

MEMORIALS

A memorial is a document addressed to Congress, to the President of the United States, or to an executive or legislative body or official to express the consensus of the Legislature or to petition action on matters within the jurisdiction of the addressee. Both houses must pass a memorial, and it is not subject to approval or veto by the Governor. The Legislature also uses a memorial to request Congress to propose an amendment to the United States Constitution or to enact legislation.

The following memorials were approved by the Senate and House during the 2003 Regular Session:
