

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

#### B. EFFECT OF PROPOSED CHANGES:

##### **Current Situation**

Section 125.031, F.S., authorizes counties to enter into leases or lease-purchase arrangements for properties needed for public purposes for periods not to exceed 30 years. The stipulated rental must be paid from current or other legally available funds.

##### Office of the Miami-Dade County State Attorney - E.R. Graham Building

The Miami-Dade County State Attorney's Office is located in the E.R. Graham Building on NW 12th Avenue in downtown Miami. The underlying property is leased to Dade County for \$1 per year and is owned by the state which received title to the property from Dade County in 1957 for \$1 consideration. The current lease agreement, executed in September 1982, expires in September 2018 but does not contain an option for renewal. When the lease was executed, the county committed to spending at least \$8.2 million in Criminal Justice Facilities General Obligation Bonds to renovate the property and bring it into compliance with the South Florida Building Code. Upon termination of the lease, all improvements automatically become the property of the state which may require removal of any improvements at the expense of Miami-Dade County.

In 2007, s. 253.0341(4), F.S., was amended to require the Board of Trustees of the Internal Improvement Trust Fund (Board), by January 1, 2008, to convey fee simple title in this property to Miami-Dade County for \$1.00 consideration. The use of the property was restricted to housing the offices of the Miami-Dade State Attorney and to provide workforce housing.

In December 2007, the Miami-Dade County Manager notified the Board he intended to recommend to the Board of County Commissioners that Miami-Dade County accept a lease amendment for a new 30-year lease, with two 30-year extensions, or a 99-year lease if legislation was enacted which authorized the county to execute a lease for longer than 30 years. At the December 18th meeting of the Florida Cabinet, the Board authorized the Secretary of Environmental Protection to negotiate the new lease with Miami-Dade County. On January 10, 2008, Miami-Dade County adopted a resolution urging the Legislature to remove the 30-year statutory restriction on county leases.

##### **Effect of Proposed Changes**

HB 1477 authorizes counties to enter into a lease with another governmental entity without being subject to the 30-year lease limitation.

#### C. SECTION DIRECTORY:

Section 1: Authorizes counties to enter into leases with other governmental entities with lease terms that exceed 30 years.

Section 2: Provides an effective date of upon becoming law.
