

April 30, 2010

The Conference Committee Amendment for CS/SB 2374, relating to the state employees group insurance program:

- Directs the Department of Management Services to competitively procure post payment claims review services and dependent eligibility verification services for the state group insurance program,
- Places certain requirements on the department regarding contract renewals with health maintenance organizations for the 2011 calendar year, and
- Requires the department to submit specified health plan information to the Legislature as well as recommendations for contracting with health maintenance organizations.

The amendment provides an effective date of July 1, 2010.
