and insert: and authorized procedures. Notwithstanding the requirement of paragraph (4)(d), the department shall adopt rules that specify required methods for determination and approval of patient eligibility and referral, and the contractual conditions under which a health care provider may perform the patient referral and eligibility process on behalf of the department. These rules must include, but need not be limited to, requirements that:

(a) The provider must accept all patients referred by the department. However, the number that must be accepted may be limited by the contract;

(b) The provider shall comply with departmental rules regarding the determination and approval of patient eligibility and referral; and

(c) The provider shall complete training conducted by the department regarding compliance with the approved methods
