I. Summary:

This bill creates the Operations Trust Fund within the Department of Revenue, effective July 1, 2008. This trust fund is established to be used for the general operations of the department that are funded by funds collected for the administration of certain taxes.

II. Present Situation:

Section 19(f), Art. III of the State Constitution requires that trust funds be created by a three-fifths vote of the membership in each house and be in a separate bill for the sole purpose of creating that trust fund. The Constitution also requires that all newly created agency trust funds terminate every four years unless recreated.

Section 215.3208(1), F.S., provides that, in order to implement s. 19(f), Art. III of the State Constitution, a schedule for review of trust funds be included in the legislative budget instructions developed pursuant to s. 216.023, F.S. The trust funds in the Department of Revenue are scheduled for review this year.

In order to meet accounting standards established by the Government Accounting Standards Board, s. 215.32, F.S., requires that agencies have trust funds for day-to-day operations. One of the required trust funds is an operations trust fund. The department currently does not have an operations trust fund. With its scheduled review of trust funds, the department has requested the creation of this trust fund to comply with s. 215.32, F.S.

Currently, revenues are deposited into designated clearing accounts for distribution. The department has statutory authority to use a percentage of those revenues to administer the

General Tax Administration Program. The department distributes the appropriate amount from each revenue source and deposits it into the Administrative Trust Fund.

III. Effect of Proposed Changes:

The creation of this trust fund will allow the department to receive funds to be used for operations within the General Tax Administration (GTA) program. The GTA program is responsible for remittance and distribution of multiple taxes in Florida. Under Florida Statutes, the department is authorized to recoup its operating costs on certain taxes. This trust fund will serve as the operating fund depository for those funds.

The creation of this trust fund will align agency accounts with the requirements of s. 215.32, F.S.

The trust fund will terminate in four years, on July 1, 2012, pursuant to s. 19 (f)(2), Art. III of the State Constitution, unless recreated by the Legislature.
