**SUMMARY ANALYSIS**

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not “officially” change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings. The bill makes the following designations:

- The ramp connecting northbound Homestead Extension of Florida’s Turnpike to northbound Interstate 75 in Miami-Dade County as the “Andrew J. Capeletti Memorial Ramp.”
- The portion of W. 20<sup>th</sup> Avenue in the City of Hialeah between W. 44<sup>th</sup> Street and Okeechobee Road in Miami-Dade County as “Jose Reguiero Avenue.”
- That portion of S.W. 8<sup>th</sup> Street between 24<sup>th</sup> Avenue and S.W. 27<sup>th</sup> Avenue as “Manuel Capo Boulevard.”
- That portion of U.S. 1, also known as State Road 5, between S.W. 104<sup>th</sup> Street and S.W. 112<sup>th</sup> Street as “Lt. Colonel Charles Brown Memorial Highway.”

The bill amends the Jose A. Marques Boulevard designation in Miami-Dade County which was passed in 2008 to extend it 10 blocks and to add “Dr.” to the designation.

The bill also designates that portion of S.W. 67<sup>th</sup> Avenue, also known as Ludlam Road, between Bird Road and S.W. 136<sup>th</sup> Street in the City of South Miami and the Village of Pinecrest as a state historic road and provides restrictions on the use of public funds for certain projects related to the road.

The bill also directs DOT to erect suitable markers for the honorary road designations. However, a marker is not required for the state historic road designation.

DOT estimates that the cost to erect 10 suitable road designating markers is approximately \$4,000; this assumes the placement of a marker at each end of each designated road segment. The expenditure is from the State Transportation Trust Fund and includes installation and maintenance costs.

The bill does not create any constitutional or other legal issues. It takes effect July 1, 2010.

## FULL ANALYSIS

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### Current Situation

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not "officially" change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

The statute requires the Department of Transportation (DOT) to place a marker at each termini or intersection of an identified road or bridge, and to erect other markers it deems appropriate for the transportation facility. The statute also provides that a city or county must pass a resolution in support of a particular designation before road markers are erected. Additionally, if the designated road segment extends through multiple cities or counties, a resolution must be passed by each affected local government.

##### Effect of Proposed Change

The bill creates the following honorary road designations:

- The ramp connecting northbound Homestead Extension of Florida's Turnpike to northbound Interstate 75 in Miami-Dade County as the "Andrew J. Capeletti Memorial Ramp."
- The portion of W. 20<sup>th</sup> Avenue in the City of Hialeah between W. 44<sup>th</sup> Street and Okeechobee Road in Miami-Dade County as "Jose Reguiero Avenue."
- That portion of S.W. 8<sup>th</sup> Street between 24<sup>th</sup> Avenue and S.W. 27<sup>th</sup> Avenue as "Manuel Capo Boulevard."
- That portion of U.S. 1, also known as State Road 5, between S.W. 104<sup>th</sup> Street and S.W. 112<sup>th</sup> Street as "Lt. Colonel Charles Brown Memorial Highway."

The bill amends the Jose A. Marques Boulevard designation in Miami-Dade County which was passed in 2008 to extend it 10 blocks and to add "Dr." to the designation.

The bill also designates that portion of S.W. 67<sup>th</sup> Avenue, also known as Ludlam Road, between Bird Road and S.W. 136<sup>th</sup> Street in the City of South Miami and the Village of Pinecrest as a state historic road.<sup>1</sup> The bill prohibits funds public funds to be used for the following purposes on this road:

- To cut or remove trees at least six inches in diameter within 35 feet of either side of the paved surface of the road or engage in an activity which requires tree removal without replacing the tree.
- The alteration of the physical dimensions or location of the road, the median strip, or land adjacent to the road, except:
  - Routine or emergency utility maintenance needed to maintain the road as a utility corridor.
  - Modifications or improvements to provide ingress and egress of government safety vehicles.
  - Alterations or improvements made for the purpose of enhancing life safety vehicular use or pedestrian use, or both, as long as such alterations, modifications, or improvements are heard in a public hearing and subsequently approved by the governing board of the local government in which such alterations, modifications, or improvements are located.

These requirements are not to be construed to prevent the ordinary maintenance and repair of the road as long as the physical dimensions, location, and the appearance of any structure are preserved. However, the preservation of the road takes priority over traffic management considerations and public safety shall not be construed to require alterations of the road when alternative means of promoting safety, including more restrictive traffic regulations are available. The bill does not require a marker to be placed for this road.

The bill also directs DOT to erect suitable markers designating these honorary designations.

The bill takes effect on July 1, 2010.
