Fiscal Analysis in Brief
For Fiscal Year 2001-02
Published – July 2001

The Fiscal Analysis in Brief is an annual report prepared jointly by the House of Representatives Fiscal Responsibility Council and the Senate Appropriations Committee which summarizes all fiscal legislation enacted during a Regular Legislative Session.

This Fiscal Analysis in Brief is for the 2001 Legislative Session. The document includes summaries of appropriations including charts, financial outlook statements, and detailed listings of supplemental appropriations, non-recurring issues, vetoed appropriations, and legislation affecting revenues. Sources of information used to prepare this document included substantive legislation from the 2001 Legislative Session, the Governor's Veto Message for FY 2001-02, the Legislative Appropriations System/ Planning and Budgeting System, and data from consensus estimating conferences.

In addition to the committees mentioned previously, this document was prepared with the assistance of the Legislature's Office of Economic and Demographic Research and the Executive Office of the Governor's Office of Policy and Budget.

(A) The Revenue Estimating Conference adopted estimates on March 21, 2001 which conform to the calculations as set forth in the Florida Settlement Agreement. The payments received to date have been calculated using another method. Assuming the FY01-02 payments are made using the same calculation methodology as that used for the FY00-01 payments, then \$36.3 million would be unrealized under the forecast incorporated here. In addition, the forecast adopted by the conference did not include any amounts attributable to the net operating profit adjustment.

Since the forecast shown here was made, an agreement as to the calculation methodology has been reached with the industry. A payment of \$68.9 million has been received which is included as revenue for FY 2000-01. However, the Revenue Estimating Conference has not yet met to produce a revised forecast using the new methodology. A new forecast should be available by late summer.
