Subject: Self-Referral Information for House Regulation Committee

Marie, this is the information we need to collect for Lisa Maurer with the House Regulation Committee:

1. #/\$ for Medicaid beneficiaries with end stage renal disease patients (all services) for 3 latest fiscal years
2. For ESRD clinic services only, # of annual encounters and \$ for 3 latest fiscal years
3. Payments for ESRD clinic services by provider - last fiscal year
4. Any Program Integrity investigations of ESRD facilities - ever/#/findings (need Rufus Noble on this)

1-3 need to get to Fred Roberson and tell him I need ASAP.

Payments for ESRD by Medicaid

	Recipients	Expenditures
FY2000-01	7,170	\$135,348,649.17
FY1999-00	4,844	\$113,014,720.28
FY1998-99	4,676	\$96,691,195.66

Note FY2000-01 is not complete

Payments to Dialysis Centers by Medicaid

	Recipients	Encounters	Expenditures
FY2000-01	1,009	6,229	\$7,707,724.27
FY1999-00	830	5,014	\$4,956,883.24
FY1998-99	520	2,520	\$2,125,935.00

Note FY2000-01 is not complete

Medicaid Program Integrity Investigations of ESRD facilities:

Here are all cases MPI has for ESRD related facilities

ESRD Clinics

200501801	BMA LIVE OAK	\$4490.76
200541700	BMA OF LAKE CITY INC	\$4221.45

Providers pended and all claims voided due to duplicate claims and keying errors

ESRD Laboratories

030481600	DIAL LABORATORIES	\$2430.76
030557000	ESRD SPECIALTY LAB	\$1454.75
030154000	REN/GAMBRO LABORATORIES	\$5289.01
030561800	VIVRA LABORATORIES	\$5468.98

All lab cases included as part of ORT/Operation Restore Trust initiative. Overpayment due to lack of documentation of standing orders, reference tests, research only tests. Received most work from ESRD clinics included in a vertical integration ownership pattern. Medicaid overpayment low due to limited "Medicaid Only" recipients, however significant Medicare overpayment of millions.
