.

(d) Prior to the adoption of the district school budget for 2004-2005, each district school board shall hold public hearings to review school attendance zones in order to ensure maximum use of facilities while minimizing the additional use of transportation in order to comply with the two student per year reduction required in paragraph (a). School

~~districts that meet the constitutional class size maximums described in subsection (1) are exempt from this requirement.~~

(3) IMPLEMENTATION OPTIONS.—District school boards must consider, but are not limited to, implementing the following items in order to meet the constitutional class size maximums described in subsection (1) ~~and the two student per year reduction required in subsection (2):~~

(a) Adopt policies to encourage qualified students to take dual enrollment courses.

(b) Adopt policies to encourage students to take courses from the Florida Virtual School *and school district virtual instruction programs.*

(c)1. Repeal district school board policies that require students to have more than 24 credits to graduate from high school.

2. Adopt policies to allow students to graduate from high school as soon as they pass the grade 10 FCAT and complete the courses required for high school graduation.

(d) Use methods to maximize use of instructional staff, such as changing required teaching loads and scheduling of planning periods, deploying district employees that have professional certification to the classroom, using adjunct educators, or any other method not prohibited by law.

(e) Use innovative methods to reduce the cost of school construction by using prototype school designs, using SMART Schools designs, participating in the School Infrastructure Thrift Program, or any other method not prohibited by law.

(f) Use joint-use facilities through partnerships with community colleges, state universities, and private colleges and universities. Joint-use facilities available for use as K-12 classrooms that do not meet the K-12 State Regulations for Educational Facilities in the Florida Building Code may be used at the discretion of the district school board provided that such facilities meet all other health, life, safety, and fire codes.

(g) Adopt alternative methods of class scheduling, such as block scheduling.

(h) Redraw school attendance zones to maximize use of facilities while minimizing the additional use of transportation.

(i) Operate schools beyond the normal operating hours to provide classes in the evening or operate more than one session of school during the day.

(j) Use year-round schools and other nontraditional calendars that do not adversely impact annual assessment of student achievement.

(k) Review and consider amending any collective bargaining contracts that hinder the implementation of class size reduction.

(l) Use any other approach not prohibited by law.

(4) ACCOUNTABILITY.—

~~(a) 1. Beginning in the 2003-2004 fiscal year, if the department determines for any year that a school district has not reduced average class size as required in subsection (2) at the time of the third FETP calculation, the department shall calculate an amount from the class size reduction operating categorical which is proportionate to the amount of class size reduction not accomplished. Upon verification of the department's calculation by the Florida Education Finance Program Appropriation Allocation Conference and not later than March 1 of each year, the Executive Office of the Governor shall transfer undistributed funds equivalent to the calculated amount from the district's class size reduction operating categorical to an approved fixed capital outlay appropriation for class size reduction in the affected district pursuant to s. 216.292(2)(d). The amount of funds transferred shall be the lesser of the amount verified by the Florida Education Finance Program Appropriation Allocation Conference or the undistributed balance of the district's class size reduction operating categorical.~~

2. In lieu of the transfer required by subparagraph 1., the Commissioner of Education may recommend a budget amendment, subject to

approval by the Legislative Budget Commission, to transfer an alternative amount of funds from the district's class size reduction operating categorical to its approved fixed capital outlay account for class size reduction if the commissioner finds that the State Board of Education has reviewed evidence indicating that a district has been unable to meet class size reduction requirements despite appropriate effort to do so. The commissioner's budget amendment must be submitted to the Legislative Budget Commission by February 15 of each year.

~~3. For the 2007-2008 fiscal year and thereafter, if in any fiscal year funds from a district's class size operating categorical are required to be transferred to its fixed capital outlay fund and the district's class size operating categorical allocation in the General Appropriations Act for that fiscal year has been reduced by a subsequent appropriation, the Commissioner of Education may recommend a 50 percent reduction in the amount of the transfer.~~

~~(a)(b) Beginning in the 2010-2011 fiscal year and each year thereafter, If the department determines that the number of students assigned to any individual class exceed exceeds the class size maximum, as required in subsection (1) (2), at the time of the third FEFP calculation, except in 2010-2011 at the time of the fourth calculation, the department shall:~~

~~1. Identify, for each grade group, the number of classes in which the enrollment exceeds the maximum, the number of students exceed which exceeds the maximum for each class, and the total number of students that exceed which exceeds the maximum for all classes.~~

~~2. Determine the number of full-time equivalent students that exceed which exceeds the maximum class size for each grade group.~~

~~3. Multiply the total number of FTE students that exceed which exceeds the maximum class size for each grade group by the district's FTE dollar amount of the class-size-reduction allocation for that year and calculate the total for all three grade groups.~~

~~4. Multiply the total number of FTE students that exceed the maximum for all classes by the amount of the base student allocation adjusted by the district's district cost differential.~~

~~5.4. Reduce the district's class-size-reduction operating categorical allocation by an amount equal to the sum of the calculations calculation in subparagraphs subparagraph 3. and 4. The commissioner is authorized to withhold the distribution of class size allocation reduction funds to the extent necessary to comply with this section.~~

~~(b)(e) Upon verification of the department's calculation by the Florida Education Finance Program Appropriation Allocation Conference and no later than March 1 of each year, the Executive Office of the Governor shall place these funds in reserve, and the undistributed funds shall revert to the General Revenue Fund unallocated at the end of the fiscal year. The amount of funds reduced shall be the lesser of the amount verified by the Florida Education Finance Program Appropriation Allocation Conference or the undistributed balance of the district's class-size-reduction operating categorical allocation.~~

~~(c)(d) In lieu of the reduction calculation in paragraph (a) (b), if the Commissioner of Education has evidence that a district was unable to meet the class size requirements despite appropriate efforts to do so or because of an extreme emergency, he or she may recommend a budget amendment, subject to approval of the Legislative Budget Commission, to reduce an alternative amount of funds from the district's class-size-reduction operating categorical allocation. The commissioner's budget amendment must be submitted to the Legislative Budget Commission by February 15 of each year.~~

~~(d) The March 1 and February 15 dates in paragraphs (b) and (c) do not apply for the 2010-2011 fiscal year.~~

~~(e) In addition to the calculation required in paragraph (a), at the time of the third FEFP calculation for the 2009-2010 fiscal year, the department shall also prepare a simulated calculation based on the requirements in paragraphs (b) and (c). This simulated calculation shall be provided to the school districts and the Legislature.~~

Section 13. Effective upon approval by the electors of Senate Joint Resolution 2 or House Joint Resolution 7039 in the 2010 General Elec-

tion and retroactive to the beginning of the 2010-2011 school year, section 1003.03, Florida Statutes, is amended to read:

School districts that meet the constitutional class size maximums described in subsection (1) are exempt from this requirement.~~

(3) IMPLEMENTATION OPTIONS.—District school boards must consider, but are not limited to, implementing the following items in order to meet the constitutional class size maximums described in subsection (1) ~~and the two student per year reduction required in subsection (2):~~

(a) Adopt policies to encourage qualified students to take dual enrollment courses.

The commissioner is authorized to withhold the distribution of class size reduction allocation funds to the extent necessary to comply with this section.*

~~(a)1. Beginning in the 2003-2004 fiscal year, if the department determines for any year that a school district has not reduced average class size as required in subsection (2) at the time of the third FEFP calculation, the department shall calculate an amount from the class size reduction operating categorical which is proportionate to the amount of class size reduction not accomplished. The commissioner's budget amendment must be submitted to the Legislative Budget Commission by February 15 of each year.~~

~~3. For the 2007-2008 fiscal year and thereafter, if in any fiscal year funds from a district's class size operating categorical are required to be transferred to its fixed capital outlay fund and the district's class size operating categorical allocation in the General Appropriations Act for that fiscal year has been reduced by a subsequent appropriation, the Commissioner of Education may recommend a 50 percent reduction in the amount of the transfer.~~

The amount of funds reduced shall be the lesser of the amount verified by the Florida Education Finance Program Appropriation Allocation Conference or the undistributed balance of the district's class-size-reduction operating categorical allocation.~~

~~(c)(d) In lieu of the reduction calculation in paragraph (a) (b), if the Commissioner of Education has evidence that a district has been unable to meet the class size requirements despite appropriate efforts to do so or because of an extreme emergency, he or she may recommend a budget amendment, subject to approval of the Legislative Budget Commission, to reduce an alternative amount of funds from the district's class-size-reduction operating categorical allocation. The commissioner's budget amendment must be submitted to the Legislative Budget Commission by February 15 of each year.~~

~~(d) The March 1 and February 15 dates in paragraphs (b) and (c) do not apply for the 2010-2011 fiscal year.~~

~~(e) In addition to the calculation required in paragraph (a), at the time of the third FEFP calculation for the 2009-2010 fiscal year, the department shall also prepare a simulated calculation based on the re-~~

requirements in paragraphs (b) and (c). This simulated calculation shall be provided to the school districts and the Legislature.

(5) TEAM-TEACHING STRATEGIES.—

(a) School districts may use teaching strategies that include the assignment of more than one teacher to a classroom of students and that were implemented before July 1, 2005. Effective July 1, 2005, school districts may implement additional teaching strategies that include the assignment of more than one teacher to a classroom of students for the following purposes only:

1. Pairing teachers for the purpose of staff development.
2. Pairing new teachers with veteran teachers.
3. Reducing turnover among new teachers.
4. Pairing teachers who are teaching out-of-field with teachers who are in-field.
5. Providing for more flexibility and innovation in the classroom.
6. Improving learning opportunities for students, including students who have disabilities.

(b) Teaching strategies, including team teaching, co-teaching, or inclusion teaching, implemented on or after July 1, 2005, pursuant to paragraph (a) may be implemented subject to the following restrictions:

1. Reasonable limits shall be placed on the number of students in a classroom so that classrooms are not overcrowded. Teacher-to-student ratios within a curriculum area or grade level must not exceed constitutional limits.
2. At least one member of the team must have at least 3 years of teaching experience.
3. At least one member of the team must be teaching in-field.
4. The teachers must be trained in team-teaching methods within 1 year after assignment.

(c) As used in this subsection, the term:

1. “Team teaching” or “co-teaching” means two or more teachers are assigned to a group of students and each teacher is responsible for all of the students during the entire class period. In order to be considered team teaching or co-teaching, each teacher is responsible for planning, delivering, and evaluating instruction for all students in the class or subject for the entire class period.
2. “Inclusion teaching” means two or more teachers are assigned to a group of students, but one of the teachers is responsible for only one student or a small group of students in the classroom.

The use of strategies implemented as outlined in this subsection meets the letter and intent of the Florida Constitution and the Florida Statutes which relate to implementing class size reduction, and this subsection applies retroactively. A school district may not be penalized financially or otherwise as a result of the use of any legal strategy, including, but not limited to, those set forth in subsection (3) and this subsection.

A regional workforce board or a career and professional academy may apply to Workforce Florida, Inc., to request additions to the approved list of industry certifications based on high-demand job requirements in the regional economy. The list of industry certifications ap-

proved by Workforce Florida, Inc., and the Department of Education shall be published and updated annually by a date certain, to be included in the adopted rule.

(1) DISTRICT SCHOOL BOARD.—The district school board has the duty to provide adequate instructional materials for all students in accordance with the requirements of this part. The term “adequate instructional materials” means a sufficient number of textbooks or sets of materials that are available in bound, unbound, kit, or package form and may consist of hard-backed or soft-backed textbooks, *electronic content*, consumables, learning laboratories, manipulatives, electronic media, and computer courseware or software that serve as the basis for instruction for each student in the core courses of mathematics, language arts, social studies, science, reading, and literature, except for instruction for which the school advisory council approves the use of a program that does not include a textbook as a major tool of instruction. The district school board has the following specific duties:

(a) *Courses of study; adoption.*—Adopt courses of study for use in the schools of the district.

(b) *Textbooks.*—Provide for proper requisitioning, distribution, accounting, storage, care, and use of all instructional materials furnished by the state and furnish such other instructional materials as may be needed. The district school board shall assure that instructional materials used in the district are consistent with the district goals and objectives and the curriculum frameworks adopted by rule of the State Board of Education, as well as with the state and district performance standards provided for in s. 1001.03(1).

(d) *School library media services; establishment and maintenance.*—Establish and maintain a program of school library media services for all public schools in the district, including school library media centers, or school library media centers open to the public, and, in addition such traveling or circulating libraries as may be needed for the proper operation of the district school system.

Section 16. Section 1006.281, Florida Statutes, is created to read:

1006.281 *Learning management systems.*—

(1) *To ensure that all school districts have equitable access to digitally rich instructional materials, districts are encouraged to provide access to an electronic learning management system that allows teachers, students, and parents to access, organize, and use electronically available instructional materials and teaching and learning tools and resources, and that enables teachers to manage, assess, and track student learning.*

(2) *To the extent fiscally and technologically feasible, a school district’s electronic learning management system should allow for a single, authenticated sign-on and include the following functionality:*

(a) *Vertically searches for, gathers, and organizes specific standards-based instructional materials.*

(b) *Enables teachers to prepare lessons, individualize student instruction, and use best practices in providing instruction.*

(c) *Provides communication, including access to up-to-date student performance data, in order to help teachers and parents better serve the needs of students.*

(d) *Provides access for administrators to ensure quality of instruction within every classroom.*

(e) *Provides access to multiple content providers.*

(3) *The Department of Education shall provide assistance as requested by school districts in their deployment of a district electronic learning management system.*

1006.29 State instructional materials committees.—

(4) For purposes of state adoption, “instructional materials” means items having intellectual content that by design serve as a major tool for assisting in the instruction of a subject or course. These items may be available in bound, unbound, kit, or package form and may consist of hardbacked or softbacked textbooks, *electronic content*, consumables, learning laboratories, manipulatives, electronic media, and computer courseware or software. The term does not include electronic or computer hardware even if such hardware is bundled with software or other electronic media, nor does it include equipment or supplies. *A publisher or manufacturer providing instructional materials as a single bundle shall also make the instructional materials available as separate and unbundled items, each priced individually. Any instructional materials adopted after 2012-2013 for students in grades 9 through 12 shall be provided primarily in an electronic format.*

Section 18. Paragraph (b) of subsection (1) of section 1006.33, Florida Statutes, is amended to read:

1006.33 Bids or proposals; advertisement and its contents.—

(1)

(b) The advertisement shall state that, *beginning in 2010-2011*, each bidder shall furnish *electronic* specimen copies of all instructional materials submitted, at a time designated by the department, which specimen copies shall be identical with the copies approved and accepted by the members of the state instructional materials committee, as prescribed in this section, and with the copies furnished to the department and district school superintendents, as provided in this part. *Any district school superintendent who requires samples in addition to the electronic format must request those samples through the department.*

Section 19. Paragraph (a) of subsection (3) and subsection (4) of section 1006.40, Florida Statutes, are amended to read:

1006.40 Use of instructional materials allocation; instructional materials, library books, and reference books; repair of books.—

(3)(a) Each district school board shall use the annual allocation for the purchase of instructional materials included on the state-adopted list, except as otherwise authorized in paragraphs (b) and (c). No less than 50 percent of the annual allocation shall be used to purchase items which will be used to provide instruction to students at the level or levels for which the materials are designed. *Beginning with the 2012-2013 fiscal year, not less than 10 percent of the annual allocation shall be used to purchase items for which the major tool of instruction is used electronically.*

(4) The funds described in subsection (3) which district school boards may use to purchase materials not on the state-adopted list shall be used for the purchase of instructional materials or other items having intellectual content which assist in the instruction of a subject or course. These items may be available in bound, unbound, kit, or package form and may consist of hardbacked or softbacked textbooks, *electronic content*, replacements for items which were part of previously purchased instructional materials, consumables, learning laboratories, manipulatives, electronic media, computer courseware or software, and other commonly accepted instructional tools as prescribed by district school board rule. The funds available to district school boards for the purchase of materials not on the state-adopted list may not be used to purchase ~~electronic or computer~~ hardware even if such hardware is bundled with software or other electronic media, nor may such funds be used to purchase equipment or supplies. However, when authorized to do so in the General Appropriations Act, a school or district school board may use a portion of the funds available to it for the purchase of materials not on the state-adopted list to purchase science laboratory materials and supplies.

Section 20. Subsection (1) of section 1007.27, Florida Statutes, is amended to read:

1007.27 Articulated acceleration mechanisms.—

(1) It is the intent of the Legislature that a variety of articulated acceleration mechanisms be available for secondary and postsecondary students attending public educational institutions. It is intended that articulated acceleration serve to shorten the time necessary for a student to complete the requirements associated with the conference of a high school diploma and a postsecondary degree, broaden the scope of curricular options available to students, or increase the depth of study available for a particular subject. Articulated acceleration mechanisms shall include, but not be limited to, dual enrollment as provided for in s. 1007.271, early admission, advanced placement, credit by examination, the International Baccalaureate Program, and the Advanced International Certificate of Education Program. Credit earned through the Florida Virtual School shall provide additional opportunities for early graduation and acceleration. *Students of Florida public secondary schools enrolled pursuant to this subsection shall be deemed authorized users of the state-funded electronic library resources that are licensed for public colleges and universities by the Florida Center for Library Automation and the College Center for Library Automation. Verification of eligibility shall be in accordance with rules established by the State Board of Education and the Board of Governors and processes implemented by public colleges and universities.*

Section 21. Paragraph (c) of subsection (3) of section 1008.34, Florida Statutes, is amended to read:

1008.34 School grading system; school report cards; district grade.—

(3) DESIGNATION OF SCHOOL GRADES.—

(c) Student assessment data used in determining school grades shall include:

1. The aggregate scores of all eligible students enrolled in the school who have been assessed on the FCAT.

2. The aggregate scores of all eligible students enrolled in the school who have been assessed on the FCAT and who have scored at or in the lowest 25th percentile of students in the school in reading, mathematics, or writing, unless these students are exhibiting satisfactory performance.

3. Effective with the 2005-2006 school year, the achievement scores and learning gains of eligible students attending alternative schools that provide dropout prevention and academic intervention services pursuant to s. 1003.53. The term “eligible students” in this subparagraph does not include students attending an alternative school who are subject to district school board policies for expulsion for repeated or serious offenses, who are in dropout retrieval programs serving students who have officially been designated as dropouts, or who are in programs operated or contracted by the Department of Juvenile Justice. The student performance data for eligible students identified in this subparagraph shall be included in the calculation of the home school’s grade. As used in this section and s. 1008.341, the term “home school” means the school to which the student would be assigned if the student were not assigned to an alternative school. If an alternative school chooses to be graded under this section, student performance data for eligible students identified in this subparagraph shall not be included in the home school’s grade but shall be included only in the calculation of the alternative school’s grade. A school district that fails to assign the FCAT scores of each of its students to his or her home school or to the alternative school that receives a grade shall forfeit Florida School Recognition Program funds for 1 fiscal year. School districts must require collaboration between the home school and the alternative school in order to promote student success. This collaboration must include an annual discussion between the principal of the alternative school and the principal of each student’s home school concerning the most appropriate school assignment of the student.

4. Beginning with the 2009-2010 school year for schools comprised of high school grades 9, 10, 11, and 12, or grades 10, 11, and 12, the data listed in subparagraphs 1.-3. and the following data as the Department of Education determines such data are valid and available:

a. The high school graduation rate of the school as calculated by the Department of Education;

b. The ~~successful completion participation~~ rate of all eligible students enrolled in the school and enrolled in College Board Advanced Placement courses; International Baccalaureate courses; dual enrollment courses; Advanced International Certificate of Education courses; and courses or sequence of courses leading to industry certification, as determined by the Agency for Workforce Innovation under s. 1003.492(2) in a career and professional academy, as described in s. 1003.493;

c. The aggregate scores of all eligible students enrolled in the school in College Board Advanced Placement courses, International Baccalaureate courses, and Advanced International Certificate of Education courses;

h. The performance of the school's students on statewide standardized end-of-course assessments administered under s. 1008.22; and

i. The growth or decline in the data components listed in sub-paragraphs a.-h. from year to year.

The State Board of Education shall adopt appropriate criteria for each school grade. The criteria must also give added weight to student achievement in reading. Schools designated with a grade of "C," making satisfactory progress, shall be required to demonstrate that adequate progress has been made by students in the school who are in the lowest 25th percentile in reading, mathematics, or writing on the FCAT, unless these students are exhibiting satisfactory performance. Beginning with the 2009-2010 school year for schools comprised of high school grades 9, 10, 11, and 12, or grades 10, 11, and 12, the criteria for school grades must also give added weight to the graduation rate of all eligible at-risk students, as defined in this paragraph. Beginning in the 2009-2010 school year, in order for a high school to be designated as having a grade of "A," making excellent progress, the school must demonstrate that at-risk students, as defined in this paragraph, in the school are making adequate progress.

The school district shall distribute to each classroom teacher who provided international baccalaureate instruction:

1. A bonus in the amount of \$25 ~~\$50~~ for each student taught by the International Baccalaureate teacher in each international baccalaureate course who receives a score of 4 or higher on the international baccalaureate examination.

Such value shall be added to the total full-time equivalent student membership in secondary career education programs for grades 9 through 12 in the subsequent year for courses that were not funded through dual enrollment. The additional full-time equivalent membership authorized under this paragraph may not exceed 0.3 per student. Each district must allocate at least 80 percent of the funds provided for industry certification, in accordance with this paragraph, to the program that generated the funds. Unless a different amount is specified in the General Appropriations Act, the appropriation for this calculation is limited to \$15 million annually. If the appropriation is insufficient to fully fund the total calculation, the appropriation shall be prorated.

~~(q) Calculation of additional full-time equivalent membership for the Florida Virtual School. The reported full-time equivalent student membership for the Florida Virtual School for students who are also enrolled in a school district shall be multiplied by 0.114, and such value shall be added to the total full-time equivalent student membership.~~

(6) CATEGORICAL FUNDS.—

(b) If a district school board finds and declares in a resolution adopted at a regular meeting of the school board that the funds received for any of the following categorical appropriations are urgently needed to maintain school board specified academic classroom instruction, the school board may consider and approve an amendment to the school district operating budget transferring the identified amount of the categorical funds to the appropriate account for expenditure:

1. Funds for student transportation.
2. Funds for safe schools.
3. Funds for supplemental academic instruction.
4. Funds for research-based reading instruction.

(7) DETERMINATION OF SPARSITY SUPPLEMENT.—

(d) Each district's allocation of sparsity supplement funds shall be adjusted in the following manner:

1. A maximum discretionary levy per FTE value for each district shall be calculated by dividing the value of each district's maximum discretionary levy by its FTE student count.
2. A state average discretionary levy value per FTE shall be calculated by dividing the total maximum discretionary levy value for all districts by the state total FTE student count.
3. A total potential funds per FTE for each district shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds, *Merit Award Program funds*, and the minimum guarantee *funds*, for each district by its FTE student count.
4. A state average total potential funds per FTE shall be calculated by dividing the total potential funds, not including Florida School Recognition Program funds, *Merit Award Program funds*, and the minimum guarantee *funds*, for all districts by the state total FTE student count.
5. For districts that have a levy value per FTE as calculated in subparagraph 1. higher than the state average calculated in subparagraph 2., a sparsity wealth adjustment shall be calculated as the product of the difference between the state average levy value per FTE calculated in subparagraph 2. and the district's levy value per FTE calculated in subparagraph 1. and the district's FTE student count and -1. However, no district shall have a sparsity wealth adjustment that, when applied to the total potential funds calculated in subparagraph 3., would cause the district's total potential funds per FTE to be less than the state average calculated in subparagraph 4.
6. Each district's sparsity supplement allocation shall be calculated by adding the amount calculated as specified in paragraphs (a) and (b) and the wealth adjustment amount calculated in this paragraph.

(12) TOTAL ALLOCATION OF STATE FUNDS TO EACH DISTRICT FOR CURRENT OPERATION.—The total annual state allocation to each district for current operation for the FEFP shall be distributed periodically in the manner prescribed in the General Appropriations Act.

(a) If the funds appropriated for current operation of the FEFP are not sufficient to pay the state requirement in full, the department shall

prorate the available state funds to each district in the following manner:

1. Determine the percentage of proration by dividing the sum of the total amount for current operation, as provided in this paragraph for all districts collectively, and the total district required local effort into the sum of the state funds available for current operation and the total district required local effort.
2. Multiply the percentage so determined by the sum of the total amount for current operation as provided in this paragraph and the required local effort for each individual district.
3. From the product of such multiplication, subtract the required local effort of each district; and the remainder shall be the amount of state funds allocated to the district for current operation; *however, no calculation subsequent to the appropriation shall result in negative state funds for any district.*

Section 25. Paragraph (a) of subsection (4) of section 1011.64, Florida Statutes, is amended to read:

1011.64 School district minimum classroom expenditure requirements.—

(4) In order for the Department of Education to monitor the implementation of this section, each school district which is required to increase emphasis on classroom activities from operating funds pursuant to subsection (1) shall submit to the department the following two reports in a format determined by the department:

(a) An initial report, which shall include the proposed budget actions identified for increased classroom expenditures, a description of how such actions are designed to improve student achievement, and a copy of the published statement required by s. 1011.03(2) ~~s. 1011.03(3)~~. This report shall be submitted within 30 days after final budget approval as provided in s. 200.065.

Section 26. Subsection (1) of section 1011.67, Florida Statutes, is amended to read:

1011.67 Funds for instructional materials.—

(1) The department is authorized to allocate and distribute to each district an amount as prescribed annually by the Legislature for instructional materials for student membership in basic and special programs in grades K-12, which will provide for growth and maintenance needs. For purposes of this subsection, unweighted full-time equivalent students enrolled in the lab schools in state universities are to be included as school district students and reported as such to the department. ~~These funds shall be distributed to school districts as follows: 50 percent on or about July 10; 35 percent on or about October 10; 10 percent on or about January 10; and 5 percent on or about June 10.~~ The annual allocation shall be determined as follows:

(a) The growth allocation for each school district shall be calculated as follows:

1. Subtract from that district's projected full-time equivalent membership of students in basic and special programs in grades K-12 used in determining the initial allocation of the Florida Education Finance Program, the prior year's full-time equivalent membership of students in basic and special programs in grades K-12 for that district.
2. Multiply any such increase in full-time equivalent student membership by the allocation for a set of instructional materials, as determined by the department, or as provided for in the General Appropriations Act.
3. The amount thus determined shall be that district's initial allocation for growth for the school year. However, the department shall recompute and adjust the initial allocation based on actual full-time equivalent student membership data for that year.

(b) The maintenance of the instructional materials allocation for each school district shall be calculated by multiplying each district's prior year full-time equivalent membership of students in basic and special programs in grades K-12 by the allocation for maintenance of a set of instructional materials as provided for in the General Appro-

priations Act. The amount thus determined shall be that district's initial allocation for maintenance for the school year; however, the department shall recompute and adjust the initial allocation based on such actual full-time equivalent student membership data for that year.

(c) In the event the funds appropriated are not sufficient for the purpose of implementing this subsection in full, the department shall prorate the funds available for instructional materials after first funding in full each district's growth allocation.

Section 27. Section 1011.66, Florida Statutes, is amended to read:

1011.66 Distribution of FEFP funds.—The distribution of FEFP funds shall be made in payments on or about the 10th and 26th of each month. ~~Upon the request of any school district whose net state FEFP funding is less than 60 percent of its gross state and local FEFP funding, the Department of Education shall distribute to that school district in the first quarter of the fiscal year an amount from the funds appropriated for the FEFP in the General Appropriations Act up to a maximum of 15 percent of that school district's gross state and local FEFP funding or that school district's net state FEFP funding, whichever is less.~~

(2) The allocation for each district shall be calculated annually in accordance with the following formula:

$T = B + EX$ . The elements of this formula are defined as follows: T is the total dollar allocation for transportation. B is the base transportation dollar allocation prorated by an adjusted student membership count. The adjusted membership count shall be derived from a multiplicative index function in which the base student membership is adjusted by multiplying it by index numbers that individually account for the impact of the price level index, average bus occupancy, and the extent of rural population in the district. EX is the base transportation dollar allocation for disabled students prorated by an adjusted disabled student membership count. The base transportation dollar allocation for disabled students is the total state base disabled student membership count weighted for increased costs associated with transporting disabled students and multiplying it by ~~an the prior year's~~ average per student cost for transportation *as determined by the Legislature*. The adjusted disabled student membership count shall be derived from a multiplicative index function in which the weighted base disabled student membership is adjusted by multiplying it by index numbers that individually account for the impact of the price level index, average bus occupancy, and the extent of rural population in the district. Each adjustment factor shall be designed to affect the base allocation by no more or less than 10 percent.

Section 29. Paragraph (b) of subsection (3) of section 1011.71, Florida Statutes, is amended to read:

In order to be continued, millage levied pursuant to this paragraph must be approved by the voters of the district at the next general election.~~

Such election may be held at any time, except that not more than one such election shall be held during any 12-month period. Any millage so authorized shall be levied for a period not in excess of 4 years or until changed by another millage election, whichever is earlier. If any such election is invalidated by a court of competent jurisdiction, such invalidated election shall be considered not to have been held.

A school district requesting funding from the Special Facility Construction Account shall submit one specific construction project, not to exceed one complete educational plant, to the Special Facility Construction Committee. No district shall receive funding for more than one approved project in any 5-year ~~3-year~~ period. Section 7. Section 1009.21, Florida Statutes, is amended to read:

1009.21 Determination of resident status for tuition purposes.— Students shall be classified as residents or nonresidents for the purpose of assessing tuition in *charter technical centers, career centers operated by school districts, community colleges, and state universities.*

(1) As used in this section, the term:

(a) "Dependent child" means any person, whether or not living with his or her parent, who is eligible to be claimed by his or her parent as a dependent under the federal income tax code.

(b) "Initial enrollment" means the first day of class at an institution of higher education.

(c) "Institution of higher education" means any *charter technical career center as defined in s. 1002.34, career center operated by a school district as defined in s. 1001.44, community college as defined in s. 1000.21(3), or state university as defined in s. 1000.21(6).*

(d) "Legal resident" or "resident" means a person who has maintained his or her residence in this state for the preceding year, has purchased a home which is occupied by him or her as his or her residence, or has established a domicile in this state pursuant to s. 222.17.

(e) "Nonresident for tuition purposes" means a person who does not qualify for the in-state tuition rate.

(f) "Parent" means the natural or adoptive parent or legal guardian of a dependent child.

(g) "Resident for tuition purposes" means a person who qualifies as provided in this section for the in-state tuition rate.

(2)(a) To qualify as a resident for tuition purposes:

1. A person or, if that person is a dependent child, his or her parent or parents must have established legal residence in this state and must have maintained legal residence in this state for at least 12 consecutive months immediately prior to his or her initial enrollment in an institution of higher education.

2. Every applicant for admission to an institution of higher education shall be required to make a statement as to his or her length of residence in the state and, further, shall establish that his or her presence or, if the applicant is a dependent child, the presence of his or her parent or parents in the state currently is, and during the requisite 12-month qualifying period was, for the purpose of maintaining a bona fide domicile, rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.

(b) However, with respect to a dependent child living with an adult relative other than the child's parent, such child may qualify as a resident for tuition purposes if the adult relative is a legal resident who has maintained legal residence in this state for at least 12 consecutive months immediately prior to the child's initial enrollment in an institution of higher education, provided the child has resided continuously with such relative for the 5 years immediately prior to the child's initial enrollment in an institution of higher education, during which time the adult relative has exercised day-to-day care, supervision, and control of the child.

(c) The legal residence of a dependent child whose parents are divorced, separated, or otherwise living apart will be deemed to be this state if either parent is a legal resident of this state, regardless of which parent is entitled to claim, and does in fact claim, the minor as a dependent pursuant to federal individual income tax provisions.

(3)(a) An individual shall not be classified as a resident for tuition purposes and, thus, shall not be eligible to receive the in-state tuition rate until he or she has provided such evidence related to legal residence and its duration or, if that individual is a dependent child, evidence of his or her parent's legal residence and its duration, as may be required

by law and by officials of the institution of higher education from which he or she seeks the in-state tuition rate.

(b) Except as otherwise provided in this section, evidence of legal residence and its duration shall include clear and convincing documentation that residency in this state was for a minimum of 12 consecutive months prior to a student's initial enrollment in an institution of higher education.

(c) Each institution of higher education shall affirmatively determine that an applicant who has been granted admission to that institution as a Florida resident meets the residency requirements of this section at the time of initial enrollment. The residency determination must be documented by the submission of written or electronic verification that includes two or more of the documents identified in this paragraph. No single piece of evidence shall be conclusive.

1. The documents must include at least one of the following:
  - a. A Florida voter's registration card.
  - b. A Florida driver's license.
  - c. A State of Florida identification card.
  - d. A Florida vehicle registration.
  - e. Proof of a permanent home in Florida which is occupied as a primary residence by the individual or by the individual's parent if the individual is a dependent child.
  - f. Proof of a homestead exemption in Florida.
  - g. Transcripts from a Florida high school for multiple years if the Florida high school diploma or GED was earned within the last 12 months.
  - h. Proof of permanent full-time employment in Florida for at least 30 hours per week for a 12-month period.
2. The documents may include one or more of the following:
  - a. A declaration of domicile in Florida.
  - b. A Florida professional or occupational license.
  - c. Florida incorporation.
  - d. A document evidencing family ties in Florida.
  - e. Proof of membership in a Florida-based charitable or professional organization.
  - f. Any other documentation that supports the student's request for resident status, including, but not limited to, utility bills and proof of 12 consecutive months of payments; a lease agreement and proof of 12 consecutive months of payments; or an official state, federal, or court document evidencing legal ties to Florida.

(4) With respect to a dependent child, the legal residence of the dependent child's parent or parents is prima facie evidence of the dependent child's legal residence, which evidence may be reinforced or rebutted, relative to the age and general circumstances of the dependent child, by the other evidence of legal residence required of or presented by the dependent child. However, the legal residence of a dependent child's parent or parents who are domiciled outside this state is not prima facie evidence of the dependent child's legal residence if that dependent child has lived in this state for 5 consecutive years prior to enrolling or re-registering at the institution of higher education at which resident status for tuition purposes is sought.

(5) In making a domiciliary determination related to the classification of a person as a resident or nonresident for tuition purposes, the domicile of a married person, irrespective of sex, shall be determined, as in the case of an unmarried person, by reference to all relevant evidence of domiciliary intent. For the purposes of this section:

(a) A person shall not be precluded from establishing or maintaining legal residence in this state and subsequently qualifying or continuing to qualify as a resident for tuition purposes solely by reason of marriage to

a person domiciled outside this state, even when that person's spouse continues to be domiciled outside of this state, provided such person maintains his or her legal residence in this state.

(b) A person shall not be deemed to have established or maintained a legal residence in this state and subsequently to have qualified or continued to qualify as a resident for tuition purposes solely by reason of marriage to a person domiciled in this state.

(c) In determining the domicile of a married person, irrespective of sex, the fact of the marriage and the place of domicile of such person's spouse shall be deemed relevant evidence to be considered in ascertaining domiciliary intent.

(6)(a) Except as otherwise provided in this section, a person who is classified as a nonresident for tuition purposes may become eligible for reclassification as a resident for tuition purposes if that person or, if that person is a dependent child, his or her parent presents clear and convincing documentation that supports permanent legal residency in this state for at least 12 consecutive months rather than temporary residency for the purpose of pursuing an education, such as documentation of full-time permanent employment for the prior 12 months or the purchase of a home in this state and residence therein for the prior 12 months while not enrolled in an institution of higher education.

(b) If a person who is a dependent child and his or her parent move to this state while such child is a high school student and the child graduates from a high school in this state, the child may become eligible for reclassification as a resident for tuition purposes when the parent submits evidence that the parent qualifies for permanent residency.

(c) If a person who is a dependent child and his or her parent move to this state after such child graduates from high school, the child may become eligible for reclassification as a resident for tuition purposes after the parent submits evidence that he or she has established legal residence in the state and has maintained legal residence in the state for at least 12 consecutive months.

If the institution determines that it is possible, the education institution may so inform the department, which may reserve the student's award if funds are available. The renewal, however, must not be granted until the student achieves the required cumulative grade point average. If the summer term is not sufficient to raise the grade point average to the required renewal level, the student's next opportunity for renewal is the fall semester of the following academic year. ~~;~~

27.52 Determination of indigent status.—

(1) APPLICATION TO THE CLERK.—A person seeking appointment of a public defender under s. 27.51 based upon an inability to pay must apply to the clerk of the court for a determination of indigent status using an application form developed by the Florida Clerks of Court Operations Corporation with final approval by the Supreme Court.

(a) The application must include, at a minimum, the following financial information:

1. Net income, consisting of total salary and wages, minus deductions required by law, including court-ordered support payments.
2. Other income, including, but not limited to, social security benefits, union funds, veterans' benefits, workers' compensation, other regular support from absent family members, public or private employee pensions, unemployment compensation, dividends, interest, rent, trusts, and gifts.
3. Assets, including, but not limited to, cash, savings accounts, bank accounts, stocks, bonds, certificates of deposit, equity in real estate, and equity in a boat or a motor vehicle or in other tangible property.
4. All liabilities and debts.
5. If applicable, the amount of any bail paid for the applicant's release from incarceration and the source of the funds.

The application must include a signature by the applicant which attests to the truthfulness of the information provided. The application form developed by the corporation must include notice that the applicant may seek court review of a clerk's determination that the applicant is not indigent, as provided in this section.

(b) An applicant shall pay a \$50 application fee to the clerk for each application for court-appointed counsel filed. The applicant shall pay the fee within 7 days after submitting the application. If the applicant does not pay the fee prior to the disposition of the case, the clerk shall notify the court, and the court shall:

1. Assess the application fee as part of the sentence or as a condition of probation; or
2. Assess the application fee pursuant to s. 938.29.

(c) Notwithstanding any provision of law, court rule, or administrative order, the clerk shall assign the first \$50 of any fees or costs paid by an indigent person as payment of the application fee. A person found to be indigent may not be refused counsel or other required due process services for failure to pay the fee.

(d) All application fees collected by the clerk under this section shall be transferred monthly by the clerk to the Department of Revenue for deposit in the Indigent Criminal Defense Trust Fund administered by the Justice Administrative Commission, to be used to as appropriated by the Legislature. The clerk may retain 2 percent of application fees collected monthly for administrative costs prior to remitting the remainder to the Department of Revenue.

(e)1. The clerk shall assist a person who appears before the clerk and requests assistance in completing the application, and the clerk shall notify the court if a person is unable to complete the application after the clerk has provided assistance.

2. If the person seeking appointment of a public defender is incarcerated, the public defender is responsible for providing the application to the person and assisting him or her in its completion and is responsible for submitting the application to the clerk on the person's behalf. The public defender may enter into an agreement for jail employees, pretrial services employees, or employees of other criminal justice agencies to assist the public defender in performing functions assigned to the public defender under this subparagraph.

(2) DETERMINATION BY THE CLERK.—The clerk of the court shall determine whether an applicant seeking appointment of a public defender is indigent based upon the information provided in the application and the criteria prescribed in this subsection.

(a)1. An applicant, including an applicant who is a minor or an adult tax-dependent person, is indigent if the applicant's income is equal to or below 200 percent of the then-current federal poverty guidelines prescribed for the size of the household of the applicant by the United States Department of Health and Human Services or if the person is receiving Temporary Assistance for Needy Families-Cash Assistance, poverty-related veterans' benefits, or Supplemental Security Income (SSI).

2.a. There is a presumption that the applicant is not indigent if the applicant owns, or has equity in, any intangible or tangible personal property or real property or the expectancy of an interest in any such property having a net equity value of \$2,500 or more, excluding the value of the person's homestead and one vehicle having a net value not exceeding \$5,000.

b. *Notwithstanding the information that the applicant provides, the clerk shall conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of the state to identify any property interests of the applicant under this subparagraph. The clerk shall evaluate and consider the results of the review in making its determination under this subsection. The clerk shall maintain the results of the review in a file with the application and provide the file to the court if the applicant seeks review under subsection (4) of the clerk's determination of indigent status.*

(b) Based upon its review, the clerk shall make one of the following determinations:

1. The applicant is not indigent.
2. The applicant is indigent.

(c)1. If the clerk determines that the applicant is indigent, the clerk shall submit the determination to the office of the public defender and immediately file the determination in the case file.

2. If the public defender is unable to provide representation due to a conflict pursuant to s. 27.5303, the public defender shall move the court for withdrawal from representation and appointment of the office of criminal conflict and civil regional counsel.

(d) The duty of the clerk in determining whether an applicant is indigent shall be limited to receiving the application and comparing the information provided in the application to the criteria prescribed in this subsection. The determination of indigent status is a ministerial act of the clerk and not a decision based on further investigation or the exercise of independent judgment by the clerk. The clerk may contract with third parties to perform functions assigned to the clerk under this section.

(e) The applicant may seek review of the clerk's determination that the applicant is not indigent in the court having jurisdiction over the matter at the next scheduled hearing. If the applicant seeks review of the clerk's determination of indigent status, the court shall make a final determination as provided in subsection (4).

(3) APPOINTMENT OF COUNSEL ON INTERIM BASIS.—If the clerk of the court has not made a determination of indigent status at the time a person requests appointment of a public defender, the court shall make a preliminary determination of indigent status, pending further

review by the clerk, and may, by court order, appoint a public defender, the office of criminal conflict and civil regional counsel, or private counsel on an interim basis.

(4) REVIEW OF CLERK'S DETERMINATION.—

(a) If the clerk of the court determines that the applicant is not indigent, and the applicant seeks review of the clerk's determination, the court shall make a final determination of indigent status by reviewing the information provided in the application against the criteria prescribed in subsection (2) and by considering the following additional factors:

1. Whether the applicant has been released on bail in an amount of \$5,000 or more.
2. Whether a bond has been posted, the type of bond, and who paid the bond.
3. Whether paying for private counsel in an amount that exceeds the limitations in s. 27.5304, or other due process services creates a substantial hardship for the applicant or the applicant's family.
4. Any other relevant financial circumstances of the applicant or the applicant's family.

(b) Based upon its review, the court shall make one of the following determinations and, if the applicant is indigent, shall appoint a public defender, the office of criminal conflict and civil regional counsel, or, if appropriate, private counsel:

1. The applicant is not indigent.
2. The applicant is indigent.

(5) INDIGENT FOR COSTS.—A person who is ~~eligible to be represented by a public defender under s. 27.51 but who is~~ represented by private counsel not appointed by the court for a reasonable fee as approved by the court, or on a pro bono basis, or who is proceeding pro se, may move the court for a determination that he or she is indigent for costs and eligible for the provision of due process services, as prescribed by ss. 29.006 and 29.007, funded by the state.

(a) The person must file a written motion with the court and submit to the court:

1. The completed application prescribed in subsection (1).
2. In the case of a person represented by counsel, an affidavit attesting to the estimated amount of attorney's fees and the source of payment for these fees.

(b) *The person shall arrange for service of a copy of the motion and attachments on the Justice Administrative Commission. The commission has standing to appear before the court to contest any motion to declare a person indigent for costs and may participate in a hearing on the motion by use of telephonic or other communication equipment.*

(c) *If the person did not apply for a determination of indigent status under subsection (1) in the same case and is not already liable for the application fee required under that subsection, he or she becomes liable for payment of the fee upon filing the motion with the court.*

(d) In reviewing the motion, the court shall consider:

1. Whether the applicant applied for a determination of indigent status under subsection (1) and the outcome of such application.
2. The extent to which the person's income equals or exceeds the income criteria prescribed in subsection (2).
3. The additional factors prescribed in subsection (4).
4. Whether the applicant is proceeding pro se.
5. When the applicant retained private counsel.
6. The amount of any attorney's fees and who is paying the fees. *There is a presumption that the applicant is not indigent for costs if the amount of attorney's fees exceeds \$5,000 for a noncapital case or \$25,000*

*for a capital case in which the state is seeking the death penalty. To overcome this presumption, the applicant has the burden to show through clear and convincing evidence that the fees are reasonable based on the nature and complexity of the case. In determining the reasonableness of the fees, the court shall consider the amount that a private court-appointed attorney paid by the state would receive for providing representation for the type of case.*

(e) Based upon its review, the court shall make one of the following determinations:

1. The applicant is not indigent for costs.
2. The applicant is indigent for costs.

(f) The provision of due process services based upon a determination that a person is indigent for costs under this subsection must be effectuated pursuant to a court order, a copy of which the clerk shall provide to counsel representing the person, or to the person directly if he or she is proceeding pro se, for use in requesting payment of due process expenses through the Justice Administrative Commission. Private counsel representing a person declared indigent for costs shall execute the Justice Administrative Commission's contract for counsel representing persons determined to be indigent for costs. *Private counsel representing a person declared indigent for costs may not receive state funds, either directly or on behalf of due process providers, unless the attorney has executed the contract required under this paragraph.*

(g) *Costs shall be reimbursed at the rates established under ss. 27.425 and 27.5305. To receive reimbursement of costs, either directly or on behalf of due process providers, private counsel representing a person declared indigent for costs shall comply with the procedures and requirements under this chapter governing billings by and compensation of private court-appointed counsel.*

(h) *The court may not appoint an attorney paid by the state based on a finding that the defendant is indigent for costs if the defendant has privately retained and paid counsel.*

(i) *A defendant who is found guilty of a criminal act by a court or jury or enters a plea of guilty or nolo contendere and who received due process services after being found indigent for costs under this subsection is liable for payment of due process costs expended by the state.*

1. *The attorney representing the defendant, or the defendant if he or she is proceeding pro se, shall provide an accounting to the court delineating all costs paid or to be paid by the state within 90 days after disposition of the case notwithstanding any appeals.*

2. *The court shall issue an order determining the amount of all costs paid by the state and any costs for which prepayment was waived under this section or s. 57.081. The clerk shall cause a certified copy of the order to be recorded in the official records of the county, at no cost. The recording constitutes a lien against the person in favor of the state in the county in which the order is recorded. The lien may be enforced in the same manner prescribed in s. 938.29.*

3. *If the attorney or the pro se defendant fails to provide a complete accounting of costs expended by the state and consequently costs are omitted from the lien, the attorney or pro se defendant may not receive reimbursement or any other form of direct or indirect payment for those costs if the state has not paid the costs. The attorney or pro se defendant shall repay the state for those costs if the state has already paid the costs. The clerk of the court may establish a payment plan under s. 28.246 and may charge the attorney or pro se defendant a one-time administrative processing charge under s. 28.24(26)(c).*

(6) DUTIES OF PARENT OR LEGAL GUARDIAN.—A nonindigent parent or legal guardian of an applicant who is a minor or an adult tax-dependent person shall furnish the minor or adult tax-dependent person with the necessary legal services and costs incident to a delinquency proceeding or, upon transfer of such person for criminal prosecution as an adult pursuant to chapter 985, a criminal prosecution in which the person has a right to legal counsel under the Constitution of the United States or the Constitution of the State of Florida. The failure of a parent or legal guardian to furnish legal services and costs under this section does not bar the appointment of legal counsel pursuant to this section, s. 27.40, or s. 27.5303. When the public defender, the office of criminal

conflict and civil regional counsel, a private court-appointed conflict counsel, or a private attorney is appointed to represent a minor or an adult tax-dependent person in any proceeding in circuit court or in a criminal proceeding in any other court, the parents or the legal guardian shall be liable for payment of the fees, charges, and costs of the representation even if the person is a minor being tried as an adult. Liability for the fees, charges, and costs of the representation shall be imposed in the form of a lien against the property of the nonindigent parents or legal guardian of the minor or adult tax-dependent person. The lien is enforceable as provided in s. 27.561 or s. 938.29.

(7) FINANCIAL DISCREPANCIES; FRAUD; FALSE INFORMATION.—

(a) If the court learns of discrepancies between the application or motion and the actual financial status of the person found to be indigent or indigent for costs, the court shall determine whether the public defender, office of criminal conflict and civil regional counsel, or private attorney shall continue representation or whether the authorization for any other due process services previously authorized shall be revoked. The person may be heard regarding the information learned by the court. If the court, based on the information, determines that the person is not indigent or indigent for costs, the court shall order the public defender, office of criminal conflict and civil regional counsel, or private attorney to discontinue representation and revoke the provision of any other authorized due process services.

(b) If the court has reason to believe that any applicant, through fraud or misrepresentation, was improperly determined to be indigent or indigent for costs, the matter shall be referred to the state attorney. Twenty-five percent of any amount recovered by the state attorney as reasonable value of the services rendered, including fees, charges, and costs paid by the state on the person's behalf, shall be remitted to the Department of Revenue for deposit into the Grants and Donations Trust Fund within the Justice Administrative Commission. Seventy-five percent of any amount recovered shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

(c) A person who knowingly provides false information to the clerk or the court in seeking a determination of indigent status under this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 8. Subsection (4) of section 27.5304, Florida Statutes, is amended to read:

27.5304 Private court-appointed counsel; compensation.—

(4)(a) The attorney shall submit a bill for attorney's fees, costs, and related expenses within 90 days after the disposition of the case at the lower court level, notwithstanding any appeals. The Justice Administrative Commission shall provide by contract with the attorney for imposition of a penalty of:

1. Fifteen ~~15~~ percent of the allowable attorney's fees, costs, and related expenses for a bill that is submitted more than 90 days after the disposition of the case at the lower court level, notwithstanding any appeals;

2. For cases for which disposition occurs on or after July 1, 2010, 50 percent of the allowable attorney's fees, costs, and related expenses for a bill that is submitted more than 1 year after the disposition of the case at the lower court level, notwithstanding any appeals; and

3. For cases for which disposition occurs on or after July 1, 2010, 75 percent of the allowable attorney's fees, costs, and related expenses for a bill that is submitted more than 2 years after the disposition of the case at the lower court level, notwithstanding any appeals.

(b) For purposes of this subsection, the term "disposition" means:

1. At the trial court level, that the court has entered a final appealable judgment, unless rendition of judgment is stayed by the filing of a timely motion for rehearing. The filing of a notice of appeal does not stay the time for submission of an intended billing; and

2. At the appellate court level, that the court has issued its mandate.

Section 9. Section 27.5305, Florida Statutes, is created to read:

27.5305 Attorney or provider compensation; conditions; requirements.—The provisions of this section apply to the payment by the state through the Justice Administrative Commission of legal fees and due process costs in an eligible criminal or civil matter when a person receives the services of a private court-appointed attorney or is declared indigent for costs under s. 27.52 or s. 57.082.

(1) ELECTRONIC FUNDS TRANSFER.—A person, as defined in s. 1.01, requesting compensation from the state through the Justice Administrative Commission for the provision of criminal or civil legal representation or other due process services must, as a condition for compensation, participate in a direct-deposit program under which the person authorizes the transfer of funds electronically to an account in the person's name at a federal- or state-chartered financial institution.

(a) The Justice Administrative Commission may exempt a person from compliance with this section if the commission finds that participation in a direct-deposit program creates a financial hardship for the person.

(b) This subsection applies to compensation for services that are provided on or after January 1, 2011.

(2) TRANSCRIPTS.—

(a) The state may pay for the cost of preparing a transcript of a deposition only if the private court-appointed attorney secures an order from the court finding that preparation of the transcript is necessary, in which case the state may pay for one original and one copy only.

(b) The state may pay for the cost of one original transcript of any deposition, hearing, or other proceeding. Any other payment for a transcript of that same deposition, hearing, or other proceeding, regardless of whether the transcript is an additional original transcript or a copy, shall be at the rate paid for a copy of a transcript. This paragraph applies regardless of which state agency pays for the first original transcript.

(3) COURT REPORTERS; INVESTIGATORS.—Beginning with the 2010-2011 fiscal year, and applicable to services performed starting in that year, uniform statewide rates shall be prescribed annually in the General Appropriations Act for the payment of:

(a) Court reporting services that are not provided through the state courts system; and

(b) Private investigation services.

(4) EXPERT WITNESSES; MITIGATION SPECIALISTS.—A private court-appointed attorney must obtain authorization from the court to employ an out-of-state expert or mitigation specialist upon a showing that an expert or mitigation specialist who has appropriate skills or expertise is not available from within the county in which the case was filed or from elsewhere in the state. An order authorizing the employment must be in writing and contain specific findings regarding the unavailability of a qualified in-state expert or mitigation specialist. The attorney shall submit a copy of the order to the Justice Administrative Commission.

(5) RIGHT TO DISCOVERY.—The Justice Administrative Commission has a right to engage in discovery in accordance with the Florida Rules of Civil Procedure on a motion to the court seeking payment of attorney's fees, costs, or other expenses. This right includes a reasonable opportunity to obtain discovery prior to a hearing on the motion.

Section 10. Subsection (12) of section 28.24, Florida Statutes, is amended to read:

28.24 Service charges by clerk of the circuit court.—The clerk of the circuit court shall charge for services rendered by the clerk's office in recording documents and instruments and in performing the duties enumerated in amounts not to exceed those specified in this section. Notwithstanding any other provision of this section, the clerk of the circuit court shall provide without charge to the state attorney, public defender, guardian ad litem, public guardian, attorney ad litem, criminal conflict and civil regional counsel, and private court-appointed counsel paid by the state, and to the authorized staff acting on behalf of each, access to and a copy of any public record, if the requesting party is entitled by law to view the exempt or confidential record, as maintained by and in the custody of the clerk of the circuit court as provided in general law and the Florida Rules of Judicial Administration. The clerk

of the circuit court may provide the requested public record in an electronic format in lieu of a paper format when capable of being accessed by the requesting entity.

The fund may not be used for the payment of travel expenses, membership dues, bank charges, staff-recruitment costs, salaries or benefits of employees, construction costs, general operating expenses, or other costs not directly related to obtaining and maintaining equipment for public records systems or for the purchase of furniture or office supplies and equipment not related to the storage of records. On or before December 1, 1995, and on or before December 1 of each year immediately preceding each year during which the trust fund is scheduled for legislative review under s. 19(f)(2), Art. If the counties maintain legal responsibility for the costs of the court-related technology needs as defined in s. 29.008(1)(f)2. and (h), notwithstanding any other provision of law, the county is not required to provide additional funding

beyond that provided herein for the court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h). All court records and official records are the property of the State of Florida, including any records generated as part of the Comprehensive Case Information System funded pursuant to this paragraph and the clerk of court is designated as the custodian of such records, except in a county where the duty of maintaining official records exists in a county office other than the clerk of court or comptroller, such county office is designated the custodian of all official records, and the clerk of court is designated the custodian of all court records. The clerk of court or any entity acting on behalf of the clerk of court, including an association, shall not charge a fee to any agency as defined in s. 119.011, the Legislature, or the State Court System for copies of records generated by the Comprehensive Case Information System or held by the clerk of court or any entity acting on behalf of the clerk of court, including an association.

2. If the state becomes legally responsible for the costs of court-related technology needs as defined in s. 29.008(1)(f)2. and (h), whether by operation of general law or by court order, \$4 shall be remitted to the Department of Revenue for deposit into the General Revenue Fund.

If such action is necessary, the corporation shall notify the Legislative Budget Commission prior to taking action. Section 14. Subsection (1) of section 29.001, Florida Statutes, is amended to read:

29.001 State courts system elements and definitions.—

(1) For the purpose of implementing s. 14, Art. V of the State Constitution, the state courts system is defined to include the enumerated elements of the Supreme Court, district courts of appeal, circuit courts, county courts, and certain supports thereto. The offices of public defenders and state attorneys are defined to include the enumerated elements of the 20 state attorneys' offices and the enumerated elements of the 20 public defenders' offices ~~and five offices of criminal conflict and civil regional counsel~~. Court-appointed counsel are defined to include the enumerated elements for counsel appointed to ensure due process in criminal and civil proceedings in accordance with state and federal constitutional guarantees. Funding for the state courts system, the state attorneys' offices, the public defenders' offices, the offices of criminal conflict and civil regional counsel, and other court-appointed counsel shall be provided from state revenues appropriated by general law.

Section 15. Section 29.008, Florida Statutes, is amended to read:

29.008 County funding of court-related functions.—

(1) Counties are required by s. 14, Art. V of the State Constitution to fund the cost of communications services, existing radio systems, existing multiagency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions. For purposes of this section, the term "circuit and county courts" includes the offices and staffing of the guardian ad litem programs, ~~and the term "public defenders' offices" includes the offices of criminal conflict and civil regional counsel~~. The county designated under s. 35.05(1) as the headquarters for each appellate district shall fund these costs for the appellate division of the public defender's office in that county. For purposes of implementing these requirements, the term:

(a) "Facility" means reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, including, but not limited to, those for the purpose of housing legal materials for use by the general public and personnel, equipment, or functions of the circuit or county courts, public defenders' offices, state attorneys' offices, and court-related functions of the office of the clerks of the circuit and county courts and all storage. The term "facility" includes all wiring necessary for court reporting services. The term also includes access to parking for such facilities in connection with such court-related functions that may be available free or from a private provider or a local government for a fee. The office space provided by a county may not be less than the standards for space allotment adopted by the Department of Management Services, except this requirement applies only to facilities that are leased, or on which construction commences, after June 30, 2003. County funding must include physical modifications and improvements to all facilities as are required for compliance with the Americans with Disabilities Act. Upon mutual agreement of a county and the affected entity in this paragraph, the office space provided by the county may vary from the standards for space allotment adopted by the Department of Management Services.

1. As of July 1, 2005, equipment and furnishings shall be limited to that appropriate and customary for courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, public defenders, *and* guardians ad litem, ~~and criminal conflict and civil regional counsel~~. Court reporting equipment in these areas or facilities is not a responsibility of the county.

2. Equipment and furnishings under this paragraph in existence and owned by counties on July 1, 2005, except for that in the possession of the clerks, for areas other than courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, shall be transferred to the state at no charge. This provision does not apply to any communications services as defined in paragraph (f).

(b) "Construction or lease" includes, but is not limited to, all reasonable and necessary costs of the acquisition or lease of facilities for all judicial officers, staff, jurors, volunteers of a tenant agency, and the public for the circuit and county courts, the public defenders' offices, state attorneys' offices, and for performing the court-related functions of the offices of the clerks of the circuit and county courts. This includes expenses related to financing such facilities and the existing and future cost and bonded indebtedness associated with placing the facilities in use.

(c) "Maintenance" includes, but is not limited to, all reasonable and necessary costs of custodial and groundskeeping services and renovation and reconstruction as needed to accommodate functions for the circuit and county courts, the public defenders' offices, and state attorneys' offices and for performing the court-related functions of the offices of the clerks of the circuit and county court and for maintaining the facilities in a condition appropriate and safe for the use intended.

Any court of competent jurisdiction may order a criminal justice agency to expunge the criminal history record of a minor or an adult who complies with the requirements of this section. The court shall not order a criminal justice agency to expunge a criminal history record until the person seeking to expunge a criminal history record has applied for and received a certificate of eligibility for expunction pursuant to subsection (2). A criminal history record that relates to a violation of s. 393.135, s. 394.4593, s. 787.025, chapter 794, s. 796.03, s. 800.04, s. 810.14, s. 817.034, s. 825.1025, s. 827.071, chapter 839, s. 847.0133, s. 847.0135, s. 847.0145, s. 893.135, s. 916.1075, a violation enumerated in s. 907.041, or any violation specified as a predicate offense for registration as a sexual predator pursuant to s. 775.21, without regard to whether that offense alone is sufficient to require such registration, or for registration as a sexual offender pursuant to s. 943.0435, may not be expunged, without regard to whether adjudication was withheld, if the defendant was found guilty of or pled guilty or nolo contendere to the offense, or if the defendant, as a minor, was found to have committed, or pled guilty or nolo contendere to committing, the offense as a delinquent act. (3) The Agency for Health Care Administration, in consultation with the agency, shall seek federal approval and implement a four-tiered waiver system to serve eligible clients through the developmental disabilities and family and supported living waivers. The agency shall assign all clients receiving services through the developmental disabilities waiver to a tier based on a valid assessment instrument, client characteristics, and other appropriate assessment methods.

(a) Tier one is limited to clients who have service needs that cannot be met in tier two, three, or four for intensive medical or adaptive needs and that are essential for avoiding institutionalization, or who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harm to themselves or others. *Total annual expenditures under tier one may not exceed \$120,000 per client each year.*

(b) Tier two is limited to clients whose service needs include a licensed residential facility and who are authorized to receive a moderate level of support for standard residential habilitation services or a minimal level of support for behavior focus residential habilitation services, or clients in supported living who receive more than 6 hours a day of in-home support services. *Total annual expenditures under tier two may not exceed \$49,500 ~~\$55,000~~ per client each year.*

(c) Tier three includes, but is not limited to, clients requiring residential placements, clients in independent or supported living situations, and clients who live in their family home. *Total annual expenditures under tier three may not exceed \$31,500 ~~\$35,000~~ per client each year.*

(d) Tier four is the family and supported living waiver and includes, but is not limited to, clients in independent or supported living situations and clients who live in their family home. *Total annual expenditures under tier four may not exceed \$13,313 ~~\$14,792~~ per client each year.*

(f) The agency shall seek federal waivers and amend contracts as necessary to make changes to services defined in federal waiver programs administered by the agency as follows:

1. Supported living coaching services may not exceed 20 hours per month for persons who also receive in-home support services.

2. Limited support coordination services is the only type of support coordination service that may be provided to persons under the age of 18 who live in the family home.

3. Personal care assistance services are limited to 180 hours per calendar month and may not include rate modifiers. Additional hours may be authorized for persons who have intensive physical, medical, or adaptive needs if such hours are essential for avoiding institutionalization.

4. Residential habilitation services are limited to 8 hours per day. Additional hours may be authorized for persons who have intensive medical or adaptive needs and if such hours are essential for avoiding institutionalization, or for persons who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harming themselves or others. This restriction shall be in effect until the four-tiered waiver system is fully implemented.

5. Chore services, nonresidential support services, and homemaker services are eliminated. The agency shall expand the definition of in-home support services to allow the service provider to include activities previously provided in these eliminated services.

6. Massage therapy, medication review, *behavior assistant services provided in a standard or behavior-focus group home*, and psychological assessment services are eliminated.

7. The agency shall conduct supplemental cost plan reviews to verify the medical necessity of authorized services for plans that have increased by more than 8 percent during either of the 2 preceding fiscal years.

8. The agency shall implement a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective payment method and establish uniform rates for intensive behavioral residential habilitation services.

9. Pending federal approval, the agency may extend current support plans for clients receiving services under Medicaid waivers for 1 year beginning July 1, 2007, or from the date approved, whichever is later. Clients who have a substantial change in circumstances which threatens their health and safety may be reassessed during this year in order to determine the necessity for a change in their support plan.

10. The agency shall develop a plan to eliminate redundancies and duplications between in-home support services, companion services, personal care services, and supported living coaching by limiting or consolidating such services.

11. The agency shall develop a plan to reduce the intensity and frequency of supported employment services to clients in stable employment situations who have a documented history of at least 3 years' employment with the same company or in the same industry.

Section 2. Section 393.0662, Florida Statutes, is created to read:

*393.0662 Individual budgets for delivery of home and community-based services; iBudget system established.—The Legislature finds that improved financial management of the existing home and community-based Medicaid waiver program is necessary to avoid deficits that impede the provision of services to individuals who are on the waiting list for enrollment in the program. The Legislature further finds that clients and their families should have greater flexibility to choose the services that best allow them to live in their community within the limits of an established budget. Therefore, the Legislature intends that the agency, in consultation with the Agency for Health Care Administration, develop and implement a comprehensive redesign of the service delivery system using individual budgets as the basis for allocating the funds appropriated for the home and community-based services Medicaid waiver program among eligible enrolled clients. The service delivery system that uses individual budgets shall be called the iBudget system.*

*(1) The agency shall establish an individual budget, referred to as an iBudget, for each individual served by the home and community-based services Medicaid waiver program. The funds appropriated to the agency shall be allocated through the iBudget system to eligible, Medicaid-enrolled clients. The iBudget system shall be designed to provide for: enhanced client choice within a specified service package; appropriate assessment strategies; an efficient consumer budgeting and billing process that includes reconciliation and monitoring components; a redefined role for support coordinators which avoids potential conflicts of interest; a flexible and streamlined service review process; and a methodology and process that ensures the equitable allocation of available funds to each client based on the client's level of need, as determined by the variables in the allocation algorithm.*

*(a) In developing each client's iBudget, the agency shall use an allocation algorithm and methodology. The algorithm shall use variables that have been determined by the agency to have a statistically validated relationship to the client's level of need for services provided through the home and community-based services Medicaid waiver program. The algorithm and methodology may consider individual characteristics, including, but not limited to, a client's age and living situation, information from a formal assessment instrument that the agency determines is valid and reliable, and information from other assessment processes.*

*(b) The allocation methodology shall provide the algorithm that determines the amount of funds allocated to a client's iBudget. The agency may approve an increase in the amount of funds allocated, as determined by the algorithm, based on the client having:*

*1. An extraordinary need that would place the health and safety of the client, the client's caregiver, or the public in immediate, serious jeopardy unless the increase is approved. An extraordinary need may include, but is not limited to:*

*a. A documented history of significant, potentially life-threatening behaviors, such as recent attempts at suicide, arson, nonconsensual sexual behavior, or self-injurious behavior requiring medical attention;*

*b. A complex medical condition that requires active intervention by a licensed nurse on an ongoing basis which cannot be taught or delegated to a nonlicensed person;*

c. A chronic co-morbid condition. As used in this subparagraph, the term “co-morbid condition” means a medical condition existing simultaneously but independently along with another medical condition in a patient; or

d. A need for total physical assistance with activities such as eating, bathing, toileting, grooming, and personal hygiene.

However, the presence of an extraordinary need alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

2. A significant need for one-time or temporary support or services that, if not provided, would place the health and safety of the client, the client’s caregiver, or the public in serious jeopardy, unless the increase, as determined by the total of the algorithm and any adjustments based on subparagraphs 1. and 3., is approved. A significant need may include, but is not limited to, the provision of environmental modifications, durable medical equipment, services to address the temporary loss of support from a caregiver, or special services or treatment for a serious temporary condition when the service or treatment is expected to ameliorate the underlying condition. As used in this subparagraph, the term “temporary” means a period of less than 12 continuous months.

3. A significant increase in the need for services after the beginning of the service plan year which would place the health and safety of the client, the client’s caregiver, or the public in serious jeopardy because of substantial changes in the client’s circumstances, including, but not limited to, permanent or long-term loss or incapacity of a caregiver, loss of services authorized under the state Medicaid plan due to a change in age, or a significant change in medical or functional status which requires the provision of additional services on a permanent or long-term basis and which cannot be accommodated within the client’s current iBudget. As used in this subparagraph, the term “long-term” means a period of 12 or more continuous months.

The agency shall reserve portions of the appropriation for the home and community-based services Medicaid waiver program for adjustments required pursuant to this paragraph and may use the services of an independent actuary in determining the amount of the portions to be reserved.

(c) A client’s iBudget shall be the total of the amount determined by the algorithm and any additional funding provided pursuant to paragraph (b). A client’s annual expenditures for home and community-based services Medicaid waiver services may not exceed the limits of his or her iBudget. The total of a client’s projected annual iBudget expenditures may not exceed the agency’s appropriation for waiver services.

(2) The Agency for Health Care Administration, in consultation with the agency, shall seek federal approval to amend current waivers, request a new waiver, and amend contracts as necessary to implement the iBudget system to serve eligible, enrolled clients through the home and community-based services Medicaid waiver program and the Consumer-Directed Care Plus Program.

(3) The agency shall provide for the transition of all eligible, enrolled clients to the iBudget system. The agency may gradually phase in the iBudget system.

(a) While the agency phases in the iBudget system, the agency may continue to serve eligible, enrolled clients under the four-tiered waiver system established under s. 393.065 while those clients await the transition to the iBudget system.

(b) The agency shall design the phase-in process to ensure that a client does not experience more than one-half of any expected overall increase or decrease to his or her existing annualized cost plan during the first year that the client is provided an iBudget due solely to the transition to the iBudget system.

(4) A client must use all available services authorized under the state Medicaid plan, school-based services, private insurance, and other benefits and use any other resources that are available to the client before using funds from his or her iBudget to pay for support and services.

(5) Rates for any or all services established under rules of the Agency for Health Care Administration shall be designated as the maximum rather than a fixed amount for individuals who receive an iBudget, except

for services specifically identified in those rules which the agency determines are not appropriate for negotiation, including, but not limited to, residential habilitation services.

(6) The agency shall ensure that clients and caregivers have access to training and education to inform them about the iBudget system and enhance their ability for self-direction. Such training shall be offered in a variety of formats and, at a minimum, shall address the policies and processes of the iBudget system; the roles and responsibilities of consumers, caregivers, waiver support coordinators, providers, and the agency; information available to help the client make decisions regarding the iBudget system; and examples of support and resources available in the community.

(7) The agency shall collect data to evaluate the implementation and outcomes of the iBudget system.

(8) The agency and the Agency for Health Care Administration may adopt rules specifying the allocation algorithm and methodology; criteria and processes for clients to access reserved funds for extraordinary needs, temporarily or permanently changed needs, and one-time needs; and processes and requirements for selection and review of services, development of support and cost plans, and management of the iBudget system as needed to administer this section.

Section 3. This act shall take effect July 1, 2010; however, the amendments to s. 393.0661(3)(b), (c), (d), and (f)6., Florida Statutes, made by this act do not take effect if federal law extends the enhanced Federal Medicaid Assistance Percentage rate, as provided under the American Reinvestment and Recovery Act (Pub. L. No. 111-5), from December 31, 2010, through June 30, 2011.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to home and community-based services; amending s. 393.0661, F.S.; reducing the annual maximum expenditure to each client assigned by the Agency for Persons With Disabilities to tier one, tier two, tier three, and tier four level services; eliminating behavior assistant services in certain group homes as a deliverable service to eligible clients; creating s. 393.0662, F.S.; establishing the iBudget program for the delivery of home and community-based services; providing for amendment of current contracts to implement the iBudget system; providing for the phasing in of the program; requiring clients to use certain resources before using funds from their iBudget; requiring the agency to provide training for clients and evaluate and adopt rules with respect to the iBudget system; providing a contingent effective date.

Senator Peaden moved the following amendment which was adopted:

**Amendment 1 (745712) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. Subsection (2) of section 395.701, Florida Statutes, is amended to read:

395.701 Annual assessments on net operating revenues for inpatient and outpatient services to fund public medical assistance; administrative fines for failure to pay assessments when due; exemption.—

(2)(a) There is imposed upon each hospital an assessment in an amount equal to 2 ~~1.5~~ percent of the annual net operating revenue for inpatient services for each hospital, such revenue to be determined by the agency, based on the actual experience of the hospital as reported to the agency. Within 6 months after the end of each hospital fiscal year, the agency shall certify the amount of the assessment for each hospital. The assessment shall be payable to and collected by the agency in equal quarterly amounts, on or before the first day of each calendar quarter, beginning with the first full calendar quarter that occurs after the agency certifies the amount of the assessment for each hospital. All moneys collected pursuant to this subsection shall be deposited into the Public Medical Assistance Trust Fund.

(b) There is imposed upon each hospital an assessment in an amount equal to 1.5 ~~±~~ percent of the annual net operating revenue for outpatient services for each hospital, such revenue to be determined by the agency, based on the actual experience of the hospital as reported to the agency. While prior year report worksheets may be reconciled to the hospital's audited financial statements, no additional audited financial components may be required for the purposes of determining the amount of the assessment imposed pursuant to this section other than those in effect on July 1, 2000. Within 6 months after the end of each hospital fiscal year, the agency shall certify the amount of the assessment for each hospital. The assessment shall be payable to and collected by the agency in equal quarterly amounts, on or before the first day of each calendar quarter, beginning with the first full calendar quarter that occurs after the agency certifies the amount of the assessment for each hospital. All moneys collected pursuant to this subsection shall be deposited into the Public Medical Assistance Trust Fund.

Section 2. Paragraph (o) of subsection (1) of section 400.141, Florida Statutes, is amended to read:

400.141 Administration and management of nursing home facilities.—

(1) Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(o)1. Submit semiannually to the agency, or more frequently if requested by the agency, information regarding facility staff-to-resident ratios, staff turnover, and staff stability, including information regarding certified nursing assistants, licensed nurses, the director of nursing, and the facility administrator. For purposes of this reporting:

a. Staff-to-resident ratios must be reported in the categories specified in s. 400.23(3)(a) and applicable rules. The ratio must be reported as an average for the most recent calendar quarter.

b. Staff turnover must be reported for the most recent 12-month period ending on the last workday of the most recent calendar quarter prior to the date the information is submitted. The turnover rate must be computed quarterly, with the annual rate being the cumulative sum of the quarterly rates. The turnover rate is the total number of terminations or separations experienced during the quarter, excluding any employee terminated during a probationary period of 3 months or less, divided by the total number of staff employed at the end of the period for which the rate is computed, and expressed as a percentage.

c. The formula for determining staff stability is the total number of employees that have been employed for more than 12 months, divided by the total number of employees employed at the end of the most recent calendar quarter, and expressed as a percentage.

d. A nursing facility that has failed to comply with state minimum-staffing requirements for 2 consecutive days is prohibited from accepting new admissions until the facility has achieved the minimum-staffing requirements for a period of 6 consecutive days. For the purposes of this sub-subparagraph, any person who was a resident of the facility and was absent from the facility for the purpose of receiving medical care at a separate location or was on a leave of absence is not considered a new admission. Failure to impose such an admissions moratorium constitutes a class II deficiency.

e. A nursing facility which does not have a conditional license may be cited for failure to comply with the standards in s. 400.23(3)(a)1.b. and c. ~~s. 400.23(3)(a)1.a.~~ only if it has failed to meet those standards on 2 consecutive days or if it has failed to meet at least 97 percent of those standards on any one day.

f. A facility which has a conditional license must be in compliance with the standards in s. 400.23(3)(a) at all times.

2. This paragraph does not limit the agency's ability to impose a deficiency or take other actions if a facility does not have enough staff to meet the residents' needs.

Section 3. Paragraph (a) of subsection (3) of section 400.23, Florida Statutes, is amended to read:

400.23 Rules; evaluation and deficiencies; licensure status.—

(3)(a)1. The agency shall adopt rules providing minimum staffing requirements for nursing homes. These requirements shall include, for each nursing home facility:

a. A minimum weekly average of certified nursing assistant and licensed nursing staffing combined of 3.9 hours of direct care per resident per day. As used in this sub-subparagraph, a week is defined as Sunday through Saturday.

b. A minimum certified nursing assistant staffing of 2.7 hours of direct care per resident per day. A facility may not staff below one certified nursing assistant per 20 residents.

c. A minimum licensed nursing staffing of 1.0 hour of direct care per resident per day. A facility may not staff below one licensed nurse per 40 residents.

~~a. A minimum certified nursing assistant staffing of 2.6 hours of direct care per resident per day beginning January 1, 2003, and increasing to 2.7 hours of direct care per resident per day beginning January 1, 2007. Beginning January 1, 2002, no facility shall staff below one certified nursing assistant per 20 residents, and a minimum licensed nursing staffing of 1.0 hour of direct care per resident per day but never below one licensed nurse per 40 residents.~~

~~b. Beginning January 1, 2007, a minimum weekly average certified nursing assistant staffing of 2.9 hours of direct care per resident per day. For the purpose of this sub-subparagraph, a week is defined as Sunday through Saturday.~~

2. Nursing assistants employed under s. 400.211(2) may be included in computing the staffing ratio for certified nursing assistants only if their job responsibilities include only nursing-assistant-related duties.

3. Each nursing home must document compliance with staffing standards as required under this paragraph and post daily the names of staff on duty for the benefit of facility residents and the public.

4. The agency shall recognize the use of licensed nurses for compliance with minimum staffing requirements for certified nursing assistants, provided that the facility otherwise meets the minimum staffing requirements for licensed nurses and that the licensed nurses are performing the duties of a certified nursing assistant. Unless otherwise approved by the agency, licensed nurses counted toward the minimum staffing requirements for certified nursing assistants must exclusively perform the duties of a certified nursing assistant for the entire shift and not also be counted toward the minimum staffing requirements for licensed nurses. If the agency approved a facility's request to use a licensed nurse to perform both licensed nursing and certified nursing assistant duties, the facility must allocate the amount of staff time specifically spent on certified nursing assistant duties for the purpose of documenting compliance with minimum staffing requirements for certified and licensed nursing staff. In no event may the hours of a licensed nurse with dual job responsibilities be counted twice.

Section 4. Paragraph (d) is added to subsection (13) of section 409.906, Florida Statutes, to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. Optional services rendered by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. If necessary to safeguard the state's systems of providing services to elderly and disabled persons and subject to the notice and review provisions of s. 216.177, the Governor may direct the Agency for Health Care Administration to amend the Medicaid state plan to delete the optional Medicaid service known as "Intermediate Care Facilities for the Developmentally Disabled." Optional services may include:

(13) HOME AND COMMUNITY-BASED SERVICES.—

(d) *The agency, in consultation with the Department of Elderly Affairs, shall phase out the adult day health care and Channeling Services waiver programs and transfer existing waiver enrollees to other appropriate home and community-based service programs. Effective July 1, 2010, the adult day health care, and Channeling Services waiver programs shall cease to enroll new members. Existing enrollees in the adult day health care and Channeling Services programs shall receive counseling regarding available options and shall be offered an alternative home and community-based services program based on eligibility and personal choice. Each enrollee in the waiver program shall continue to receive home and community-based services without interruption in the enrollee's program of choice. The providers of the adult day health care and Channeling Services waiver programs, in consultation with the area agencies on aging, shall assist in the transition of enrollees. Provision of*

*adult day health care and Channeling Services waiver services shall cease by December 31, 2010. The agency may seek federal waiver approval to administer this change.*

Section 5. Subsections (4) and (6) of section 409.9082, Florida Statutes, are amended to read:

409.9082 Quality assessment on nursing home facility providers; exemptions; purpose; federal approval required; remedies.—

(4) The purpose of the nursing home facility quality assessment is to ensure continued quality of care. Collected assessment funds shall be used to obtain federal financial participation through the Medicaid program to make Medicaid payments for nursing home facility services up to the amount of nursing home facility Medicaid rates as calculated in accordance with the approved state Medicaid plan in effect on December 31, 2007. The quality assessment and federal matching funds shall be used exclusively for the following purposes and in the following order of priority:

(a) To reimburse the Medicaid share of the quality assessment as a pass-through, Medicaid-allowable cost;

(b) To increase to each nursing home facility's Medicaid rate, as needed, *up to an amount that restores the rate reductions implemented January 1, 2008; January 1, 2009; and March 1, 2009; and July 1, 2009;*

(c) To increase to each nursing home facility's Medicaid rate, as needed, *up to an amount that restores any rate reductions for the 2010-2011 2009-2010* fiscal year; and

(d) To increase each nursing home facility's Medicaid rate that accounts for the portion of the total assessment not included in paragraphs (a)-(c) which begins a phase-in to a pricing model for the operating cost component.

(6) The quality assessment shall terminate and the agency shall discontinue the imposition, assessment, and collection of the nursing facility quality assessment if the agency does not obtain necessary federal approval for the nursing home facility quality assessment ~~or the payment rates required by subsection (4).~~ Upon termination, all collected assessment revenues, less any amounts expended by the agency, shall be returned on a pro rata basis to the nursing facilities that paid them.

Section 6. Subsections (3) and (5) of section 409.9083, Florida Statutes, are amended to read:

409.9083 Quality assessment on privately operated intermediate care facilities for the developmentally disabled; exemptions; purpose; federal approval required; remedies.—

(3) The purpose of the facility quality assessment is to ensure continued quality of care. Collected assessment funds shall be used to obtain federal financial participation through the Medicaid program to make Medicaid payments for ICF/DD services up to the amount of the Medicaid rates for such facilities as calculated in accordance with the approved state Medicaid plan in effect on April 1, 2008. The quality assessment and federal matching funds shall be used exclusively for the following purposes and in the following order of priority to:

(a) Reimburse the Medicaid share of the quality assessment as a pass-through, Medicaid-allowable cost.

(b) Increase each privately operated ICF/DD Medicaid rate, as needed, by an amount that restores the rate reductions implemented on October 1, 2008.

(c) Increase each ICF/DD Medicaid rate, as needed, by an amount that restores any rate reductions for the 2008-2009 fiscal year, ~~and~~ the 2009-2010 fiscal year, *and the 2010-2011 fiscal year.*

(d) Increase payments to such facilities to fund covered services to Medicaid beneficiaries.

(5)(a) The quality assessment shall terminate and the agency shall discontinue the imposition, assessment, and collection of the quality assessment if the agency does not obtain necessary federal approval for the facility quality assessment ~~or the payment rates required by subsection (3).~~

(b) Upon termination of the quality assessment, all collected assessment revenues, less any amounts expended by the agency, shall be returned on a pro rata basis to the facilities that paid such assessments.

Section 7. Paragraph (a) of subsection (2) of section 409.911, Florida Statutes, is amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2003, 2004, and 2005 audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2010-2011 ~~2009-2010~~ state fiscal year.

Section 8. Section 409.9112, Florida Statutes, is amended to read:

409.9112 Disproportionate share program for regional perinatal intensive care centers.—In addition to the payments made under s. 409.911, the agency shall design and implement a system for making disproportionate share payments to those hospitals that participate in the regional perinatal intensive care center program established pursuant to chapter 383. The system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the 2010-2011 ~~2009-2010~~ state fiscal year, the agency may not distribute moneys under the regional perinatal intensive care centers disproportionate share program.

(1) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the regional perinatal intensive care center program:

$$TAE = HDSP/THDSP$$

Where:

TAE = total amount earned by a regional perinatal intensive care center.

HDSP = the prior state fiscal year regional perinatal intensive care center disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total regional perinatal intensive care center disproportionate share payments to all hospitals.

(2) The total additional payment for hospitals that participate in the regional perinatal intensive care center program shall be calculated by the agency as follows:

$$TAP = TAE \times TA$$

Where:

TAP = total additional payment for a regional perinatal intensive care center.

TAE = total amount earned by a regional perinatal intensive care center.

TA = total appropriation for the regional perinatal intensive care center disproportionate share program.

(3) In order to receive payments under this section, a hospital must be participating in the regional perinatal intensive care center program pursuant to chapter 383 and must meet the following additional requirements:

(a) Agree to conform to all departmental and agency requirements to ensure high quality in the provision of services, including criteria adopted by departmental and agency rule concerning staffing ratios, medical records, standards of care, equipment, space, and such other standards and criteria as the department and agency deem appropriate as specified by rule.

(b) Agree to provide information to the department and agency, in a form and manner to be prescribed by rule of the department and agency, concerning the care provided to all patients in neonatal intensive care centers and high-risk maternity care.

(c) Agree to accept all patients for neonatal intensive care and high-risk maternity care, regardless of ability to pay, on a functional space-available basis.

(d) Agree to develop arrangements with other maternity and neonatal care providers in the hospital's region for the appropriate receipt and transfer of patients in need of specialized maternity and neonatal intensive care services.

(e) Agree to establish and provide a developmental evaluation and services program for certain high-risk neonates, as prescribed and defined by rule of the department.

(f) Agree to sponsor a program of continuing education in perinatal care for health care professionals within the region of the hospital, as specified by rule.

(g) Agree to provide backup and referral services to the county health departments and other low-income perinatal providers within the hospital's region, including the development of written agreements between these organizations and the hospital.

(h) Agree to arrange for transportation for high-risk obstetrical patients and neonates in need of transfer from the community to the hospital or from the hospital to another more appropriate facility.

(4) Hospitals which fail to comply with any of the conditions in subsection (3) or the applicable rules of the department and agency may not receive any payments under this section until full compliance is achieved. A hospital which is not in compliance in two or more consecutive quarters may not receive its share of the funds. Any forfeited funds shall be distributed by the remaining participating regional perinatal intensive care center program hospitals.

Section 9. Section 409.9113, Florida Statutes, is amended to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under ss. 409.911 and 409.9112, the agency shall make disproportionate share payments to statutorily defined teaching hospitals for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the 2010-2011 ~~2009-2010~~ state fiscal year, the agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals under the teaching hospital disproportionate share program. The funds provided for statutorily defined teaching hospitals shall be distributed in the same proportion as the state fiscal year 2003-2004 teaching hospital disproportionate share funds were distributed or as otherwise provided in the General Appropriations Act. The funds provided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(1) On or before September 15 of each year, the agency shall calculate an allocation fraction to be used for distributing funds to state statutory teaching hospitals. Subsequent to the end of each quarter of the state fiscal year, the agency shall distribute to each statutory teaching hospital, as defined in s. 408.07, an amount determined by multiplying one-fourth of the funds appropriated for this purpose by the Legislature times such hospital's allocation fraction. The allocation fraction for each such hospital shall be determined by the sum of the following three primary factors, divided by three:

(a) The number of nationally accredited graduate medical education programs offered by the hospital, including programs accredited by the Accreditation Council for Graduate Medical Education and the combined Internal Medicine and Pediatrics programs acceptable to both the American Board of Internal Medicine and the American Board of Pediatrics at the beginning of the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of programs, where the total is computed for all state statutory teaching hospitals.

(b) The number of full-time equivalent trainees in the hospital, which comprises two components:

1. The number of trainees enrolled in nationally accredited graduate medical education programs, as defined in paragraph (a). Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of full-time equivalent trainees enrolled in accredited graduate programs, where the total is computed for all state statutory teaching hospitals.

2. The number of medical students enrolled in accredited colleges of medicine and engaged in clinical activities, including required clinical clerkships and clinical electives. Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the course of the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total number of full-time equivalent students enrolled in accredited colleges of medicine, where the total is computed for all state statutory teaching hospitals.

The primary factor for full-time equivalent trainees is computed as the sum of these two components, divided by two.

(c) A service index that comprises three components:

1. The Agency for Health Care Administration Service Index, computed by applying the standard Service Inventory Scores established by the agency to services offered by the given hospital, as reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total Agency for Health Care Administration Service Index values, where the total is computed for all state statutory teaching hospitals.

2. A volume-weighted service index, computed by applying the standard Service Inventory Scores established by the Agency for Health Care Administration to the volume of each service, expressed in terms of the standard units of measure reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation factor is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total volume-weighted service index values, where the total is computed for all state statutory teaching hospitals.

3. Total Medicaid payments to each hospital for direct inpatient and outpatient services during the fiscal year preceding the date on which the allocation factor is calculated. This includes payments made to each hospital for such services by Medicaid prepaid health plans, whether the plan was administered by the hospital or not. The numerical value of this factor is the fraction that each hospital represents of the total of such Medicaid payments, where the total is computed for all state statutory teaching hospitals.

The primary factor for the service index is computed as the sum of these three components, divided by three.

(2) By October 1 of each year, the agency shall use the following formula to calculate the maximum additional disproportionate share payment for statutorily defined teaching hospitals:

$$TAP = THAF \times A$$

Where:

TAP = total additional payment.

THAF = teaching hospital allocation factor.

A = amount appropriated for a teaching hospital disproportionate share program.

Section 10. Section 409.9117, Florida Statutes, is amended to read:

409.9117 Primary care disproportionate share program.—For the 2010-2011 ~~2009-2010~~ state fiscal year, the agency shall not distribute moneys under the primary care disproportionate share program.

(1) If federal funds are available for disproportionate share programs in addition to those otherwise provided by law, there shall be created a primary care disproportionate share program.

(2) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the primary care disproportionate share program:

$$TAE = HDSP/THDSP$$

Where:

TAE = total amount earned by a hospital participating in the primary care disproportionate share program.

HDSP = the prior state fiscal year primary care disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total primary care disproportionate share payments to all hospitals.

(3) The total additional payment for hospitals that participate in the primary care disproportionate share program shall be calculated by the agency as follows:

$$TAP = TAE \times TA$$

Where:

TAP = total additional payment for a primary care hospital.

TAE = total amount earned by a primary care hospital.

TA = total appropriation for the primary care disproportionate share program.

(4) In the establishment and funding of this program, the agency shall use the following criteria in addition to those specified in s. 409.911, and payments may not be made to a hospital unless the hospital agrees to:

(a) Cooperate with a Medicaid prepaid health plan, if one exists in the community.

(b) Ensure the availability of primary and specialty care physicians to Medicaid recipients who are not enrolled in a prepaid capitated arrangement and who are in need of access to such physicians.

(c) Coordinate and provide primary care services free of charge, except copayments, to all persons with incomes up to 100 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, and to provide such services based on a sliding fee scale to all persons with incomes up to 200 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, except that eligibility may be limited to persons who reside within a more limited area, as agreed to by the agency and the hospital.

(d) Contract with any federally qualified health center, if one exists within the agreed geopolitical boundaries, concerning the provision of primary care services, in order to guarantee delivery of services in a nonduplicative fashion, and to provide for referral arrangements, privileges, and admissions, as appropriate. The hospital shall agree to provide at an onsite or offsite facility primary care services within 24 hours to which all Medicaid recipients and persons eligible under this paragraph who do not require emergency room services are referred during normal daylight hours.

(e) Cooperate with the agency, the county, and other entities to ensure the provision of certain public health services, case management, referral and acceptance of patients, and sharing of epidemiological data, as the agency and the hospital find mutually necessary and desirable to promote and protect the public health within the agreed geopolitical boundaries.

(f) In cooperation with the county in which the hospital resides, develop a low-cost, outpatient, prepaid health care program to persons who are not eligible for the Medicaid program, and who reside within the area.

(g) Provide inpatient services to residents within the area who are not eligible for Medicaid or Medicare, and who do not have private health insurance, regardless of ability to pay, on the basis of available space, except that hospitals may not be prevented from establishing bill collection programs based on ability to pay.

(h) Work with the Florida Healthy Kids Corporation, the Florida Health Care Purchasing Cooperative, and business health coalitions, as appropriate, to develop a feasibility study and plan to provide a low-cost comprehensive health insurance plan to persons who reside within the area and who do not have access to such a plan.

(i) Work with public health officials and other experts to provide community health education and prevention activities designed to promote healthy lifestyles and appropriate use of health services.

(j) Work with the local health council to develop a plan for promoting access to affordable health care services for all persons who reside within the area, including, but not limited to, public health services, primary care services, inpatient services, and affordable health insurance generally.

Any hospital that fails to comply with any of the provisions of this subsection, or any other contractual condition, may not receive payments under this section until full compliance is achieved.

Section 11. *Notwithstanding any other provision of law, each Medicaid managed care plan and provider service network shall include in its provider network any pharmacy that is licensed under chapter 465, Florida Statutes, located in a rural county, and willing to accept the reimbursement terms and conditions established by the Medicaid managed care plan or the provider service agreement. As used in this section, a "rural county" means a county that has a population of fewer than 200,000 residents, based upon the 2000 official census.*

Section 12. This act shall take effect July 1, 2010; however, the amendments made by section 1 of this act do not take effect if federal law extends the enhanced Federal Medicaid Assistance Percentage rate, as provided under the American Reinvestment and Recovery Act (Pub. L. No. 111-5), from December 31, 2010, through June 30, 2011.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the Agency for Health Care Administration; amending s. 395.701, F.S.; increasing the assessments imposed on hospital inpatient and outpatient services and deposited into the Public Medical Assistance Trust Fund; amending s. 400.141, F.S.; conforming a cross-reference to changes made by the act; amending s. 400.23, F.S.; providing flexibility for nursing home facilities with respect to meeting minimum staffing requirements; amending s. 409.906, F.S.; requiring the Agency for Health Care Administration, in consultation with the Department of Elderly Affairs, to phase out certain specified programs and to transfer the Medicaid waiver recipients to other appropriate home and community-based service programs; prohibiting certain programs from accepting new members after a specified date; requiring community-based providers to assist in the transition of enrollees and cease provision of certain waiver services by a specified date; amending s. 409.9082, F.S.; revising requirements for the use of funds from nursing home quality assessments and federal matching funds; amending s. 409.9083, F.S.; revising requirements for the use of funds from quality assessments on privately operated intermediate care facility providers for the developmentally disabled and federal matching funds; amending s. 409.911, F.S.; continuing the requirements for calculating the disproportionate share funds for provider service network hospitals; amending s. 409.9112, F.S.; continuing the prohibition against dis-

Senator Peaden moved the following amendment which was adopted:

**Amendment 1 (890056) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. *Contracts for child welfare services.—The Department of Children and Family Services, the Department of Health, the Department of Juvenile Justice, the Agency for Persons with Disabilities, the Agency for Health Care Administration, and the community-based care lead agencies shall identify and implement changes that improve efficiency in contract administration for child welfare services. To assist with that goal, each agency shall adopt the following policies:*

(1) Limit administrative monitoring to once every 3 years if the contracted provider is accredited by the Joint Commission on the Accreditation of Healthcare Organizations, the Commission on Accreditation of Rehabilitation Facilities, or the Council on Accreditation. Notwithstanding the survey or inspection of an accrediting organization, the department or agency may continue to monitor the provider as necessary with respect to:

(a) Ensuring that services for which the agency is paying are being provided.

(b) Investigating complaints or suspected problems and monitoring the provider's compliance with any resulting negotiated terms and conditions, including provisions relating to consent decrees that are unique to a specific contract and are not statements of general applicability.

(c) Ensuring compliance with federal and state laws, federal regulations, or state rules if such monitoring does not duplicate the accrediting organization's review pursuant to accreditation standards.

(2) Allow private-sector development and implementation of an Internet-based, secure, and consolidated data warehouse and archive for maintaining corporate, fiscal, and administrative records of child welfare provider contracts. Providers must ensure that the data is up to date and accessible to the contracting state agency and the contracting provider. State agencies that contract with child welfare providers must use the data warehouse for document requests. If information is not current or is unavailable from the provider's data warehouse and archive, the state agency may contact the provider directly. At a minimum, the records must include the provider's:

- (a) Articles of incorporation.
- (b) Bylaws.
- (c) Governing board and committee minutes.
- (d) Financial audits.
- (e) Expenditure reports.
- (f) Compliance audits.
- (g) Organizational charts.
- (h) Governing board membership information.
- (i) Human resource policies and procedures.

Section 2. Subsection (25) is added to section 39.301, Florida Statutes, to read:

39.301 Initiation of protective investigations.—

(25) The department may develop and operate a pilot program relating to family needs assistance referrals. The pilot program shall be located in a circuit in which the child protective investigation unit, whether located in the department or the county sheriff's office, and the community-based care lead agency agree to participate in the pilot program. The pilot program shall be funded from existing resources in the circuit.

(a) Upon receiving a call that does not meet the criteria for being a report of abuse or child abuse, abandonment, or neglect, but does indicate that the family needs assistance, the central abuse hotline shall accept these calls for a family needs assistance referral and immediately transfer the referral to the county wherein the family currently resides.

(b) The department shall review the referral in the county of residence and a joint response shall be coordinated with the community-based care lead agency within 48 hours after being received from the central abuse hotline to determine the appropriate response, which must include at least one of the following, as appropriate:

1. If, after the initial home visit and assessment conducted by the child protective investigator, conditions in the home meet criteria for a report of abuse, abandonment, or neglect, the department shall initiate a child protective response.

2. If the department makes a determination that the family would benefit from a family needs assistance referral and a child protective response is not indicated, services must be offered.

(c) The participation in the family needs assistance referral pilot program is voluntary. The community-based care lead agency shall determine the referral needs and shall conduct the ongoing linkage of services to the families based on the availability of resources at the time of the initial visit or within 2 business days after the initial visit with the department.

(d) The duration and intensity of such intervention shall be determined by the family and the community-based care lead agency and must be based on the availability of funds and community resources.

(e) The department and each community-based care lead agency must maintain up-to-date documentation of all family needs assistance referrals. The documentation must include, at a minimum:

1. The number of referrals received;
2. The type of response to each referral;
3. An indication of whether or not the family accepted services;
4. If the services were accepted by the family, the type of services delivered;
5. If the services were available through the Florida Safe Families Network, the cost of the services;
6. The outcome of services accepted or delivered;
7. Whether or not families who are the subject of the referral return to the attention of the department as a subsequent family needs assistance referral, or as the subject of a report accepted for a child protective investigation; and
8. Any additional information that enables a determination of the success of the family needs assistance referral pilot program.

(e) The department shall submit a report to the Legislature by January 31, 2011, which contains the results of the family needs assistance pilot program and recommendations for continuing, expanding, or modifying the program.

Section 3. Subsection (4) of section 402.7305, Florida Statutes, is amended to read:

402.7305 Department of Children and Family Services; procurement of contractual services; contract management.—

(4) CONTRACT MONITORING REQUIREMENTS AND PROCESS.—The department shall establish contract monitoring units staffed by career service employees who report to a member of the Selected Exempt Service or Senior Management Service and who have been properly trained to perform contract monitoring. ~~with~~ At least one member of the contract monitoring unit ~~must possess~~ ~~possessing~~ specific knowledge and experience in the contract's program area. The department shall establish a contract monitoring process that ~~includes~~ ~~must include~~, but need not be limited to, the following requirements:

(a) Performing a risk assessment at the start of each fiscal year and preparing an annual contract monitoring schedule that ~~considers~~ ~~includes consideration for~~ the level of risk assigned. The department may monitor any contract at any time regardless of whether such monitoring was originally included in the annual contract monitoring schedule.

(b) Preparing a contract monitoring plan, including sampling procedures, before performing onsite monitoring at external locations of a service provider. The plan must include a description of the programmatic, fiscal, and administrative components that will be monitored on site. If appropriate, clinical and therapeutic components may be included.

(c) Conducting analyses of the performance and compliance of an external service provider by means of desk reviews if the external service provider will not be monitored on site during a fiscal year.

(d) Unless the department sets forth in writing the need for an extension, providing a written report presenting the results of the monitoring within 30 days after the completion of the onsite monitoring or desk review.

(e) Developing and maintaining a set of procedures describing the contract monitoring process.

*Notwithstanding any other provision of the section, the department shall limit contract monitoring of a child-caring or child-placing services provider to only once per year. Such monitoring may not duplicate administrative monitoring that is included in the survey of a contract provider conducted by a national accreditation organization.*

Section 4. Present subsections (8) through (11) of section 409.1671, Florida Statutes, are renumbered as subsections (12) through (15), respectively, and new subsections (8) through (11) are added to that section, to read:

409.1671 Foster care and related services; outsourcing.—

(8) *A contract established between the department and a community-based agency under this section must be funded by a grant of general revenue, other applicable state funds, or applicable federal funding sources. A community-based care lead agency may carry forward documented unexpended state funds from one fiscal year to the next; however, the cumulative amount carried forward may not exceed 8 percent of the contract total. Any unexpended state funds in excess of that percentage must be returned to the department. The funds carried forward may not be used in any way that would create increased recurring future obligations, and such funds may not be used for any type of program or service that is not currently authorized by the existing contract with the department. Expenditures of funds carried forward must be separately reported to the department. Any unexpended funds that remain at the end of the contract period shall be returned to the department.*

(9) *The method of payment for a fixed-price contract with a community-based care lead agency shall provide for a 2-month advance payment at the beginning of each fiscal year and equal monthly payments thereafter.*

(10) *The department may outsource the programmatic, administrative, or fiscal monitoring oversight of community-based care lead agencies.*

(11) *Notwithstanding any other provision of law, a community-based care lead agency may make expenditures for staff cellular telephone allowances, contracts requiring deferred payments and maintenance agreements, security deposits for office leases, related agency professional membership dues other than personal professional membership dues, promotional materials, and grant-writing services. Expenditures for food and refreshment, other than those provided to clients in the care of the agency or to foster parents, adoptive parents, and caseworkers during training sessions, are not allowable.*

Section 5. *Section 394.655, Florida Statutes, is repealed.*

Section 6. This act shall take effect July 1, 2010.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to child welfare services and mental health and substance abuse; limiting state agency contract monitoring to once every 3 years if the contracted provider is subject to accreditation surveys by specified accreditation organizations; providing exceptions; allowing the establishment of an Internet-based data warehouse to maintain the records of contract providers; requiring state agencies to use the warehouse for document requests; specifying the information that such records must include; amending s. 39.301, F.S.; creating a family needs assistance referral pilot program; providing that the program be funded by existing resources; requiring that the Department of Children and Family Services and each community-based care lead agency maintain up-to-date documentation; requiring that such documentation contain specified information; requiring that the department submit a report to the Legislature by a specified date; amending s. 402.7305, F.S.; limiting the Department of Children and Family Services to one contract monitoring of a child-caring or child-placing contract provider per year; amending s. 409.1671, F.S.; providing funding requirements for con-

tracts for foster care and related services; authorizing a community-based care lead agency to carry forward certain unexpended state funds; authorizing certain advance payments to a lead agency; authorizing the department to outsource certain oversight duties; specifying certain allowable expenses; prohibiting certain expenditures; repealing s. 394.655, F.S., relating to the Florida Substance Abuse and Mental Health Corporation; providing an effective date.

By Health Care Regulation Policy Committee and Representative(s) Hukill, Grimsley, Hudson, Nehr, Porth, Soto, Van Zant, Williams, T.—

**CS for HB 295**—A bill to be entitled An act relating to food service inspections of domestic violence centers and group care homes; amending s. 381.006, F.S.; including the investigation of food service programs for domestic violence centers and group care homes within the Department of Health's environmental health program; amending s. 381.0072, F.S.; revising the definition of the term "food service establishment" to exclude domestic violence centers under certain conditions; providing an effective date.

—was referred to the Committees on Health Regulation; and Children, Families, and Elder Affairs.

**DISCLOSURE**

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **CS for CS for SB 1466, SB 2700, and SB 2702** which came before the full Senate for a vote on March 31, 2010.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

*Senator Don Gaetz, 4th District*

**CORRECTION AND APPROVAL OF JOURNAL**
