BILL #: HB 593 (PCB TR 99-01)

RELATING TO: Department of Highway Safety and Motor Vehicles/Technical Revisions

SPONSOR(S): Committee on Transportation and Representative K. Smith

COMPANION BILL(S): SB 1306 (s) HB 503, SB 1056, SB 1270 (c)

ORIGINATING COMMITTEE(S)/COMMITTEE(S) OF REFERENCE:

- (1) TRANSPORTATION YEAS 8 NAYS 0
- (2) LAW ENFORCEMENT AND CRIME PREVENTION YEAS 9 NAYS 0
- (3) CRIMINAL JUSTICE APPROPRIATIONS
- (4)
- (5)

I. SUMMARY:

The provisions of HB 593 resulted from the State Government Function/Activity Review Interim Project. During the review, several statutory provisions relating to the Department of Highway Safety and Motor Vehicles (DHS&MV) were found to have incorrect and obsolete references. Most importantly, it was found that many noncriminal traffic infractions are not linked by reference to a specific penalty. In lieu of specific statutory authority, DHS&MV has administratively classified traffic violations (i.e., moving, nonmoving, pedestrian).

The bill revises, reenacts, and amends various highway safety and motor vehicle provisions of the Florida Statutes to:

- Delete obsolete language.
- Provide uniform references for noncriminal traffic infractions and applicable penalties.
- Make technical and corrective changes.

Because the proposed changes are technical in nature, the bill has no substantive or fiscal impact.

II. SUBSTANTIVE ANALYSIS:

A. PRESENT SITUATION:

On November 17, 1997, the Speaker of the Florida House of Representatives directed House committees to perform several activities relating to the State Agency Function/Activity Review and Prioritization Project. Statutory provisions relating to the DHS&MV's operations were reviewed to determine their consistency with the agency's mission. As part of the Project, staff was instructed to identify statutes that are obsolete or in need of technical revision.

During the review, several statutory provisions were found to have incorrect and obsolete references. Most importantly, it was found that most noncriminal traffic infractions are not linked by reference to a specific penalty. In lieu of specific statutory authority, DHS&MV has administratively classified traffic violations (i.e., moving, nonmoving, pedestrian) so that law enforcement officers can properly issue traffic citations and the appropriate penalty assessed. DHS&MV's classification of traffic control violations is included as part of the Department's *Uniform Traffic Citation Procedures Manual*.

In January 1998, the Committee on Transportation issued a report in response to the Speaker's directive. As part of the report, HB 953 (PCB TR 99-01) was prepared and is intended to correct those statutory references that were determined to be obsolete or in need of technical revision.

B. EFFECT OF PROPOSED CHANGES:

The bill revises, reenacts, and amends various provisions of the Florida Statutes relating to highway safety and motor vehicles to:

- Delete obsolete language.
- Provide uniform references for noncriminal traffic infractions and applicable penalties.
- Make technical and corrective changes.

Because the proposed changes are technical in nature, the bill has no substantive impact.

See section-by-section research for more detail.
