## II. Present Situation:

### **Curbstoning/Prohibited Parking**

"Curbstoning" is a term used to describe the practice of parking a vehicle in an area upon a public street, highway, a public parking lot, or public or private property where the public has a right to travel by motor vehicle, for the purpose of and intent of displaying the vehicle for sale, hire, or rent<sup>1</sup>. The following are examples of curbstoning:

- Sales of vehicles by licensed motor vehicle dealers at locations other than their licensed location without an off-premises permit.
- Parking and offering for sale one's personal vehicle on the right-of-way of any street or highway or on any private property where the public has the right to travel by motor vehicle, for more than twenty-four hours at a time without expressed permission of the property owner.

Specifically, s. 319.225(6), F.S., provides if a certificate of title is physically held by a lienholder or is lost or otherwise unavailable, the transferor may give a power of attorney to his or her transferee for the purpose of odometer disclosure. The power of attorney must be on a form issued or authorized by the department. The transferee must sign the power of attorney form, print his or her name, and return a copy of the power of attorney form to the transferor. Upon receipt of a title certificate or duplicate title certificate, the transferee must complete the space for mileage disclosure on the title certificate exactly as the mileage was disclosed by the transferor on the power of attorney form. - be designed to travel on four or more nonhighway tires;
- have nonstraddle seating and a steering wheel;
- be manufactured for recreational use by one or more persons.

**Section 2** of the bill amends s. 316.1905, F.S., to clarify that a qualified witness testifying against an accused violator of Florida’s speed laws must be competent to give testimony only when the testimony is derived from the use of a tested electronic, electrical, mechanical or other device used in the calculation of speed. The section also provides that speed determinations resulting from crash investigations may be presented as evidence in a court.

**Section 3** of the bill amends s. 316.1951, F.S., to delete the requirement that the department adopt a uniform traffic citation and provide notice forms necessary to enforce the section. This section is also amended to authorize a code enforcement officer from any local government agency to have an illegally parked motor vehicle removed. The owner of a motor vehicle cited for a violation of unlawfully displaying a motor vehicle for sale, hire, or rental is subject to a fine. The bill deletes the provision in current law that would require the officer to wait to have the vehicle towed.

**Section 5** of the bill amends s. 318.14, F.S., to reduce from five times within 10 years to five times within a lifetime that certain persons are allowed to attend a basic driver improvement course approved by the department in lieu of a court appearance and points being assessed on his or her driving record.

Fines collected by the Department of Highway Safety and Motor Vehicles shall be deposited into the Highway Safety Operating Trust Fund.

**Section 7** of the bill amends s. 319.225, F.S., to provide certain motor vehicle title transfer forms do not require notarized signatures; however, in lieu of notarization, the forms must include an affidavit with the following wording:

**Section 9** amends s. 320.02, F.S., to direct the department to place the name of the owner of a motor vehicle on the list of persons who may not be issued a license plate, revalidation sticker, or replacement plate if the name of the owner appears on a list submitted to the department by a licensed motor vehicle dealer for a previous registration of the vehicle.

The section is further amended to remove the "pilot" provision for training dealer license applicants. The pilot program is beyond the two year pilot period and according to the department deemed successful.

Section 320.27(5), F.S., is amended to limit the issuance of a temporary supplemental license for off-premises sales to a dealer to no more than 5 times in any calendar month.

In addition, the department is authorized to deny, suspend, or revoke a motor vehicle dealer license if the applicant or licensee has: failed to honor a check given to a licensed motor vehicle

dealer training school for tuition within 10 days after notification the check has been dishonored by the bank due to insufficient funds; or stopped payment on a check or issued a check payable to a licensed motor vehicle dealer training school for tuition from a closed account, or charged back a credit card transaction to the school. If a student commits such acts as listed above, the motor vehicle dealer training school may cancel the training certificate issued to the student and notify the department of the cancellation.

**Section 11** of the bill amends s. 322.0261, F.S, to provide an exemption from a requirement to attend a driver improvement course for drivers convicted of certain violations if adjudication is withheld by the court.
