

the provisions of the Florida Cancer Council and are adopted into the Bankhead-Coley Program through a cross-reference.

No fiscal impact is anticipated as a result of this legislation.

The bill amends sections 381.855 and 381.922, Florida Statutes.

This bill repeals sections 381.0404, 381.85, 381.912, 381.92, and 381.921, Florida Statutes.

## **II. Present Situation:**

### **Florida Biomedical and Social Research Act**

Section 381.85, F.S., is the “Florida Biomedical and Social Research Act.”<sup>2</sup> The purpose of the Act is to provide a procedure by which proposed research on children or adults will be supported with funds appropriated to the DOH and the research can be efficiently and expeditiously assessed for compliance with the substantive and procedural requirements established by the Review Council for Biomedical and Social Research in rules adopted by the DOH. The Act establishes the Council and requires any research on human beings conducted under the authority of the DOH to be reviewed and approved by the Council.

According to the DOH, the Act does not comply with federal regulations governing the conduct of research involving human subjects and has been replaced by s. 381.86, F.S., which establishes the Institutional Review Board to satisfy federal requirements for human subject research.

### **Institutional Review Board**

In 2004,<sup>3</sup> the Legislature enacted s. 381.86, F.S., in order to satisfy federal requirements under 45 C.F.R. part 46 and 21 C.F.R. parts 50 and 56 that an institutional review board review all biomedical and behavioral research on human subjects which is funded or supported in any manner by the DOH. The State Surgeon General determines and appoints the members of the board. The DOH is authorized to adopt any rules necessary to comply with federal requirements. The rules must also prescribe procedures for submitting an application for the Institutional Review Board’s review.

### **Center for Health Technologies**

The Center for Health Technologies was established in 1989<sup>4</sup> and is required to be located at, and administered by, a statutory teaching hospital in Miami-Dade County. Its purpose is to encourage the development and growth of health sciences in the state; to assist coordination among educational institutions, health care providers, and persons engaged in research and development of health care products; to provide services to persons and incipient firms engaged in the incubation of health care products; to assist in technology transfer; and to establish academic laboratories, libraries, and other resource facilities. It was located at the Mount Sinai Medical Center, but has been inactive since 1997.

<sup>2</sup> s. 75 of ch. 90-306, L.O.F.

<sup>3</sup> s. 10 of ch. 2004-350, L.O.F.

<sup>4</sup> s. 10 of ch. 89-354, L.O.F., and s. 13 of ch. 89-527, L.O.F.

### **Cervical Cancer Elimination Task Force**

The Cervical Cancer Elimination Task Force was created by the Legislature in 2004.<sup>5</sup> The purpose of the task force was to recommend strategies and actions to reduce the costs and burdens of cervical cancer in Florida. The task force was required to submit a final report on June 30, 2008, and was to be dissolved by that date. According to the DOH, the task force was never implemented since the funding line item was vetoed and there was no authority to spend general revenue on staff support.

### **Florida Cancer Council**

In 2004, the Legislature established the Florida Cancer Council for the purpose of making the state a center of excellence for cancer research.<sup>6</sup> Sections 381.92 and 381.921, F.S., specify the membership of the Council and the Council's mission and duties. According to the DOH, the Council was never funded, met only once, and produced only one annual report. The Council's functions were largely taken over by the William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program starting in 2006.<sup>7</sup>

## **III. Effect of Proposed Changes:**

This bill repeals several redundant and obsolete entities relating to biomedical and social research. In particular, the bill:

- Repeals the Center for Health Technologies, as the center has been inactive since 1997;
- Repeals the Review Council for Biomedical and Social Research and its review of research on human beings conducted under the authority of the Department of Health, as federal law requires an institutional review board, which was established in s. 381.86, F.S., to review such research;
- Repeals the Florida Cancer Council, as the council was never funded and its mission was assumed by the William G. "Bill" Bankhead, Jr., and David Coley Cancer Research Program (Bankhead-Coley Cancer Research Program);
- Repeals the Cervical Cancer Elimination Task Force, as the task force was statutorily dissolved on Jun3 30, 2008;
- Makes conforming changes to other statutory provisions relating to the repeals; and
- Transfers the goals of the Bankhead-Coley Cancer Research Program for providing grants for cancer research to the appropriate section of law.

## **IV. Constitutional Issues:**

### **A. Municipality/County Mandates Restrictions:**

The provisions of this bill have no impact on municipalities and the counties under the requirements of Article VII, Section 18 of the Florida Constitution.

---

<sup>5</sup> s. 15 of ch. 2004-2, L.O.F.

<sup>6</sup> ss. 10 and 11 of ch. 2004-2, L.O.F.

<sup>7</sup> See s. 381.922, F.S.

**B. Public Records/Open Meetings Issues:**

The provisions of this bill have no impact on public records or open meetings issues under the requirements of Article I, Section 24(a) and (b) of the Florida Constitution.

**C. Trust Funds Restrictions:**

The provisions of this bill have no impact on the trust fund restrictions under the requirements of Article III, Subsection 19(f) of the Florida Constitution.

**V. Fiscal Impact Statement:****A. Tax/Fee Issues:**

None.

**B. Private Sector Impact:**

None.

**C. Government Sector Impact:**

None.

**VI. Technical Deficiencies:**

None.

**VII. Related Issues:**

None.

**VIII. Additional Information:****A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

**CS by Health Regulation on March 18, 2010:**

Repeals s. 381.0404, F.S., related to the Center for Health Technologies and amends the current goals for awarding grants under the Bankhead-Coley Program into that program's authorizing statute.

**B. Amendments:**

None.
