### SUMMARY ANALYSIS

HB 243 requires limited liability companies (LLC) registered with the Department of State (DOS) to be distinguishable on the databases maintained by the Division of Corporations within the DOS. The bill revises the requirements regarding the name of LLC's and will no longer permit the department to record duplicate names.

This bill takes effect on July 1, 2007.

This bill does not appear to have a fiscal impact on state or local governments.

On March 19, 2007, the Committee on Tourism and Trade adopted a "strike-all" amendment by the bill sponsor that does the following:

- Eliminates the reference to "limited company" and the abbreviation "L.C".
- Removes the prohibition that an LLC's name may not contain immoral, scandalous, or deceptive matter.
- Provides a provision that an LLC filed prior to July 1, 2007, does not need to meet the duplicative name standard.

On March 29, 2007 the Economic Expansion and Infrastructure Council considered and passed HB 243 with one traveling amendment. The bill was reported favorably as a council substitute.

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government- This bill creates additional authority for the Department of State to review and approve names for LLCs.

Safeguard individual liberty- The bill restricts the naming options for newly formed LLC's.

#### B. EFFECT OF PROPOSED CHANGES:

##### **Current Situation**

A limited liability company (LLC) is a type of business ownership combining several features of corporations and partnership business structures. Owners are called members as opposed to partners or shareholders and the LLC exists as a separate business entity, therefore members cannot be personally liable for debts. The LLC business structure does not require corporate meetings or resolutions and unlike corporations, an LLC is dissolved when a member dies or undergoes bankruptcy.

Chapter 608, F.S, is named the "Florida Limited Liability Company Act." Listed within this chapter is the definition of a limited liability company (LLC), the filing requirements for an LLC, the powers of an LLC and the requirement that the Department of State record filings and keep a record of all LLCs. Section 608.406, F.S, specifically deals with the naming of a limited liability company and the requirements for it to be filed with the state. A limited liability company name must contain the words "limited liability company" or "limited company," the section also provides acceptable abbreviations. An LLC may not contain language stating or implying that the limited liability company is organized for a purpose other than that permitted in chapter 608 and its articles of organization. An LLC may not contain language stating or implying that the limited liability company is connected with a state or federal government agency or a corporation or other entity chartered under the laws of the United States. The name of the limited liability company shall be filed with the Department of State for public notice only and shall not alone create any presumption of ownership beyond that which is created under the common law. The Department of State shall record the name without regard to any other name recorded.

Over the past five years the number of LLCs filed has steadily risen. In DOS's 2002 filings, 38,639 LLCs were listed, in 2004 the filings rose to 100,070, and in 2006 LLC filings amounted to 130,251. The statutory limitation on DOS that it "shall record the name without regard to any other name recorded" has led to 16,433 active corporations, limited liability companies, and limited partnerships with duplicate names. DOS currently receives 850-1,500 complaints a year about duplicate names being issued. The majority of complaints come from corporations and other limited liability companies.

##### **Proposed Changes**

The bill requires that the name of a limited liability company must be distinguishable on the databases of the Division of Corporations within DOS. The bill amends s. 608.406, F.S, deleting the provision that DOS record the name without regard for any other name recorded. The bill also amends s. 608.407, F.S, relating to the articles of organization requiring that the name of the LLC must satisfy the requirements of s. 608.406, F.S. These changes are intended to alleviate the confusion associated from duplicate names registered.

The bill's provisions apply to LLCs who register with DOS after July 1, 2007. Existing LLCs are not subject to the new provisions unless the LLC files documents, after July 1, 2007, that would affect its name.

**B. SECTION DIRECTORY:**

Section 1. Amends 608.406, F.S.: Deletes the provision that requires DOS to record the name of an LLC without regard to any other name recorded. Sets requirements that the name of a limited liability company be distinguishable on the database of the Division of Corporations.
