**I. SUMMARY:**

Section 120.536, F.S., establishes that a grant of rulemaking authority is necessary but not sufficient to allow an agency to adopt a rule; a specific law to be implemented is also required. As a result, state agencies are required to review the statutory authority they have for rulemaking and determine if sufficient authority exists for their rules or proposed rules.

For any rules or proposed rules that may be lacking in this authority, the Legislature shall, in the 2000 Regular Legislative Session, consider whether specific legislation authorizing the identified rules, or portions thereof, should be enacted.

This bill amends those sections of the Florida Statutes where a portion of the rule may exceed statutory authority permitted as determined by the Department of Management Services and the Division of Retirement. This rule authorization bill seeks to correct any deficiencies noted by establishing specific authority in statute. **Please see Section II C., Effect of Proposed Changes, for details.**

It is not anticipated that this legislation will have a fiscal impact beyond current appropriated funds.

B. PRESENT SITUATION:

The rules determined to be lacking in specific statutory authority for the Division of Retirement and the Department of Management Services are found in Chapters 60-S and 60-B, of the Florida Administrative Code, respectively. This bill will bring these entities into compliance with the requirements of s. 120.536, F.S.

C. EFFECT OF PROPOSED CHANGES:

- "Benefit" means any payment, lump-sum or periodic, to a member, retiree, or beneficiary, based partially or entirely on employer contributions;
- "Calendar month" means one of the 12 divisions of a year as determined by the Gregorian calendar (e.g., January, April, etc.);

- "Retiree" means a former member of the Florida Retirement System or an existing system who has terminated employment and is receiving benefit payments from the system in which he or she was a member. This term also includes a person who retired and is receiving benefits under s. 112.05, F.S.; and

names, signatures, and addresses of two persons who witnessed the signing, or the document must be notarized.

**Section 3.** Amends ss. 121.051(2)(b), (f), and (4), F.S., establishing provisions for the submission of documents necessary for application of a municipality or special district to participate in the Florida Retirement System; providing for retention of membership in the Florida Retirement System when a member's employing unit is transferred, merged, or consolidated with a unit that does not participate in the system; and providing for requiring employee information upon enrollment in the system.

**Section 4.** Amends ss. 121.0515(2)(c), (5)(a), and (7)(b), F.S., providing a definition of correctional officer, superintendent, and assistant superintendent as defined by rule; providing that a member may purchase special risk credit for transfer, merger, or consolidation as provided in s. 121.081(1)(f), F.S.; and providing for retention of special risk normal retirement date if a member was removed from the Special Risk Class effective October 1, 1978, due to a change in special risk criteria as a result of the enactment of chapter 78-308, L.O.F., or was reassigned or employed for training and/or career development or to fill a critical agency need.

**Section 5.** Amends s. 121.081(2), F.S., providing that if a member does not wish to claim credit for all of his or her prior service, the service the member claims must be the most recent period of service and providing in which class the member will receive credit under various scenarios.

**Section 6.** Creates s. 121.085, F.S., providing that the department shall adopt rules establishing procedures for the submission of evidence or information necessary to establish a member's claim for creditable service; and providing that no creditable service, which remained unclaimed at retirement, may be claimed or purchased after a retirement benefit payment has been cashed or deposited.

**Section 7.** Amends s. 121.091(5), F.S., and adds s. 121.091(8)(c), and (14)(e) and (f), F.S., providing a member whose employment is terminated prior to retirement retains membership rights to previously earned member-noncontributory service credit, and to member-contributory service credit, if the member leaves the member contributions on deposit in his or her retirement account; providing if a terminated member receives a refund of member contributions, such member may reinstate membership rights to the previously earned service credit represented by the refund by completing 1 year of creditable service and repaying the refunded member contributions, plus interest; providing that benefits shall not be paid by the division pending final resolution of charges against a member or beneficiary if the resolution of such charges could require the forfeiture of benefits as provided in statute; providing for payment of benefits directly to a beneficiary if such person is no longer a minor or incapacitated; providing that no benefit may be reduced for the purpose of preserving the member's eligibility for a federal program; and providing the division shall adopt rules establishing procedures for determining that the person to whom benefits are being paid is still living and shall suspend benefits when it is unable to contact such payee and to confirm that he or she is still living.
