

The Florida Senate
HOUSE MESSAGE SUMMARY

Prepared By: The Professional Staff of the Communications, Energy, And Public Utilities Committee

[2009s2626.hms.docx]

BILL: CS/CS/SB 2626, 1st Eng.

INTRODUCER: Communications, Energy and Public Utilities and Senator Haridopolos and others

SUBJECT: Telecommunications Companies

DATE: April 30, 2009

I. Amendments Contained in Message:

House Amendment 1 – 603747 (body)

House Amendment 2 – 325079 (body)

II. Summary of Amendments Contained in Message:

House Amendment 1 further refines the reference for the guidelines for which prices for nonbasic services that were treated as basic service before July 1, 2009, can be increased. The effect of the amendment keeps price increases at current law (CPI – 1).

House Amendment 2 puts back to current law: a flat-rate pricing option for multiline business local exchange service and prohibits mandatory measured service for multi-line business local exchange service from being imposed.
