

SUMMARY OF CONFERENCE COMMITTEE ACTION

Page 1

April 30, 2010

The Conference Committee Amendment for CS/SB 1514, relating to recreational licenses, eliminates the \$7.50 fee for shoreline fishing licenses fee and retains the 50-cent compensation to subagents for services. Chapter 2009-65, Laws of Florida, repealed the exemption that allowed Florida resident anglers to fish from the saltwater shoreline or from a structure fixed to the land without a saltwater fishing license and established a \$7.50 fee for a shoreline license. This amendment requires Florida resident anglers to continue to register with the Fish and Wildlife Conservation Commission according to federal requirements; however, the \$7.50 assessment is eliminated.
